A DEDICATION TO OUR ALUMNI

Ambassador's graduates of these past seven years envisioned but in part the expanded College we see here today. Yet to these pioneers was given the faith to continue pushing ahead in the trying days when the foundation of Ambassador was being laid. With lives dedicated to the right Way of Life, our Alumni continue in positions of service in both College and Church.

The Majestic Lower Garden — setting for commencement exercises, numerous college activities and many a wedding — will remain a place for pleasant memories.

ALUMNI

The unquenchable thirst for knowledge of this pioneer student led to his graduation with honors. Since graduation, he has traveled extensively in Europe, Africa and Asia. His brilliant mind and high level of scholarship have elevated him to the office of Dean of the College, Executive Editor of the *PLAIN TRUTH* and *Good News*, and in connection with his classes has done outstanding work in the field of historical research. PERSONNEL

Well-trained and efficient workers are essential for the success of any organization. Those in key positions here at Ambassador College are especially consecrated and conscious of their responsibility.

The Ambassador College Press Building — still awaiting its final touches — is already a beehive of activity as the Work of God increases in strength.

BUSINESS OFFICE

The responsibility of keeping bills paid rests on the members of our Business Staff. Looking over the response to a co-worker letter are left to right Mrs. Woodie, Secretary; Mr. Mattson, Business Manager; and Mr. Gene Michel, Bookkeeper.

As the Envoy goes to press, we are saddened to learn of the death of Mr. Bolivar O'Rear, Legal Advisor and Auditor of Ambassador College since its beginning ten years ago.

PERSONNEL

SECRETARIES

Secretarial assistance is provided in the Business Offices by Mrs. Birnbaum, Mrs. Sedliacik, Mrs. Major and Mrs. Zimmerman.

RECEPTIONIST

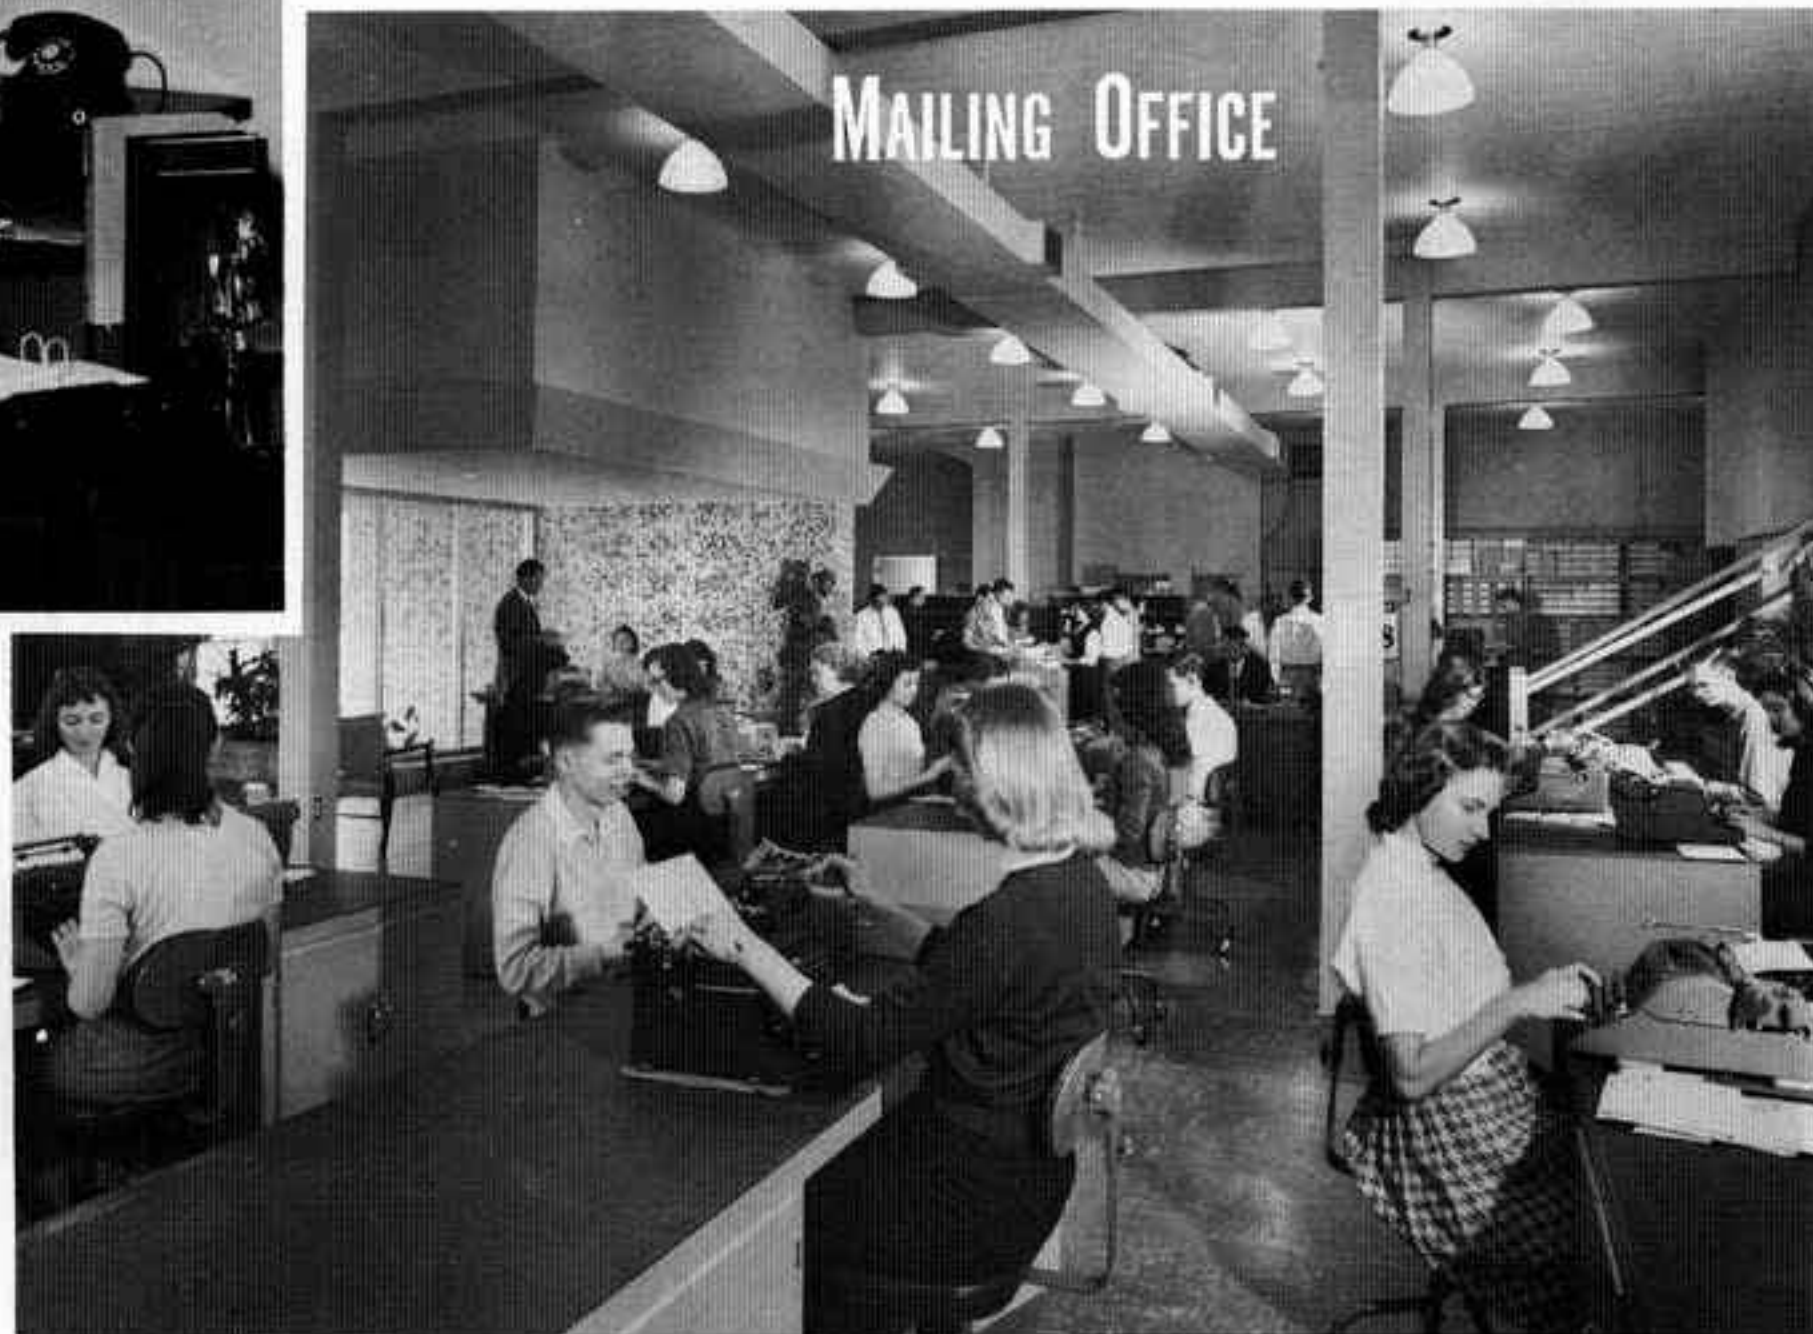

"Good morning, Ambassador College," Karen Armstrong, Receptionist.

