Dear Pa. - Your letter received and I am thankful for the donation. Bro. Jones left this morning for Battle Creek in answer to a telegram from his wife. Both wife and daughter are afflicted. Bro. Jones has gone to the San. for an operation. The debate is suspended until he returns to the state. I am alone now in the meetings. We have been having a splendid time. Eld. McCord told the people last Sabbath to burn my books saying that it was the most dangerous book he ever read. He mentioned my name and spoke of me as "poor Bro. Ballenger." He rebuked me for distributing error to the people who hope the truth. In this he made a mistake. The people took pains to speak to me after the meeting and some ordered more books. Others told me of how they had distributed literature at the door of

often clutches so that on the whole much  
good is coming from his order to burn.  
We had a good social meeting sabbath and  
some excellent testimonies were given. Bro.  
George Bowers is a shining example. He  
said he felt like shouting.

I wish you could come right up and  
stay with me the rest of the week. I return  
home Monday to night. Will return  
the following Friday.

Have received another letter from  
Bro. Andrews. It is very interesting.

Hoping to see you soon  
I am  
Yours son with love  
Albion.
