"And it shall come to pass in the last days that the mountain (government) of the Lord's house shall be established above the hills and all nations (the people of all nations), shall flow into it. . . for out of Zion shall go forth the Law and the word of the Lord out of Jerusalem." — Isaiah 2:2, 3.

The Year 1967 Announced To Daniel By The Angel Gabriel

And from the time that the daily sacrifice shall be taken away, and the abomination that maketh desolate set up, there shall be a thousand two hundred . . . and ninety days."

"The wicked shall do wickedly, and none of the wicked shall understand, but the wise shall understand." — Daniel 12: 10, 11.

The period of time given here by Daniel, was 1290 days or years, until deliverance would come to his people. We note in verse two of this chapter, that the next event following their deliverance is that many who sleep in the dust of the earth shall arise, showing that the deliverance will finally be complete. This span of 1290 years begins as the verse above states, "from the time the daily sacrifice is taken away, and the abomination that maketh desolate set up."

As the commencement of the 1290 years of his prophecy starts with the taking away of the daily sacrifice, and the placing of the Abomination of Desolation, what of these two events does it refer?

The Daily Sacrifice

"But in those sacrifices there is a remembrance again made of sin every year... And every priest standeth daily ministering and offering oftentimes the same sacrifice, which can never take away sin." — Hebrews 10: 3, 11.

Much is said all through the Bible about the

Old Testament law for pardoning sins, which was through the blood of animals. When a person broke any one of the ten commandments, he was stoned to death, unless an animal was killed in his place. This was to impress upon them the horrors of sin. Priests stood daily offering these sacrifices, and this is the daily sacrifice that was still going on in the days of the apostle Paul 66 years after Christ, as the above scripture shows. The Jews, not believing in Christ, the Lamb of God, who came and died for all who would accept Him, went right on offering up the animal sacrifices. This ended, however, when the Mohammedans by religion, took possession of Jerusalem and the Holy Land in 632 A.D. Jesus (Yahshua, — Hebrew) also spoke of this same desolating power as follows:

"When ye therefore shall see the abomination of desolation, spoken of by Daniel the prophet, stand in the holy place (whoso readeth, let him understand:) then let them which be in Judea flee into the mountains." — Matthew 24: 15, 16.

It is a fact the year 632, marks the beginning of this period of Mohammedan rule over Jerusalem and the Holy Land. It was this very year that Jerusalem fell, and this power STOOD there. The Jews fled to the mountains then, as they did when the Romans took Jerusalem in 70 A.D.

There has been more than one abomination

caused by Gentile armies coming against the Holy Land as the following prophecy of Daniel clearly states.

"And he shall confirm the covenant with many for one week: and in the midst of the week he shall cause the sacrifice and the oblation to cease, and for the overspreading of abominations he shall make it desolate, even until the consummation, and that determined shall be poured upon the desolate." — Daniel 9: 27.

The Mohammedian Mosque built 632 to 640 where Solomon's Temple stood in old Jerusalem.

We see here that there was to be a series of abominations which would cause the Holy Land to be desolate UNTIL the consummation. This agrees with the words of the Messiah in the same discourse when He said Jerusalem would be trodden down by the Gentiles UNTIL the times of the Gentiles were fulfilled. — Luke 21: 24.

It was the year 632 when Jerusalem was taken over and occupied by the Mohammedians. By adding the 1290 to this date, it brings us to 1922. It was this eventful year that fifty-three nations signed that memorable agreement giving the Jewish people the Holy Land. Any late encyclopedia will tell you about this, if you will look up "The Balfour Declaration." This was the most outstanding fulfilment of prophecy since the decree of Artaxerxes the year 457 B.C., which pointed to the events of our Saviour's first coming, and this is no less significant relative to His second coming.

There is another time period in connection with this prophecy, the waiting time, as follows: "Blessed is he that WAITETH and cometh to the thousand three hundred and five and thirty days. — Verse 12 of Daniel 12th chapter.

This waiting time is just 45 days, or 45 years (further) it reaches on from 1922 forty-five years, or to the year 1967." Notice that this is during the same discourse, and just fol-

lowing His mention of the Abomination of Desolation, spoken of by Daniel the prophet, therefore it is these days that He refers to. This is the waiting time, or the last generation we are now in.

The foregoing explanation of the angel Gabriel's statements to the prophet Daniel, was written by the Editor over fifty years ago, and is copied from the book of which he is the author, viz. "The Bible Home Instructor" — pages 421 to 424.

The year 1967 as a crisis year in the events of this world pertaining to Jerusalem and Daniel's people the Jews, is now well known the world over, as the "Lightning War," or the "Six Day War," when the surrounding Mohammedian nations were brought to their knees, their planes and tanks destroyed by the thousands, their armies all routed, with the Old City Jerusalem captured.

It happened exactly 1335 days or years after they captured the Old City the year 632. At this time they began the building of the "Mosque of Omar" upon the sacred site of the Temple of Solomon on Mount Moriah, over the "Dome of the Rock," where it stands today.

Notice that this time period announced by the angel to Daniel covered two conditions, two outstanding events, the setting up of this Mohammedian religion, and the placing of the abomination and pollution of the sanctuary of strength by the erection of this False Religious place of worship in Jerusalem.

Some historians tell us that this Mosque known in history as "the Mosque of Omar" was completed the year 638, but others 640. Consequently the 1335 day years (a day for a year), as Ezekiel 4: 5, 6 says, reaches to 1973 and 1975. These are therefore crisis dates and very near. We may look without disappointment for world shocking events before and during these swiftly approaching years.

The historic dates on which we have based the announcement by the angel, are approxi-

mately correct. The six day war in 1967 with the recapture of the Old City of Jerusalem by Daniel's people the Jews, has established the accuracy of the date 632 when Jerusalem was captured and occupied by the Mohammedians.

The erecting of the Mohammedian Mosque on the sacred site of our two Houses of worship, the first and second temple, is significant, and it is possible that the date of its completion may have reached on another three years after 640, until this pollution work was complete. If so this crisis date would reach to 1978, but let us not be forgetful of that important statement of Christ, "Except those days be shortened there should no flesh be saved. But for the elects sake those days shall be shortened." Matt. 24:22. He was here speaking of these very days pertaining to the abomination of Desolation that was to STAND in the Holy Place. Verses 22

Gabriel's promise to Daniel in his concluding statement of this great chapter was: "Go thy way, for thou shalt rest, and stand in thy lot at the end of the days." This period of 1335 days therefore reaches to the resurrection of the dead, and we are now passing through the time of the building of the Mosque, or placing the abomination on the sacred site of the Sanctuary and the latest date of its completion reaches to 1975, as applied now to our time.

