## Married Couples Sent Into The Harvest

A Bricket Wood, England graduate, Mr. Gunar Freibergs and his wife, Jan, return to Düsseldorf, Germany. They will both add to the present staff of the German office there.

Both Mr. and Mrs. Freibergs had contributed to the German office just after his graduation and their marriage in England. After being transferred to Pasadena, Mr. Freibergs decided to further his education. He enrolled in classes on campus Monday, February 17, to work on a Master's Degree.

Later that week, to his surprise, he

Pine woods provide picturesque setting for Ambassador, Big Sandy.

## Pioneers to Ambassador College, Big Sandy, Texas, Announced

"The reason you came to Ambassador College is to LEAVE!" was the phrase sinking into Ambassador students in Forum last February 24. And 57 Ambassadors and graduates began to learn the personal lesson that we do not come to college just to put down our roots and become permanent fixtures. We have come to be sent into all corners of the world to be used as tools in God's hands.

Mr. Armstrong stressed that no matter where you attend college next year, you carry a huge responsibility and honor. Student leaders have been assigned to England, Texas, AND Pasadena. But, these assignments for the next year or two are NOT prizes to acknowledge past service. Those going OR staying are not

## Del Mar Manor Hosts Ladies

Ladieeeeeees and Geentlemen! Saturday night, February 29, Manor Del Mar made a novice of P. T. Barnum and his three-ring circus.

At their annual houseparty, the Del Martians had television in one room, table games with card-Sharps and Topashes in another, group singing in the lounge, marshmallow burning over the fireplace, and cheeseburgers and *Michaelob* outside.

Awe-inspired "a-a-a-ahs" emanated from the various rooms as some first-time visitors admired Del Mar's luxurious decor—utterly masculine in contrast to the pink-doily and stuffed animal accoutrements of the women's dorms!

An enchanting evening was climaxed in song as all gathered around the piano for a round of old favorites and a final "Good Night Ladies — we're going to take you home!"

If two men agree on everything, you may be sure that one of them is doing all the thinking. —Lyndon B. Johnson

### Editorial

## What's Ahead NOW?

by Dennis Pyle

*It's real!* Is that the thought that flashed through your mind when Mr. Armstrong read the list of those who would be going to Texas and England? Did the thought strike you—*they weren't kidding?*

Those announcements shook the entire student body! *Every* student in Ambassador College had *his or her life changed!*

### WHAT IS AHEAD NOW?

The flush of excitement about going to Texas to pioneer the new college, or the inspiring opportunity of winging across the Atlantic Ocean to become an Ambassador to Bricket Wood, is hot in minds right *now!*

Feelings of the necessity to *get on the ball*, produce, drive, set the pace, are running high! Hearts beat faster now as Ambassadors look forward to new opportunities, challenges, and horizons.

*That driving attitude — the ZEAL and ENTHUSIASM — must never slacken!*

Will you still have that inspired attitude when school begins next fall? Will you have it when the first semester is three-fourths over? **YOU MUST MAINTAIN IT!**

How can you do that?

1—REALIZE THAT GOD REQUIRES SOMETHING OF YOU! You are not your own. You are being sent to your respective assignment to *serve*—not as a decoration or a badge of good merit. You are being sent to *work*—to *set the example* in Ambassador CLUBS, Women's CLUBS and language clubs. You are to set the example in *culture* and *studying*. **YOU ARE TO SET THE SPIRITUAL ATMOSPHERE OF AMBASSADOR COLLEGE!** That is what God requires of you—forget your own desires—give your life totally to him as a living sacrifice. *That is required!*

2—DO WHAT IS REQUIRED OF YOU! Forget that *you* have a head on your shoulders. Don't worry about your own desires, what you want to do. Every time the feeling comes to *sit down, to relax* on the job—*don't heed* that piece of flesh that sits on top of your neck. When you feel pressed and begin to think about cutting prayer and Bible study time—don't be a slave to your impulses. When you had rather go for a walk at night than study—*don't fall prey to yourself!* Don't be loyal to *your* mind, head, and emotions—**BE LOYAL TO GOD!** Forget **YOU** HAVE a head on *your* shoulders and **DO** what God directs!

