Greetings . . .

THE NEW Festival Brochure that you are now holding in your hands is the result of many long hours of behind-the-scene preparation. It is a tremendous undertaking to plan and coordinate all the activities and functions of these great Festivals. All of us on the Feast planning staff here at Headquarters receive a great deal of pleasure and satisfaction in working with the many thousands of you, our brethren, in making the Feast of Tabernacles, year by year, more meaningful, more organized and enjoyable. Even though we are growing into many multiple thousands, we never lose the feeling of being one great, huge family, all working and striving together to obey God, to honor Him and to rejoice before Him in these annual Feasts.

God's annual Holy Days portray the most vital events in history — the unfolding of God's great plan for all mankind. As we live them each year we once again comprehend more fully the wonderful World Tomorrow which will soon come to bring joy, happiness and understanding to this topsy-turvy world. It is certainly a joy to work toward that wonderful goal by having our part each year. This *first edition* of the new Feast Brochure contains all of the necessary information for you to plan for the Feast of Tabernacles this fall. Read it carefully, follow the instructions and you will find the brochure a convenient asset in planning for the **GREATEST FEAST EVER!!**

Carefully preserve your copy. Bring it with you to the Feast. It contains schedules, maps, budgets and many other helpful instructions. This year, for the *first time* we have included a special section to take sermon notes for the entire Feast. This addition, along with the articles, pictures and notes about each Feast site makes your Festival Brochure a very valuable part of your library.

We have printed just enough copies for all adults, including all the children old enough to take sermon notes. The supply is limited! Extra copies at the Feast will be for those who have not yet received their copy.

Thank you, brethren, for your understanding and cooperation in helping make this coming Feast one of the most enjoyable and effective Feast of Tabernacles we have ever experienced! Let's all diligently plan and pray for this coming Festival — that God will richly bless the sermons, the Christian fellowship, our recreation — and everything we do!

The Festival Staff