As this power then was building and desecrating, the Jews are now reconstructing.

—It will not be long, dear reader, for you to wait, now to greet your loved ones who have been snatched from you by the enemy death. They will be looking for you, and you will know them as you knew them here. Do not disappoint them. If you are not fully ready, there is yet some time to make your preparation. You can do this by daily calling upon the Father in Heaven in the name of Jesus (Yahshua), to help you. Ask him for wisdom to direct your steps in the right way, and for the Holy Spirit to give you power and victory over yourself to resist the evil and choose the good, making you one of His profitable servants in turning others to righteousness. — Luke 11: 1 to 13, and Daniel 12: 3.

JERUSALEM A CUP OF TREMBLING FOR ALL NATIONS

Read Zechariah 12th chapter. Jerusalem is a cup of trembling and a burdensome stone, and will be more so to all nations in a few months. It is wonderful to live now, and to give out "Meat in Due Season" — Are you letting your light shine? Tell your neighbors about these things and warn them of what is now imminent. The MESSIAH is about to return. He stands at the door of your heart, and is speaking to you. Revelation 3:20. — Editor.

THE PRAYER OF THE MESSIAH

Just before the Saviour ascended to heaven, the great burden of His prayer was that HIS PEOPLE would — ALL BE ONE PEOPLE. St. John 17: 11 and 21-22. He concludes this wonderful prayer as follows: "I have declared unto them THY NAME, and I WILL DECLARE it, that the love wherewith thou hast loved Me may be in them and I IN THEM." Verse 26.

Surely it is time for these people known by the name given in the New Testament twelve times, to make a supreme effort in answer to this prayer to be ONE that the Father's Love may be in them, and that the Saviour also be in them by His Spirit.

This is a timely appeal from one motive that the above words may be carried out, that His people may be ONE.

When the love of the Father and the Son dwells in our hearts, we shall desire to be one and to fellowship together. "By this shall ALL MEN KNOW that ye are my disciples if ye have love one for the other." Then if we are really the disciples of Christ, let us show it by this sign, that ALL MEN MAY KNOW WE ARE REALLY HIS DISCIPLES, not merely by the Bible name "Church of God (Family of Elohim)" but by the Bible sign of showing love one for the other. Instead of condemning one another in the various publications as some are doing. Is there not some good you can say about your brethren who are of the same faith? Rev. 12: 17.

On the common scriptural grounds of receiving Jerusalem as your "World Headquarters" and holding your present national headquarters, we can all agree to be one, and act that way, to carry out our Saviour's prayer to be one people.

Each local church, can if they desire send a tenth of their tithes here, or just an offering as the Spirit leads, and hold the rest there for local ministers, and evangelists.

On the day of Pentecost there were 3,000 Jews, naturally of all the five different sects, and all with minor differences, baptized and received into the fold, on the one common belief and acceptance of the Messiah, and His shed blood. They were already all zealous for the Ten Commandments.

Then why cannot we all do the same? Please pray about this, brethren, and become an "Assembly of Zion," (Isaiah 4: 5), to merit the blessing of the protecting cloud by day and fire by night. This change over must begin now. "When the Lord shall build up Zion, He will appear in His glory." Psalms 102: 16.

Crafty Council Against Israel

"For, Lo thine enemies make a tumult: and they that hate thee have lifted up the head. They have taken crafty counsel against thy people, and consulted against thy hidden ones. They have said, come, and let us cut them off from being a nation; that the name of Israel may be no more in remembrance. Psalms 83:2 to 4. ...

One of the few points on which Arab states could find themselves in agreement in recent years has been their declared desire to annihilate ISRAEL (or, in their oft-repeated vernacular of their leaders, to "wipe Israel off the map"... "cast the Jews into the sea"... "put an end to Zionist existence by force"). To obtain this objective, the Arabs have soft-pedaled many of their own national interests and have sunk a sizable part of their national resources into the acquisition of highly expensive armaments and the building of large military establishments.

No deep probing is necessary in order to lay bare the annihilation objective of Nasser and the other Arab leaders, nor the manner in which they would proceed to achieve its execution. A brochure, containing a selection of cartoons from the Arabic press, published primarily during the first half of 1967, provides all the evidence required. Anyone familiar with the character of the social order in Arab countries, is also aware that the local press invariably serves the regime as a mouthpiece for its opinions and viewpoints. The Arab press is but one of the elements creating the

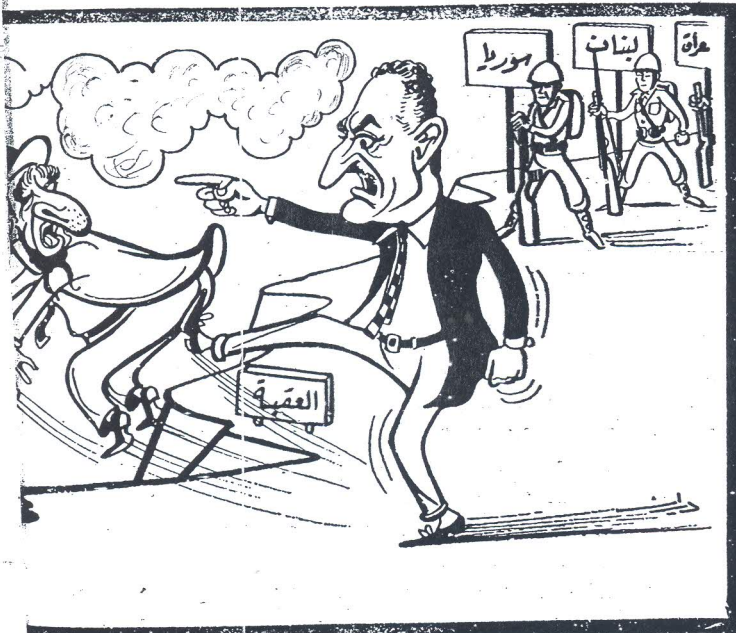

hostile propaganda and "hate-Israel" education. Nasser and the other leaders have made use of almost every and any medium in fomenting the "ideological" campaign against Israel: pamphlets, films, television, radio and even school texts (the State of Israel does not appear at all on school maps. One of the subjects of study prescribed for high schools — May of 1961 — by the Egyptian Ministry of Education was "The Advance of Arab Armies and the Annihilation of Israel").