3—REALIZE GOD WILL REWARD YOU. Keep the desire, enthusiasm, and zeal to pioneer. Drive yourself to *forget what you want to do!* Dedicate yourself to **YIELD TO GOD** and follow **HIS WILL**—not your own. When you do this, God will reward you. You will be used more effectively in His work! He will bless your personal life about all your greatest expectations. **YIELD TOTALLY TO GOD and HE WILL REWARD YOU!**

*Apply* these three points! *Think about them!* *Mull them* over in your mind—they are the essence of a living faith!

Maintain the faith of Jesus Christ and **DRIVE ON!** Keep that pioneering spirit—cultivate it, nurture it. Be **ZEALOUS, AMBITIOUS** and always **STRIVING!!**

**PRODUCE!** By their *fruits* you will know—**THEY ARE AMBASSADORS!**

## BIBLE STORY RECEIVES A WARM RECEPTION

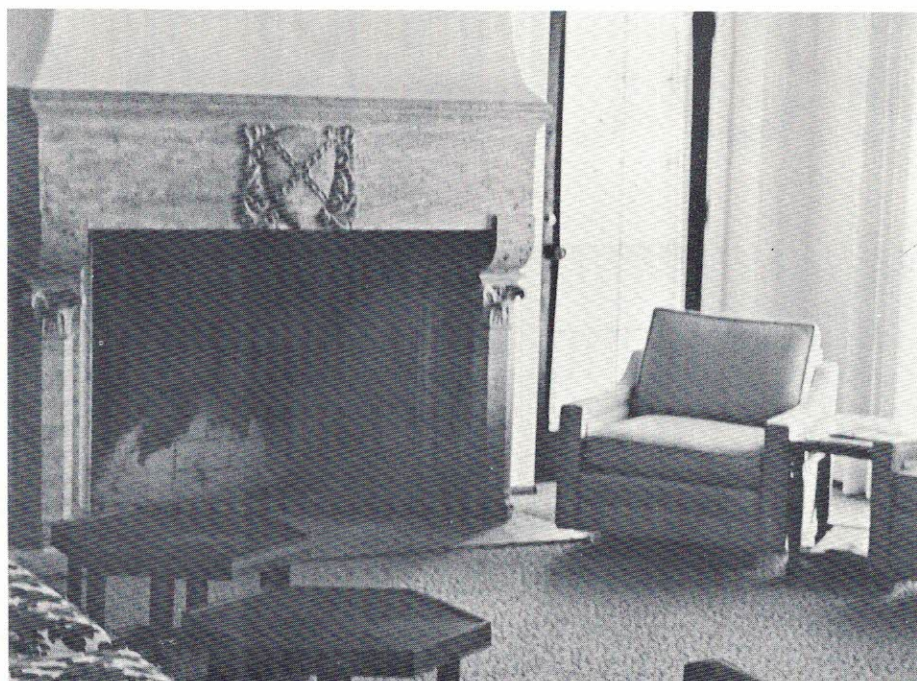

OVER NINETY-SEVEN THOUSAND readers of *The PLAIN TRUTH* magazine are now in possession of the third volume of *The BIBLE STORY* book. Almost 30% of the *three hundred and fifty thousand* people that received the November semi-annual letter have asked for their own individual copy of the TRUE story of the Bible.

When the semi-annual letter of December, 1962, was sent out, FIFTY-FOUR THOUSAND readers requested the booklets announced. With NINETY-SEVEN THOUSAND requests for *The BIBLE STORY* this year, that makes an EIGHTY-ONE PER CENT INCREASE in the number of returns over last year during the same period! Of course, not as many people received the semi-annual letter in 1962 as did in 1963, but the high percentage of increase certainly *overcompensates* for the difference.

## Library Outlook

Did you know that the Edessa mosaics, and the Sarmatian treasure of Novocherkassk have never before been photographed in color for *any* book? Never until *Vanished Civilizations* arrived, hot off the press.

It is a superb volume of the search for truths that lie beneath centuries of

Girls move into new apartments.

myth, legend and mystery. This work of thirteen authors ranks high in interest as a "must see"! The great "lost" civilizations described and completely illustrated in this book will give you greater insights into past epochs.

