WORLDWIDE CHURCH OF GOD

Herbert W. Armstrong, at left, started it all in 1933. It began with a dream—the dream of spreading the gospel to those around him. In the years since its first small beginning, the Worldwide Church of God has grown enormously under his direction and that of his son, Garner Ted Armstrong, at right. The Feast of the Tabernacles, the high point of the year for the 14,500 church members who are now in the Poconos, begins today and concludes Monday, Oct. 11.