The main motive constantly drummed into Arab consciousness by all these propaganda media has been: "Israel must be annihilated," or, as Nasser himself put it most distinctly in one of his speeches: "Our objective is the destruction of Israel. At the first Summit Conference we set before ourselves two goals — the immediate one, to complete the consolidation of Arab power, and, the national one, the liquidation of Israel." In the competition, among Arab leaders, for the crown of extremism and aggressiveness, Nasser's statement on the subject was not the most outstanding. In May of 1966, President Atassi of Syria delivered himself of the following: "We are looking for a total war which will not recognize any bounds and which will eliminate not only Israel..." A year later an Egyptian radio commentator said: "The sole means we shall use against Israel is war — a war which will result in the final liquidation of Zionist existence."

The vociferousness of Arab invective persuaded many people of goodwill throughout the world to believe — as had already happened once in our day — that, behind this verbal barrage, there was no intent to act. There could be no greater fallacy. The threats and declarations have not been a product of "Oriental imagination". No more convincing proof of this fallacy is necessary than the fact that, after years of preparedness and training, Arab power had attained the ominous buildup of 3,000 tanks, 1,000 planes and half a million regular soldiers. This array confirmed the prediction made by the editor of "Al-Ahram" and Nasser's confidant, Muhammad Heikal, back in 1964: "Egypt is building the most powerful offensive force..."

The above conditions, preparatory for Armageddon, are not going to come to pass in the future, but **THEY ARE VISIBLY HERE NOW**. Read chapter 14 where all nations are to be gathered against Jerusalem. Then the Messiah comes. Verse 4. He will be king over all the earth verse 9. This world shocking, amazing event is very near at hand. Yes even at the door.

A Testimony And Experience

THE MILLENIUM

It was in the middle of this October 1968 that I was awakened from sleep during the night. Turning my head swiftly about, I was just in time to see an angel disappear through the hall doorway. My wife and I sleep in different rooms, and quickly I rose and told her what I had seen. Together we rejoiced and praised the Lord to think that an angel had visited us. Soon I returned to my room and bed. Lying there, I meditated on the angel and shortly afterwards fell asleep, and I dreamed. In this dream I was standing beside a small stream and looking towards an earthy but beautiful mountain lake surrounded by green forest and snow-capped peaks. Crossing the stream beside me and heading towards the nearby lake was an old abandoned logging road. I wanted to get a closer look at the lake so I crossed the stream and started walking up the old logging road. Now I found that I had clean clothes on, but brambles and branches were dirtying them up while thorns ripped and snagged at me. Coming closer to the lake I was suddenly attacked by a large cloud of swarming mosquitos. Ducking my head and flailing my arms, I started swatting and batting at the mosquitos. Finally, when nearly overcome, I retreated and ran back to my starting point beside the small stream. Here I stood and wistfully gazed back towards the distant lake wishing that I could see its lovely but earthly beauty better. Then it happened. Without warning the whole scene became a full-fledged vision!

In astounding rapidity the whole began to change into glorious coloring. Marveling at what was happening, I saw a beautiful hand and arm come out of the heavens and start to brush back and forth across the earthly scene. Swishing back and forth, almost like a windshield wiper, the heavenly hand washed the dross and dirt away from the drab earthly scene. Dirty water began running off the trees, the mountains, the rocks, the stream beside which I was standing, it became sparkling and pure. In the distance I saw that the lake was also changing. The water became a lovely azure with the waves faintly rosette hued. Even the trees assumed a new and stately beauty while the rocks in the stream bed by my feet glistened like polished agates.

I have had visions before and now I started to praise God: "My God, my God, how great thou art," I cried. "Praise thy holy name. Glory to God in the highest!" Extolling his

greatness, revelling in his power, I leaped and danced in the vision as I rejoiced to behold how the drab and smutty earthly scene became radiantly beautiful beyond words to describe. I thought I was viewing a heavenly scene when suddenly at the foot of this scene I beheld two porcelain white strips with golden lettered biblical words thereon: "For, behold, I create new heavens and a new earth; and the former shall not be remembered, nor come into mind. The wolf and the lamb shall feed together, and the lion shall eat straw like the bullock: and dust shall be the serpent's meat. They shall not hurt nor destroy in all my holy mountain, saith the Lord." And I knew I was reading from Isaiah's famous words. Rejoicing in the Lord, shouting and dancing and crying in happiness, I marveled at the radiantly glorious panorama before me. Suddenly, in final clarity, this date appeared before me: 1978!!!

With that the vision faded and quickly I got back up and went to my wife's bedroom. Still under the spirit, I told her what the angel of the Lord had shown to me. Together we rejoiced and I knew I had been given a preview of the Millenium which will (start) in 1978 as the date given to me. This also agrees with what the Lord revealed to William Branham when he showed Branham a calendar with the pages flipping over until they stopped at the year 1977. This, William Branham said, signified the end of this Age of Wickedness with — naturally — 1978 ushering in the Millennium.

Still rejoicing, I returned to my room and back to bed. No sooner had I laid down and closed my eyes when another vision appeared before me. At first this was another earthy forest scene. Herein I saw the stealthy form of a wolf creeping upon a fawn lying curled beneath some bushes. In horror I knew the fawn was about to be devoured by the wolf when suddenly the same glorious hand and arm I had seen in the first vision appeared in the sky. Once again the out-stretched hand and arm began to transform the earthly scene into one of extreme beauty and color. The beauty I beheld defies description. Then, just as the wolf was about to pounce upon the fawn the wolf also changed from snarling viciousness into tail wagging friendliness. And then the wolf ran up to the small fawn and playfully started jumping and frisking about it. thereupon the fawn got to its feet and together they started gamboling and jumping about.

Again I was praising God, shouting for joy. With that I watched as the wolf and the fawn went frolicking and running down the beautiful forest aisles — the whole so radiantly co-

loured and exquisite that my words are mere dross. Enthralled and raptured, I watched them disappear from view. With that the vision faded leaving me blessed and shaken...

In all boldness, which is mine only in the Lord, I know I was shown the beginning of the Millennium, in 1978!!! By thus it is plainly shown that this Age of Wickedness, this Age of Violence, this rule of Satan wherein he is smiting the Nations with a perpetual stroke, will end sometime in 1977! We are almost there. The Lord have mercy! May this slumbering world wake up in time to escape the Mark of the Beast. For the Great Tribulation is almost upon us!!!

MORE PROPHECY FULFILLING

ISAIAH 10:20 to 25.

20 — And it shall come to pass in that day, that the remnant of Israel, and such as are escaped of the house of Jacob, shall no more again stay upon him that smote them; but shall stay upon the Lord, the Holy One of Israel, in truth.

21 — The remnant shall return, even the remnant of Jacob, into the mighty God.