How does it feel to be a second-class citizen? What does it mean to be subjected to a segregated school system? To get the answers to these and other questions, from the Negroes with direct personal, front-page involvement, reach for a book entitled *The Angry Black South*.

It was written by Gore and Peace, and gives their views on the "fight for a new South." This 159 page paperback is easy reading and gives an insight to the "extraordinary power of nonviolence."

Women influence 70 to 80 per cent of our car purchases. Whatever you are selling, from a bar of soap to a limousine, chances are today's "new woman" is in the picture. Did you ever wonder *What Makes Women Buy?* This volume is very interesting from two viewpoints. First, it shows our Ambassadors how not to make the mistakes of most "new" women. And second, it provides a wealth of material for many fine attack speeches. It even purports to answer why women think the way they do, and what do women really want. That alone makes it worth looking into!

## Women Move Into 390 Apartment

New apartments are being refurbished for Ambassador *co-eds*. In three weeks the Construction and Maintenance Department remodelled Apartment "D" at 390 Grove, and twelve *co-eds* moved in Sunday, February 23.

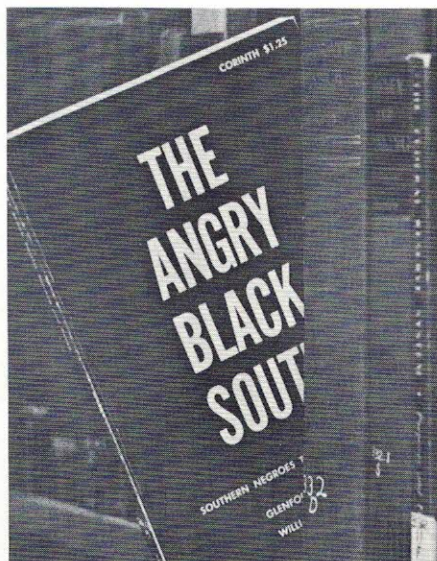

This apartment has a bedroom for five students in the southeast corner, one for four at the southwest corner, and two smaller bedrooms with spaces for three in the northwest corner.

Enter through the hallway from the north and you can see the spacious living room to the left. It has brown, carved beams arching up to a point on a white ceiling, and a large *fireplace*. There is a study area adjoining the living room, and another across the hall.

Apartment "C" in the 380 apartments is soon to be cleared, and will house men students, as will the rest of the apartments at 380 Grove. 390 Grove will be a women's dormitory—and incidentally, men, the *phone number* at Apartment "D" is 395!

A simple but sure solution to the school dropout problem: Require a high-school diploma of all automobile drivers!

