THE ALARM

We are living, we are dwelling
In a grand and awful time
In an age on ages telling
To be living is sublime.
Hark! the waking up of nations,
Gog and Magog to the fray.
Hark! what soundeth? is creation
Groaning for her latter day.

THE YELLOW PERIL

A Prophecy untouched by Nominal Churches

By I. C. Sultz

Written For Broadcasting

At this time we wish to call to the attention of those who may be listening in, a subject of prophecy which is of vital importance to every true American citizen. The prophecy of which we speak is found in Jeremiah, chapters one to thirteen, and Ezekiel chapters thirty-eight and thirty-nine.

The late Elder G. G. Rupert, evangelist, in writing a book on this prophecy a few years ago, was at a loss to find an appropriate title. He picked up a copy of the Kansas City Star one day, and noticed a cartoon designed and made by the Emperor of Germany and sent to the Czar of Russia to show his idea of the coming conflict between the colored and the white races. The cartoon contained a band of christian warriors with sword and helmet, watching carefully a dark war cloud on which rode a great red dragon representing the colored races

of the east. His idea was, that the colored races of the world, led by Japan and China, would in the near future, wage war against the whites.

This question is being enthusiastically discussed by such men as David Lloyd George, Herbert, O. Swartout, Editor Chinese Signs of the Times, and others of distinguished character. Since the passage of the Japanese Exclusion act, questions concerning the rights of the colored races have been discussed in nearly all of the large countries of the Far East.

Russia, being a sort of outcast of the white nations, is continually stirring up trouble and causing unrest among the colored races of the east. Japan is dissatisfied. She and China are gradually but surely drawing closer together for mutual benefits. On this point Premier Lloyd George has this to say, "In Asia, the brown and yellow races are seeking to throw off the dominion or domination of the palefaced foreigner. China is in the throes of the most intense, wide-spread and best anti-foreign movement it has ever witnessed. Japan has for twenty years, become a redoubtable naval and military empire and is now the most dangerous trade rival of Europe and America in the east. In India there is undoubted unrest. In Africa, a formidable war is even now in progress between the invading European and the native—the latter with European equipment and trained in the European military school—and so far the European has the worst of it. The Egyptian has for years given trouble. In the United States, the color question has always been a vexed one . . . In the Phillipines, another colored race is querying American authority". Extract from the Daily Oklahoman.

For many years Japan lay practically dormant. This, to us and other great nations was not satisfactory. So in 1853 we sent Commodore Perry to Japan who virtually forced her to make a commercial treaty. As a token of friendship we presented her with a train of cars and a railroad. Since then she has made such rapid progress in all lines, that today she is desperately racing her Military power with that of the other great nations of the world. Her aerial forces have reached gigantic proportions; and from what we can learn, are far superior to that of any of the other great nations.

Many who are acquainted with national affairs, are a little nervous over the existing relations between Japan and some of the other nations. As coming events cast their shadows before, it is not difficult to see that such troubles of which Lloyd George speaks, are very evident. To those who believe in the prophecies of the Bible, this question naturally suggests itself, Do the prophecies overlook such an event as now seems so imminent? They certainly do not.

What does Jeremiah say concerning this movement? "And the word of the Lord came unto me the second time, saying, what seest thou? And I said, I see a seething pot; and the faces thereof is toward the north. Then said the Lord out of the north an evil shall break forth upon all the inhabitants of the land. For, lo, I will call all the families of the kingdoms of the north, saith the Lord; and they shall come, and they shall set everyone his throne at the entering of the gates of Jerusalem, and against all the walls thereof round about, and against all the cities of Juda. And I will utter my judgments against them touching all their wickedness, who have forsaken me, and have burned incense unto other gods and worshipped the works of their own hands". Jer. 1:12-16.

This scripture states that in the north is a seething pot, from whence evil will break forth upon all the inhabitants of the land. And let us not overlook the fact that it is against Jerusalem, which, in latter day prophecy, is God's professed people.