22 — For though thy people Israel be as the sand of the sea, yet a remnant of them shall return: the consumption decreed shall overflow with righteousness.

23 — For the Lord God of hosts shall make a consumption, even determined, in the midst of all the land.

24 — Therefore thus saith the Lord God of hosts, O my people that dwellest in Zion, be not afraid of the Assyrian: he shall smite thee with the rod, and shall lift up his staff against thee, after the manner of Egypt.

25 — For yet a very little while, and the indignation shall cease, and mine anger in their destruction.

Tourists During April

About 38,000 tourists arrived during April, it was reported this month. In the first four months of the year, the number of tourists reached 122800, as compared with 112,200 during the same period in 1969.

Of the April figure, approximately 32,400 arrived by air.

TESTIMONY FOR MT. ZION REPORTER

Dear Editor :

God is not dead. Just a few lines to say. I got arthritus. It started December 5, 1969 and got worse every day until January 3. It was so painful. I got out of bed in the morning trying to walk and I just couldn't walk. Of course, I cried and cried. I prayed. Not a soul around to help me. That loved one passed away in 1948 and I needed her so bad but she is gone and resting. But why? did she have to leave me so soon. Oh, I needed her so bad. But why did this ever happen to me so soon. Thy will be done. My God strengthen me and hold my hand the rest of my life. I kept on crying and praying. Lord take the pain away. The pain was all gone. Then I got such a joy. So I sang "Pass me not O, Gentle Saviour." I sang and of course cried. for joy.

Then I sang, "I need thee every hour." Again I got an attack the 15th and the 29th of January. Oh, I am so thankful the Lord heard my cry and prayer and helped me. Yes, I went on a diet which was mostly vegetables and apple juice. I took a hot bath with Epsom salts mostly 2 times in a week. To this time I have no pains. I do my work, keep up my housework, take the car, do my shopping, go to church, go for visits. Only the Lord raised me up and gave my health back. Let us fear God with all our hearts. Soon there is a great reunion day coming which is Revelation 21: 1 to 8.

May the Lord bless you who read this. Look up, our Redeemer is near you.

Yet, I had a doctor. He did all he could besides he laid his hand on me and prayed in such a way that the Lord might take over on me. Praise God even that a doctor can do this for his patients and lean on God.

Questions And Answers

Question :—

Please explain Luke 24: 21: "Today is the third day since these things were done," and this was on the first day of the week, after he was risen.

Answer :—

The question was asked in verse 18, "Art thou only a stranger in Jerusalem and hast thou not known the things which are come to pass here in these days? The question is, "What things." The answer was, the things concerning Jesus of Nazareth. Verse 19.

We read in Matt. 27: 62 that the next day that followed the preparation the chiefs of the Jews went to Pilate telling him that as that man taught the people he would rise from the dead the third day the grave should be made sure so his followers could not steal his body and then say he was resurrected.

They said to Pilate, "Command therefore that the sepulcher be made sure UNTIL THE THIRD DAY. — Verse 64. It says, "They consented and made the sepulcher sure sealing the stone, and setting a watch." This was Thursday morning. A Roman "Watch" consisted of twenty men, twenty of whom watched for eight hours, then another twenty for eight hours, and then another twenty completing the day.

We see that the things concerning the crucifixion burial etc., were not finished till the next day, therefore Sunday was the third day since these things were done, as recorded in the question. We are glad that all of this was arranged, with the sixty men watching the grave, "Till the third day," so that even now they cannot say his body was stolen.

All of the events concerning His resurrection agree. We notice that the Holy women coming to the sepulcher, "In the end of the Sabbath" (Matt. 28: 1), did not bring the spices they had prepared to anoint his body, but only to seal the sepulcher" for they knew the Roman watch was set there till the 3rd day, Sunday. They were there to witness the earthquake when the stone was rolled away, and when the resurrection took place. It says it was "IN THE END OF THE SABBATH." The Bible ends at sunset, and the new day begins. Genesis chapter one. Also Leviticus 23: 56. Hence the only account we have of just when he arose from the dead is this one given by Matthew. Note also it says, "The watchers were as dead men."

Question :—

What scripture if any, do we have to show that the crucifixion was on Wednesday instead of on "Good Friday," as so many claim?

Answer :—

In Matt. 12: 40 our beloved Messiah gave, only one sign that he was actually what He claimed to be, our Messiah, and the Son of God. He said, He would be in the earth "THREE DAYS AND THREE NIGHTS," so we count back three days and three nights from the end of the Sabbath when the seal was broken, and the big stone rolled away, and the watchers became as dead men. That takes us to Wednesday.

We have written to Astronomers in England, Australia, and U.S.A. to get the day of the week, our Passover fell, the year of the crucifixion and every one gave the same calculations, that it fell on Wednesday. He shed his blood on the very day, Israel had always killed the lamb (Exodus 12:1 to 6. — Luke 22:1 to 7.

Question :—

We have a Bible that reads different in Matt. 28: 1, saying that the Sabbath was passed when the stone was rolled away, and the resurrection took place in the morning, as it was dawning toward the first day of the week. When this reads different in some Bibles how can we know which is right?

Answer :—

I have met this same confusion many times in public debates on the Sabbath question, with clergymen of various sects. Invariably I would be confronted with another translation of the Bible, made by some outstanding clergyman with a D.D. after his name, honoured by that denomination. These various "ONE MAN" translations all present an atmosphere of exaltation, wherein one man sets himself up above forty eight noted Greek scholars who translated our common, and most widely used Bible, known as "The King James Version," which is by far the best and most popular translation.

It was translated under the direction of King James of England around three hundred years ago, by 48 of the best Greek scholars of that time, chosen from every religious sect known, and from Greek and English scholars of every walk of life, leading educators from schools

LIFE IN ISRAEL

By EFFIE DUGGER

Shalom!

Another Sabbath day in Jerusalem has ended. The morning meeting was well attended. The day was pleasantly warm outside as well as inside. There was a cool breeze coming in the open windows. The lesson was the third chapter of Joel which gave a clear picture of a world preparing for war. I think that they know it would mean their destruction.

Another thing made clear in a study of Joel three is that the world will be divided into two classes. One for Israel, and one against.

Brother Shoemaker preached a farewell sermon exhorting us to obtain victory through Christ, the one who dwells in our hearts by the Holy Spirit. He emphasized that each should have that divine love which characterized Christ's work and teaching.

Bro. Shoemaker is leaving to answer a call which came from Kenya, Africa, and expects to be gone a year if conditions permit. He asks that our prayers will accompany him. He has been a big help to the work here, while waiting for a call. Now we will be depending on the Father to supply help to take his place here. He knows our need.

