Poised to Plunge Gym and Pool Ready to Open

Ambassador College's million-dollar Physical Education Facility is ready. It looks O. K., Mr. Earl!

The first of November, this magnificent new structure is scheduled to be initiated with a dribble and a splash. Mr. Lochner plans resplendent new basketball uniforms to kick-off the intra-mural season. No pre-season predictions this year! Let each class consider itself a potential champion—with an innumerable multitude of avid rooters, eyes glued to the electric scoreboard.

Water polo? Bring your navigational equipment so you don't get lost in the vast expanse. This pool's so immense they tiled a map on the bottom to keep you on course!

Another thrilling feature of the

Ambassador College Press Shows Prolific Production Increase

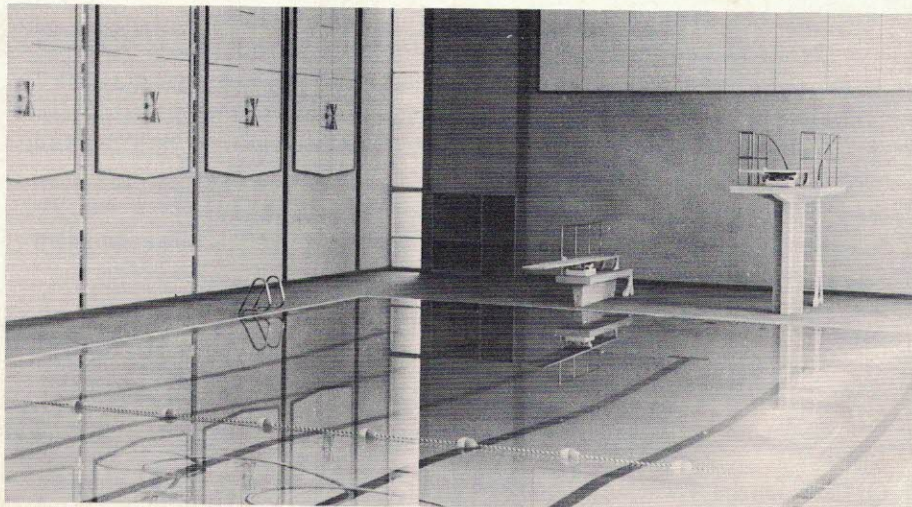

Growth keynotes God's Work around the world. Thirty percent a year has come to be taken for granted. While this is the over-all growth of the *entire* Work—and is especially connected with the necessary increase of incoming monies—different departments at different times

increase out of proportion in reaction to the press of necessity.

This is what has happened to Ambassador College Press—especially in this last year.

Many factors govern an unprecedented one-year growth in production. For a little over a year we have been *cutting* an unnecessarily large inventory of booklets, reprints and Correspondence Courses. Over this period of time inventory has been cut by well over *one million pieces!* After a minimum inventory was reached, there was a necessary increase in monthly production to keep even, rather than continu-

Ambassador Clubs Launch Year 1964-'65

The Ambassador Clubs are again going full steam ahead. After a month of eager anticipation, the hearty male voices are once again ringing through the rooms of Mayfair.

The Ambassador Clubs provide unusual opportunities to develop the whole man. Every Ambassador is given the opportunity to express himself on topics ranging from world news to hygiene—topics that will later be useful to people who have not had the privilege of being an Ambassador College student. Not only are the clubs here to teach us how to speak and to give us a wider intellectual horizon, but also demonstrate God's government in action.

Sunday night Ambassador Club had the privilege of "kicking off" on October 4, with Mr. Howard Clark as Director and Dennis Pyle as president in Section A. Mr. Hugh Mauck directs Section B where Milo Wilcox is president.

Be A Real Ambassador

by Darryl Henson

Within ten fleeting years *you* are going to be given a priceless gift. A gift infinitely surpassing anything ever dreamed of, conjured up or imagined by the human mind! Eternal life—Immortality—Unlimited power. Ability to flash across the universe faster than a blue bolt of chain lightning. Your voice problems of Ambassador Club will be history. Cascading Niagara will be a trickle compared to your thunderous roar.

