Where Is God's True Church Today?

Like a vast religious supermarket, modern society offers a super abundance of prepackaged and widely diversified Christianity. Looking over the conflicting panorama of Christian denominationalism, one sees a remarkable spectacle indeed. Does Jesus Christ have many different church denominations — each teaching a different "gospel" and practising different doctrines - doing His Work? Is Christ divided? How, when and when did this religious babylon of hundreds of denominations get started? And how does one recognize the true Church.

Bring Back the Family

Even the happiest family has occasional problems. But many Australian families today are being torn apart because they don't know how to solve the problems of family life. We have combined five of the most popular and helpful Plain Truth articles on family living into an attractive 16 page booklet. We have called the booklet "BRING BACK THE FAMILY." We would like to make it available to help people who are sincerely interested in making their own families happy and successful by helping their own children gain a stable, confident, positive outlook on life and prepare them to cope with situations and problems that will come. In all sincerity we believe that this is one of the most helpful booklets that we have ever offered our Plain Truth subscribers. We would like you to have a copy.

The Black Horse - Famine

In the book of Revelation we find a disturbing vision of four fearsome horsemen (Rev. 6:1-8). Each of these horsemen is a symbol of the four major punishments to be inflicted upon a rebellious mankind - probably in the not-too-distant future! Each represents the final, end-time culmination of the major crises with which the world has been confronted for centuries - false religion, war, famine and disease epidemics. This series of booklets will make the prophecies of Revelation 6 come to life. You will learn the significance of each symbolic horse and rider. This message is one of the most frightening in all of the Bible. You need to be informed and prepared for what's ahead in Bible prophecy!

Are We Living in the Last Days?

Contemporary humanity faces a grim global outlook. The depletion of our natural resources and the continuous threat of man's complete annihilation through nuclear warfare are perils which face us today as never before in human history. Could times have ever been worse? While scientists and philosophers warn of impending world catastrophe, the Bible also confirms the fact that we truly are living in the "last days." The article reprint "Are We Living in the Last Days?" explains in detail the Bible prophecies concerning the world today and in the years ahead - prophecies which are relevant more than ever before to man's ultimate survival!

The Modern Romans

Rome fell - a fact of history! But why? The reasons have never been fully understood. The lessons have not been learned. Many of the same basic mistakes that weakened the once mighty Roman Empire before its toppling by barbarian hordes are now being repeated in the so-called civilised world. You need to understand! This booklet contains a shocking message - a warning for our day. And unless our peoples and nations wake up and immediately alter their course, they will - in modern fashion, and much more rapidly - suffer a similar crashing downfall!