Andy is gradually replenishing our supply of tracts which was greatly diminished. There is a linotypist working almost every day so Andy can devote his time to the printing.

We have received good reports of the campmeeting in Oregon, and were made especially glad to know that some of our children were able to attend. If there ever was a time when there needs to be a grand stirring of love among believers it is now, because time is short to do the things that need to be done. There is a great call coming in from many countries now wanting to know more about the teachings from Jerusalem.

A visiting tourist and his wife from Oregon were at the evening meeting in our home. They live near a little town which is also near where Sister Fauth's folks live.

A young Jewish believer and his wife and children were here for the first time also Sabbath. He works at a Tourist Hotel here. He said the tourist business was sure booming in spite of obstacles placed by terrorist groups.

When the apostles loved and laboured, world conditions were not much better than present conditions. They had no powerful world organizations behind them. Yahshua said He was sending them out as sheep among the wolves. They laboured as servants and laid down their

lives. — "The world by wisdom knew not God, but it pleased God by the foolishness of preaching to save those that believe."

Cor. 1: 21.

In fact, if selfless preachers could carry on a similar work now it would solve many of earth's ills. Yahshua's command was to "Go and do," a positive commission which had a positive conclusion.

He said: "Therefore all things whatsoever ye would that men should do to you do ye even so to them, for this is the law and the prophets." — Matt. 7: 12. Love is truly the fulfilling of the law.

It was just an olive leaf that the dove brought back to Noah. Even now, the olive branch is a symbol of love and peace, and it is still extended to a rebellious world. There is still time for repentance, but a reckoning time is coming soon.

The Roger plan for peace is being considered here. Israel is much concerned, to say the least. It is certain that Nasser's interpretation of the plan does not agree with Israel's interpretation.

Other things to consider are: who will bring the terrorists into subjection, and would there be real peace?

Next day. —

Life goes on as usual. I was in town today for a few minutes to order gas for the stove and to buy a few commodities we cannot get in local shops. The walks were jammed with people, especially on Jaffa road the main street.

Most of the heavy trucks travel on side streets, but the buses and cars are very numerous on Jaffa street.

I always remember how things were thirty eight years ago when we lived here. On the night after the Sabbath, it was the custom for all the Jews who reside in the city to walk in Jaffa road, right out in the street as well as on the walks. There was such a crowd in those days that it stopped the traffic. What would it be now if they all walked in the street? There would not be room for all to walk and certainly no room at all for cars.

Well, things have changed. Jerusalem still retains its old charm and attraction, but modern customs are much in evidence too. The eating places, for instance, serve almost anything one could wish, in short orders. Ice

Dear Brother Dugger,
I have been keeping the Sabbath about 3 months the Lord showed me this wonderful truth. I have had the Holy Ghost, Acts 1:4 and been baptised in Jesus name 24 years.

I thank God for the work here and that Jesus is soon coming.

Greetings to you all out there in the wonderful work of the Lord. Love and prayers for you all. God bless your work in the Lord is my prayer.

AGALAND, KOHIMA. —

Dear Brother in the Lord:

I have come through your letter of the 8th of June, 1969 and a copy of your magazine for the month of July, 1969, which I received from one of the members of your Reporter Family, Mr. J. Alinger, and really I feel something was missing until I read it. Each line and each word was impressed upon my mind. I wish to be a member of your Reporter Family and want to receive your magazine regularly from now onward.

My prayer and Christian fellowship to you and all the workers.

Yours in the Lord.

MICHIGAN. —

Dear Brother Dugger,
and Wife,

Greetings in the name of our Lord.

I wish to thank you for your wonderful magazine I receive from you each month. I always look forward to receiving it. It is so much comfort to me. Anything that comes from my beloved Saviour's home land is priceless to me. I know I should pass this wonderful magazine along to others to read and not let them die, but believe me its hard for me to part with even one of them.

You know, these magazines to me are priceless not only because they have all truth in them but because they come from the home land, the land where He will soon be returning once again to rule as King of kings. Anything He loved I love also. I love His chosen people the "Jewish race."

There seems to be some kind of special friendship between them and me.

Mrs. Vivian Swafford

ALABAMA, U.S.A. —

Dear Elder and Mrs. Dugger,

Before receiving your Reporter I was not too fond of Jews. I believe them to be the cause of Christ's death and felt they were enemys of the Gentile race, and I was wrong in feeling the way I did.

My eyes are being opened now every time I read your Reporter and I am anxious to know more and more.

I have told many people about your Reporter and have asked them to write to you.

I am sorry I have waited so long in writing to you. I wanted to be convinced you were right before I wrote to you. And now I believe you are right and I believe I have lived all these years blinded and I have tried to put in words the way I feel.

Dear Brother Dugger,

We are doing a wonderful work with the help of Jesus through our Mount Zion Reporter.

I am asking you for the monthly magazine. There are many others who are interested in reading them. So I would like you to send me some more.

I am now close with God's blessing on you and all brethren and your family.

Your faithfully

GOOD HEALTH DEPARTMENT

RAW-EATING

A NEW WORLD FREE FROM DISEASES, VICES AND POISONS

By A. T. Hovannessian

The real cause of those human sufferings that we call diseases has been finally discovered. It is the introduction into the human organism of cooked food, drugs and other unnatural substances.

Ever since the accidental discovery of fire a few thousand years ago, men have become unfortunately acquainted with the operation of cooking and have mistakenly regarded cooked food as their normal nourishment.

Cooked food, however, is the wrong nourishment.

Fire incinerates and destroys the vital nutrients necessary for the human organism. The nourishment intended by nature for the human body is exclusively raw food.

By a similar error of judgment for thousands of years men have looked upon poisonous substances as a source of health. All so-called medicines are poisons. Their effect is conjuring, contradictory and deceptive. Medicines palliate, transpose and conceal the symptoms of a disease, but as a rule they poison the body and aggravate the general condition of the patient.

Medical science is a basically wrong and harmful science. As we said, the causes of diseases are cooked food and drugs. Yet it is these very things that doctors of medicine recommend both to their patients and to the whole world, in this way, although they have stepped into the arena ostensibly for the purpose of freeing mankind from disease. They are honestly pursuing the wrong course.

The truth of this statement is substantiated by the mere fact that in spite of the existence of medical science, among all the living creatures man is the one most susceptible to disease. The farther animals live from man, the less liable they are to succumb to illness, while those creatures that inhabit the virgin forests and the depths of the oceans are free from all diseases.

