FRESHMEN - WELCOME TO AMBASSADOR COLLEGE

Mr. Raymond Cole begins Medford Church

Now Fifty-Six Churches Of God Worldwide

The year was 1933—a historic occurrence had just come to pass! The first Church of God—in the Philadelphia era—was established.

The place — EUGENE, OREGON. "Eugene" means, "good birth." And indeed it was.

Twenty-nine short years later—God has provided FIFTY-FIVE ADDITIONAL LOCATIONS in which His people can meet!

From 1933 until 1952—more than 19 years—only FOUR churches were raised up.

But since that time in the last nine years—God has called FIFTY-SEVEN

YOU — are one of one hundred and twenty-two freshmen this year — seventy-two men and fifty women. But you live in a world of over THREE BILLION.

YOU — who are reading this PORTFOLIO — YOU are *one in twenty-four million!* Believe it or not, from a city THREE-times the population of New York City —

Bill Myers, Jessie Emmett, and the Leroy Coles are the newest envoys to "the land down under."

BILL MYERS worked in the Mail Reading, Filing, and Studio Departments. Four years in foreign language and three years on the ENVOY rounded out the experience that eminently qualifies him for diversified work in Australia.

So far Bill has been "sent" to Australia twice without ever leaving the campus. But this time it was a sure thing. He has gone "down under" for

only YOU would have been selected by God to attend Ambassador College!

From the whole population of Great Britain—only YOU and one other freshman would be here. These are the odds. Yet YOU were chosen.

YOU HAVE THE GREATEST OPPORTUNITY ON THE FACE OF THE EARTH!!

Latest Results Of Baptizing Tours

"Seeing the needs of these people, I only wish the men in the Spokesman Clubs and *our students* could see them. For truly the harvest is plenteous but the laborers are few. If they had local churches they could be cultivated and reaped," wrote Mr. McCrady on one occasion.

The fruit of the summer baptizing tours at present is THREE HUNDRED TWENTY SEVEN NEW ADDITIONS to our spiritual family. Yet, the laborers to feed this flock are SO FEW! This puts an added RESPONSIBILITY on our shoulders—to make us grow that we can be used to serve these people.

This Is Too Hard For Me

By Paul Kroll

Recently, I saw a film "The Birdman of Alcatraz." The story dealt with Robert Stroud who spent *fifty-three years in prison*. Many of those years were spent in *solitary confinement*.

During those years, this man became the *foremost authority* on bird diseases. Mind you—while in *prison*. He laboriously wrote a book dealing with the history of penology (prisons).

He studied histology, pathology, morphology, and a host of other sciences—studies that are difficult for college professors. This man became proficient in these *in prison*.

Stroud withstood every physical and mental privation. Many men go "stir crazy." Robert Stroud never did.

On the other hand, another man—Loeb—also a young man, allowed prison existence to get the better of him. He and another man attempted a prison break. Loeb was shot, but *not* badly wounded.

But his attitude was miserable. "I can't stand this place," he complained. "What do I have to live for. *I'll* be in this place for 25 years—I can't take it. *I* want to die."

"Die?" Stroud replied, "You've got your whole life ahead of you and you talk about dying—quitting!"

Loeb looked at him and spit out, "Bull!" and died!

There is a great lesson to learn from that situation. Here was Robert Stroud—who *could have* continued feeling sorry for himself, who had every "reason" to do so.

But he didn't! He dug in—worked, studied, *accomplished*. He rose *above* his environment, *above his problems!*

Loeb became a *slave to his environment!* He murmured and complained. He ate himself internally.

