

MILLENNIUM TODAY

NEWS OF GOD'S KINGDOM

Jerusalem, Israel

Tishri 2, 6004

THE KING OF KINGS REIGNS!

Visitors from all over the earth gathered in the streets of Jerusalem to witness the great occasion of the Feast of Trumpets "State of the World" message from the Great Lord Jesus Christ.

Many arrayed in white stood with Him. Some were the saints of God now ruling with Christ. Others were made up of His angelic attendants. We looked upward. A broad "sea" of transparent glass-like stone with a rainbow around and about shined before us.

The crowd was excited and rejoicing at the awe of the magnificent sight. One million angels sang praises and ovations in song to the Great Divine King of all the universe as He sat upon His throne.

As a hush fell over the audience, the now-familiar mighty voice shook the ground. He spoke of the incredible and miraculous accomplishments of the past few years, but also stated there was much more ahead to be done. Christ expounded the need for the earth to be readied for the greatest and most sudden population explosion in the history of mankind, the resurrection and the Great Judgment of the future. Christ warned all must be set in place before all those that have ever lived and died can be resurrected and have an opportunity to know and live God's Way of life.

These millions, many who have never even known the name of Jesus Christ, will have the opportunity to be brought up in an utopian world after a thousand years under Christ's righteous rule.

The King of kings recapped the history of man from the time of Adam's sin, the flood of Noah (as Noah nodded soberly), the call of Abraham (to which Abraham said, "So be it!"), and the captivity of Israel and their freedom from bondage (to which Jacob and Moses said, "Amen!").

He described the Renaissance, the Industrial Revolution and the final series of

Old World symbol of peace, now reality!

wars that almost led to the extinction of mankind.

He then pointed out the fantastic accomplishments of the past four years and the fulfillment of prophecies in Zechariah, Isaiah, Jeremiah, Ezekiel, much of Micah and Amos and Habakkuk. Each prophet, as His name was mentioned, thundered a resounding "You are Faithful!" to the words of Christ.

What an awesome sight! The whole assembly bowed their heads and knees to Christ and said, "Great and wonderful and righteous are your judgments O God our King, our Great High Priest and our Savior!"

UNIVERSAL DISARMAMENT

Pyongyang, North Korea (MPU)
The best of good news comes with the reversal of an old hold-out.

The very last vestiges of destructive weaponry are disappearing from the earth!

A special ceremony was held in North Korea attended by many of the Ruling Family of God members. This marked a transformation of munitions and weapons factories into solar-powered automobile works and brings to completion the worldwide search for hidden arms, war implements and munitions. Millions participated in the search, which turned up tons of lethal weapons, gas canisters, knives, bayonets, rifles, guns of every type, including laser ray guns.

Children from surrounding schools attending the ceremony enjoyed the flashes of angels as they harmlessly destroyed the old ammunition by exploding the devices with blasts of lightning and fingers of fire.

"Never again," thundered a Spiritual Messenger, "will mankind be allowed to manufacture implements to take human life."

NOBODY BEEFS ABOUT INDIA'S CATTLE PRODUCTION

Bombay, India (MPU)

India has finally eradicated the Old World idea that cattle are sacred. No more are cows wandering through the streets of New Delhi while her populace starves. India's population now enjoys a good Jerusalem-cut steak at a Dale Shurter's Steakhouse just like anyone else.

The Indians are enjoying their newly-found truth so much, they gobbled up more steak per capita than any other nation on earth! Herds of cattle now dot the countryside. India's beef production is one of the highest in the world. Compared to other nations India now ranks third after Israel and Argentina. They now raise enough cattle to not only take care of their people, but many other nations on the earth.

NO DIVORCE Families at Peace

Jerusalem, Israel (NWN)

A "State of the Family" conference was recently held in Jerusalem. It was reported there have been no divorces since the world re-education program was implemented.

Marriages are no longer contracted in a cloud of ignorance and doubt, and no fraudulent marriage agreements have occurred.

The ruling Christ described the abundant lives being lived by multiple millions of orphans who, even though they are growing up in homes where foster parents care for them, are surrounded with the love and support they need in a real family atmosphere.

He pointed out the real benefits will multiply when these children grow up and have families of their own.

His Supreme Majesty pointed out, the absence of divorce and the respect for the holy marriage union has had other benefits: Juvenile delinquency has almost been eradicated; There has been an increased respect for the elderly; Larger families are being enjoyed by many; And an almost total absence of disease in children.

Animals live at peace in African Zoo Park

Revolutionary Zoo Opens

Dar Es Salaam, Africa (MPU)

The Department of African Wonders would like to invite you and your family to join them for the opening of the largest and most revolutionary zoo on earth.

You and your children are invited to see animals in their natural habitat.

On our recent visit to the zoo we first noticed there were no cages! We came

across a pride of lions and stopped with caution. Upon the lead lion, straddling his shoulder blades, sat a child with two tufts of the lion's mane in his little hands. His parents were smiling as they walked beside him.