As the number of hospitals, pharmacies and doctors increases, so the number of patients increases. People are less healthy in countries where medical science is most advanced. There are more sick people in cities than there are in villages. The wealthy are more subject to

My daughter Anahit 13 years old the worlds first 20th century raw eater. Never ate one morsel of cooked food, always in perfect health.

illnesses than the poor. Patriarchs of 140 to 150 years of age are not found in medical circles; on the contrary, they live in regions far removed from the leading centers of science. The most healthy and sturdy people in the world are the Hunzas, who live in the Himalayas and who have neither doctors nor hospitals or pharmacies.

The mass of statistics purporting to show increases in the average expectation of life are devoid of any real value. The increase in the average length of life during the last few decades is a result of the decrease in epidemics, while the fight against epidemics has been conducted not by strengthening the resistance of the human organism, but by preventing the spread of infections. If we returned the present weakly inhabitants of this earth to the dirty conditions prevailing in the towns of 150 or 200 years ago, no one would be saved from the clutches of epidemics.

On the other hand, chronic illnesses have reached shocking proportions as a result of fresh degenerations of foodstuffs, the discovery of new drugs and vaccines, the fluoridation of drinking water, chemical fertilization and spraying

The real statistics would be those that would show us how many centenarians there were 150 to 200 years ago and how many there are today or, better still, would tell us how many centenarians there are at the present time among those very scientists who profess to lengthen our span of life.

The real laboratory on which we can place implicit trust is the laboratory of nature, which by the minutest calculations has prepared the nourishment that ensures our health. Our "scientists" burn that nourishment on the fire and, having destroyed it, try to replace it with artificial vitamins and poisonous concoctions.

The one and only way by which diseases can be eradicated is to eradicate the causes of diseases themselves.

Here I should like to remind the reader that in the initial period of complete raw-eating there may well appear various symptoms of discomfort, which may leave the impression that natural nourishment is harmful and detrimental to health. It is in this short-sightedness that lies the basic error of medical science. Medical practice has been based upon the immediate, contradictory and deceptive effects of nutriments and therapeutic drugs. As a result of this misconception the most harmful food-stuffs and poisonous medicines have been regarded as beneficial, while in many cases natural and faultless nutriments have been brushed aside as harmful.

In actual fact the discomforts noted above are curative reactions of short duration and constitute a further proof that the recruit to raw-eating is indeed regaining his health. It is in the realization of this fact that lies the final triumph of the practice of raw-eating.

The wise men should refuse to be swayed by such deceptive, apparent symptoms. Natural and living foodstuffs can never be harmful.

Whoever has firm and steadfast belief in this refutable truth of nature food will be saved.

The doctor prescribes drugs, recommends "nutritious" dishes and forbids raw fruit and vegetables. As a result the condition of the patient deteriorates day by day. Then one day he comes across a copy of "Raw-Eating" and the light of truth dawns upon him. Thereupon he immediately throws away all his medicines, stops the consumption of cooked meals and nourishes on the natural raw foods.

In other words, he acts quite contrary to the doctor's orders. It is then that the miracle takes place; the patient is cured directly and once for all.

The truth of the above statements has been proved by numerous concrete examples. Thousands of patients with serious complaints, who had for years suffered in hospitals, have re-

gained their health in a surprisingly short time thanks to raw-eating. An immense army of raw eaters is now scattered all over the world and the number keeps on growing apace.

A fair number of children, some of whom are now five or six years old, have been brought up by raw-eating right from the cradle. The first raw-eater of the twentieth century, my daughter Anahit, is already thirteen years old.

Those afflictions that are recognized in medical science as diseases, such as high blood-pressure, diabetes, tuberculosis, influenza (appendicitis, diphtheria, and so on, are not isolated diseases by themselves, but particular cases of the numerous symptoms displayed by the real disease. Of those symptoms twenty to twenty-five may appear simultaneously in a single person.

But there is only one real disease, from which all consumers of cooked food suffer, and it is cells of poisonous substances in the organism, resulting from the introduction of cooked food and chemical substances into the body, accompanied with starvation of the organs, paucity of active cells and weakening of resistance against microbes, due to a deficiency of natural nourishment.

THE TWO GREATEST GIFTS

There are two most needed divine gifts that do not come by way of the flesh, but from heaven when we ask. One of these is WISDOM, which the scriptures tell us is more precious than gold. I wonder how many who read this ever ask the Almighty for wisdom, to direct them in what they should eat to have a healthy useful body and long life here.

If you never have asked for WISDOM to thus be directed then you just follow along like all others, eating what pleases you most, being governed by a false appetite for tasty food, enriched, and made tasty by manufacturers seeking for money.

We are commanded to ask for wisdom. — James 1: 5.

The other heavenly gift we most need, and which we must obtain by asking, is the Holy Spirit. — Luke 11: 11 to 13.

This gift from above gives us power over our bodies to put into practice those things which WISDOM tells us is right. It applies to eating for health, and also in making the right decisions in doctrine in walking the narrow way for eternal life in the kingdom.

These two heavenly gifts will assure us long life here, and eternal life hereafter.

The Book of Revelation

OPENING THE SEALS THE FOUR HORSMEN

Chapter 6

John saw the finished work of Calvary as would be experienced by seven different periods down through the gospel age. In other words he saw the future of the gospel age in retrospect.

How merciful and loving is the Heavenly Father to allow the One who purchased our salvation and seals each one by the Holy Spirit and allowed Him to disclose to us what they would experience. For each period a message is given with an admonition and a promise to those who remain faithful. It covers this Gentile period. (Isaiah 62: 1, 2, and Luke 21: 24), beginning with the "white Horse," Rev. 6: 2. White denoting purity and righteousness (Rev. 19: 8; also chapter 3: 5), the beginning of this Gentile period when mighty works were being wrought by the Jewish people, filled with the Holy Spirit on the day of Pentecost. Acts 2nd chapter etc. This was the launching of the message of salvation to the Gentiles foretold by Isaiah 62: 1, 2, and it says the rider went forth conquering and to conquer. This is exactly what happened, and the idolatrous heathen world was largely conquered. The Bible in millions of copies, and over 700 languages and dialects has gone forth to every nation.

2/ The second horse is red (Verse 4) and it says peace was taken from the earth. This same period is prefigured by the "Smyrna" congregation which we have considered. In this period it says they should kill one another. History speaks of the Diocleaten and bloody Nero persecutions of the Jews and "The Righteous Congregations of the true faith." The red horse was a warning of danger.

