Dear Mr White

Thank you for your recent letter. I am glad you found the Bible Study in Sydney of interest. I must apologise that I am not able at this time to answer your letter in more depth, but as you will realise, my wife and I are extremely busy at the moment preparing for our return to the United States. I will keep your letter on file, and hope that in the future I will have more time to devote to this subject.

I appreciate your taking the time to acquaint me with various works which you have studied. Most of the sources I have found useful are included in my thesis ("Key to Northwest European Origins").

Thanks again for your information, and I shall try and keep your address as I might later be able to publish some of the valuable information I have researched through the years!

Yours sincerely

Raymond F. McNair
