Church festival biblical

MOUNT POCONO — The Mount Pocono World Wide Church of God festival grounds will be the site of the fifth annual Feast of Tabernacle which began Sunday night and will continue until October 11.

More than 14,500 church members will crowd into many Pocono resorts to celebrate a festival mentioned in the Old Testament thousands of years ago.

According to the scripture, it was a festival required of the early Israelites to keep when they came into the promised land.

It represents a time when God will rule the earth and all will live according to His ways as outlined in the Bible.

But for the World Wide Church of God members the time is also a period of rejoicing!

The time of humility is also one filled with joy and happiness for its members because it is a period when those who are believers are expected to rejoice in good food, drink, recreation, exercise and laughter.

The followers of the World Wide Church of God are expected to come to the festival grounds with a humble and thankful spirit of being able to enjoy themselves thoroughly before God, the Father of love and mercy, happiness and joy.

The sermons that the devoted followers hear during the "Feast of the Tabernacle" are to be recorded for references and study at future dates.
