Dear Mr. White, Nov. 1, 2003

Thank you for your  
letter of October 2nd in  
which you included a  
number of historical and  
doctrinal papers.

Thank you also for  
the many hours of preparation  
and labor in assembling the  
enclosed documents.

Even though I am  
quite interested in historical  
and doctrinal matters, I  
am unable at this time to  
have the time and energy  
necessary to go into these  
matters. In hopes I will  
later be able to study the  
papers more carefully.

Recently, I have been  
quite ill, but I believe I am  
now a good health regimen  
which will restore me to  
reasonably good health.

In a few months I  
will be 47 years old  
and as we know God  
does not promise any of  
us a guaranteed number