In the distance we viewed giraffes, elephants and zebras, as well as sheep and goats all eating grass and tree leaves side by side, along with many children enthralled to be so close to and petting these wondrous creatures. I personally enjoyed being able to hang my hat on the horn of a rhinoceros.

The zoo keeper stated, "I believe this zoo will eventually capture the imagination of the entire world."

CHRIST MEETS WITH KINGS AND LORDS OF THE EARTH

Jerusalem, Israel (NWN)

The King of kings and Lord of lords continues His program for the dissemination of the truth.

He reiterates man's past failure to rule himself based on sound knowledge and continues the development of a program to insure the Bible will be the foundation of all

future advances in science and education.

Past experience has shown without clear directives humanity is inclined to develop concepts which are foolish. Based solely on human reason, each person thinks his ideas are right.

Christ, since returning, has endeavored to encourage man's creativity, but cautions man to avoid the mistakes of the Old World. As silly as it sounds to us now, during man's rule, some even taught there was no God and that mankind evolved from apes.

"Unlearning Courses" are available in all New World Universities. Many have found to unlearn error is far more difficult than it is to learn new truth.

One former world-famous scientist commented, "I now see that errors come from rationalizing from a false hypothesis, carelessly taken for granted without absolute proof and assumed to be true. And we who called ourselves 'scientists' and set ourselves forward as the world's custodians of knowledge, thinking we had a corner on the world's 'knowledge market,' now suffer the indignity of finding that we who professed ourselves to be so wise were only fools!"

WEATHER

Local	Worldwide
Sunny today	- Rain in the Sahara
High 80	- Sunny in Siberia
Low 65	- Cool Breezes in the Tropics
Rain showers in the evening	

Economic Summit Convenes - World Rehabilitation Moving Ahead

Jerusalem, Israel (NWN)
The world's top diplomats, Christ's representatives from His Family, assembled in Jerusalem to discuss further plans for speeding up world economic development, and the reforestation of desert areas.
With the entire world at peace, after 6,000 years of bloodshed and strife, urgent efforts must continue to be made to "build the old wastes;" "raise up the former desolations" and "repair the waste cities" (Isa. 61:4), encouraged Joseph, the Supreme Director of World Economy, Agriculture, Industry and Commerce.
Representatives from South Africa, Ethiopia, and other African countries submitted factual data relating to

urgent needs dealing with their own specific areas.

Much progress has been made in settling the question of priorities and determining which projects should be given immediate attention, and which must be postponed.

Israel has already become a garden spot, unrivaled in the rest of the earth. The riches and blessings of Israel are being felt in nearby foreign countries in a powerful manner.

Emissaries from Japan, China, and Mongolia received specific instructions and gained valuable insights into how to continue to properly develop their national resources in the most effective manner.

Abraham, who presided over the worldwide conference, outlined many programs that will be and are currently being initiated, all leading to the ultimate goal Christ has instituted to "restore all things" (Acts 3:21). Now world leaders are really beginning to grasp a picture of a whole world patterned after the luxurious, verdant, beautiful Garden of Eden.

A truly "Utopian Society" is being envisioned, planned for, mapped out, and built on a sure foundation of peace, prosperity, and happiness.

WEATHER PATTERNS CHANGE

Jerusalem, Israel (NWN)
Cities around the world are reporting sunny skies and beautiful sunsets. When it rains, it rains just enough to give people a refreshing change of pace and to water the abundant crops.

Since the time Christ came, there have been no tornadoes tearing up communities; there have been no hurricanes lashing coastal towns and cities; and no floods have erupted over the land, sweeping away homes and drowning thousands.

Weather experts state there has been a tremendous change in the weather pattern for good.

The jet streams high above the earth no longer behave in an erratic manner.

Whole mountain chains have been lowered, or removed entirely and entire island chains removed or relocated. This has provided for the proper circulation of water and air currents.

Since the people have turned from their pagan ways, and are now obedient to God's ways, He has definitely begun to bless them. The prophecies of the Bible are coming true. God said, "If you walk in my statutes, and keep my commandments, and do them; Then I will give you rain in due season, and the land shall yield her increase, and the trees of the field shall yield their fruit. And your threshing shall reach unto the vintage, and the vintage shall reach unto the sowing time: and ye shall eat your bread to the full, and dwell in your land safely" (Lev. 26:3-5).

MANY HOSPITALS CLOSE FOR LACK OF USE

Jerusalem, Israel (NWN)
In the Old World the hospital was a common institution of the medical profession. Large buildings with many hospital beds and costly equipment were necessary to take care of all the sick in the world. Many were ill with incurable diseases, and the number who suffered was continually on the increase.

Christ has mandated the observance of the health laws of the Bible, and there has been a dramatic drop in sickness in the world. Other factors in the decline of disease are the monumental steps being taken to clean the air, soil and water of the earth. Above all, Jesus has reminded people everywhere of the promise He made to heal those with sickness and disease.