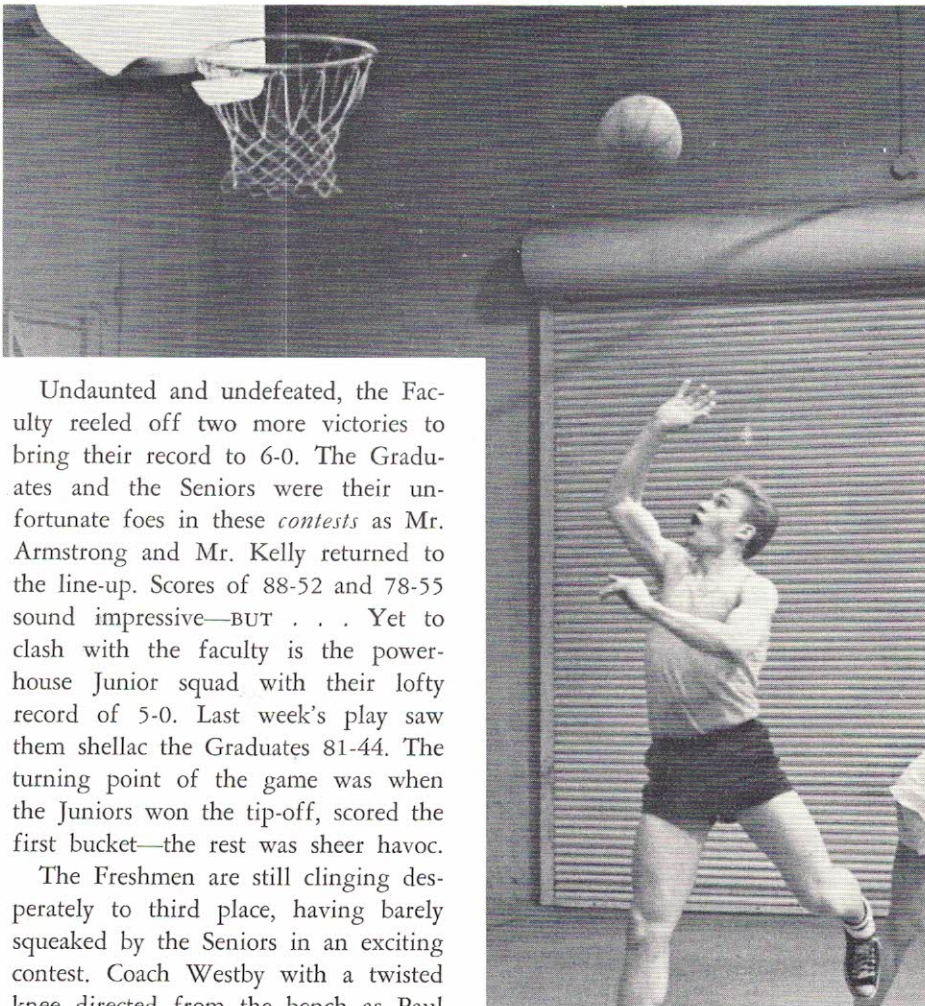

—E.A.R. in *Philadelphia Bulletin*

Part of an ever-increasing library!

# TOURNAMENT

Sargent rams through center and drives in bucket.

Undaunted and undefeated, the Faculty reeled off two more victories to bring their record to 6-0. The Graduates and the Seniors were their unfortunate foes in these contests as Mr. Armstrong and Mr. Kelly returned to the line-up. Scores of 88-52 and 78-55 sound impressive—BUT . . . Yet to clash with the faculty is the powerhouse Junior squad with their lofty record of 5-0. Last week's play saw them shellac the Graduates 81-44. The turning point of the game was when the Juniors won the tip-off, scored the first bucket—the rest was sheer havoc.

The Freshmen are still clinging desperately to third place, having barely squeaked by the Seniors in an exciting contest. Coach Westby with a twisted knee directed from the bench as Paul Flatt and Jerry Baker found the touch and poured the ball through the hoop.

Ragged defense and mostly-miss offense rendered the Freshmen ineffective. They won by only 3 points! To add to their consternation, a fired-up Sophomore five thumped them soundly 87-69. The Sophomores had an exceptional night from the field, hitting 65% of their outside shots in the first half to build up an impassable 20-point lead which they clung tenaciously to throughout the game.

In other action the Juniors and Sophomores squared off in what proved to be one of the most foul-ridden games of the year. Four men fouled out and the game degenerated into a defensive fiasco. At half-

time the score was knotted at a lowly 28-28, but somehow climbed to 78-63 Juniors by the final horn. The last five minutes were a mad scramble which saw neither team score over six points.

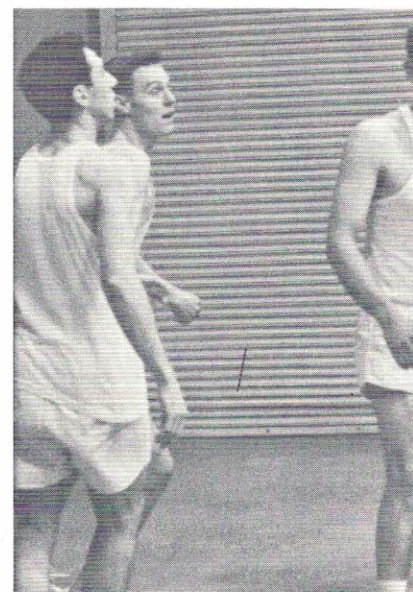

Still struggling, the Seniors and Graduates were both 0-2 for the week with 1-5 and 0-7 over-all records respectively. The cellar door is still up for grabs as they meet once more in the final round of play.