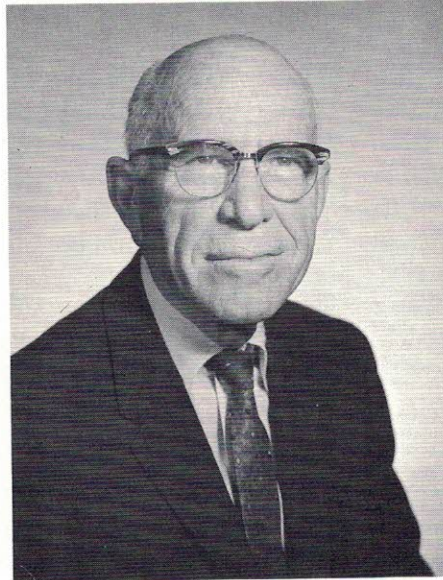

Stroud took the bull by the horns. He didn't *excuse* himself by saying "it's too hard," or "I've always been this way," or "I've had a miserable life," or "I don't have the ability."

This is what creates character—*doing* what YOU don't want to do.

Robert Stroud became free from the humdrum cycle of prison life—by *not yielding* to boredom and disgust. YOU can become FREE—physically, mentally, and SPIRITUALLY by not yielding to human nature—and YIELDING TO GOD!

YOU *can't* do anything of yourself! But God brought YOU to His college. God KNOWS that HE can do it THROUGH YOU!! But first, you must have the *burning desire*—unflinching—to serve Him in any capacity HE sees fit to use you in. *You must want to!!*

wonderful body of art treasures from the Renaissance and the warmth and friendliness of the people, at least to me with my rusty Italian. I must have truly taken on the atmosphere of the country, for I was stopped twice in Florence by

Italians inquiring about street directions.

My tour finished with a one-day stay at the chateau of a friend, very luxurious and quite beautiful. Then on to Amsterdam, where I viewed the old Dutch master painters and heard a Verdi opera at the charming little opera house. Four days after my return to London we were on the *Queen Mary* sailing for home.

Ettingers Now Back In States

by Mr. Leon Ettinger

As the S.S. *United States* eased into the dock, there were Mr. and Mrs. Armstrong, Dr. and Mrs. Rea, the Raymond McNairs, the Woodies, the Huntings, and a crowd that looked like the whole college waving and shouting greetings to the "twenty-one" from America. Through some means, Mr. Armstrong procured boarding permits for all of them and the gangplank was hardly in place when they all came streaming aboard and we were all embracing each other—what a welcome!

We were privileged to drive to the College with Mr. and Mrs. Armstrong in the "Rolls."

We were particularly interested in meeting the music department faculty, headed by Dr. Abbott, seeing the charming music building, and hearing the delightful performance of Edward German's "Merrie England" with its Elizabethan humor which, I must confess, we did not quite follow at times. I am sure our English friends would say the same about "Westward Ho!"

I took off on a twelve day tour of the continent where I attended three opera performances; one in Spoleto, Italy, one in Rome, and one in Amsterdam.

I loved Italy; the antiquities, the

TIZED 96 OUT OF 233. Mr. CcCrazy wrote, "God sent a downpour which enabled me to get personal counselling with the people in their automobiles, which also cleared the lake of swimmers and made the facilities available to us. All five were baptized."

CATHERWOOD-LUKER

Messrs. Catherwood and Luker — baptized **127 OUT OF 270.** "Many who do not meet us write that they either 'can't get off from work' to meet us, or 'have things to do' that day, and ask if we can come by at 'a more convenient date'." Isn't it amazing how many things seem more important than **ETERNAL LIFE!**

BAIRD-HOLLADAY

Messrs. Baird and Holladay—**BAPTIZED 74 OUT OF 247.** In Louisiana they counseled with and baptized a Negro. When they returned to their motel room that night the motel owner, accompanied by the Sheriff, **ORDERED THEM TO LEAVE**—without a refund! They were "kicked out of town" for baptizing a Negro.

JACKSON-ATLAS

Messrs. Jackson and Atlas—**BAPTIZED 13 OUT OF 50.** Mr. Jackson wrote, "Last year my wife and I left a young woman in Whatley, Alabama in tears because she could not be baptized. She was ready for baptism. Her husband was very antagonistic but was not home at the time we visited her. She asked us to leave before he arrived because she was sure he would use physical force to prevent baptism. This year Mr. Atlas and I arrived in Whatley determined to baptize her. We were expecting to be confronted by an angry, snarling husband, but instead, we were welcomed by a humble, gentle, **REPENTANT** man. **BOTH** are now baptized."

