Dear Brother & Sister Mote,

Greetings from Jerusalem. We hope this will find you and your loved ones well as it leaves us. The work of the Master is going on wonderfully here, and many Jews are coming in now from Russia as well as from many other lands. It is a great miracle so long ago pre-announced by all the prophets. It is going to bring about Armageddon also as they have foretold. Joel 3rd and Zechariah 14th chapter, Rev. 16 etc.

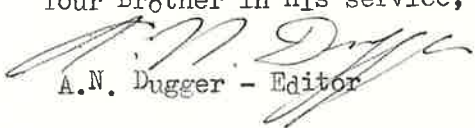

We have had an unusually cold winter here, but are now enjoying nice warm summer days. The country is well soaked with many good rains, assuring good crops again for which we praise the Almighty.

Many calls are still coming in for the New Testament from Israel or for Bibles with both. Our son Andy went to Tel Aviv on Thursday and brought out twelve hundred in Hebrew we are getting printed down there. These are from the last order placed with this printing company for six thousand. They cost almost three dollars each. A previous order for 20 thousand and another for 4 thousand have all been sent out. We send them free to the Jews in Israel for they are poor people. Over two thousand in Israel have ordered our free Bible correspondence course in Hebrew and many in other languages. Ezekiel 36= 24 to 27 is sure coming to pass.

We want to thank you Brother & Sister Mote for the part you have been able to have with us in this work here, assuring you that it is seed sown in good ground and bringing forth fruit for the glory of Him Who has called us all into His great work. Matt. 25: 14 to 19.

With greetings and love from all of us to you and your loved ones, hoping to hear from you again as the Father leads.

Your Brother in His service,

A.N. Dugger - Editor
