

The Pocono Record, The Stroudsburg, Pa. — Mon., Sept. 25, 1972 7-A

Auditorium replaces that first tent

MOUNT POCONO — In 1967 the Worldwide Church of God held its first festival in the Poconos.

The "Feast of the Tabernacles" was held in a huge tent erected on the site. Immediately following the first convention, construction was begun on the \$200,000 auditorium which was completed in time for the 1968 festival.

The auditorium, measuring 200 feet by 210 feet, has a seating capacity of 16,000.

Since the construction of the auditorium, efforts have been made to improve other areas used by the congregation.

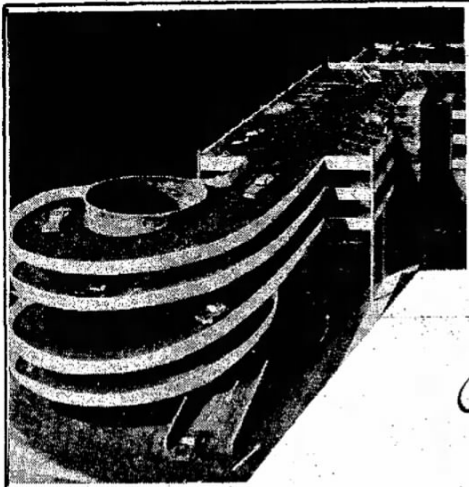

Another massive parking lot located on Rt. 611 across from the Mount Pocono Airport has been constructed in addition to the two located on Rt. 196 north. They all have been black topped and lighted.

Several parking attendant control booths have been added as well as additional restroom facilities. All parking areas have been landscaped. Camping areas have been made available within walking distance of the site.