Latest Philippine Developments

Conditions and circumstances are much different in the Philippines. But, in that Jesus Christ is leading the Work and giving us favor, it is coming along in a very favorable manner. There have been **TYPHOONS, FLOODS, AND OTHER SETBACKS** (I have had a severe intestinal upset) but nevertheless, the Work has progressed much faster than I thought possible (Eph. 3:20).

God has given us *unusual favor* in the eyes of many, and through very miraculous circumstances, He has opened up fine offices for His Work in these Islands.

I arrived on the morning of July 23rd. By early afternoon, Christ had led Mr. Ortiguero and me *out of* the district in which I thought offices would open to us—to a very new business district in Makati, a suburb of Manila. Not only is the atmosphere much more favorable here than in the city itself, but also, it is within a five minute drive of the nice home God has opened to us.

Even though there are several new buildings in this district, only one had available space. Had I been here one week earlier, there would have been several spaces from which to choose. But, it seems Christ caused every space to be taken right out from "under our nose," showing us where He wanted an office.

There are probably several reasons why office space was opened to us in this building and not in the others. However, I would not have seen these reasons had I not been forced to analyze why Christ

opened space in this building instead of in some of the much taller ones.

The "CCC" Building (Commercial Credit Corporation) has been open just more than one year and has just the space I think we need. The grounds around it are spacious compared to most office buildings, offering no parking problem. Surrounding the building is a fish pond about six feet wide with various trees and shrubs planted nearby.

Even though the building has only two floors and a mezzanine, it is an attractive building for this area of the world. It is constructed more sturdily than the others. Also, it won an award from the Hawaiian Architectural Society for several features of its design. And it makes me wonder if God kept us out of the tall buildings and in this shorter, more sturdily-built building for a reason—*perhaps He sees* there is going to be a terrible earthquake in the next few years. Maybe I am wrong on this assumption, but God surely caused these doors to close right before us.

The crew doing the work (partitioning the office) started the day the contract was signed, July 31st, and within 12 days had completed the initial work in the office space. Now, my first official work in this office, is this article informing you of the **WONDERFUL WAY** Christ has established another overseas mailing office!

Entertainment Sparks Gay Nineties Evening

Ambassador College workers and students traveled back to the days of the dashing mustache and colorful-vested bartender! This July 31 gala summertime "fun party" was sponsored by the ministers.

A thirsty cry—frantic pouring of the beverage of the evening—hurried footsteps, and another tableful of dry Ambassadors was satisfied. "Jimmy Durante" Lindsey, loaded with jokes and lively wit, introduced the excellent entertainment. First, Garnett Ziska's charming voice delighted the audience. The Men's

Quartet—THE FAIR OAKS QUARTET—echoed their refrain over the garden. Ron Miller told of Mother Hubbard, adding a sober note to the tale of a dog's woe. Karen Armstrong's and John Schroeder's singing talents were delightful. The Women's Trio and Wayne Dunlap added a cheery and warm effect.

Not to be forgotten was Jessie Emmett, who sang "All Because He Kissed Me Good Night." She was given a fond farewell and best wishes by everyone.

It was intermission time, and suddenly an endless line of famished Ambassadors queued up when the "come and get your hamburgers" was announced by Mr. Ted Armstrong. All devoured the finger-lickin' and lip-smackin' good hamburgers—with great gusto!

History Unscrambled In New Compendium

World history students! Remember how those Egyptian dynasties would stack up? And then—Dr. Hoeh, would pull one out—and *down they came* in humpty dumpty fashion!

Humpty Dumpty has been riveted together, never to crack or crumble. Dr. Hoeh has *unscrambled history*, as a result of this long and diligent work in preparing a compendium (an outline basically to serve as an appendix) for a world history text!

Dr. Herman Hoeh received his Th.D. (Doctor of Theology) this June. His compendium will be available for students in some form or other and used in the world history classes this year. The textbook is scheduled to be ready during this coming year.

