OF THE WORLDWIDE CHURCH OF GOD

VOL. X, NO. 3

PASADENA, CALIFORNIA

PASTOR GENERAL SPEAKS IN HONG KONG AND BANGKOK

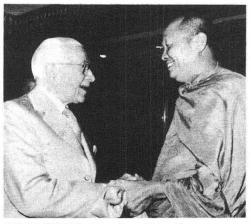

Pastor General Herbert W. Armstrong wrote the following article Jan. 31 in-flight from Bangkok, Thailand, to Manila, Philippines.

By Herbert W. Armstrong will bring you up to date on the present trip so far. Sabbath, Jan. 23, I spoke to the brethren at the regular Sabbath service in Honolulu, Hawaii. There was a nice increase in membership since I last spoke there a year before.

Sunday, the 24th, we flew on to Hong Kong, crossing the international dateline. Suddenly it was Monday. It was Chinese New Year in Hong Kong. All businesses and shops were closed. Wednesday evening I spoke about an hour and 20 minutes to about 200 readers of The Plain Truth.

There seems to be a real interest there and apparently God has people there He is calling. I left David Hulme [media liaison] there to purchase time, if possible, on television and/or radio in Hong Kong. If we are successful in obtaining a good time on the air there, I feel sure we shall have new church in Hong Kong within a year. We already have about three members there.

Thursday we flew down around the southern tip of Viet-

THAILAND GREETING — Pastor General Herbert W. Armstrong greets Abbot PhraThepsopon of Wat Thai (Thai Temple) of Los Angeles, Calif., at the Oriental Hotel in Bangkok, Thailand. The abbot had carried Mr. Armstrong's personal letter to King Bhumibol.

nam and over to Bangkok. Friday we flew north to Chiangmai. I was met at the airport by the mayor and other officials, and they supplied a car to a local hotel. At the hotel the king's mountain jeep van was waiting to take me, with Aaron Dean, my personal aide, and the Abbot PhraThepsopon of the Buddhist religion (a rank similar to cardinal in the Roman Catholic Church) up to the king's northern palace atop the mountain. There I had a fourth personal visit with King Bhumibol.

The abbot had arranged the

meeting by telephone from Los Angeles, Calif., after visiting me in my home in Pasadena. The abbot had been much impressed by the splendid performance of students and graduates from Ambassador College, serving in the refugee program to the north of Chiangmai at the Thailand border. These Ambassador men and women have certainly let their light shine in Thailand that people there have seen and warmed up enthusiastically from their good works.

In Hong Kong the newspaper headlines were filled with serious bad news and evil in that part of the world. The Thursday morning Bangkok newspaper headlines were filled with news in big front-page headlines, of serious drug smuggling from surrounding nations across the Thai borders, in order secretly to smuggle such drugs as opium and heroin out of Bangkok ports to other parts of the world.

When I talked with the king, he had a new worry. Some 10 years ago, when I first talked with him for about an hour and a half, he pleaded with me to help him. At that time his hill tribes, illiterate nomads, had forsaken raising vegetables and foodstuffs and turned to poppies for the opium traffic. Through the Ambassador International Cultural Foundation (AICF), we provided six portable schools to teach them, and educate them to drop poppy raising and go back to food. Last time I saw the king, six years ago, he told me we had wiped out 90 percent of the opium raising.

But on this visit he had a new

problem and worry. We had virtually wiped out the poppy raising of the Thai hill tribes. But now Communists and underground agents were smuggling in opium and heroin from neighboring countries, using Thailand as a means of getting these drugs smuggled out over the world. Even the United States government and the United Nations are seriously concerned, and threatening to use force to stop this drug traffic.

When we returned to the hotel in Chiangmai from visiting

the king, the evening newspapers were off the press, and my picture, landing at the airport, was prominently on the first page. My picture also appeared with a news story in the English-language Bangkok newspaper. At Chiangmai a supreme court justice and other officials of high rank were at either the airport or the hotel to welcome me.

Yesterday, Sabbath afternoon, I held a 1:30 p.m. service for Plain Truth subscribers in the ballroom of the Oriental Hotel. About 250 interested readers came, and I spoke for about an hour and 20 minutes. This, as well as the Hong Kong speech, was recorded for television by our own TV crew. Portions of these meetings will be seen on our own TV program within a few weeks.

As I proceed along, I am growing more and more bold in proclaiming the coming Kingdom of God, and Christ's return as the world's only hope. And I think people are more willing to listen to God's truth than they were seven to 10 years ago. As conditions worsen all over the world, Christ's message seems to strike a more responsive

I find it may even be possible to put The World Tomorrow on TV and/or radio in Bangkok. Truly we are becoming a WORLDWIDE Church! Satan's opposition will increase, but more and more people are becoming reachable.

As usual Madam Sunirat (See BANGKOK, page 3)

Two-day campaign in Manila attracts overflow attendance

Pedro Melendez is a preaching elder in the Manila, Philip-pines, North church.

By Pedro Melendez

MANILA, Philippines — Pastor General Herbert W. Armstrong conducted two campaigns during his visit here Jan. 31 through Feb.

The campaign took place at the Philippine International Convention Center (PICC) Feb. 6 and 7. This was the same hall used in Mr. Armstrong's campaign here in January, 1981.

An enthusiastic and responsive audience overflowed the 4,200-seat convention center during both meetings. An estimated 4,500 people heard Mr. Armstrong each afternoon. About half in the audience were Plain Truth readers. The rest were people who responded to campaign advertisements, or friends and relatives who went along with some 1,000 Church members.

