Hezekiah's 6th year — <u>Israel conquered</u> — II Kings 18:10. (The commonly quoted date, 721, is incorrect. "Seven Times" punishment on Israel from 718 B.C. was fulfilled in 1803 A.D., when Ephraim and Manasseh, the birthright tribes, obtained the birthright from Reuben (France). In 1803 America bought the Louisiana Purchase. In 1803 England entered the Napoleonic War which deprived Reuben of his birthright. Reuben committed fornication. So did France with the Catholic Church under the Gentile Napoleon.)	3290	718 B.C.

They were fulfilled in 1917 A.D. when Palestine was recovered from the Gentile Turk and given to Ephraim.) (This date can be obtained through archeology. The latest figure is October 539 B.C. for the fall of Babylon, which means that it was the beginning of year 3470 after creation. This corresponds to 538 B.C., but as the dates "B.C." before Christ — commence with

the previous autumn, we choose to designate this event which occurred in October as 539 B.C., hence the year 3469 after man. The fulfillment of "seven times" punishment upon the Babylonian system will be completed in October 1982.)

The 7th year of Artaxerxes — Ezra 7	3551	457 B.C.
The commonly recorded date is 458 B.C., but this date fails to take into account the fall-to-fall calendar which Ezra used. The 483 weeks of Daniel's prophecy (Dan. 9:24-26) end in 27 A.D. at Christ's baptism.)

First 19-year cycle of Philadelphia church begins in January	5941	1934 A.D.
Second 19-year cycle begins January	5960	1953 A.D.

	Years from Creation of Adam	Years "B.C."
Cycle ends, famines begin previous autumn upon Israel and continue $3\frac{1}{2}$ years (Joel 1 and James 5:17)	5979	1972 A.D.
Tribulation commences; Israel obliterated.	5982	1975 A.D.
Tribulation ends $3\frac{1}{2}$ years later at the end of - - - - -	5985	1978 A.D.
AFTER A DELAY (Rev. 7) the Trumpets begin to sound, commencing upon the day of trumpets at the end of - - - - -	5986	1979 A.D.
Two witnesses probably complete their $3\frac{1}{2}$ year ministry in the winter or spring; the approximate return of Christ (Rev. 11). The end of the "Times of the Gentiles" — probably in October at the close of year. The last $3\frac{1}{2}$ years of Christ's ministry with Israel commences after his return.	5989	1982 A.D.
Israel acquires the sea gates of her enemies Gentile leaders forcibly removed as Israel expands (Psalm 149). Christ rebukes strong nations till they cease warring. Satan bound on the day of atonement at the close of 1988 (Rev. 20:1). Remember, the day of atonement occurs 9 days after the festival of trumpets. (1979) plus 9 equals 1988. As a day equals a year in prophecy, God set the fall festivals the exact number of days apart as their fulfillments will be years apart. Atonement is on the 10th day of the 7th month (Lev. 23:23-27).	5995	1988 A.D.
After Gentile leaders are removed entirely, the people become reconciled to the need of the government of God and come within the commonwealth of Israel. If it takes Christ $3\frac{1}{2}$ years to complete reconciliation with Israel it will be a mighty task to bring about UNIVERSAL RECONCILIATION with Gentiles so steeped in superstition. Completed within 5 years (Feast of Tabernacles occurs 5 days after Atonement) — ending 6000 years of human misrule, the millennium commences with year 6001 from creation, in the autumn of 1993 A.D. This will commence 1000 years of rule over ALL nations.	6000	1993 A. D.

ADDED PROOFS

Jesus said that He would raise his body — the TEMPLE — at the end of three days (John 2:19). The physical temple was a type of Christ's body. Notice that Solomon's TEMPLE was finished immediately after the conclusion of 3000 years of human civilization — after 3 days of God's 7-day PLAN — a thousand years per day — were ended. The TEMPLE was finished in the beginning of the 3001st year. One year later or one year earlier would not have been at the end of exactly three 1000-year days.

God gave Abraham a promise in his 75th year — 1924 B.C. Christ began His ministry in 27 A.D. to confirm the promises. This was exactly 1950 full years after the promise, in the beginning of the 1951st year. Christ's work ended in 31 A.D., at which time He said that He would come again — to finish the confirmation of the promises. The beginning of the 1951st year after Jesus left brings us to 1982! This ends the time of the Gentiles and brings us to the resurrection and restoration of all things. Furthermore, 1950 full years equals exactly 39 Jubilees (39 x 50). Israel was condemned to wander 39 extra years in the wilderness because of sin. Notice that one year out of the 40 was spent at Sinai (Ex. 40:2). This year was not reckoned as a year of punishment. The 40 years wandering included this year, making only 39 extra because of sin. So the human family has been deprived of immediate inheritance for 39 Jubilees — because of sin. This is twice repeated because Jesus' work was cut short in 31 A.D. by his murder.

Notice Isaiah 7:8. The prophet warned that within 65 years Ephraim would cease to be an organized people — that they would be driven from Palestine. By reverting the prophecy, we find that it is exactly 65 years from 1917 to 1982 — at which time Palestine will be completely restored to Israel! With all these patterns, who can doubt the unerring wisdom of God in preserving the exact years from creation.