3/ The third horse was black and it says he that sat on him has a pair of balances in his hand. This is the "Pergamos" period the time when the apostate Christians became exalted and church and state was united. All histories tell us of this condition of a balancing of power between church and state. History refers to this period and calls it "The Dark Ages." Here it was pre-announced and represented by the black horse. Verse 6 speaks of a "Measure of wheat for a penny, and three measures of barley for a penny." It was at this very time according to history that owing to threatened famine, grains were rationed, and expensive. Famine brought gloom and despair to many quarters of Europe. The 4th horse (verse 8) was the pale horse,

it says the name that sat on him was death, and hell (Greek "hades" the grave) followed with him. Power was given him over a fourth part of the earth to kill with the sword, and with hunger and with death, and with the beasts of the earth." This further describes the period when Rome ruled the world, and the Catholic church jointly with her put to death, as history tells us from fifty to one hundred million Jews and others with them who would not yield to her doctrine, especially of keeping Sunday for the Sabbath. See "Foxes Book of Martyrs," "Bucks Theological Dictionary," the "Old Family Bible," or the very old edition of "Britannica Encyclopaedia."

5/ The opening of the fifth seal verses 9 and 10 represents the period from about 1798, after Napoleon's successful conquest of Rome when the banners of freedom and Democracy were unfurled there, down to about 1833 the time of the great Lisbon earthquake, and the falling of the stars (the great meteor shower) spoken of in history and Websters dictionary. It says of this 5th period, when this seal was opened: "I saw under the altar the souls of them that were slain for the word of God, and for the testimony which they held, and they cried with a loud voice saying, How long O Lord Holy and true doest thou not judge and avenge our blood on them that dwell upon the earth, and white robes were given every one of them ... and it was said that they should rest yet a little season until their fellow servants and their brethren that should be killed as they were should be fulfilled." 24

This does not teach us that these souls were alive and conscious, and crying for vengeance upon the evil murderers who had killed them through this entire period of the "dark ages," which prophetically was over 1200 years, illustrated by the red, black, and pale horse periods. According to modern theology these wicked ones would already be a long time suffering the pangs of Hell fire, and vengeance would already be upon them. We are told that the stones cried out of the wall, and the beam cried out of the timber. Habakkuk 2: 11. This is a figure of speech often used. These souls did not actually cry out any more than did these stones. But the horrible deeds of murdering these innocent people would not be forgotten, and remained against their murderers and "Vengeance is mine," saith the Creator. "I will repay." We are told that Abels blood cried out from the ground.

Why were those souls told to rest until others would be slain as they were?

Since peace left this earth in 1914 the beginning of the first world war millions have been slain in like manner. For instance the horrible holocaust in Germany under Hitler, also thousands have died in Russia, for their faith and in other places, and there will be still more, ^(S-days) but the Deliverer is now soon to come.

6/ When the sixth seal is opened, we enter the sixth period, and it says there was a great earthquake, the stars fell, and the sun was darkened etc. Verses 12, and 13. It is believed by many that the great Lisbon earthquake and the falling of the stars, and the sun being darkened the year 1789 to 1833 fulfilled this prophecy and it was this time that the (6th) seal was opened. These phenomenon were never before witnessed on such a large scale, also the sun being darkened the following day. See "Dark Day" in Webster's Dictionary, also "McCenstries History."

It is however, the writer's opinion that these events are yet to come on a much larger scale that will cover the world, and they are eminent now as we have reached that period, according to many prophecies.

6/ This sixth seal brings us to the time of the appearance of the sign in the heavens of the returning Messiah. It corresponds with Matthew 24th chapter verses 29, 30, and here in the Revelation it says, "The great day of His wrath has come and who shall be able to stand?" Rev. 17. The day of His wrath is spoken of also in the opening up of chapters 15 and 16 the beginning of the pouring out of the seven last plagues upon the entire world, "as the day of His wrath."

7/ When this 7th and last seal is opened seven angels come forth with seven trumpets. By comparing the events of these seven trumpets with the seven last plagues of chapter 16 you will note their similarity all the way through. The trumpets explain more in detail the horrors of the seven plagues, and what will take place during the time of their being poured out.

The plagues that fell in Egypt before the deliverance of the Israelites required one year, and we have evidence that these last plagues will also cover one year, as a day stands for a year in Bible prophecy. In Revelation 18: 8 we are told that these plagues come upon Babylon The Great "in one day." Therefore it will require only one year for the seven trumpets to sound, and the seven plagues to fall.

ISRAEL PLANES BLAST SUEZ CANAL TARGETS 27 HOURS IN 2 DAYS

TEL AVIV. — Israel Air Force planes continued their heavy bombardment of the Egyptian lines over the week-end, flying for 27 hours over the northern and central sector of the Canal.

Aerial reconnaissance pictures of the northern sector shown to military correspondents present a scene of almost complete devastation along the 150-metre-broad strip of the western Canal bank.

The area resembles a moonscape, pitted by deep craters and charred by bomb blasts.

U.N. observers have abandoned on foot two of their posts in this area following the complete demolition of road systems and communications in the area, the B.B.C. reported.

NO HONEST WORD IN SOVIET PLAN — MEIR

LONDON (Reuter). — Prime Minister Golda Meir on last Friday night dismissed the Soviet Union's latest proposals for peace in the Middle East as not containing one honest word.

Speaking in an interview broadcast on B.B.C. radio here, Mrs. Meir said the proposals, whose details have not yet been officially disclosed, were an insult to any intelligence.

She said: "These proposals want nothing from the Arabs. They say that if Israel goes back to 1967 borders, the borders will be recognized by the United Nations. This is fantastic. There is not one single word that any of the Arab countries have to recognize our borders."

"There is not one honest word in that entire declaration."

JORDAN PAPER WARNS NIXON OF "KENNEDY'S FATE"

AMMAN (UPI). — A Jordanian newspaper, 'Amman al-Massa,' said last day U.S. President Nixon may face the same end as Robert Kennedy if he continues his support of Israel. Senator Kennedy was assassinated on June 5, 1968 by Sirhan Bishara Sirhan, because he advocated the sale of more warplanes to Israel.

STAR OF DAVID IN SOVIET EMBASSY

LONDON (Reuter). — Young Jews inscribed a red Star of David with a paint sprayer on the walls of the Russian Embassy early yesterday in protest against the recent reported arrests of Jews in the Soviet Union.

Other Russian buildings in London were also squirted with paint.

"This is in protest against the mass arrests of Jews which have been going on in the last two or three days in the Soviet Union.