Ezekiel speaks of the same evil from the north, but gives it more in detail. We read-, "Therefore, thou son of man, thus saith the Lord God, behold I am against thee O Gog, the chief prince of Meshech and Tubal: And I will turn thee back and leave but the sixth part of thee, and will cause thee to come up from the north parts, and will bring thee upon the mountains of Israel". Eze. 39:1, 2.

Note that here is a power called Gog, that is to come upon the mountains of Israel. Remember that mountain in prophecy are nations. Therefore mountains of Israel would be nations of Israel, or the christian nations, which would include the christian churches.

Again we read-, "And the word of the Lord came unto me saying, Son of man, set thy face against Gog, the land of MaGog, the chief prince of Meshech and Tubal, and prophecy against him, and say, thus saith the Lord God, behold, I am against the, O Gog, the chief prince of Meshech and Tubal: And I will turn thee back and put hooks into thy jaws, and I will bring thee forth, and all thine army, horses and horsemen, all of them clothed with all sorts of armor, even a great company, with buckles and shields, all of them handling swords. *Persia, Ethiopia, and Libia, with them;* all of them with shield and helmet: *Gomer and all his bands; the house of Togarma of the north quarters, and all his bands; and many people with thee.* Be thou prepared, and prepare for thyself, thou, and all thy company that are assembled unto thee, and *be thou a guard unto them.*" Eze. 38:1-7.

Gog, in this prophecy is mentioned as ruler of the land of Magog. Magog was a grand son of Noah, who settled north of the Black Sea, the land is now called Russia. Meshech and Tubal were also grandsons of Noah. Meshech located south and west of the Black sea and Tubal located south and east of the Black sea. The revised version states that Gog is the chief prince of Rosh, Meshech, and Tubal. As Rosh is the oldest historical name to designate the tribal peoples of Russia, it remains a fact that the modern Russia, which occupies the land of Magog, will be the Gog that will lead the heathen to battle against professed christendom. According to verse four, there is to be a great army, armed with all sorts of armor. Verses five and six, state, that Persia, Ethiopia, and Libia, which are in Africa, Gomer, another grandson, which is Turkey, and all his bands, Togarma, which is now Armenia, *and all his bands.* Then it says, "AND MANY PEOPLE WITH THEE". This expression, with Jeremiah's statement, "For, lo, I will call all the families of the kingdoms of the north" . . . we understand will include all the countries located in the Dragon or Pagan territory. This would include besides those mentioned, India, China, and Japan, with all Islam which is entering upon a decisive program of opposition to the christian churches of the world.

Truly, Russia is today the seething pot of Jeremiah's vision. In other words, is the caldron in which is fomented the doctrines of unrest and dissatisfaction, which are disseminated from there to all the nations of the far east.

Bolshevism has been simmering in the pot for several years. And the essence of this product lately drawn off, is the religion of Lenine. This religion promises everything beautiful and picturesque. Its power is vested in the proletariat, and its main object is not to convert people from error to truth, but

to do away with capitalism, the higher classes, and the christian religion. All must join or die. When all is accomplished, the earth is their paradise. It is the religion of Communism, and Lenine is the prophet. Instigated by a people who have nothing to lose but everything to gain.

To many who understand very little concerning the teachings of the word of God, the Lenine religion is the most glittering, the most facinating, and the most promising of all religions, even though there is no infinite power back of it to fulfill its promises.

Religious fanaticism has always been a most dangerous thing, and whether men believe it or not, this is exactly what we are up against. The world has seen no greater fanatics than will evolve from the Bolshevich religion.

The christian churches have been wonderfully blessed with the true word of God, but they have not lived up to their privileges. Instead of manifesting to the world, the graces and blessings of the christian religion, they have shown hypocrisy and deceit in much of their dealings, which has given the Orientals a misconception of the true worship.

Before the world war, Russia made a desperate attempt to restore peace to the world. She failed, and was torn asunder during the great war. The leaders of Bolshevism set about to plan a way of escape from the inevitable perils. This, my friends seems to have given rise to the religion of Lenine.

From a careful study of the scriptures concerning the Yellow Peril conflict, we find that there are two main causes: viz. religious enmity, and commercial gain. The Lord says by Ezekiel in the thirtieth chapter, that the punishment comes upon his people because they have forsaken his law. Jer. 9:13. Other scripture say the same thing.