Elliotts Complete Continent Tour

Home from a six-week tour over Europe are the Elliotts! It has been six weeks brimmed full of profitable experiences and fun.

The trip began with a ten-day visit at our beautiful sister college, Ambassador in Bricket Wood.

After a wonderful reunion with old friends, the Elliotts began their extensive trip across Europe. First came a swift flight with the Apartians to France. From there the Elliotts went to Brussels, Belgium where they picked up a shiny, new white Volkswagen. Then on to Germany, Switzerland and the beautiful Swiss Alps. Here they made an ex-

hilarating trek up the "Jungfrau". Next came Venice—with its gondolas—certainly a different experience from traveling in their newly purchased Volkswagen.

Rome was the next destination. Then came a *general* tour of Italy. One of the highlights of this trip was seeing Pompeii — with its impressive ruins. There followed two relaxing days on the Riviera at Nice basking in the warm European sun and enjoying the placid coolness of the Mediterranean Sea.

The Elliotts saw many interesting and thought-provoking sights. They took many motion pictures to remember this wonderful trip, and will share them with us in the future.

WELCOME HOME — Mr. and Mrs. Elliott!

Dr. Benjamin Rea Takes Historic Tour Through Latin America

San Jose, Costa Rica

"I don't have the fruits of a Christian life—and as I HAVE NOT BEEN BAPTIZED—I know I don't have God's Spirit.

"Inside my heart there are thoughts so bad—that one who is a Christian could not have these thoughts. My mind is full of vanity, egotism.

"I don't want to be like that—but I can't change. I suffer for this. I don't have spiritual peace.

"How weak I am in this pagan world of Costa Rica. IF ONLY I COULD BE BAPTIZED!!" wrote a woman from Costa Rica.

DR. REA BAPTIZES IN LATIN AMERICA

This woman has been counseled with—and BAPTIZED! In another "first" for God's work—Dr. Benjamin L. Rea is taking a baptizing tour THROUGH

SOUTH and CENTRAL AMERICA.

Here is an excerpt from the letter this woman wrote—showing how happy she is and showing the tremendous need in God's work. "Dr. Rea almost got killed the day before on a street in Mexico. Something fell off a building and missed him within a few inches. Satan really didn't want him to get to me, but he did!

"That evening he baptized me in the

long wait, for baptism, and I'm so grateful that it has at last come to me.

"It does make a *difference*, A BIG DIFFERENCE! It's only been two days, not even 48 hours yet, but I'm somehow not the same.

"Oh, I don't mean that I don't still have my horrible old human nature. It's still there all right, but something has CHANGED IN ME, something that really I can't explain.

"I just *know* that it HAS, that's all. Now I know that NOTHING ELSE MATTERS except the Kingdom of God. There is nothing else."

Dr. Rea's tour will take him through nine Latin countries—Mexico, COSTA RICA, Panama, Columbia, Peru, Chile, Argentina, Uruguay, and Puerto Rico!

TOUR IN PROGRESS NOW

Mexico City was the first stop of the tour—August 1, 1962. Right NOW—as you read this paper—Dr. Rea is somewhere in ARGENTINA! His tour is to be completed September 7—in Puerto Rico.

Here is more *growth*—in another area of the *world*! We await final results of this tour. God's Work is steamrolling ahead—in this last-ditch, 11th-hour warning to the world!

Mr. McCrady Returns For One Year Stay

We are happy, once again, to have Mr. McCrady with us. He was here for one semester nearly two years ago—as a minister taking advanced classes.

Mr. McCrady began to serve God as a lay member in the Saint Louis church. Because of steady growth and consecrated effort, God was able to use him further. He was ordained as a deacon.

Two years later—because of his love toward the brethren—he was ordained as a local elder.

Last fall he pastored the South Bend, Indiana church. More recently Mr. McCrady ministered the churches at Liberal and Wichita, Kansas.