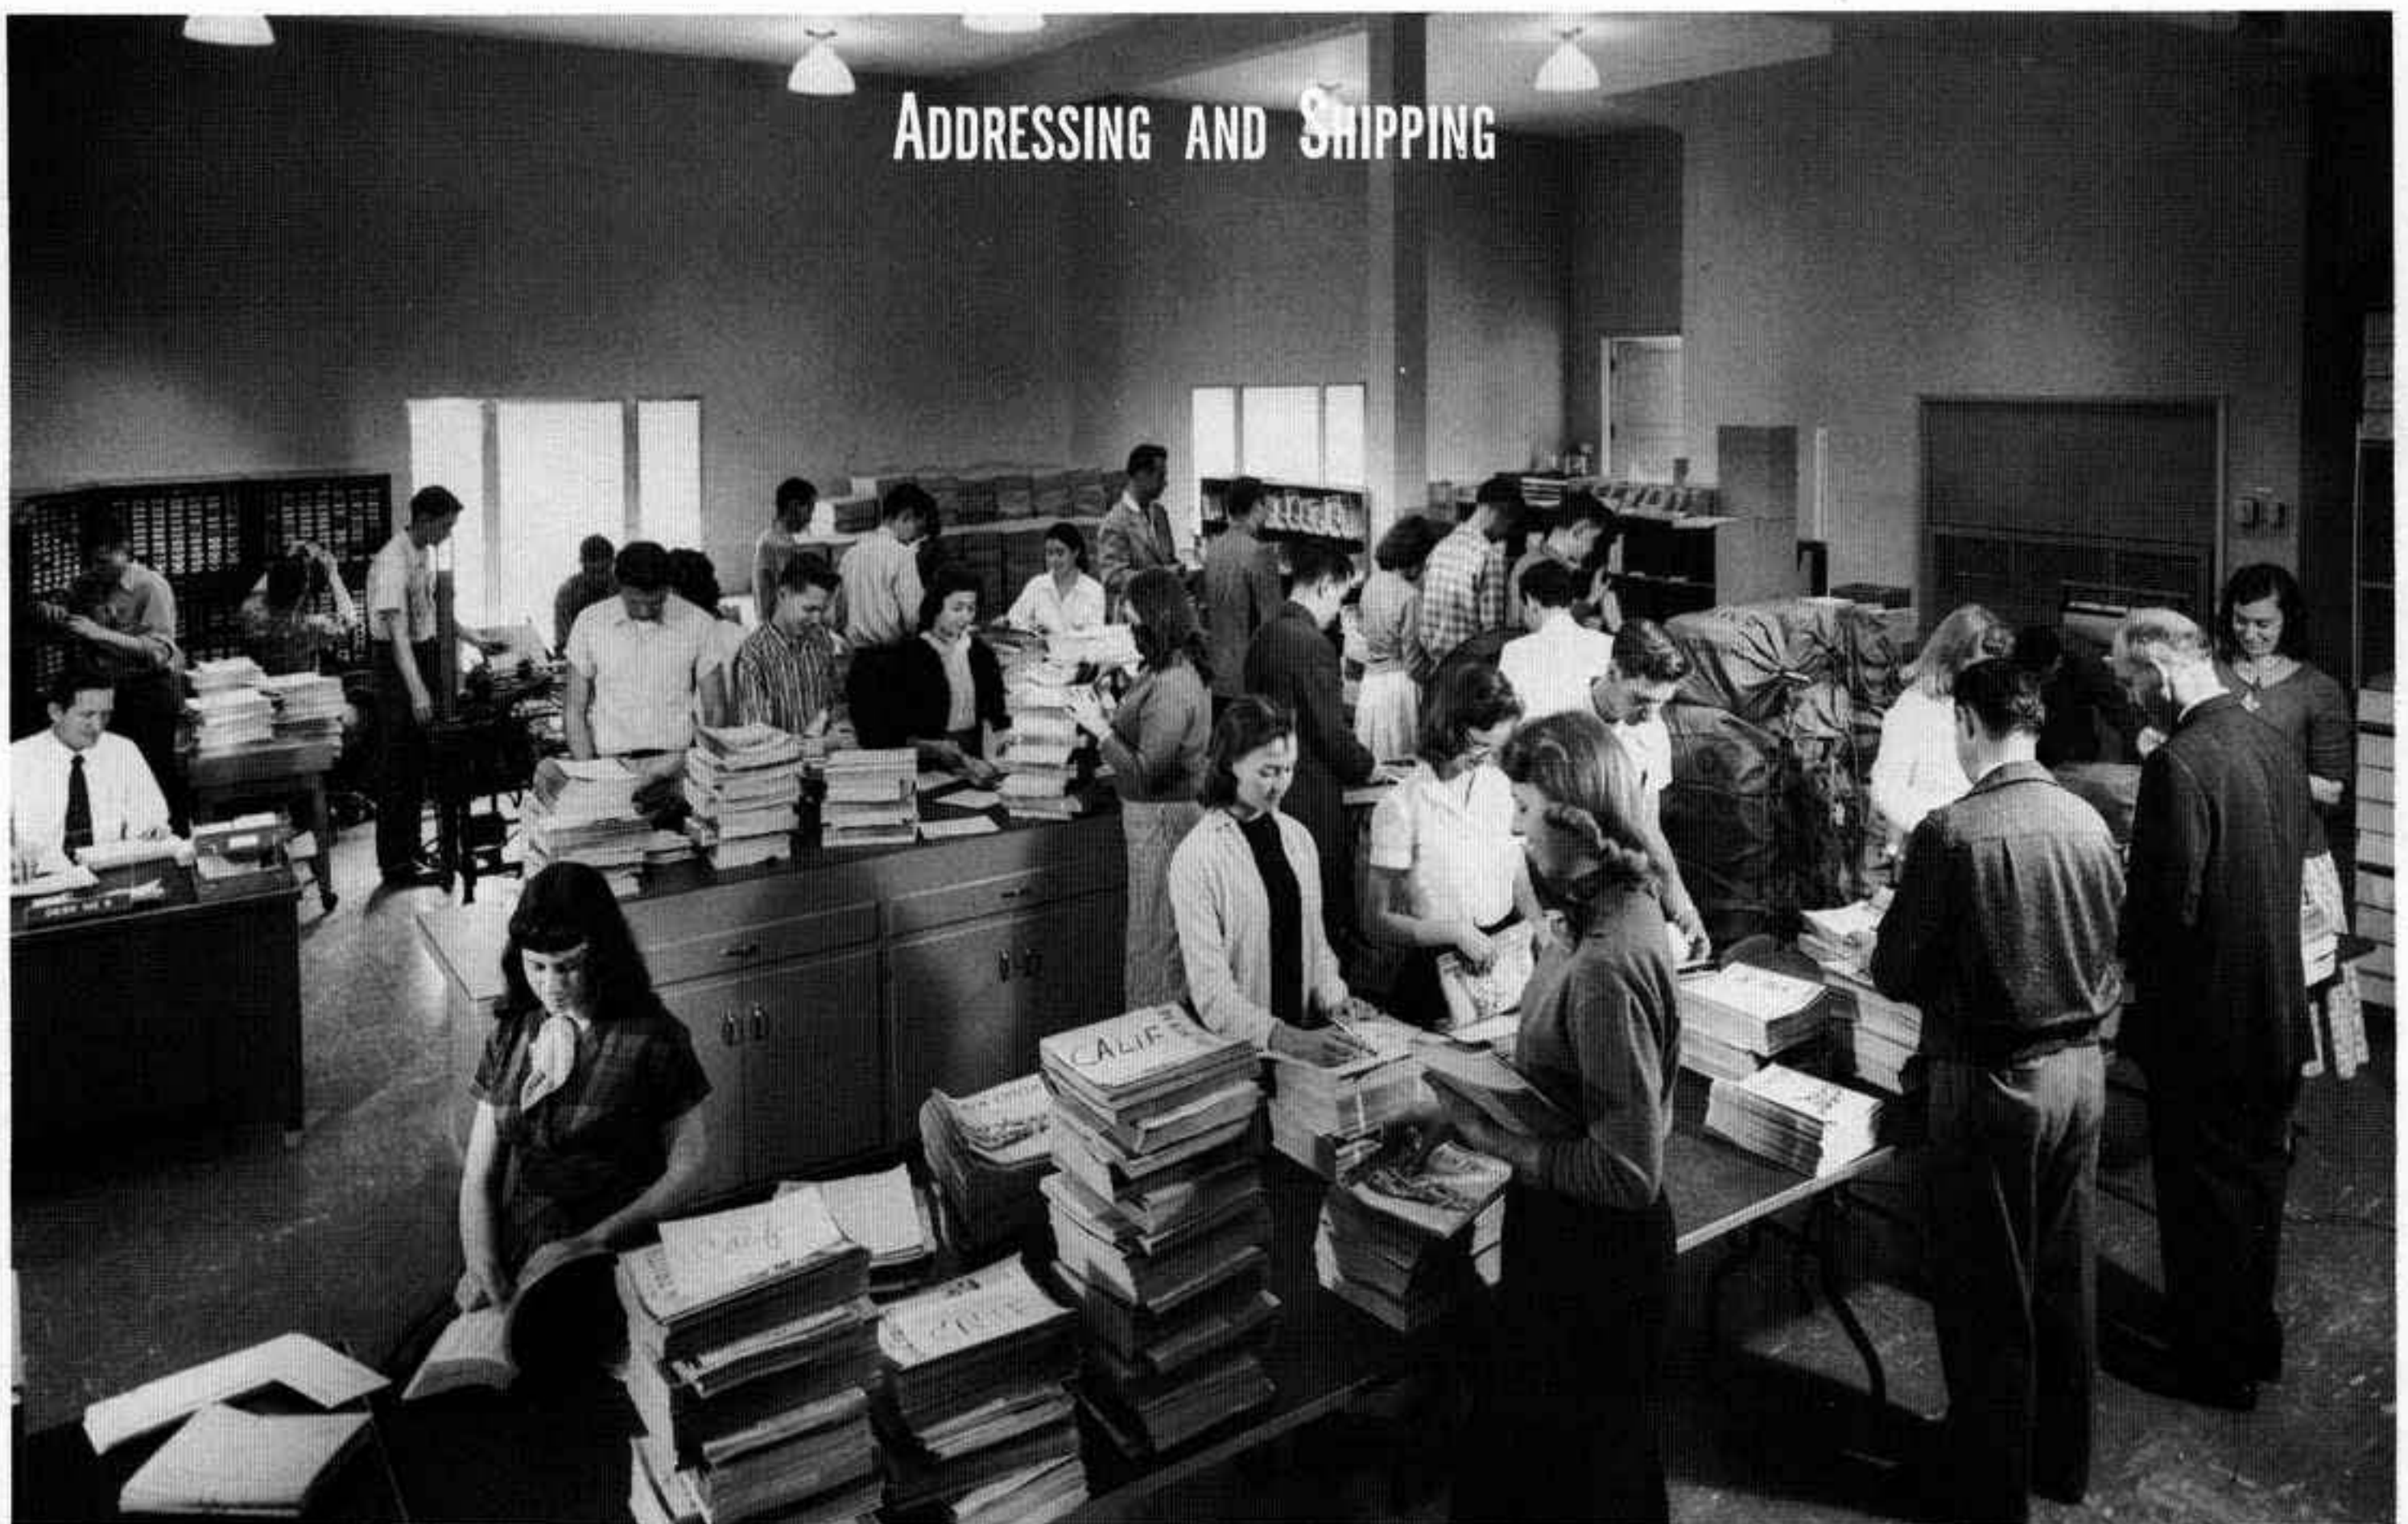

PERSONNEL

Mr. Mauck zealously fulfills his responsibility as Office Manager.