Gog (Russia) described by Ezek. as captain or leader of a vast army as noted before, comprising two thirds the population of the world, and at the present time occupying over three fifths of its area. is said in verses eight and sixteen of chapter thirty-eight, to come in the *latter years* into the land that is brought back from the sword, and is gathered out of many people. Verse eleven states that it is a land of unwallled villages, and the people dwell at rest. Verse twelve says, *he comes to take a spoil, and to turn his hand upon the people that are gathered out of the nations, which have gotten cattle and goods, and dwell in the midst of the land.*

Any candid mind who will give the matter serious consideration, can plainly see that the United States is the only nation that answers the description.

There is so much said in the scriptures concerning this great struggle, and about which, people know so little, that it is almost impossible to give anything like a satisfactory explanation of the subject in so

short a time, and, realizing the difficulty in getting anything definitely correct over the radio, we have only given a short sketch of some of the prophecies describing the conditions that now confront us.

However, we will add this much and close. viz. There is only one way of escape from the calamities now coming upon the world: That is given by Jeremiah and reads thus-, "Go and proclaim these words toward the north, and say, *return thou backsliding Israel*, saith the Lord, and I will not cause mine anger to fall upon you: for I am merciful, saith the Lord, and I will not keep anger for ever. Only *acknowledge thine iniquity, that thou hast transgressed against the Lord thy God, and hast scattered thy ways to the strangers under every green tree, and ye have not obeyed my voice*, saith the Lord. *Turn, O backsliding children*, saith the Lord; for I am married unto you; for I will take you one of a city, and two of a family, and I will bring you to Zion. Jer. 3:12-14. This of course, means a return to the keeping of the Law of God as He gave it, and not as man has tried to change it. God's remedy is final, no substitute will do. Those who do this, will be saved, and will be called the Remnant of God. Jer. 23:4, Eze. 20:33-36.

For further information to those who may be interested in this subject, I would sight the listener to the Yellow Peril, written by the late Elder G. G. Rupert, Evangelist of Britton, Oklahoma. This book gives a clear and concise exposition of the Yellow Peril subject, as well as many other subjects of as vital interest, such as The Leviathan of Isa. 27. Gaza and the Philistines, The Amorite Babe, Tyrus, Modern Egypt, The Remnant, verse Commentary on Hosea and Zechariah, Japan and the Far East against America, and many others of like interest.

The work is a result of about forty-five years of Biblical research. After thirty years acquaintance with the writer, and a careful examination of all his writings, and others of like character, I can truthfully say that the "Yellow Peril" is the greatest book on Bible subjects now in print.

The Elder now deceased, was not associated with any organized church, therefore he was in condition to treat the scriptures from an unbiased standpoint, not contaminating it with any secretarian views.

I would advise one and all to secure a copy of this wonderful book, and learn of the outcome of the international conditions that now confront us, and how to meet it. The book may be secured from the Union Publishing Co., Box 215, Oklahoma City, Oklahoma.

I have no personal interest in the book, only that people may know the truth it contains for this time. May the Lord add his blessings.

Mrs. Lucile Rupert Smith,

Okla. City, Okla.

Dear Editress Remnant of Israel;

I commenced promising you some Ms. three years ago, and then afterwards about two years ago, I wrote you on my birthday Mch. 1st I would have some manuscript ready for you. Shame on me! Promises are sometimes more easily broken than kept. It has been about three years since two doctors scrappered me for tuberculosis and arthritis of both hands, beyond very little writing, Am now beyond mental efforts needed for this Ms. and tied hand and foot for lack of some one to write for me, as we are living in a foreign community, and my wife's eyes are about played out.

Topic: "Social Purity the Basic Principle of a New Genesis for Restored Adam", as seen in part through the cloudless sky of the Scriptures. Under this seemingly divine announcement to me of "A New name—A messenger with a message" coming to my ears on May 2nd, this year.

If this strikes Okla. before the May issue is printed, possibly room can be found for its insertion. I seem to feel that there is a premium on Social purity now, which never could be announced before, hence of vital importance to all of us who have not, as yet, traveled this new age.

