Dear Friends:

Finally, hot off the presses, is our new book THE LAST DAYS OF PLANET EARTH. I am sure you will thoroughly enjoy it, and will find it immensely informative, packed with information you have never read before proving this is it -- we are living in the last stages of this present civilization.

Our other new book THE ULTIMATE SOURCE OF ALL SUPERNATURAL PHENOMENA is also hot off the presses and ready for distribution.

If you have not yet ordered both of these revealing, fascinating new books, we feel you are indeed missing out. If you have not yet ordered both of them, now that they are finally available, why don't you take advantage of this opportunity? For a limited time only we will still make them available at the special prepublication prices of \$12.95 and \$5.95 each, although these prices are going to be going up very soon so don't procrastinate.

The new book by Raymond F. McNair entitled IN SEARCH OF THE LOST TEN TRIBES is in its final stages of preparation. We have held up publication of it to permit addition of some very important material and new information, but hope to have it ready in about two more months, or ~~about~~ June, if every thing goes smoothly from here on out. It will be well worth waiting for, so for those of you who ordered it sometime ago, please continue exercising that golden quality of patient endurance. It will be well rewarded!

Sincerest best wishes,

William F. Dankenbring