# College Pioneers

(Continued from page 1)

"faculty favorites." Those going to England are NOT top contest winners, those to Texas second prize winners, and those staying in Pasadena, *losers!* No matter WHERE you are, as a student in God's college, YOU ARE HERE TO SERVE — TO SET THE PATTERN IN WHICHEVER COLLEGE YOU ATTEND!

During the next year, 57 Ambassadors from Pasadena Headquarters will be called to other parts of the nation and the world to help set the standard and the pace for new colleges, offices and positions in this Work. Mr. Armstrong announced their names last month in the heat of excitement and surprise.

## Country Surrounding Ambassador, Big Sandy, Texas

# Couples Abroad

(Continued from page 1)

was informed that he was to be sent again to Düsseldorf on February 25. This good news had the couple scurrying about preparing for their return trip.

Their work consists of answering letters, mailing booklets and keeping subscription files of the German edition of *The PLAIN TRUTH* which is printed at Bricket Wood, England.

Another couple recently received its walking papers. Mr. and Mrs. Roy Page will be traveling to Brisbane, Australia in June of this year. In Brisbane, they will work with Mr. Wayne Cole.

Traveling by ship, the couple will visit Hawaii and Sydney, Australia, on their journey.

Mr. Page attended Ambassador College, Bricket Wood, England for two years. He came to Pasadena in 1962. He will graduate this semester and presently works in the Letter Answering Department.

Mr. and Mrs. Meredith

## Church Tour

(Continued from page 1)

stay in the largest non-glacial state—*Texas!*

Mr. Meredith preached in the Dallas church on Sabbath morning, the 29th. Then he went to Houston that same afternoon where he preached again and visited with Mr. Richard Prince and Mr. Malcolm Martin on Saturday night.

The next day problems were discussed, and on Sunday night he attended a special Houston Spokesman Club meeting. He returned to Pasadena Monday, ending the second trip of the new program started around Thanksgiving by his visit to the Denver area.

As Superintendent of Ministers, he will continue to take these trips every two or three months to get better acquainted with the ministers, to inspire the people in the field, and to bring them news from Headquarters. The over-all purpose and objective as Mr. Meredith expressed it is “. . . to keep everyone bound together in *unity* and to preserve the attitude of *ONENESS* in the Philadelphia era of God's Church.”

Most of us would enjoy living the simple life if the way back to it weren't so complicated.

—Anna Herbert

Movie Penthouse to tell story.

## Time Lapse Movie To Show Building Progress

It looks like a south sea island shack on stilts and makes a mysterious “click” sound every 3 minutes! It has an all-seeing eye peering from it!

What is it? It is an invention that will make it possible for you to see the complete gymnasium erected in 10 minutes.

This complicated piece of marvelous equipment is the “brain child” of several men from the Audio-Visual Department and Radio Studio under the supervision of Mr. Norman Smith. When the building is finished, you will be able to see several month's work compressed into a brief 10 minute period; as the building seems to magically fly together before your eyes.

The camera was located on the top floor of Murphy House while the destruction was going on. Now, in order to get a better view of the construction, it has been moved to its own penthouse on the southeast corner of the building lot.

This intricate invention automatically turns itself on every morning as work begins and off at the end of each work day. And you may not believe this, but it even stops all its timers, cables, cogs, and gears while it rests completely, taking not one single picture on the Sabbath!

Mr. and Mrs. Freibergs

# Junior Class Challenges Student Body

"Hi Neighbor!" This hardy greeting extended to the students of Ambassador College is the theme of the Junior Dance. It will be one of the friendliest and warmest ever held at Ambassador if the Juniors have anything to say about it.