This summer he led a baptizing tour through the sparsely populated Northwest—including Montana, Idaho, the Dakotas, Iowa, Nebraska, and Canada.

Mr. McCrady will be here for one year. Basically he will be working with the Santa Barbara Church. He will be working directly with the Ambassador men in local field assignments. He will also be taking *additional classes* here at college.

All of you will have the opportunity to meet and talk with him. Take advantage of it—you will *learn much*!

"Pray hardest when it's hardest to pray!"

"You will never find the time to pray—you will have to take the time."

"If you are too busy to pray, you are too busy."

“God’s Work Is A Challenge”

by Roderick C. Meredith

Raymond McNair and I were looking into the muzzle of a .22 calibre rifle! The squat Texas farmer was rasping at us, his voice tense with rage: “We don’t need any of your religion here. Get out!”

My mind flashed back to 1945, when, as a fifteen-year-old boy, I heard Mr. Armstrong proclaim: “God is working out a PURPOSE here below. Germany WILL rise again to destroy America and Britian—these things are REAL!”

I was there on that baptizing tour because I had proved that this was IT. Raymond and I carried on during that tour because we KNEW whereof we believed!

But, when I first came to Ambassador, I could not have imagined what would later befall me. After a year of junior college in Missouri, I arrived at Ambassador in early September, 1949. After having attended a high school with some *twelve hundred* students enrolled, I found that there were only twelve students in the entire college that year. These were still the *pioneering* years!

EARLY YEARS AT AMBASSADOR

Terrible financial crises had passed, but financial *trials* were still very much with us in all those early years. Before The GOOD NEWS magazine—then going to the entire mailing list—was published regularly, the income for God’s Work was very erratic: student pay was less than it is now, and it came still less frequently.

The early “Mayfair dinners” had a very *limited* diet. Lentils and cornbread were much in evidence. Pancakes were not only served at breakfast, but again and *again* throughout the day until every morsel was consumed! The male students often cut each other’s hair to save money, and we *never*—and I mean NEVER—had the money to eat out in a restaurant unless Mr. Armstrong himself took some of us as a special treat.

Baptizing tours often delayed for weeks because of insufficient funds. I

remember Herman Hoeh and me discussing the idea of *working our way* around the country in order to baptize many on the waiting list. We were planning on washing dishes in cafes, mowing lawns, digging ditches—ANY type of part-time work so we could get around the country and baptize people.

But, although progress seemed to come slowly back then, God was using Mr. Armstrong to direct the Work’s activities in a businesslike manner and laying the foundation for tremendous growth to come.

We, who were the early ministerial students, though, were not thinking of glamorous foreign trips, of pastoring large churches, of driving new Chrysler 300’s. There was no example of this sort of thing then. We *were* thinking of *prayer* and *fasting*, of long hours of *work* and *SACRIFICE*. For there were plenty examples of that—in Mr. and Mrs. Armstrong and many of the early church members.

UNEXPECTED BLESSINGS

But, as the Work, the financial resources, and the world-wide scope of our activities increased, GOD began to shower upon us many wonderful opportunities and blessings which we did not foresee and were not expecting!

Some of those blessings which came my way include two nation-wide baptizing tours plus several smaller ones—seeing the major cities of the United States and Canada.

Boarding the *Queen Elizabeth* in 1954 with Dick Armstrong, feeling the huge ship literally *quiver* as the giant fog horns blasted farewell to New York, viewing with mounting excitement the really *deep*, luxuriant green of Ephraim’s Isle as we steamed up Southampton waters—these are all memories which will never be forgotten.

Flying to Rome with Mr. and Mrs. Armstrong, seeing the *fabulous* wealth and splendor of the Vatican and St. Peter’s, hearing and seeing a shoving, excited Italian mob packed into the courtyard of Castel Gandolfo, screaming: “Viva Papa, Viva Papa,” to Pope Pius XII, as he appeared on a balcony overlooking the courtyard—these experiences also will be remembered and *used*.