Will you appreciate it? As an enterprising young businessman, Hulett C. Merritt *thought* HE would appreciate millions once he obtained them. What bliss! *But he didn't.* Neither did Vanderbilt or Rockefeller, or Du Pont!

Will you?

There is a way to know! Do you *show* appreciation for what you *already* have?? Americans as a whole *do not!* We are slipshod products of an inefficient assembly line—not carefully tooled masterpieces of a craftsman's paddle.

Many times we do not even recognize our lack of appreciation. We do not *realize* our feet are draped across the coffee table. We do not *realize* we are galloping down the stairs. We will not even *notice* our scuff marks on the gym floor, the round dirty spots on the paint where we attempt to heave a basketball to the ceiling.

Are you one of those who fails to fold the newspapers, straighten the magazines, or push your chair in? Who does not realize you aren't appreciating the instructor's efforts when you close your books before he gives the final dismissal?

All this because we weren't taught!

The American Ambassador to Paris is very appreciative of his embassy. Important people pass through its doors. Dignitaries from his *own* land visit him—even the President occasionally. His embassy has to be immaculate, well-cared for, and improving!

Ambassadors, we have been handed a thirty-acre embassy in Southern California. Its properties are literally worth *millions* of dollars—with a sparkling new gymnasium worth \$1,000,000 itself!

In comparison to this great wealth of property, the wiping of feet may seem trivial, trite, and relatively unimportant. Certainly not a great *spiritual* thing!! But to a visiting king, size eleven-and-a-half mud-prints across the foyer of a sparkling embassy somehow detract immensely from the otherwise exquisite decor. It becomes a **BIG** thing!! When you flash through your newly-created galaxie in a few years be careful you don't scrape a wall, be careful you don't bump your shoulder against a planet. Your kingdom wouldn't ever be quite the same again.

We must remember one thing:

Only those Ambassadors who keep their embassies preserved become Presidents—or **KINGS!!**

A smile can be worth a million dollars but doesn't cost a cent.

Waffle: Pancake with a non-skid tread.

AMBASSADOR I CLASS OFFICERS ANNOUNCED

Dick Ames, student-body president, and Dennis Pyle, student-body vice-president, received the rest of their official staff when the student-body officers were announced at Assembly, October 24.

Taking the reins of the Senior class is DALE SCHURTER. Dale comes from Oklahoma and is now in his third year at Ambassador. Because of previous college, he is a graduating Senior this year. He also is on the Visiting Program (visiting mainly in the El Monte area), gives sermonettes and campus tours, and is an Ambassador Club president.

The Junior class has DARRYL HENSON as its class president. He was born in Seminole, Texas. Presently he is on the Visiting Program, gives campus tours, and works in the Mail Receiving Department.

JOE BAUER is at the head of the Sophomores. Joe is a married student and comes from Ohio. He had previously been active in radio work, being a disc jockey for a time. This training has paid off, as he is now working in the radio studio.

To lead the Freshmen this year we have a former 1st Lieutenant in the U. S. Air Force, RON WHEELER. He is also from Ohio, but was stationed at Pope AFB, N. C. as a Communications Maintenance officer before attending the Cincinnati Church of God in November, 1963. Ron is 27 years old.