The heart of the Mailing Division. From this office the printed message is sent out free to all who ask. Students work diligently between classes in their new, spacious surroundings — another of God's bountiful blessings in this growing work.

Over 150,000 copies of The PLAIN TRUTH magazines are addressed for mailing each month to all sections of the United States and Canada. Mr. Evans (seated at desk) is in charge of the Filing Department, and oversees the addressing and bundling of the current issue.

PERSONNEL

MAIL SORTING

The new office of the Mail Reading Department — In the section above mail is sorted and tabulated to note the response to each of our many radio stations. The department shown in this picture and the one below are supervised by Mr. Leroy Neff, Manager (seated at the desk) and Mr. Bob Seelig, Assistant Manager (standing).

MAIL READING

Thousands of pieces of mail per week are carefully read and then channelled to the proper departments to fill each individual request for literature, or to give personal answers to hundreds.

PERSONNEL

LETTER ANSWERING

Above—The Letter Answering Department, under the personal supervision of Mr. and Mrs. Armstrong, provides a solution to the endless flow of inquiries — many personal, many puzzling and perplexing in nature — others requiring but a short simple explanation to clarify for our radio listeners the proper course in life. The use of dictaphones enables hand-picked aides to respond quickly to the questions of our "World Tomorrow" listeners. *Left to right*: Robert C. Boraker, Raymond C. Cole, Bryce G. Clark, Loma D. Armstrong, Dale W. Hampton and Ernest L. Martin. *Absent members*: Charles V. Dorothy and Allen D. Manteufel. Mrs. Armstrong and Mr. Cole are counselling together about an answer to an unusual inquiry.

In the background through the glass partitions can be seen the Co-Worker Department (left), the Correspondence Course Department (center), and the secretaries for the Letter Answering Department (right).

Right — The Co-Worker Department in charge of Norma L. Davis (second from the right) keeps an accurate record of the tithes and offerings sent in by our co-workers.