THE YELLOW PERIL

It is the privilege of every student of prophecy, to see, and know what movements in the world are pointed out in the Inspired Word. This, "word" teaches that Russia, the "Land of Magog" is to be leader of the greatest army, against the west, that was ever raised in the world's history.

"And thou shalt think an evil thought:

11 And thou shalt say, I will go up to the land of unwallled villages; I will go to them that are at rest, that dwell safely, all of them dwelling without wall, and having neither bars nor gates.

12 To take a spoil, and to take a prey;" Ezek. 38:10-12 (Read all of Ezek. 38 and 39.)

Notice it says "to take a prey." Covetousness and selfishness are the sins of the last days.

1 Tim. 6:10

It is this sin or evil which is soon to over throw the world.

Russia for long centuries has been ruled by Autocracy and Czardom, Ignorance has prevailed. At last the masses have taken the rule into their own hands, and Russia is like a floundering fish with hooks in her jaws. Ezek. 38:4; But, says the prophet. "I will bring thee forth thou and all the company that are assembled unto thee." Russia will be a captain of them all with an army that shall come like a storm and like a cloud to cover the land. Ezk. 38:9.

Following are contents of three chapters in "Yellow Peril", also a couple testimonials.

Mr. Elmer Vanslike, a leading Architect, of Ft. Worth, Tex., speaks to his sister in a private letter thus: "I have been reading 'The Yellow Peril' and I think it simply wonderful. I don't see how he ever came to all that knowledge unless the Lord has been helping him. I can't help but feel that we are nearing the great event. He has surely been farsighted in the matter. It is well worth anyone's time to give the book a careful reading. It grows better the further you read it.

Hon. John Tyler employed in the U. S. Consul service in Persia for twenty-three years, writes from that far-off land: "Your two interesting books, 'The Yellow Peril' and 'The End of the World,' both of which I have read with absorbing and intensifying interest and profit and eager satisfaction. In the case of 'The Yellow Peril', I have read twelve pages each working day and twenty-four on Sunday. This with my other duties and Persian literature takes up my time. Let me here say lest I forget that I am amazed at your great knowledge of the Scriptures. I beg to state in bringing out those portions of the work concerned in the fulfillment of prophecy you have opened up a great source of ecclesiastical and prophetic study, never so far as my reading goes having been brought to the notice of the world before. It seems from the reading of the Word and your conclusions, which are certainly adequate to support your proposition, that some of those catastrophes which will in the last days come upon the earth, will take place in the United States, it cannot be conceded that mighty changes have taken place in China since your book has been written, which go far to corroborate and substantiate your thesis.

CLIPPINGS CONCERNING THE YELLOW PERIL

I have had a number of newspaper items sent me, bearing on the "Yellow Peril," but they are so lengthy, I can't quote but small portions.

One paper is the "Detroit Times" for Sunday, Apr. 11, 1926. One article is headed "Queen Victoria's Letters—Ruler Seen Rising above war clouds of Europe as Ministering Angel of Peace—Threat of War twixt Prussia and Denmark Causes Anxiety Due to Blood Ties".

Another from Gen. Wm. Mitchell, in same paper, is entitled Colonial Possessions of the U. S. are Lure to Nations of Far East," from which I quote in part:

"Ignorant men do not direct the New York Police Department. But suppose they did, and suppose—a party were being given on Park avenue for the richest heiress in America, and all Mayfair were

there, the women blazing with diamonds and pearls, soft-handed men as their escorts.

Suppose the police department convinced the host and hostess that their wasn't a crook on earth, and suppose the chief of police advised:

"Go ahead and hold your party. There's no need for police protection. All the thugs have reformed. Why, we have even taken away the motorcycles and automobiles from our riot squads and detectives, and have disarmed our men as well. We use moral suasion here.

What would happen?

The world would pass in the thieves' alley, and that night while a fox-trot was being played, a gang of stick-up men would burst in, line the guests up at the pistol's point, seize all the jewels the women were wearing, pack up the plate, and rush out the front door unmolested.

They'd leap into an automobile and dash away while policemen on foot would try to catch them a few hours later.

This could happen if ignorant men directed the metropolitan police; but they don't.

