Dear Editor:

We have received copies of your fine magazine and are always glad to see such a work going on as this, for it goes a long way toward counteracting the evils of Communism, and may you be further blessed in this good work.

We are publishing a magazine here at Jerusalem viz. "The Mt. Zion Reporter", and now as the spot-light of the world is on Jerusalem and Israel, we believe your readers would be glad to know of such a paper. I would like very much if you could insert the following notice in your good paper, and I will pay you the regular price of space for such adds, or send you some priceless souvenirs from here, two samples of which are inclosed herewith. In the event that you print this please mail me this copy marked special so it will come to my personal attention. Then if you prefer I will mail you 12 cards of each of these samples, or the money to remunerate you for the space. We can then supply you with as many as you wish at a reasonable price, if you wish to advertize them in your paper.

Thanking you in advance, and awaiting your favorable reply, I am

Yours very sincerely in the faith

A. M. Dugger - Editor.