Co-WORKER

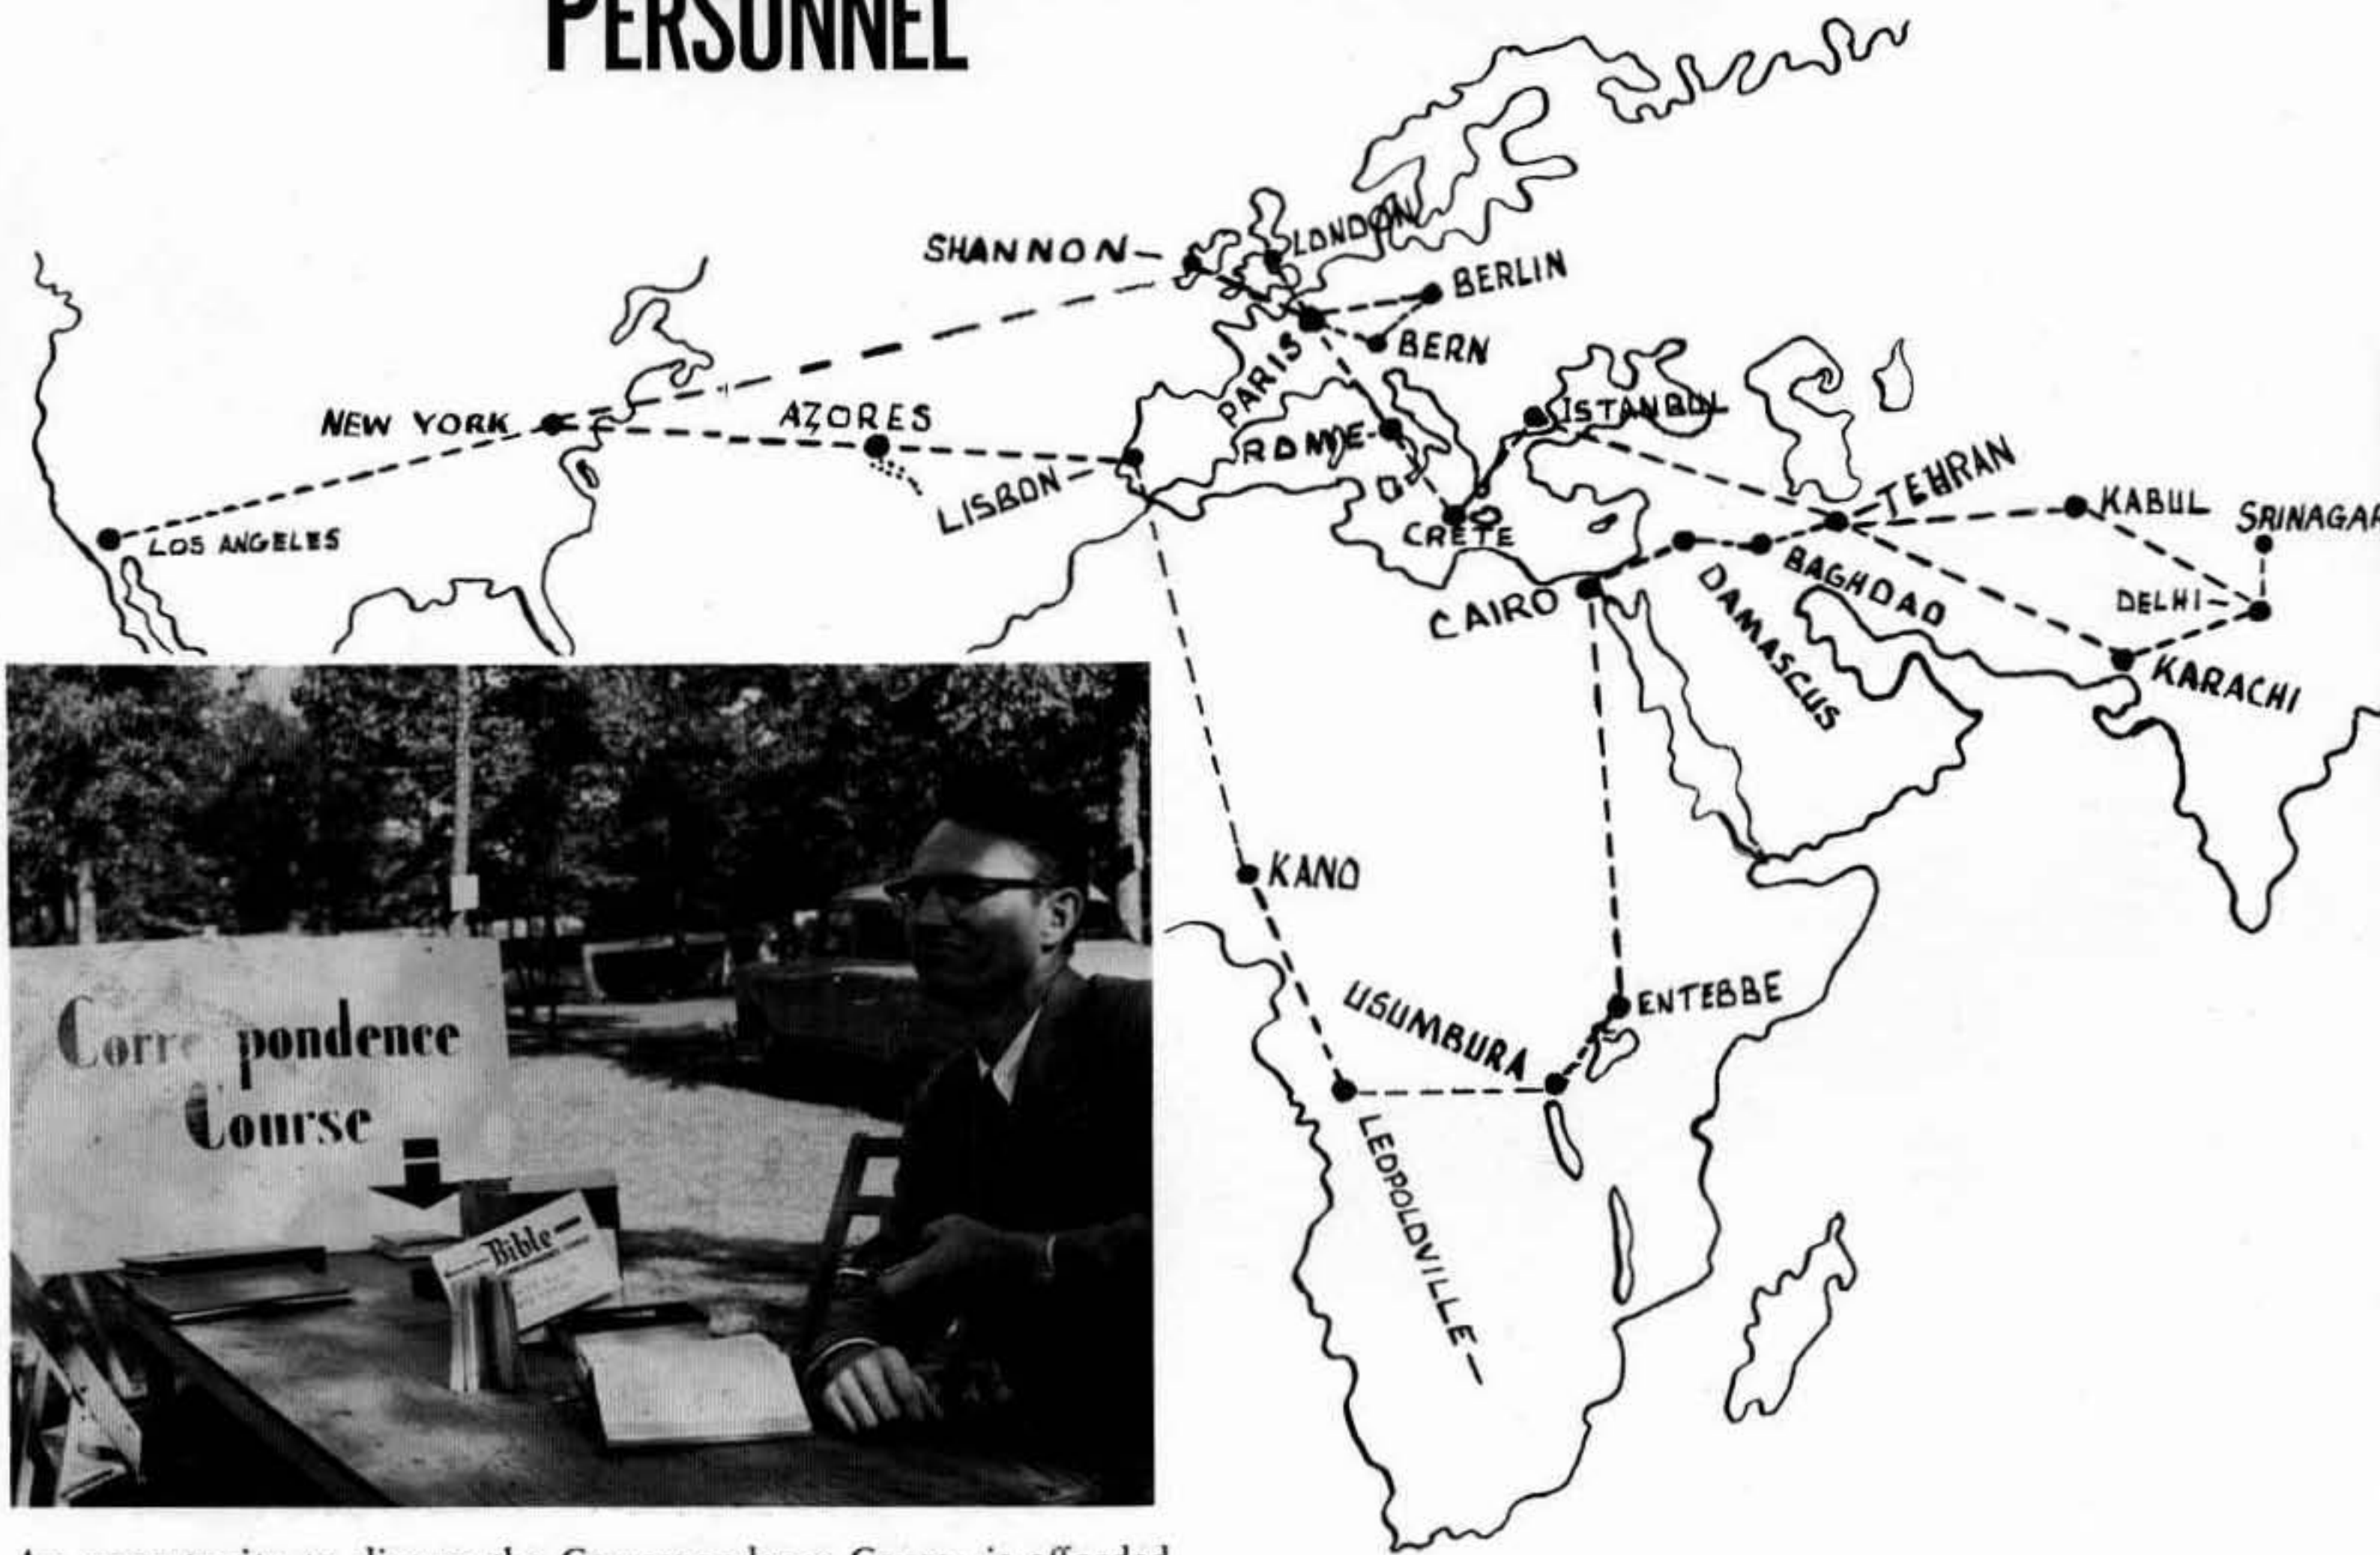

CORRESPONDENCE COURSE

The Ambassador College Bible Correspondence Course — intriguing, educational, and truth-revealing — is directed by Dr. Meredith and his competent staff. The map below shows the travels of Dr. Meredith and Mr. Hoeh during the summer of 1957 where they collected firsthand information for future Correspondence Course lessons.

PERSONNEL

An opportunity to discuss the Correspondence Course is afforded to all during the Feast of Tabernacles by Lawson Briggs, chief aid to Dr. Meredith in the administration of the Course.