BIGGEST GROUP OF U.S. IMMIGRANTS DUE

The largest group of immigrants from North America ever to arrive in Israel will debark in Haifa tomorrow night from the Queen Anna Maria. The 365 North Americans aboard are among 1,200 who will arrive during July.

The Immigrant and Absorption Department of the Jewish Agency reports that immigration from North America in the first half of this year has grown by a third compared to the same period last year, from 2,036 to 2,704. The group aboard the Anna Maria includes 19 businessmen and 18 professionals.

Yesterday a group of 130 young people from the U.S. and Canada arrived by air at Lod

Airport to spend a year working on "Sherut La'am." The volunteers, aged 18-20, will teach and do community work in immigrant and development villages and in absorption centres.

367 IMMIGRANTS FROM AMERICA ARRIVE BY SEA

HAIFA. — The Greek liner Queen Anna Maria arrived here from the U.S. last night with 367 new immigrants and some 200 passengers. The newcomers included 281 who arrived with temporary resident status and 79 returning Israelis, quite a few of them young women who married in the U.S. or Canada and returned with their husbands and children. Many of the newcomers were college instructors, scientists and engineers.

This was the largest group of immigrants from the U.S. ever to arrive at one time. All those your reporter talked to said they were not worried by the present security situation in Israel and considered this the only country in which Jews could live a full Jewish life.

GALILI: EGYPT HOPES TO FORCE THE CANAL

TEL AVIV. — Minister Galili said Egypt's main aim is to cross the Suez Canal and push Israel back from the cease-fire line. This is a primary reason for their attempts, with Soviet backing, to win air superiority over the Canal, he said, confirming reports on an Egyptian build-up of amphibious craft.

BIGGER SOVIET ROLE IN EGYPT DAYAN SAID

Defence Minister Moshe Dayan told the Knesset last week that direct Soviet involvement in Egypt was still increasing. Not only were the Russian pilots still flying operational missions, but more and more Russian soldiers were manning the anti-aircraft defence system there. Mr. Dayan noted that even "Al-Ahram" editor Hasanein Heykal confirmed this on July 2, when he wrote that Egypt was managing to maintain its intensive political and military activity, thanks to Russian help in protecting its lines from the Israel Air Force.

The Suez Canal front has claimed the lives of 330 Israel soldiers and 17 Israeli civilians, between the end of the Six Day War, and June this year, Mr. Dayan said. But the Egyptians claims, if all totalled up would give the figure of 517 Israeli "dead," more than 1,000 Israeli "injured," not to mention scores more communiquees claiming "numerous casualties" or "heavy loss of life and property." The Defence Minister said that no Israel Army position had ever been captured by the Egyptians.

Israel lost 14 aircraft on the Canal since the Six Day War, but the Egyptians, in their communiquees, put the figure at 202 Israeli aircraft Egypt has lost 102.

SYRIA'S ERROR

Last Friday's operation in the Golan Heights was of very serious proportions, involving many hundreds of men, dozens of tanks and considerable numbers of planes. In the course of a few hours the Syrians lost four planes, 30 tanks and about 250 men killed, wounded or captured. They were left to calculate whether they can afford militarily or politically, to be involved in fighting on this scale, which demonstrates so plainly to their own army and the Arab world that the Syrian fighting forces have improved very little in quality since the Six Day War, despite new equipment and Soviet training.

THREE LEBANESE HOUSES DESTROYED

TEL AVIV. — Three buildings in Kala village, across the Lebanese border, were blown up by an Israeli Army force on Wednesday night, the Army spokesman announced last week. It was from these building that an Israeli parol was shot at early on Monday morning. There were no Israeli casualties in the operation.

In the past six weeks there have been 70 attacks on Israeli civilian settlements in which one person was killed and another 22 injured, the Army spokesman pointed out. In all 15 Israeli settlements were pounded by mortars, katyushas and bazookas in the past 45 days. Kiryat Shmona was shelled eight times by rockets which killed one man and wounded five others.

Other settlements shelled were: Zar'it, Hanita, Yiftah, Manara, Metulla, Nahal, Snir, Ha-

goshrim, Dan, Misgav Am, Admitz, Margalio, Nahariya and Kfar Yovel.

Note. — Because Israel retaliated in self-defence, even U.S. as well as England condemned her for the act.

DAN BRINGS 160 NEW IMMIGRANTS

HAIFA. — Some 160 new immigrants, including a group from Britain and nine young Frenchmen who have come to settle in the Arnon village in the B'sor region, arrived in the M.S. Danu last week in the afternoon. The ship also brought over 300 tourists and returning residents.

As she was tying up, one of her crew, a Spanish sailor, jumped overboard into the water, in an apparent suicide attempt. The chief officer, Avraham Moscovitz, jumped in after him and pulled him out.

He was then sent to a mental hospital by the police.

GAZA. — Inhabitants of the Gaza Strip killed in terrorist incidents during the first half of this year totalled 15 men, 13 women and 4 children. In addition, 250 local men, 27 women and 65 children were injured.

The figures of Israel casualties in the Strip show three soldiers killed and 18 injured. In addition, 14 Israel civilians were injured.

The plan is a joint venture of the Ministries of Education and Absorption. Classes are offered at all levels, from beginners to those preparing for the matriculation examination.

PLANES MAINTAIN RAIDS AT CANAL

LIFE IN ISRAEL

cream is much in demand now and soft drinks, but some prefer a falafel or a sack of peanuts or just seeds of sun-flowers.

One can even find places that serve fresh carrot juice. Our taste runs to melons and grapes and peaches, and lots of green things, which the Creator provides.

Shalom till we meet again.

and universities.

There were fifty chosen, but only 48 did the work, requiring three years. The translation was done in the Jerusalem chamber of the large "West Minster Abby" church in London in the sixteenth century. These men all did the work with a penalty hanging over them, of losing their head, if it were proven they made one word of translation, according to their belief, and not according to the law of language in translating the Greek text into English. How can we look for a more correct translation? Also how can one man of our time put his translation above all of these men, and claim they are wrong, and he is right? Such is indeed very absurd and the highth of folly.

The scripture tell us, "If the blind are leaders of the blind, they will BOTH fall into the ditch." — Matt. 15: 14.

When we find a clergyman claiming the Resurrection of Christ was on Sunday with a D.D. after his name, we quite naturally place him in the class of blind leaders, Isaiah calls Dumb Dogs, and false shepherds. — Isaiah 56: 10 to 12.

Notice that they say the morrow (after the Sabbath), is more abundant, etc.

The word "dawn" is taken from the Greek word "Epifisko" meaning "to draw on towards," and it is used this way in several texts of the Bible.
