Dear Brother In Christ,

The purpose of this letter is to acknowledge receipt of yours, of January 6, and to offer my sincere apologies for not answering at the proper time.

We did very much appreciate receiving your encouraging letter, and the request for a booklet containing the location of our churches. We are unable to furnish such a publication at the present, and would have written to that effect sooner but I received the letter just prior to one of our Board Meeting, and somehow the letter got misplaced until today. I am truly sorry for the delay and will try to do better next time.

Any time you are making a trip and need the location of members or churches in any given state, I'll be glad to try to secure the information for you .

Sincerely yours in Christ,

Archie B. Craig