But what about the colonial possessions of the United States—Hawaii, the Philippines and Alaska, the richest in the world—which we have left absolutely unguarded?

The taxpayers don't know they are unprotected. But certain Asiatic powers DO know it and have made secret plans aimed at seizing them quickly after a sudden declaration of war against us. We are dancing a national fox-trot of criminal ignorance, believing that moral suasion will protect our far-flung possessions.

They will be seized by fleets of enemy airplanes. The plans are already made.

While touring the far West several years ago I discovered that these plans were being evolved. I reported this fact to the general staff of the United States Army, urging that adequate aerial protection be given America's colonial possessions. The general staff ignored my recommendations.

Consider what the value of these possessions will be to us—or any other nation—tomorrow.

The Philippines will be the heart of the rubber-producing section of the world within 10 years. Already American financiers are buying up tracts of land there for the development of rubber trees. Those islands will be priceless in a decade. When rubber begins growing there we won't have to pay the exorbitant price for motor tires which the foreign rubber monopoly now forces us to pay—providing that Japan or Russia, or both together, haven't taken the Philippines from us by that time.

Hawaii, likewise, has natural advantages which

will soon make it the genuine Pearl of the Pacific. Alaska possesses untold wealth in minerals and oil; it is the richest land in natural advantages today. Yet these three possessions are utterly unprotected, and envious eyes already are looking covetously at them.

Of course we don't want war, but other nations are willing to slap us in the face and take our valuables away from us, when they know we can't strike back. Just as the robber plans in advance which house he will enter and sack, so certain great Eastern Asiatic powers have made plans to seize our possessions. Such plans were made by the air staff of Japan and of Russia while evolving and solving grand aerial problems.

And don't forget this: Japan today has more than 2,000 military airplanes in fighting trim, planes which can take the air today. She has pursuit planes with a cruising speed of more than 180 miles an hour, attack planes which can easily make 150 miles an hour and bombers good for 135 miles an hour while carrying that terror of the air, the aerial torpedo, containing 1,500 pounds of TNT. Her bombers have a fuel capacity for 900 miles; her pursuit planes can go 1,000 miles without refueling.

Just another thing not to forget: Japan is building commercial planes which over night can be changed into military planes, and she has six factories busy turning out a stated number each month.

Russia, an enigma to the Western world today, has a magnificent aerial army. Don't forget that a man with Trotzky's genius would see to it that the Red army has the best defense possible.

We don't want war; peace is much more pleasant and profitable. But we don't want to be a subject nation, either. We will be if we are so foolish as not to take the same common protective measures that other nations take.

Wouldn't New York City be at the mercy of any group of high-binders if the police pistol and riot gun were abolished, the automobiles and motorcycles taken from the force, and all detectives and policemen required to pursue criminals on foot?

We are in the humiliating position today that we have to take any insult offered us by any great power in Asia. If we don't take that insult, that power will take our possessions.

Three years ago I submitted an aerial defense plan which would adequately protect our possessions. They were ignored. Now that I've told these facts, I wonder if Congress will give us as a nation much protection as a city gives its law-abiding citizens.

The latest cloud in the horizon is the national strike in Great Britain. The following is an editorial from the Daily Oklahoman of May 4, 1926.

ALL NATIONS INTERESTED

Just a few years ago, not many Americans would have betrayed any interest in a general strike in Britain. None of those who read the story would have cared for the result. But the late war destroyed much of the world sense of security and isolation. No great nation now can suffer without its pangs touching the sensory nerves of the world.

It was the threat of the civil war in Ulster that encouraged the imperialists to release their eagles in 1914. A general paralysis of England might induce mischievous spirits to repeat the experiment of the Holoenzollern. Let England be rendered impotent by internecine strife and what more propitious time could come for the seizure of Malta by Mussolini? What better day could dawn for the nationalists of Egypt and of India? What better would the bolshevists want as he goes forth to sow the seeds of revolution among the disaffected.

And who could doubt the effect on America if the world markets should be broken by economic upheaval or if war should once more sweep the nations into its bloody maw?