PERSONNEL

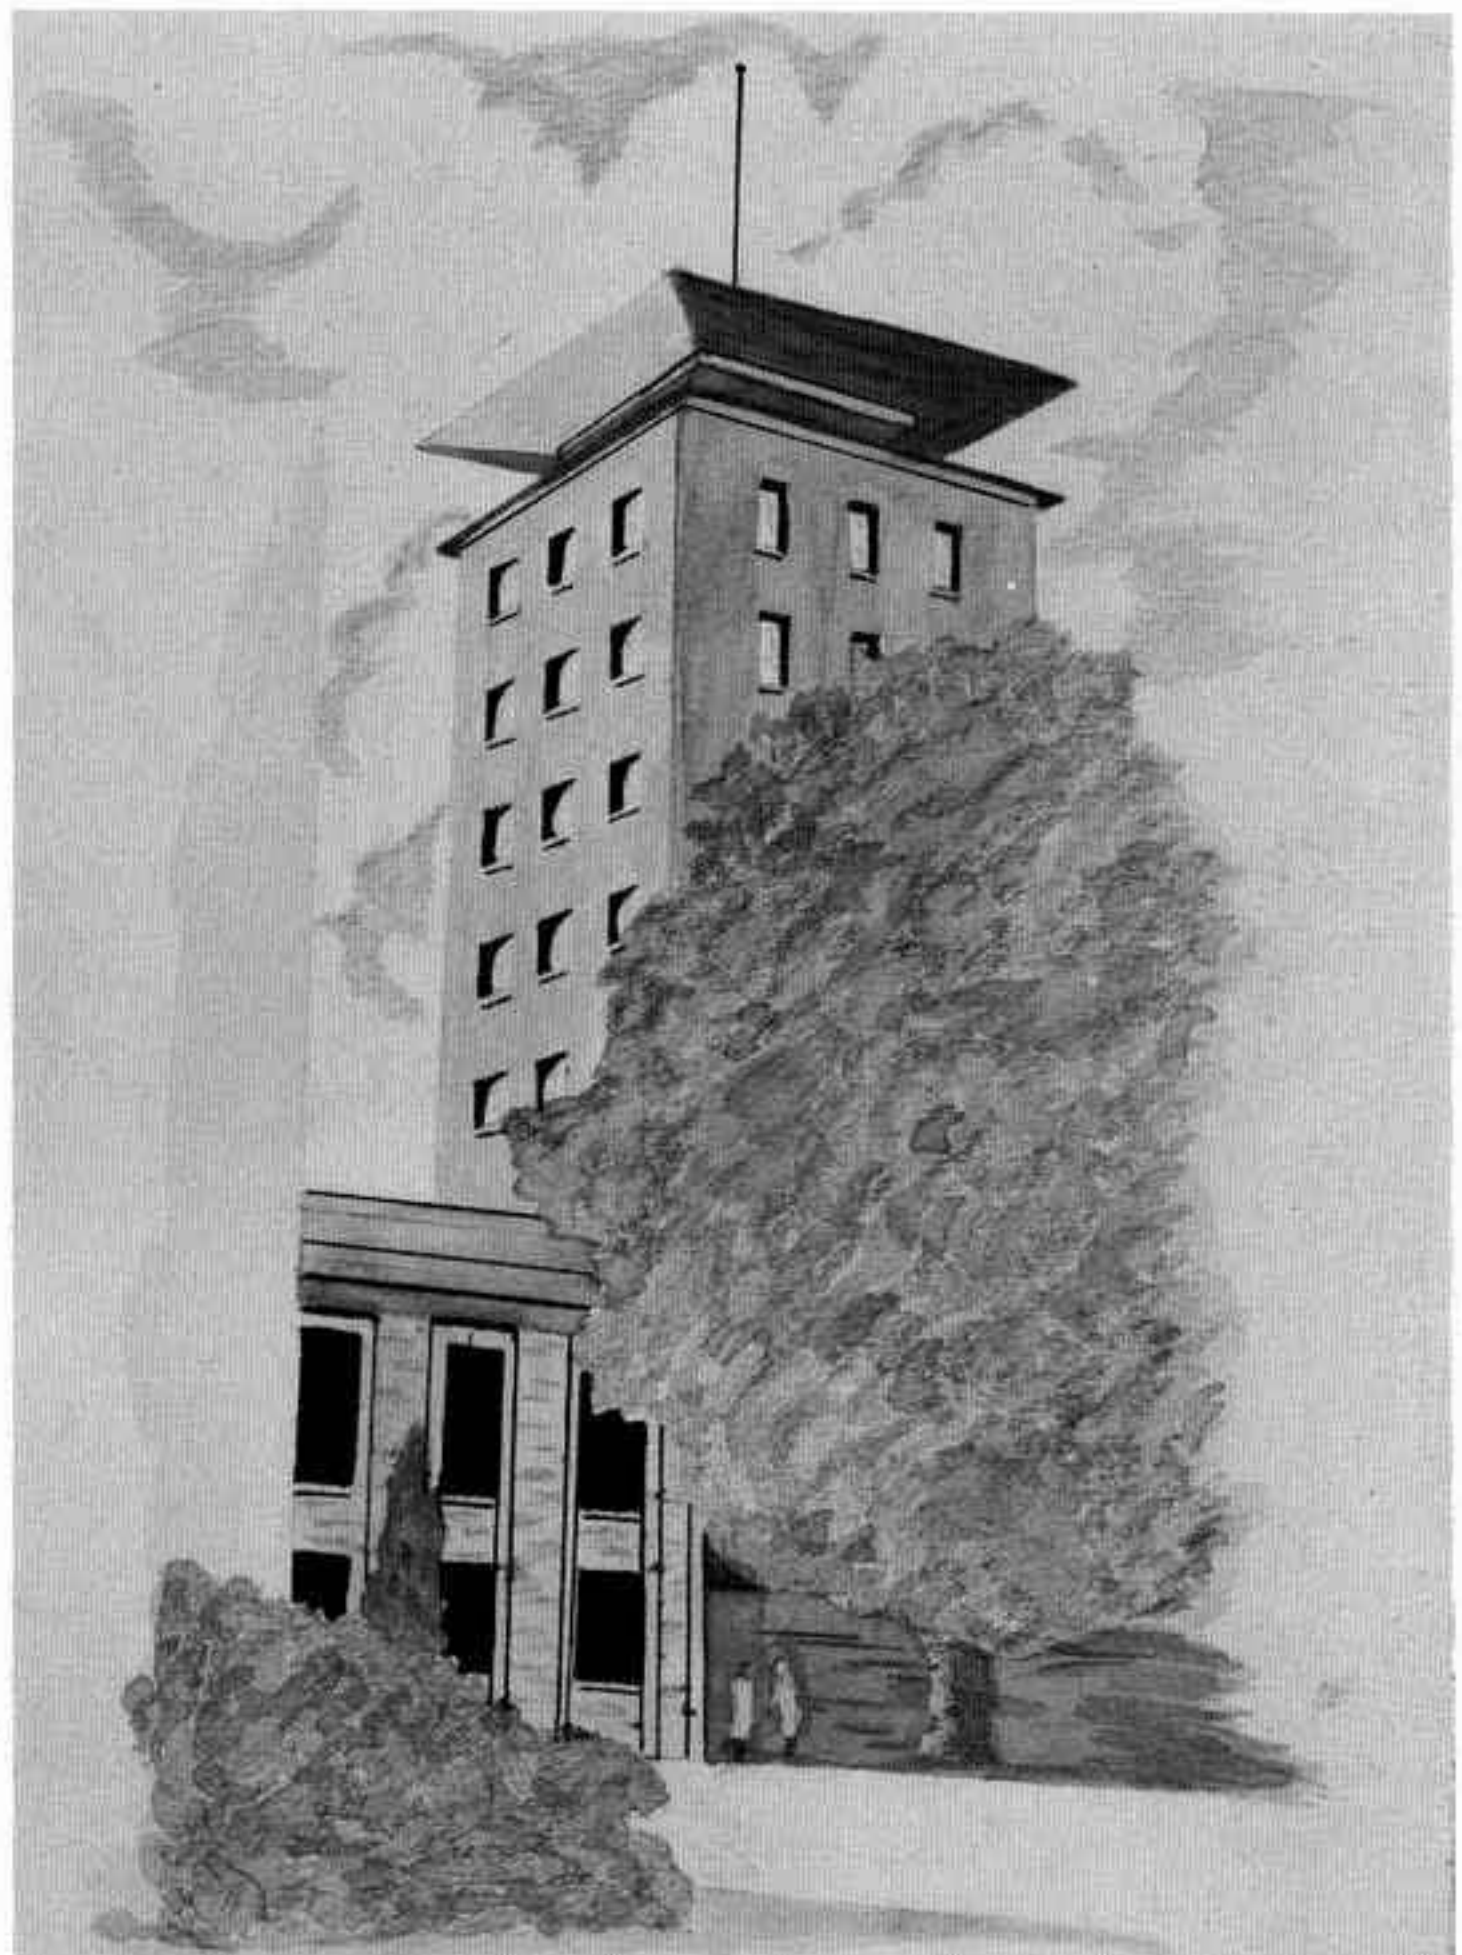

Inside the control room — the broadcasts are recorded on magnetic tape to be mailed to radio stations days in advance of the time most of the World Tomorrow listeners will hear the program. Messrs. Chandler and Inglima work as assistants to Mr. N. Smith.

The Ambassador College Radio Studio, nerve center of a world-wide radio ministry, is under the direction of Mr. Norman Smith, shown here in the control room as Mr. Garner Ted Armstrong takes the daily program in lieu of his father, Mr. Herbert W. Armstrong.

Radio Luxemburg; unique among the many powerful stations beaming the message of "The World Tomorrow" to an ever-growing audience. This one station completely covers Europe and blankets the British Isles.

PRINTING SHOP

The steady increase in literature requests necessitated new quarters for the Printing Department. Here you see new presses — capable of doing twice the work in half the time. One of the old presses has been retained and can be seen in the background.

Another view of our enlarged print shop showing Carl B. O'Beirn at the booklet stapling machine; Lee Sefcak operating the folder; and, in the foreground, James A. Gott, Manager, with the new trimmer.

ISOLATED STATION

J. Wilson

Nestled in the beautiful Ozarks, surrounded by lovely tree-covered mountains, we find the friendly little city of Berryville, Arkansas. Here is a city that, by reason of its topography, has been all but isolated from the *World Tomorrow* broadcast. An actual poll of this area shows

MEMBERS BEING VISITED

The Spanish speaking members of the church are now being visited. Recently two teams of the graduate school Spanish class students headed by Charles Dorothy and Ronald Chandler began these visits to discuss the Bible. They need all of our prayers.

NEW CHURCH BORN

AT LAST — after almost a year and a half, *another church is to be raised up!*

Approximately sixty miles from Pasadena in the city of Redland a new body of God's church will meet for the first time this Sabbath. About ten miles from San Bernardino, this city is the most convenient and central of all locations for the new church.

An estimated 25-30 members will comprise the core — a solid

Rejoice! South America and its millions of people will, as God has ordained it must, finally hear its Creator's final warning. Another miracle has occurred! The door is now open!

Thirteen stations (we will utilize but one now), broadcasting in the Spanish language, wish to broadcast *El Mundo de Manana* (The World Tomorrow). All other religious programs which applied for time were