My wife, Margie, was with me on the next trip to Europe—and two of our three children were born in England. So Elizabeth and James are *half English*—they have *dual* citizenship until they are 21! During these trips, we held *four* evangelistic campaigns in England—in London, Bristol, Birmingham and Manchester. These campaigns evoked not only many exciting events and experiences, but resulted in the *conversion* of such men in God’s Work as James Wells, Robin Jones, Royston Page and others.

In the meantime, there were interesting “side trips” to Dusseldorf, West Berlin and communist East Berlin before the “wall” was erected to hide the *shame* of communism’s wretched failure. There was the baptizing trip to Africa where we stopped off at such fabled cities as Khartoum, Nairobi, Johannesburg and Capetown—where we drove to almost within firing distance of the strife-torn Belgian Congo — and later stopped off in Rome to see another Pope, John XXIII, conduct Christmas High Mass amidst pomp and pageantry under the high dome of St. Peter’s.

GOD’S WORK A CHALLENGE

Being a “member of the clergy” doesn’t sound very exciting. But being in the *true* Work of God—being a direct servant of the Creator—this gets to be *mighty* exciting — *interesting* —

spiritual values. It gropes hopelessly in the dark in the search for the acquisition of knowledge which can come only through the very revelation it rejects. We, students and faculty of Ambassador College, WELCOME YOU! We welcome you to the same happiness, the same joy—and the same *knowledge*—so that YOU, TOO, CAN SHARE IN IT.

Ambassador College is a *physical, mental and spiritual* GOLD MINE! BUT YOU WILL HAVE TO DIG—to mine out those nuggets of happiness, peace, joy, and love.

God offers you the gold mine, the gloves, the shovel—and the treasure map to *find the gold*—BUT YOU MUST DO THE DIGGING!!

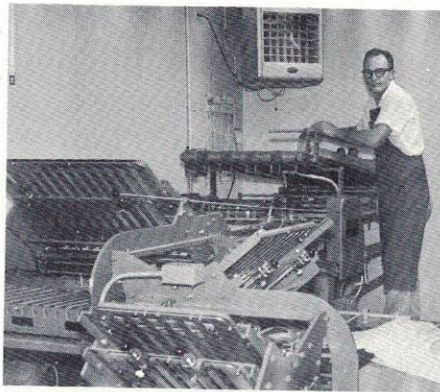

Supply Department Moves Downtown

The Supply Department is now **HALFWAY DOWNTOWN!** It has been moved to 150 West Green Street.

This department has had a colorful history. Last year, the department was moved from the old Art Department Building to 241 South Vernon. There were booklets and reprints stored in the tin shed behind the Imperial High School. Co-Worker and LAD “omit boxes” were stored in the vault under the main porch of Ambassador Hall. Back issues of *The PLAIN TRUTH* were stored in the house next to the old Art Department. The old church on Vernon Street was filled from the floor to the ceiling with envelopes. Now, **ALL** this has been moved **UNDER ONE ROOF!**

The new warehouse has a huge 40 by 120-foot storage area. It has a total of 768,000 cubic feet available for storage.

On hand are over 1,020,000 booklets and reprints. In storage, ready for immediate use are over 1,000,000 en-

Agent OS23 Folds Up

A gigantic, sprawling, but very *practical* time and money saving machine has been added to the pulsating, humming army of machines which God's Work uses.

This OS23 Dexter Folder has recently been purchased—for \$7,600!

But hold back that “Whew!” This machine will be a *big money saver*.

Here is what this folder can do. OS23 can fold a sheet 23 by 29—whereas BAUM—our previous folding machine, could only fold a 14 by 20 sheet. Mr. Mauck was heard to mumble, “Throw the BAUM out!” OS23 will fold through *three sections*—up to **SIXTEEN PAGES AT EACH FOLD!!** This means that virtually **NO SHEET WILL BE TOO LARGE FOR OS23** to fold!

You don't need to stop this machine to load. The first folding job that OS23 did for us cut the time by **TEN HOURS**—from sixteen to six hours!

The old machine was shut down for an equivalent of **THIRTY ONE WORK DAYS—just to load it!** No such problem now exists.