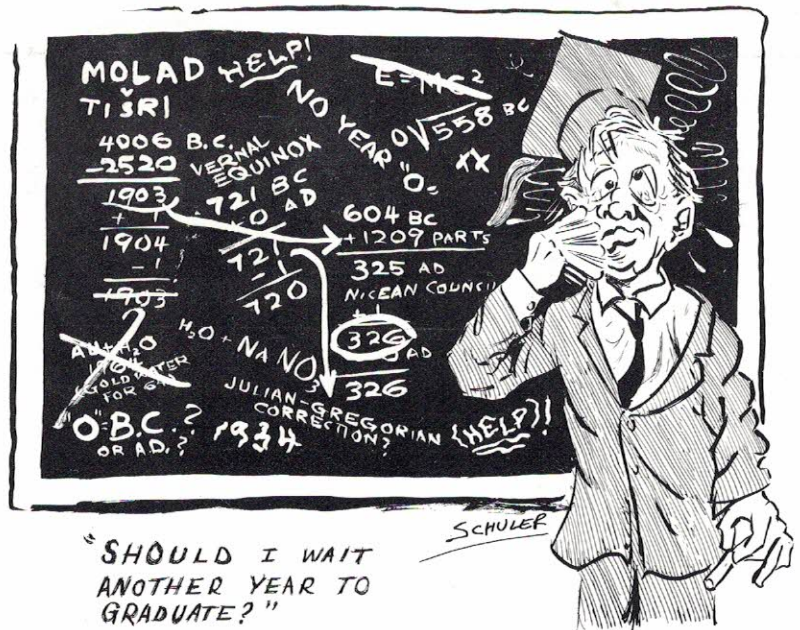

How can we say that?—by an eyewitness account of the Thursday night, Feb. 20, tryout for the entertainment part of the dance. The skits were surprisingly original. The comedy is irresistible. Here's prophesying that the hidden talent of the Junior Class will blossom forth come the night of March 19. Mr. Dale Schurter, class President, and Mr. Dan Porter, the man in charge of the entertainment, could barely contain themselves for laughing during the tryout.

You too will be rolling in the aisles, shaking hands, and grinning broadly at everyone you meet when you imbibe the "Hi Neighbor" atmosphere of the evening. Besides this, there will be a special dessert treat and an all-new format for the festivities.

Don't delay . . . Be prepared for the dance by radiating that "Hi Neighbor" spirit right now. Accept the challenge!!

"Ham" Lindly to entertain.

Clear as mud, huh?

## The B.C. -- A.D. Controversy

IT'S THE TALK OF THE CAMPUS!  
IT'S REVOLUTIONARY!

Students of the second year Bible class were expected to figure 2520 years, using A.D. and B.C. figures. *The PORTFOLIO*, always concerned with campus problems and willing to lend "the helping hand," offers this time-saving explanation.

First, realize that there is no year zero. Second, there are two year 1's, 1 B.C. and 1 A.D. Calculating 2520 years from 539 B.C. or 718 B.C. you come up with 1981 and 1802. Since there is no year zero and two year 1's, you must

add *one* as you subtracted in going from B.C. to A.D.

The rule is: when you add, you subtract and when you subtract, you add! Now, 1802 plus 1 equals 1803 and 1981 plus 1 (you subtracted before) is 1982 minus 7 (number of perfection) equals 1975, which when added together amounts to 22 (three 7's and a 1, whatever that means).

In summary, remember 1 B.C. and 1 A.D. and no year none, so in going from 1 to 1 with no year none, you add because you subtracted—except when you subtract because you added.

### Der Saga of

## Die Beauty And Das Beast!

Strange things happen under the midnight sun (also in *The PORTFOLIO*). A German student relates the following version of a popular legend.

Ein grosser Beast mit Tuskentoothers and flamisch Eyeballen ben kidnappen ein beautischer Fraulein. Ach! Die Fraulein ben homensickisch mit screamen und wailen. Finalisch, das Beast ben upgefedden mit der yellend und releasen die Beauty.

Soonisch after die Fraulein ist de-parten, das Beast ben oberkommen mit

yearnen und wanten die Beauty to returnen. Also die Fraulein ist deciden, "beneathen der uglischer Outercoaten ein softish Heart ben gethumpen."

Die Beauty ben returnen und finden das Beast ist downcasten mit Gloomerpussen. Mit quickisch rushen die Fraulein ben grabben das Beast und on-putten der Lippenkissen!

Ach, du lieber! Mit der Kissen ein Magickerspelle ben broken und die Beauty ist becomen ein Beast mit Tuskentoothers and flamisch Eyeballen!
