

Jerusalem Israel
August 13, 1961.

Dear Brother Mote,

I hope you are enjoying the best of health, and also your loved ones. We are all well, and how thankful to our loving Heavenly Father for health and strength to carry on His work, without becoming tired, although we work long hours, and enjoy every minute .

Many Jews are pouring into Israel every day as world conditions grow darker and darker. Gentile times are about to end according to Luke 21:24-27. Then we see Romans 11:25 fulfilled.

Only two weeks ago we learned of a village where a lady said there were 20 families of believing Jews. She was a Jew-ess we had only met once before, and came to us over 100 miles. My son Andy, with her and myself and some others went there that same day and spent most of the day. We found ten families all believers, and many more interested. We left literature there, and they were happy to find believers who were Jewish, only who believed in the Messiah. Some first day preachers had been going there, 40 miles from Jerusalem, but these people will not follow them now, and we are glad we were led to them,. This is our work looking up and contacting such, and we are glad we are here. Ezekiel 36:24-27 is most wonderfully being fulfilled too.

I hope you received the little flower card we recently mailed to you, Brother Mote, and we all send greetings and best wishes. Will be glad to hear from you again sometime when convenient for you to write. We have not heard from you for so long, we wonder how you are. Pray for the work here and we shall remember you too in our prayer .

Your Brother in the Faith,