SKELETON REMAINS

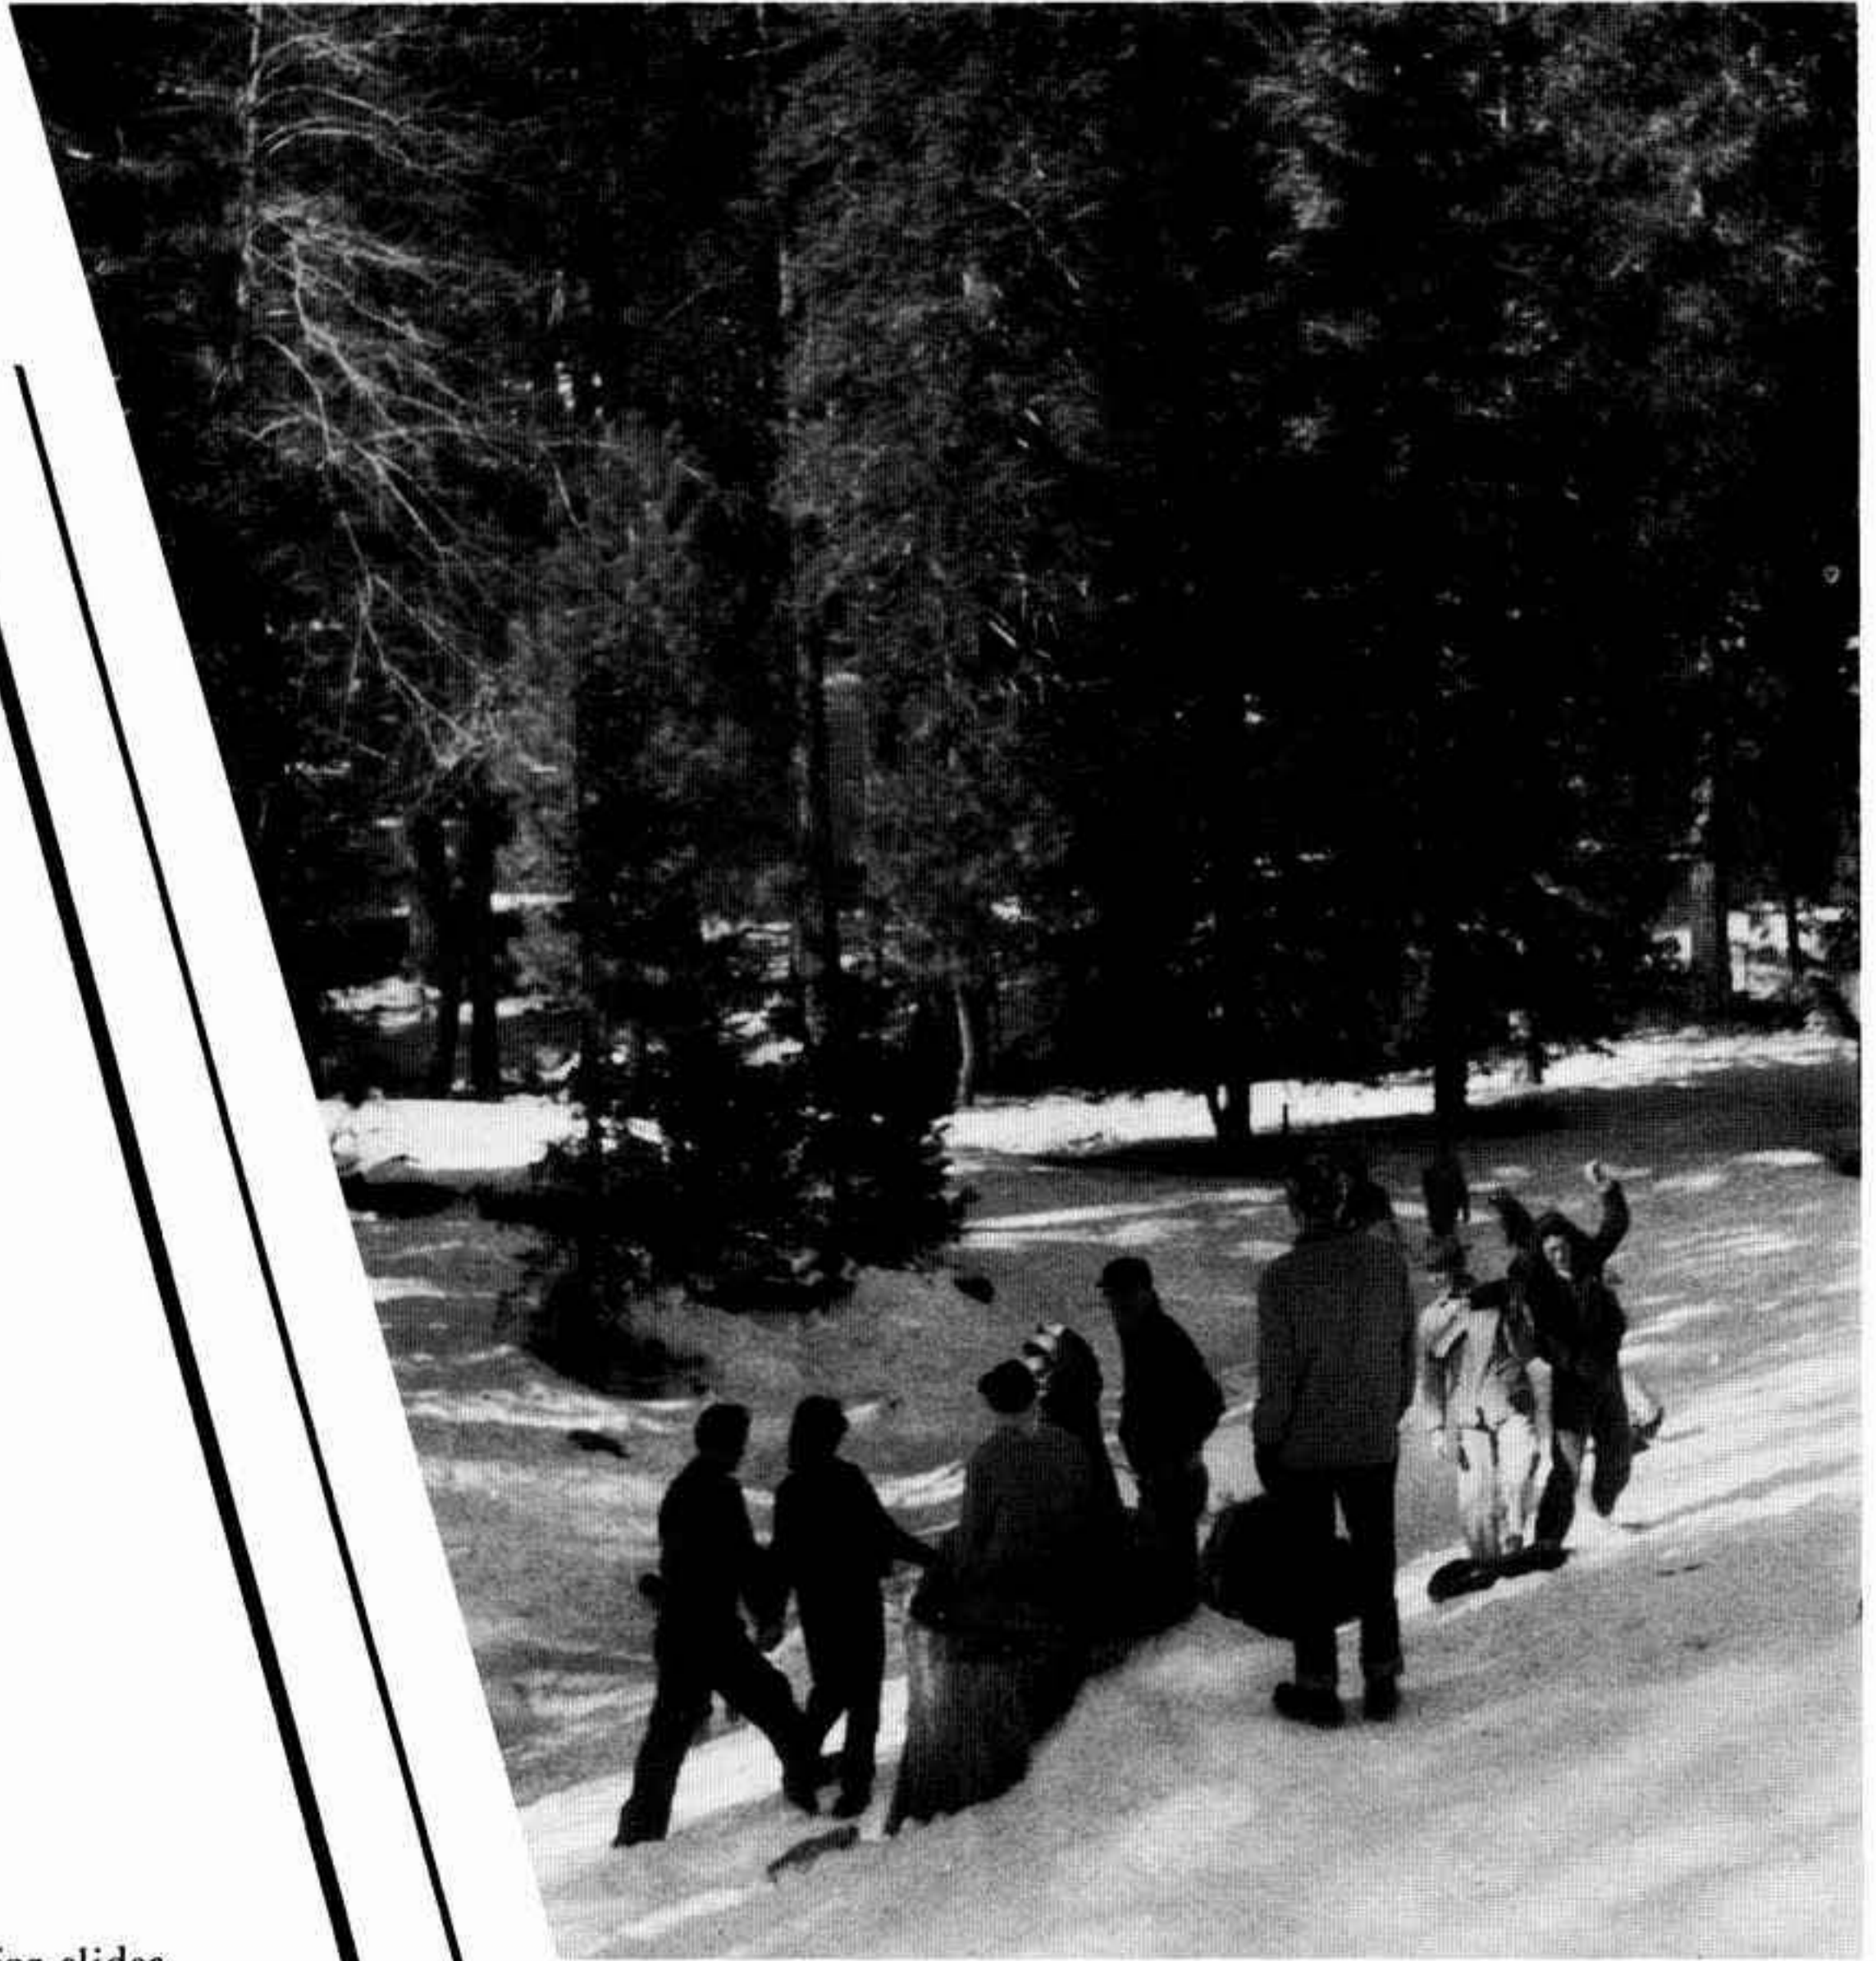

The demands for expansion in the new offices have been so great that students have been transferred from gardening, carpentering, janitoring, etc. to the extent that only *skeleton crews* remain! There have been more students in the past than available jobs, but they were kept on the pay roll so they *could be helped*. No so now!

We should all *really appreciate* the opportunities now available and put every thing we have into this work, realizing the fact that now we're needed like *never before!*

Staff Members left to right—Mr. Ted Armstrong, Editor; Bill McDowell; Clara Willingham; Richard Hopkins, Assoc. Editor; Allen Dexter, Assoc. Editor; Ken Mowat; Lorelle Simon; John Wilson; Gary Sefcak; Norva Lee Pyle. Other Members—Carl McNair; Thomas Lawrence; Richard Sedliacik, Assoc. Editor.

Snow on hills calls for slides and spills.

EXCURSIONS

An extra bus is filled each year by our growing student body.

Snow fun on Mount Waterman.

Plant life study at the Descanso Gardens.

An excursion into the nearby mountains.

EXCURSIONS

Lunch time before an educational afternoon in the Los Angeles Museum.

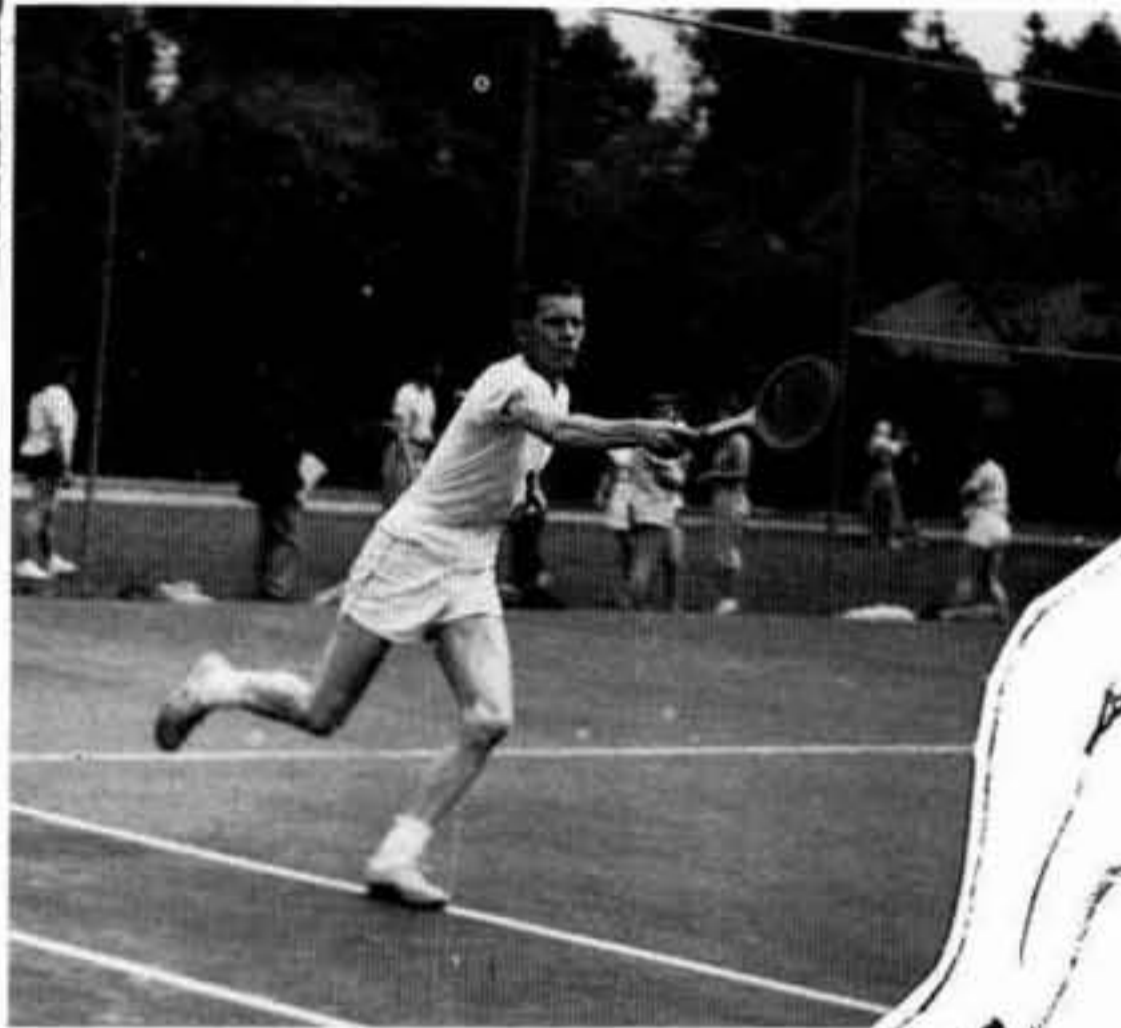

Counting noses before the trip home.