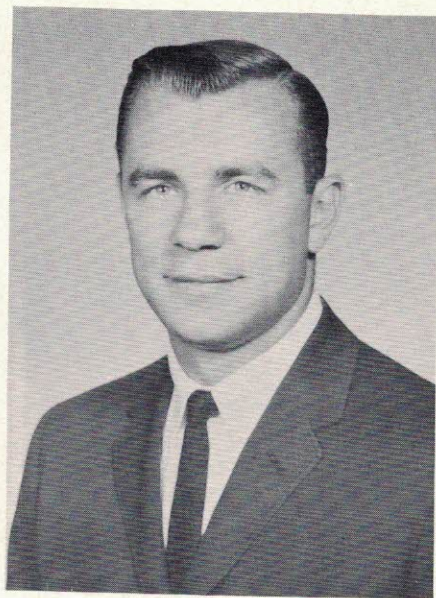

Gymnasium

(Continued from page 1)

gymnasium is that superb hardwood floor. It looks designed and laid for sit-ups, push-ups, para-troopers, and stretching exercises.

The gymnasium will become a center of student activities this year—sports, sock-hops, assemblies, Ambassador Club special activities, and whatever else fertile minds can conjure.

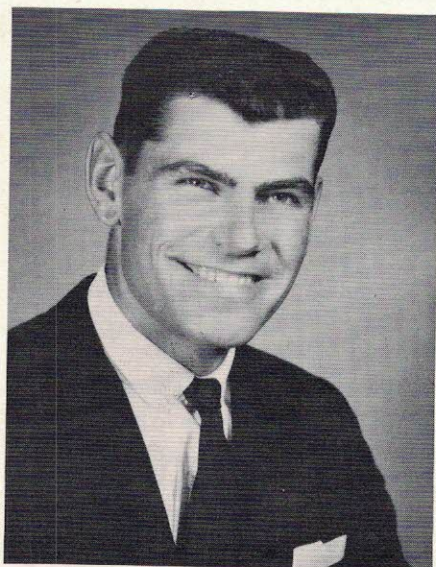

The student body extends a THANK YOU to the administration for this wonderful facility!

Invigorated Chorale Eagerly Anticipates Oratorio "Elijah"

An end marks a beginning as the Ambassador College Chorale begins its sixteenth season! After fifteen years of faithful service, Mr. Leon Ettinger, originator and conductor of the Chorale has laid down his baton. *The PORTFOLIO* extends sincere thanks to Mr. Ettinger for his contribution to the life and culture of Ambassador College.

Looking forward to this time, God provided a well-trained, qualified man in the person of Mr. Gary Prather to lead the Chorale in future service.

Real gusto initiated the new season as Chorale practice began. An exciting itinerary awaits the group—the *Elijah*, an oratorio, will be performed with the Pasadena Church Choir—the annual Chorale trip to . . . ?—the spring concert—plus numerous performances in assemblies and Church services.

Ambassador Press

(Continued from page 1)

ing to decrease the inventory.

The gigantic addition of *The PLAIN TRUTH* made an automatic *one-hundred percent* increase in production of the total number of pieces each month.

New and much larger booklets such as *The Ten Commandments*, *The Autobiography* and the first booklets in full color—*Truth About Make-up* and *Which Day is the Christian Sabbath*—have forced additional increased production.

Now the historic—and unique-to-date—addition of the *first full-fledged BOOK*—*God Speaks Out on the New Morality*—demands more growth.

Here are the actual production figures for this last year. Last year at this time we were producing about 200,000 pieces of literature per month—presently the monthly figure runs just under *one million!* *This represents an increase in production in one year of over FOUR-HUNDRED PERCENT!*

In order to make this leap of production increase, it was necessary in the same period of time to make an em-

