What is the Friends of the Sabbath? Friends of the Sabbath, Australia (FOSA) is a non-denominational organisation dedicated to cultivating an awareness and appreciation of one another among Sabbath-keeping communities and individuals by supportive communication, continuing education, and the acknowledgement of the talents and gifts God has granted. In light of the historical and prophetic difficulties faced by Sabbath-keepers at various times and places, it is hoped the Friends of the Sabbath be a faith-building effort for the individual Christian to have confidence in the Lord of the Sabbath -- the Author, Giver and Source of the Sabbath blessing.