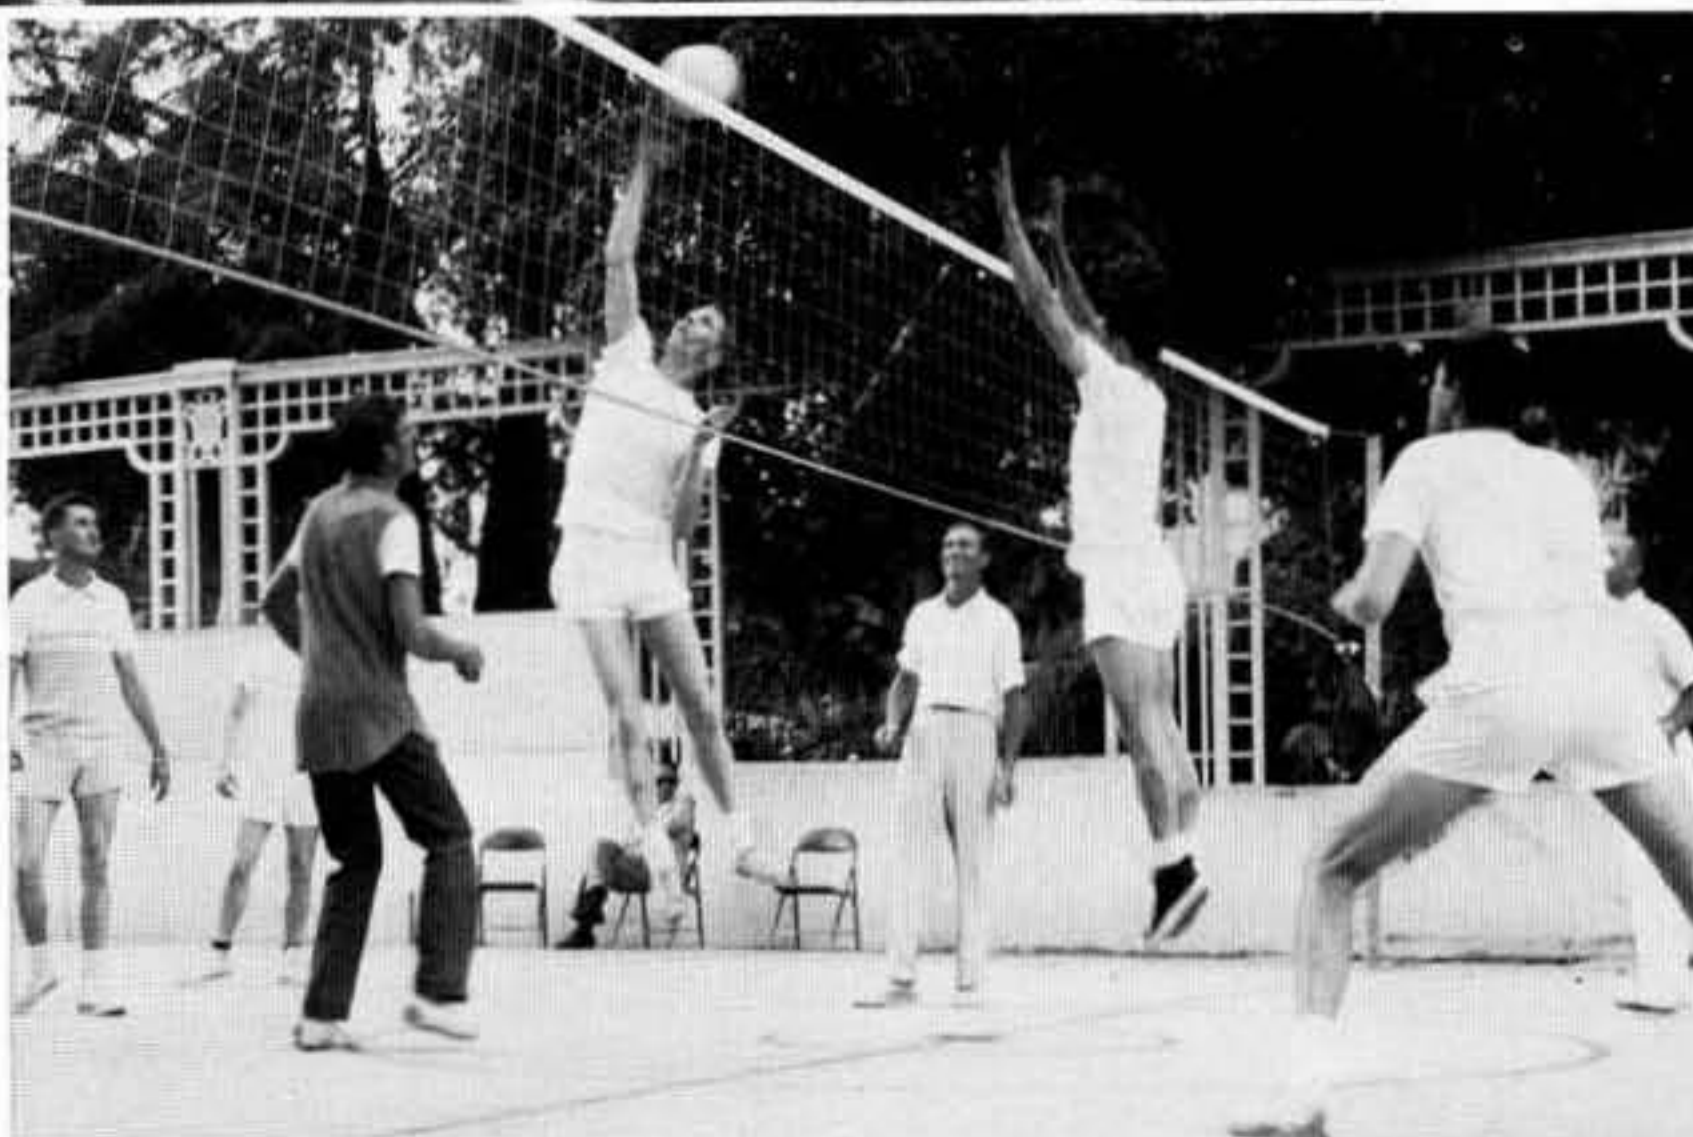

SPORTS

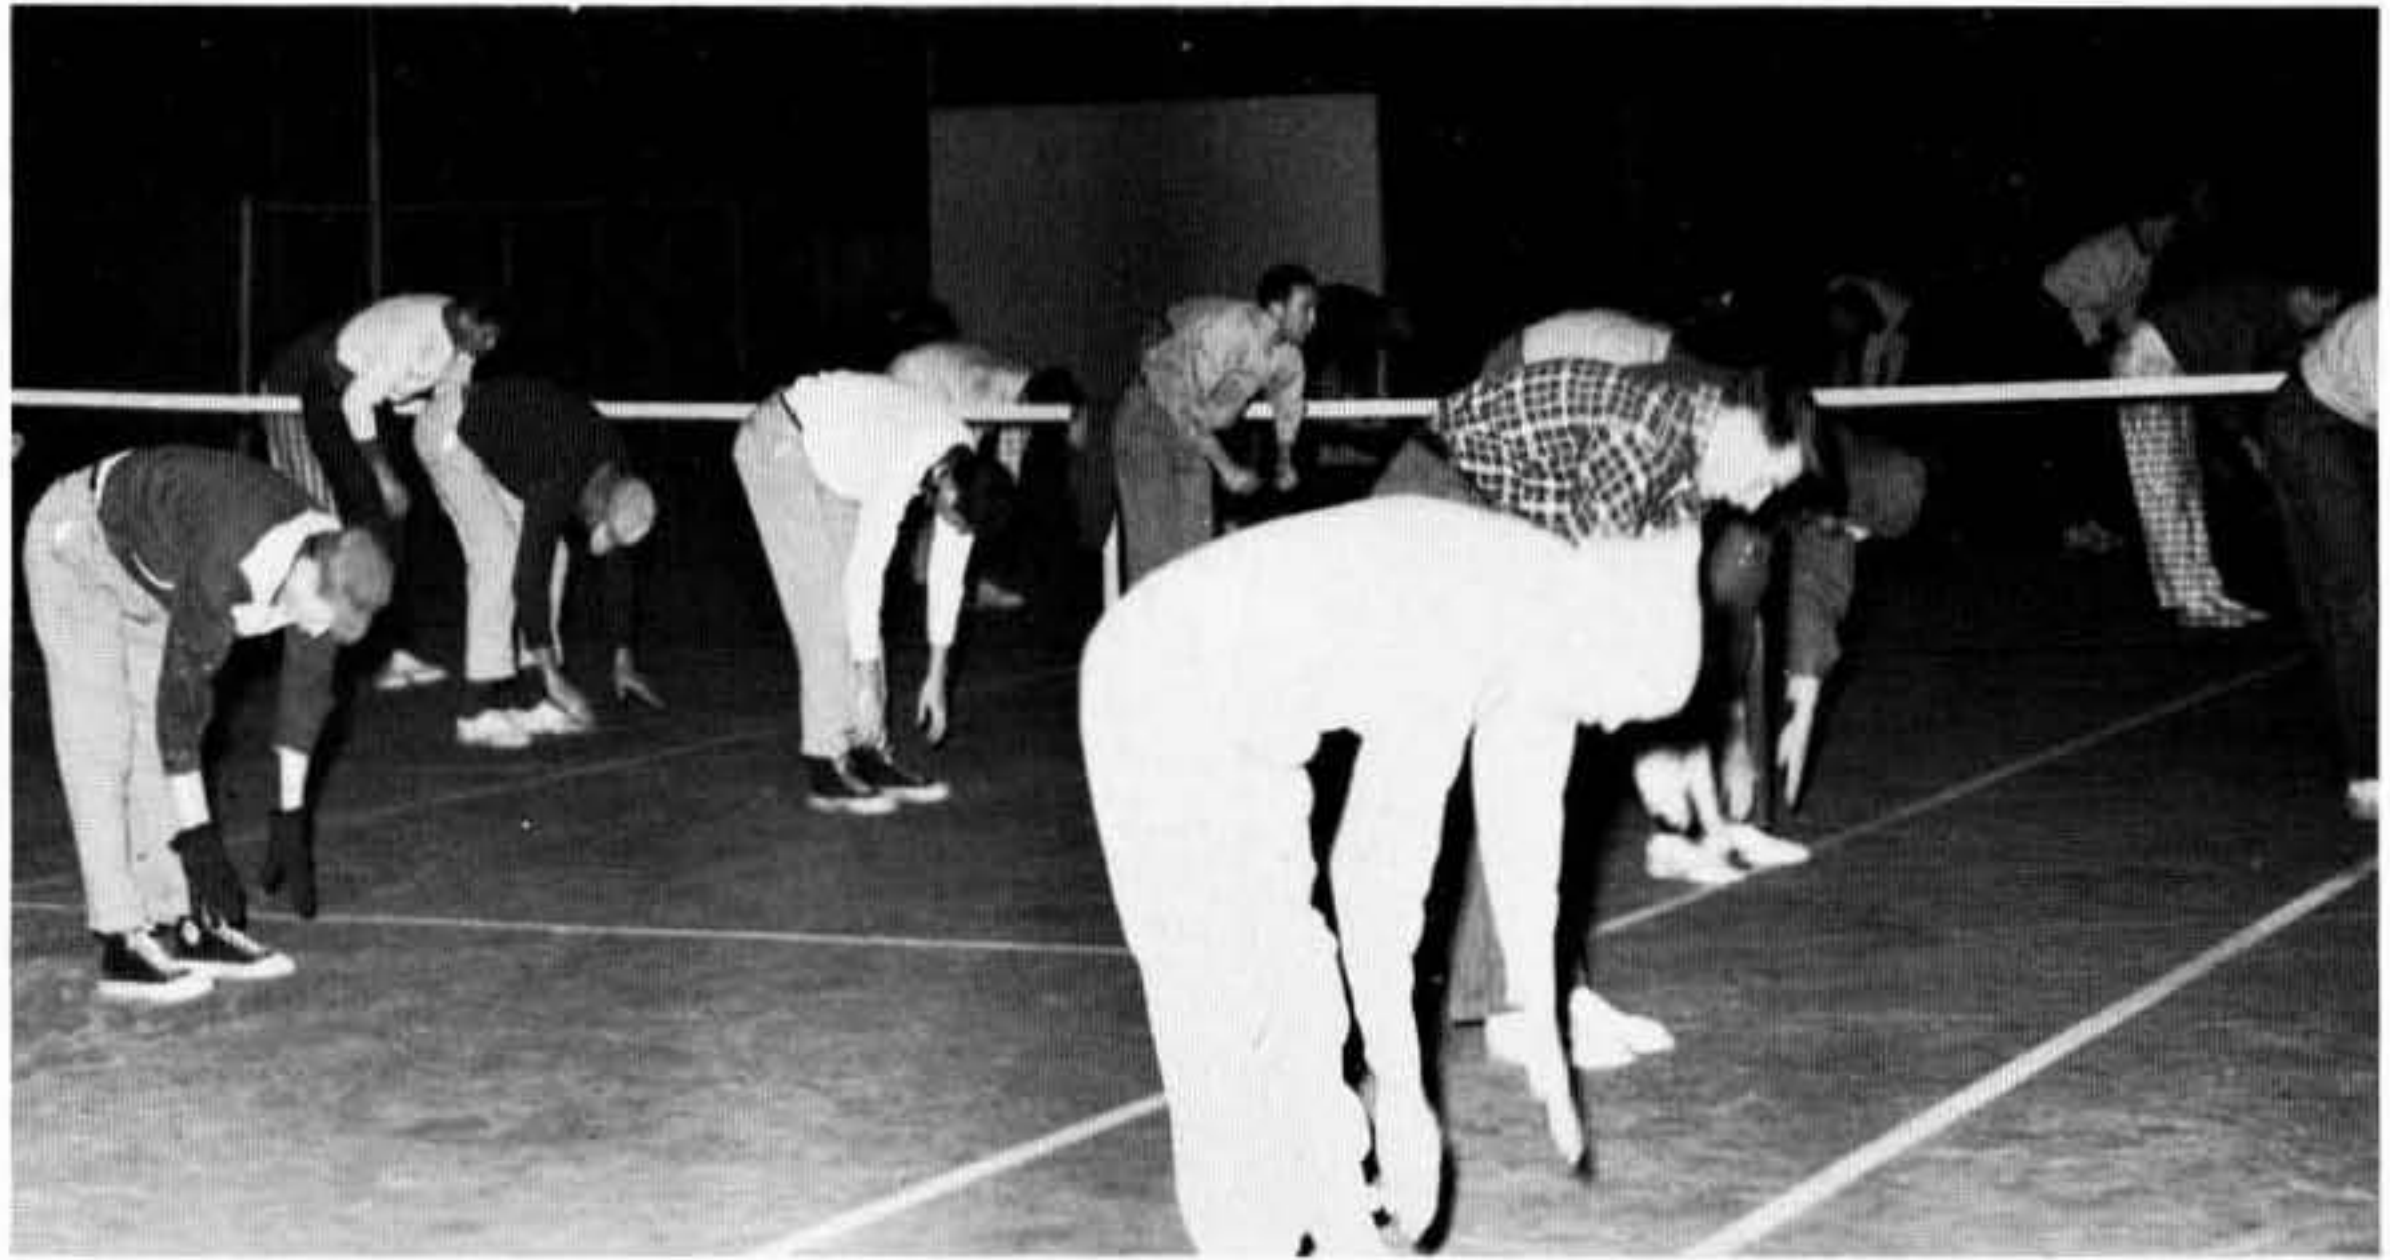

Above: The whistle blows to start another thrilling game. *Right:* A hard drive by Bill keeps his opponent on the defensive.

"Slap the deck."

SPORTS

" . . . And they're off." Shirley sets a fast pace at the annual Field Day.

One, two, three, pull! What's so funny?

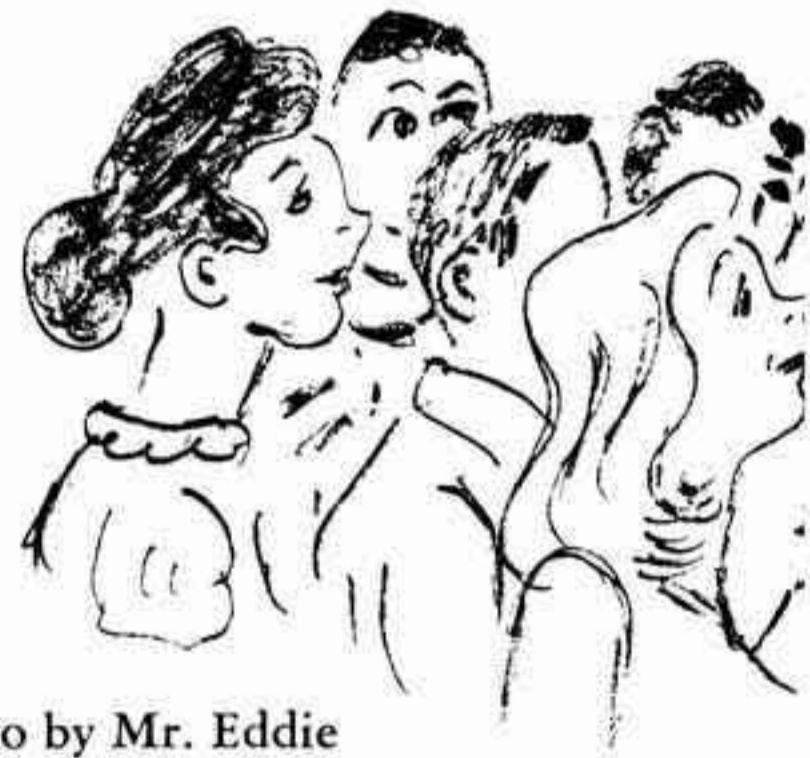

SOCIAL

Social events are happy times.

Refreshment time at a formal occasion.

The Ambassador Trio both enjoy themselves, and provide enjoyment.

"Rock-a-bye" with a yoyo by Mr. Eddie Koo.

LIFE

Dinna' is about to be suhrv'd at the "Get Acquainted Picnic" the first week of school.

An occasion for formal and tuxedo make for an enjoyable evening.

Entertainment for the Senior Ambassador Club program and dance was provided by local College and Church talent.

