Monday evening
Dearest Babby.

I miss you awfully lot
and will be glad when the
week is up.

I stopped at your folks
this evening and Phyllis
is there. She sure wanted
to go home with me &
said I had better go home
and Phyllis made a
bee line for the truck
your dad took her around
to see the rabbits and I
left then.

I rented a house in
Elmira, has two bedrooms,
small living room &
kitchen. Has water piped
in and sink, also wood
shed & garage. Its the second
house from the church.

Arnon seems to be feeling
fine.

I will probably come in
sat to get my truck tires.
May try to get them on the
truck and go to Margie &
everyone to haul wood.

This is all for now sweet