Luke, the famous Bible author and physician stated, "Doctors have been relieved by the change in the world because they felt over-worked. The ministers of Jesus Christ are more in demand because people are seeking God's intervention by getting anointed when they are sick. Consequently, many have been miraculously healed of life-threatening diseases."

One physician said, "Divine healing is a wonderful thing because some things we wouldn't understand for centuries. We can now treat those things our Lord has left for us to do."

Many hospitals have closed and it is expected as the millennium progresses that large building spaces for hospitals will be completely replaced with smaller facilities.

CRIME DETECTION IMMEDIATE

Pyongyang, North
Korea (MPU)

At the recent
Disarmament
Ceremony in Pyongyang warning was given by Abel Adamson, Director of Crime Detection, to guard against use of any household or farming implements to maim, injure or kill. "Remember," he said, "To hate is to be guilty of murder." And the penalty of murder, as you know, is swift, sure, instant death. Apprehension, he warned, is instantaneous. He reminded those there of the two tragic cases on the earth this past year.

Crime detection is fantastically swift and sure through the invisible presence of our Guides and Leaders. The would-be criminals are detected while they're allowing their minds to conceive of crime. (Isa. 30:21)

Egypt Sends Emissaries to Confer About the Feast

Cairo, Egypt (MPU)

For the first time Egypt is discussing the observance of the Feast of Tabernacles with Israeli dignitaries. In frank discussions with Moses, a former official of Egypt in ancient times, and now an ambassador to Egypt, this nation of the Nile has had a change of heart. After refusing to participate in what they considered to be "Jewish

festivals," drought has stricken the nation, and the lack of rain has caused the green belt along the Nile to be unproductive. A recent serious plague mysteriously devastated the grain crops, and has forced the governmental authorities of Egypt to ration remaining food supplies.

Akmed Sadat, Minister of Agriculture, said, "We finally had to come to the realization that we could not continue on our own, and that our stubborn pride was really not worth the suffering of our people." He went on to say, "We have come to submit to Jesus Christ because we see that His rulership is bringing about positive changes in the world and we don't want to be left behind."

Sadat said, "If the saints who serve Him are a reflection of the Great King in Jerusalem, we know Jesus Christ is a compassionate, loving ruler for everyone in the world. This Feast is just a beginning for us, because we want to know all of God's ways."

Moses and a host of saints have been dispatched by Jesus Christ to take the holy laws of God to Egypt. Plans call for all educational institutions to begin immediately to make the Bible the foundation of all text books and instruction in Egyptian schools.

Reports out of Egypt have said a gentle rain began to fall the day it was decided by Egyptian officials to foster a relationship with the God of Israel. People were so elated by the rain they ran through the streets singing praises to the God of Abraham, Isaac, and Jacob. (Zech. 14:16-19)

New, Pure Language Classes available

- Classes will be held in local community church halls.
- Instructors can converse in all languages and are perfect teachers in the New World language of God's Kingdom.
- Headphones will not be needed as you will hear in your own language.

(Zeph. 3:9)

Please see your community bulletin board for dates and times available.

ANNOUNCEMENT

All traveling on the new highway connecting Jerusalem, Berlin and Cairo, please be cautioned: New work is being done on the northern end of the Jerusalem to Berlin sector.

It is expected to be completed by the spring holy days. Thank you for your patience. (Isa. 19:23-25)

LOST & FOUND

Lost: Spotted leopard in the northwest area of Galilee. Answers to the name of "Mufasa" and likes strawberry ice cream and fresh hay. (555) 411-7711

Found: Wolf and lamb grazing together in our front yard. They are inseparable. Collars indicate Wolf is named "Tom" and lamb is "Jerry." (555) 325-8743 (Isa. 11:6)

Found at Farmer's Market in Jerusalem: Tickets to visit the Living Sea Restoration Project (formerly the Dead Sea). ((555) 745-2118

FOR SALE

Giraffe saddles. Finely hand-tooled leather beautifully crafted in the heart of Africa. Contact: Exotic Saddle Co., South Africa. "We make any saddle to fit any animal."

Snakes of all types; baby asps, pythons, rattlesnakes and exotic lizards. Contact Richardson's Reptiles: (555) 892-6341 (Isa. 11:8)

Lock and key collection: Old World locks and keys with historical records indicating their usage. (555) 375-9872

Plowshares EQUIPMENT, Inc.

Quality is our Business

For Sale

Solar Farm Equipment made from genuine war materials

Help the cause of peace!

Tractors - Harvesters - Hay Trucks

REMINDER

In an ongoing effort to rid the world of false religious artifacts, officials are asking you to take immediate action and dispose of any trinkets, idols, or pagan religious paraphernalia you have discovered from the Old World. Your local waste collection site has a special non-polluting furnace that will quickly vaporize these items.
