Dear Ones in the faith,-

Greetings from Jerusalem, the eternal city. May these few lines find you and yours in the best of health, and happy in the service of the Master still finding joy in the great and precious promises ahead, soon to come.

About three weeks ago the radical orthodox warned the people of Israel against our work, and Elder Ben-Maier Editor of our Hebrew paper going out to Israel. This was put in several papers and his photo in one paper at least. The following week there were eighty four orders came in on one mail from Israel for the New Testament, and they keep coming in. These are all being mailed out. There never were so many came in at once like this before. It is indeed wonderful how the Heavenly Father has used this publicity in stirring up the people to search for themselves and order the New Testaments. We are also sending out many good tracts here and to workers over the world. The postage bill week before last was over \$250.00 alone, and we spent also over \$300.00 for paper. We certainly appreciate the humble part our readers have had in this good work. Each one will be rewarded according to the promise of a blessing to all who bless Israel. Genesis 12: 2, 3, etc.

The Israel papers this week report that the two chief Rabbis here have called a meeting February 28th to try to do something about the spread of the work of the missions in Israel, aiming of course at our work. Their meeting will likely be past when this reaches you, but please pray for us, for protection of this work against whatever their decision is, and whatever they try to do, that their work, like the above, will waken up the honest people of Israel to search for the TRUTH.

Trusting to hear from you sometime as the Holy Spirit leads and directs, and sending greetings and love from all of us to all of you.

Your Brother in the service