OS23 eliminates the “trimming process.” In one job, folding and trimming was done in one operation—**IN JUST HALF THE TIME!**

velopes. There are over 100,000 back issues of *The PLAIN TRUTH*. We store over 500,000 *Correspondence Course* lessons.

The new Supply Department will now be better able to serve God's Work!

NEWS BRIEFS

There are six new members in the burgeoning Mail Receiving Department Larry Altergott, Don Prunkard, Jim Rudometkin, Bob Bertuzzi, Garland Campbell, and Roy Page were recently given the opportunity to serve God in this greater way.

* * *

Mr. John Bald, a graduate from Ambassador college—who has been assisting in the Chicago area—was ordained a local elder on June 9, 1962. He is now pastoring the St. Louis—Bloomington Churches of God.

* * *

Mrs. Myrtle Horn is back in the United States. She had been head warden (English for house mother) and kitchen supervisor at Ambassador in Bricket Wood. She will be visiting with friends and relatives in this area.

* * *

Mr. Merle May was ordained as a deacon in the Los Angeles Church on July 28, 1962. Congratulations, Mr. May!

* * *

Mrs. Shirley Engelbart Jones is in the U.S. after two years in the library in England. She will be in Pasadena during the week of August 23-30.

* * *

Miss Melba Flatt will be teaching in Gladewater this year. Mr. Bernard Kelly will remain in Gladewater this year. He will have a teaching post at Imperial Schools.

The return of Mr. and Mrs. Armstrong had an **EXTRA-SPECIAL** meaning for June Steensen! The Armstrongs brought back to June an engagement ring from a certain fellow named Gary Arvidson!

Gary proposed to June by letter last month. The wedding is tentatively planned for about a year from now—or after Gary's graduation.

June has recently started working in the kitchen—for practice, perhaps?

'Challenge'

(Continued from Page 6)

CHALLENGING!

And we have only **BEGUN** to fight! The message Christ has given us *must go forth in multiplying POWER* within the next ten years.

The stakes are high.

The reward for service is *happiness and joy, glory and power* for **ETERNITY**. The job is *challenging—exciting*. But it involves **WORK** and **SACRIFICE**—*total belief* and **TOTAL DEDICATION** to the Work of Christ.

Will this challenge move *you* to become a **CHAMPION** for God?

Roy Page -- Here From Merrie England

"It's amazing," exclaimed Roy Page, "that you can come 6,000 miles across the world, yet feel completely at home!"

Roy is here to take a teachers' training course, by request of Mr. Herbert W. Armstrong.

At the present time, he is working in Mail Receiving — trying to decipher hieroglyphic American penmanship.

Prior to coming to Ambassador, U. K., he received a Technical School education, and thereafter undertook an apprenticeship, hoping to become a designer of hydraulic systems. His plans were changed when he came into contact with God's Church through *The Reader's Digest* and a series of meetings held by Mr. Meredith in Bristol.

NEW CHURCH AT MEDFORD

On July 7, 1962 a new church at Medford, Oregon, came into existence. Mr. Raymond Cole, pastor of the Medford church, writes, "For the first service many of the Eugene brethren drove down. In that way the group was given a special send-off.

"I am sure the extra numbers from the Eugene area added considerably to the inspirational warmth and overall feeling of the group.

"I have a number of prospective letters for the area. I am sure the growth should be encouraging."

About sixty-five brethren will attend regularly.

NEW TUCSON CHURCH

More recently — August 4, 1962 — Tucson, Arizona, received a church. It is ministered to by Mr. D. J. Hill. A total of 67 people were in attendance for the first service. Prior to the establishment of this church, some drove **TWO HUNDRED AND FORTY MILES ONE WAY, TO CHURCH!**

We have churches in **NINETEEN STATES**—covering almost all of the major population belts in the United States. God's Work is steam-rolling—*nothing can stop it!* We look forward to even greater growth — and **FANTASTIC NEW OPPORTUNITIES** in God's Work!!