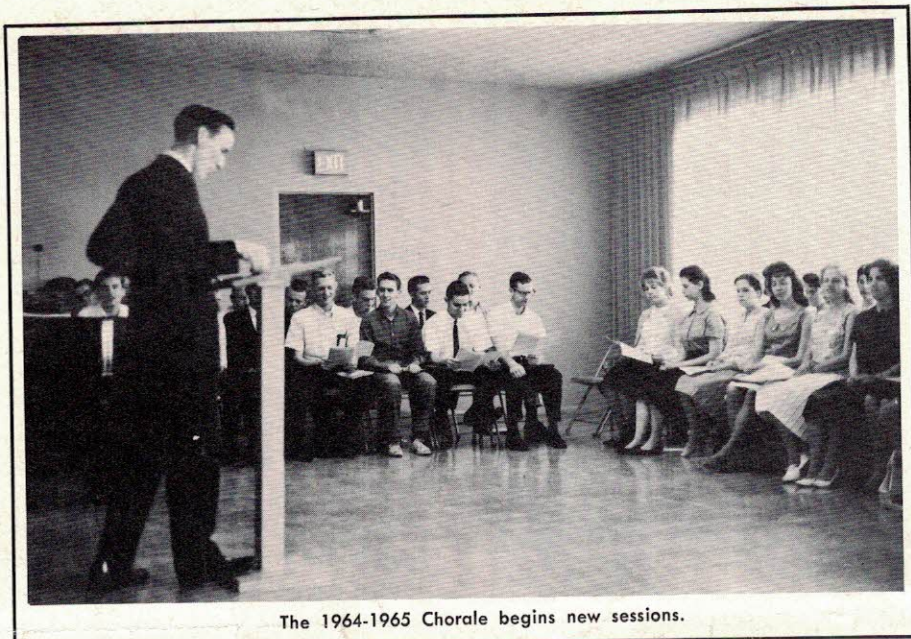

barassing increase of employees—in an extremely austere year—of 100%; increasing from 15 to 30 full-time employees. Fortunately the payroll increase did not quite keep pace—it was *only 70%*.

Also, in order to make this increase of production possible, an equally gigantic outlay of capital was necessary for the remodeling of the Crown City Lumber building and for the investment in new machinery. This tab came to nearly \$200,000.00! However, unbelievable as it may sound, nearly *three-fourths* of this has been recouped in savings accrued by our printing of *The PLAIN TRUTH* and *God Speaks Out on the New Morality*—as opposed to having these printed outside.

This phenomenal growth cannot be expected to continue. But now that the initial outlay for plant has been made, every additional piece of literature we print as a result of any future growth will represent a thirty-to-fifty percent savings over what we would have to pay for having it printed out! The greater the increase the more we save!

This type of savings will allow us to continue to make such fine offers as this new book, and never break our precedent of offering *everything FREE!*

This is just one facet of God's great Work. Each department has its own fascinating story. Your prayers for growth in the Work of God have been answered. **KEEP PRAYING . . . AND GOD WILL KEEP ON ANSWERING!**

The 1964-1965 Chorale begins new sessions.

Ambassador Clubs

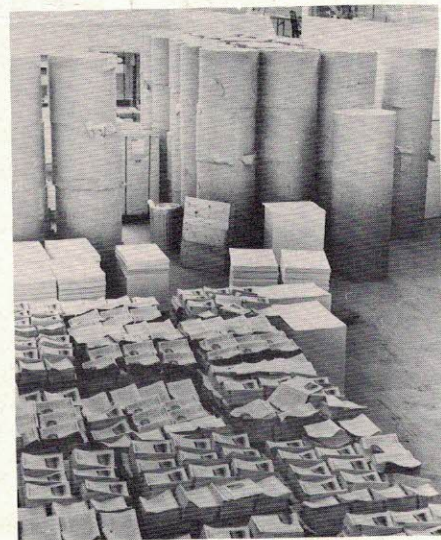

(Continued from page 2)

Mr. Hill directs Monday night, Section A, with Charles Bryce as president. Section B is directed by Mr. Apartian where Jim Redus is president.

Tuesday night, Section A, Director is Mr. Albert Portune, and Arch Bradley is president. Dr. Zimmerman is the Director of Section B where Roger West is president.

Dr. Hoeh directs Thursday night, Section A, where Dick Ames is president. Section B is directed by Mr. Leslie McCullough. Dale Schurter is president.

Future events of the clubs include Ladies' Night, mountain hikes, educational fieldtrips. See you in Club!

Tons of paper ready for use.