FESTIVALS

thy son, and thy daughter...”*

FESTIVALS

Time for fellowship while things are quiet.

We're tenting tonight. This is fun when it doesn't rain.

So much to talk about — so little time in which to do it.

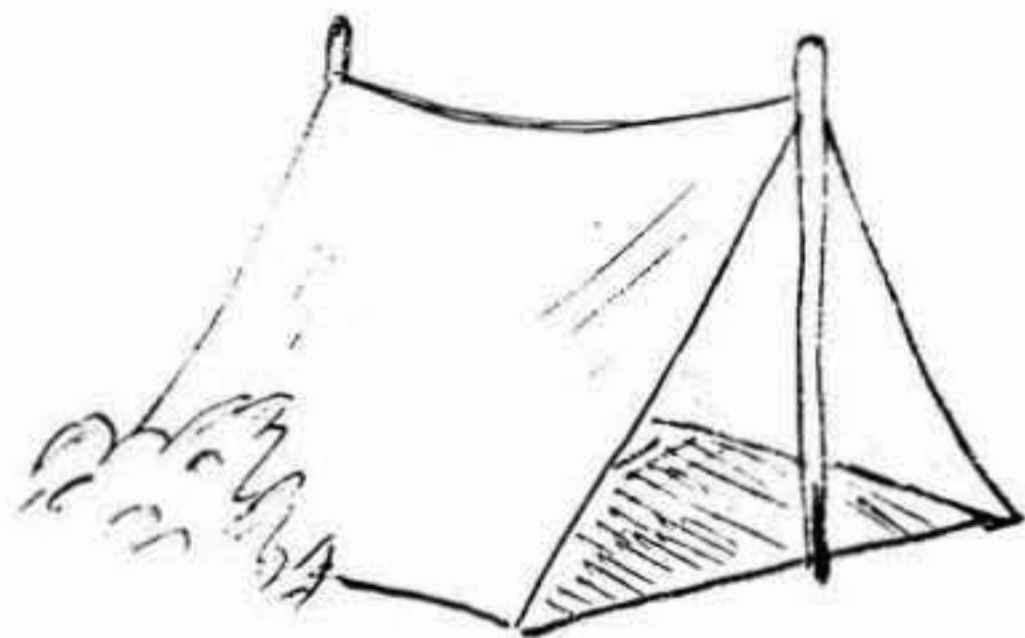

FESTIVALS

While their mothers enjoy an uninterrupted sermon, these three children are tended by willing college co-eds.

"Testing — one, two . . ." Radio studio? No, just taping the sermons for later reference.

"Let's see — maybe this would work." Deacon Martin and Assistant Deacon Hoops hold a conference at the '57 Feast of Tabernacles.

Afternoons provide ample opportunity for becoming acquainted with new brethren.

FESTIVALS

"Let's see — am I on parking duty today?"

"Pot-luck" lunches provide a refreshing break during the Days of Unleavened Bread at Pasadena.
