Bids Welcome
To The

WORLDWIDE CHURCH OF GOD

It has been six years since the Worldwide Church of God has been assembling in the Pocono Mountains for its Feast of the Tabernacles. During that time, under the spiritual guidance and leadership of Herbert W. Armstrong, the Pocono home of the Worldwide Church of God has grown from a tent to an expansive convention center with all the amenities and a large auditorium for the greater benefit of members. The church's annual festival began Friday and concludes Saturday.