The English strike is more than an English question. It is already in its dawning days a grave international question. Wherever English goods are needed for the comfort and wellbeing of men, wherever English money call for the products of the hemispheres, this strike of Britons will be felt. All civilization today has an important stake in the industrial war that vexes England.

ARMY OF JAPAN NOW 2,500,000, VISITOR ASSERTS Navy Up to Full Strength With Many New Warships.

NEW YORK, July 12, 1917—(Special)—“P. W. Kelley, who returned to New York today from a business trip to Japan, China and the Philippines, said that Japan had an army of 2,500,000 men under arms, the imperial railways had built hundreds of cars for troops and artillery and the arsenals and depots were filled with military stores.

“The foreigners who visit Japan,” Mr. Kelley explained, “do not see anything of the military preparations because the soldiers are all kept away from the beaten track of the tourist. From Kioto a Japanese merchant took me on a week-end excursion about sixty-five miles in the interior.”

“Crossing the summit of a steep hill, I saw that the whole side was covered with soldiers in trenches that had been dug to give them a training in modern warfare. Some of the regiments were charging with the bayonet, others throwing hand grenades and on the plain at the foot of the hill a sham battle with artillery was in progress. We learned later that 75,000 men were encamped there.”

“Some naval officers I met in Tokio told me that the Japanese navy was up to full strength, with several new battleships and cruisers.”

Haunted by Fear and Jealousy

The heart of Europe is pulsating with the spirit of fear, distress, and perplexity. National jealousies and rivalries are being revived with a vengeance that presages another world war which will far surpass the last one. The petty nations which were established as buffer states on the Russian border are living in continuous dread and fear that any day the Soviet armies will sweep down upon them to subjugate them. Consequently these buffer nations are maintaining standing armies to the maximum limit of their available man power. Poland, in whose capital I am writing this article, within a few feet of the old fort and trenchlines from which the German army drove the Russian army in 1915, has to-day a standing army of over 800,000 men who are ready for the next conflict. They are afraid of the Russian on the east and the Germans on the west. The streets of Warsaw are filled with tens of thousands of brass-helmeted soldiers. Several times every day they parade its streets to the rhythm of martial music. At times the whole traffic and business of the city is paralyzed because of the multitude of soldiers who are marching its streets. Every young man as soon as he reaches military age is pressed into service. One thing is absolutely certain, if the Russian armies do not destroy Poland in the near future, Poland will ruin herself financially and destroy her own future by the weight of the burden of her own armies. Times are hard in Poland, business is paralyzed, and the people are miserably poor; yet they are taxed to the limit of endurance. Under these conditions it is impossible for a nation to grow and prosper.

WHITE RACE OUTNUMBERED

Numerically, the position is against the White. The number of colored human beings on the earth is 1,150,000,000, while there are but 550,000,000 white people. Two-fifths of the world's area is peopled by white races, three-fifths by colored.

RUSSIA TAKING A HAND

Bolshevik Russia is no doubt doing its best to foment trouble and stir up the colored races in their desire to free themselves from the white man's thralldom. Russia is now an outcast and the nations with which she once associated with gather their robes about them disdainfully as she passes. All outcasts revel in making trouble for others.

—David Lloyd George

The following clipping from the Denver Times of recent date is very significant: “Berlin Feb. 14—The Lokal Anzeiger today publishes from what it declares as a very reliable source, the alleged details of secret clauses included in the Russo-Japanese treaty signed at Peking last month.

According to this newspaper's information, one of these clauses provides, that should either England, America or France take military measures against the Peking government or against Chinese territory which it not neutralized, Russia will place at China's disposal 200,000 men who will be armed by Japan.

We clip the following from the San Francisco Examiner of Dec. 30, 1923, by Karl H. Von Weigand. “Berlin, Dec. 29.—A vast colonial uprising against the ‘white yoke’, extending from Morocco to China, is looming up on the horizon of history.”

“Dr Kemmerich told me that the colored races of the greater part of the world would rise within the next three years against the white man and try to shake off his dominion and make themselves free and independent. The struggle will be along and one of the bloodiest in the history, he says. Its center will be India.

