Dear Mr McNair,

Warm greetings from 'down under'. Firstly, congratulations on your moving over to Global to assist in reviving the Philadelphia Era and the end-time Work of God. We all think that this is wonderful. Sure do hope that others such as Dr Hoeh joins with you.

Anyway, thought that you might like a copy of the attached *United Israel Bulletin* which mentions the research on the 'lost 12 tribes' by Dr John Yochanan Hulley of Jerusalem. You are probably already aware of this, but I thought that if you are not, I am certain you will be interested.

All the best and great love in the faith,

Craig White
