Eld, Donald E Note,

Dear Brother Note.

I am taking this opportunity to drop a line and let you know how I do appreciate the nice work you did on my tract, I thank you for this.

Mrs Weiher, sent me your letter for which I was pleased to read, and as to printing more tracts, I rather believe for the present this will be plenty, as this has been a scandal. I really thought it good for seven day Adventis, and many of our own brethren.

This tract is more for study than anything else, been so much desention over this subject and even hate, but of course that is the carnal mine. all seventh day keepers are my brethren, Say I must say I was well acquainted with Old brother Ballenger, I met him first in 1910, was a fine man I have quite a lot of his writings. I will say again I appreciate the nice clean work you done. may the Lord continue to bless you in your work. is my Prayer. with Christian Love,

A. H. Stith