100 MILE DRIVE TORPEDO GUIDED BY WIRELESS IS UNDER BRITISH CONTROL

By Robert J. Prew

Universal Staff Correspondent

LONDON, April 10, 1926.—A torpedo which, guided by wireless, can strike a city a hundred miles away, is the latest lethal weapon acquired by the British government. The Missile, with small wings like a miniature airplane, can be guided from the ground and used to destroy raiding airplanes.

The inventor, Capt. Allen J. Roberts, a New Zealander, is continuing his experiments with the aid of the war office.

“Illustrated Daily News” of Los Angeles, dated Sept. 2, 1924.

Recent Developments in Far East Will Change World History

Japan is negotiating with the Russian Soviets for the renewed conquest of China, if we are to believe Sansfil, a French newspaper that specializes in the Far East and oil questions.

Briefly, in a most sensational article the other day, this newspaper said that Japan is seeking an economic treaty with the Soviet which will give her a GRASP of the Russian petroleum fields and in this way SMASH the eastern oil markets of Great Britain. The article is interesting and worthy of study.

If the agreement between Japan and Ru

realized, it is stated, in case of CONFLICT with the United States, the Strait of Tsoushima could not be crossed by our fleet with the mikado's troops holding positions in China. In other words, Japan, aided by Russia, would become invulnerable in China. Further, Russia and Japan linked would give Japan a grasp over China, with her immense reservoir of raw materials and a tremendous amalgamation of military and economic power. This virtually would constitute a YELLOW PERIL.

It is said by some that Russia will never be in shape to take the position as leader of the heathen, in such a struggle as is pictured by the prophet Ezekiel. Permit me to state that it matters not what people may think or say, the scripture will never fail. It specifically points out Russia as the nation that will be used by the Lord to punish his professed people for their transgressions of his law. Eze. 38:1-16; 39:23; Jer. 6: 19-23.

Russia is rapidly coming to the front as a great world power. She is sowing broadcast bolshevist doctrine in nearly all the great nations of the world, with the idea that when needed, the disciples gathered from such teaching will immediately come to her aid. But little does she know of her future work and destiny which Ezekiel so definitely outlines and foretells.

The following clipping is taken from the Craig, Colorado Courier.—"\$33,000,000 in gold is safely hidden in an eastern city for the use of Soviet Russia, when the agents of that government feel that the time is ripe to hang out the red flag in America.

The Japan menace is real and at our doors, with Mexico plotting and China allying. The U. S. Government does not dare remove a single Man-of-war from the Pacific coast, not even for needed repairs, so dark is the cloud which is moving toward California from Japan."

I. C. SULTZ

LONDON, April 6, 1926.—Owing to the rapid progress in the design of naval aircraft any war between the United States and Japan probably would end in a draw.

This is the belief of E. F. Spanner, a British battleship designer, whose imaginative book, "The Broken Trident" describing the destruction of England by German air fleets in 1931 has aroused intense discussion in British military and political circles.

In an exclusive interview with the United Press Spanner said today that the joint development of highspeed torpedo planes and aerial torpedoes shortly would make battle fleets obsolete and the transport of troops over any considerable distance of water impossible.

THE INSPIRED BIBLICAL ECCLESIASTICAL AND SECULAR HISTORY OF THE WORLD

By G. G. Rupert

The result of forty-four years a student of the Bible, and twenty-five years especially devoted to the development of the following volumes:

This library of information is included in four volumes.

Volume One. "From Creation to the Captivity."

Volume Two. "The Future of Nations." "The gathering of nations to Armageddon."

Volume Three. "The Gathering of Israel." It brings to view the remnant of Israel in the last days; who they are, where found, their experience in the wilderness after leaving Egypt, etc. This volume is complete on that question and Israel's future.

Volume Four. "The Yellow Peril." This question is well known now, but not so in 1898, when the writer first taught the subject. Then he was scoffed at. Now kings and rulers are considering with gravity the situation. No book from a Bible standpoint deals with nations as pointed out by the inspired writers as this book deals with them. It is now in the hands of many of the rulers of the world. It deals especially with Russia and the kings of the East. It should be in every home.

In these volumes are the questions for the Gamaliel Bible Correspondence School.