Mr. Armstrong was introduced by Professor Marcos Herras, vice president of Adamson University here. Professor Herras introduced the pastor general as "a great religious leader" and "friend of the Fili-

pino people." On the first afternoon Mr. Armstrong began by saying how he liked being back in the Philippines because it is "a happy place — full of happy people with warm smiles and handshakes." He then remarked that the world as a whole is not a happy place. "People don't get along with others. Leaders in government can't solve problems," he said.

Mr. Armstrong went on to trace the root cause of all troubles and unhappiness to the origin of human civilization. He explained how the first parents chose the wrong tree — the tree symbolic of the knowledge of good and evil, which could only give self-acquired knowledge of physical, material things through the five senses. This, he said, could not give man the spiritual knowledge of how to get along with others and how to have a right relationship with the Creator.

Mr. Armstrong showed that mankind needed to partake of the other tree — the tree of life, which was also a tree of knowledge - symbolic of God's Holy Spirit, of revealed spiritual knowledge from God, handed down through His written Word, the Holy Bible. The Worldwide Church of God is the only church that believes the Bible, he said, and his is the only voice teaching God's truth.

In his second message at PICC the pastor general continued to explain how mankind could acquire the knowledge that would solve human troubles — by receiving God's Spirit through believing the Gospel, repenting and being baptized. Mr. Armstrong explained the

PEOPLE'S REPUBLIC OF CHINA

Danger of reopening 'German question'

PASADENA — "There is a new strain of conservative isolationism in the land. Its proponents, the direct descendants of those who advocated Fortress America in the 1930s and lamented our entry into World War II, would like to see us batten down our hatches and let Europe fend for itself."

So goes the lead editorial in the Jan. 20 issue of *The New Republic*, entitled "Our German Problem." It analyzed the growing mood among many people in the United States from the intellectuals to the man in the street - to turn America's back

Cynical view toward Europeans

The U.S. News & World Report (Feb. 1) ran an article "Where Are America's Allies?" detailing the reluctance on the part of Western European leaders to follow the U.S. lead in levying sanctions against the Soviet Union and the military gov-ernment of Poland in the aftermath of the Dec. 13 crackdown in

Poland. Far more interesting than the article was the reaction of readers to the article. Of the five letters printed two weeks later, four of them were extremely critical of the European countries. Here are excerpts from three of the letters to show the depth of feeling of the

"It seems the only time we have

allies in Europe is when they want us to shed our blood to save their necks or feed them to get their socialistic governments out of a hole. Who needs enemies when you have good allies like France, Germany, England and Italy?

I am certain that our ally France will always be there when she needs

"After being drawn into two European wars at the expense of American lives, money and natural resources, and rebuilding their economies, we seem to be unappre ciated and unwanted. Let us close our bases, return our troops and equipment to this country

Pull out U.S. troops?

The same issue of U.S. News & World Report contained a pro-con debate over the question, "Pull U.S. Troops Out of Europe?"

The "pro" interviewee responded that it was at least time to threaten the Europeans with a troop pullout to wake them up to doing more for their own defense.

To the question, "If we withdraw,

is there a danger of a nationalistic West Germany rearming, with no NATO control over use of its troops?", the answer:
"That is a disturbing possibility,

but very unlikely, since, if anything, West German political and social trends are in the opposite direc-

The "con" argument by former U.S. undersecretary of state, Robert Komer, was clear and direct: To pull U.S. troops out of Europe would be the height of folly. He

said:
"Western Europe is the greatest prize in the East-West struggle. It has the greatest concentration of economic, technological and indus-trial power on earth. Its gross is almost too obvious to state. If we allow Western Europe to fall under Soviet sway or even to be Finland-ized, the balance of power everywhere would irrevocably and fatally shift in favor of the Soviets.

"It would be economically, politically, and, perhaps most important, morally disastrous for the U.S. To abandon our allies because they are lagging is the ultimate act of shoot-

national product is greater than ours and far greater than Russia's. That economic strength, added to what Russia already has, would trans-form the Soviet Union into a super

superpower.. The idea of throwing the baby out with the bath water just to express our frustration or make some political point is simply crimi-

The folly of such thinking was also brought out by the editor of the New Republic article, quoted at the beginning of this column, who

"The foolishness of such a policy

ing oneself in the foot."

Forgotten reason behind NATO

Another expert, R.G. Livingston, former president of the German Marshall Fund, added his "two cents" to this growing controversy in an article he wrote for the Washington, [D.C.], Post. He put his finger on the real danger that would result from "pulling our boys back reopening the as-yet

unresolved "German question" in

the heart of Europe. He wrote:
"It is bizarre to be hearing calls to pull our troops out of Eu-rope ... brandishing our ultimate leverage may unhinge a good deal more than we imagine . . . "NATO was conceived to pro-

vide security not only against a Russia that is aggressive but also against a Germany that once was aggressive. Together with the European Economic Community, the alliance is a framework within which German talents and energies which German tatents and energies
turn to constructive and cooperative use." (Emphasis ours.)
West German sovereignty, noted
Mr. Livingston, is uniquely limited:

"Germany renounced having its "Germany renounced having its own army and placed the Bundeswehr under NATO — U.S. — command. It also foreswore production and ownership of atomic weapons.
The West Germans — all our NATO allies, in fact — exacted a corresponding price from us, of course. U.S. soldiers on the ground, and in sufficient numbers to make it inconceivable that we would ever sacrifice them.

"Start to remove U.S. troops and to degrade NATO, and we invite the Germans to consider nationalism, neutralism and collusion with Rus-

Just one more thing

By Dexter H. Faulkner

Positive action essential in determining success

Positive and negative far apart in their meanings and implications. The territory between them, however, is the arena where success or failure is determined, and where the happiness or misery of lives is decided

Success tends to favor those who march under the positive banner. They have trained themselves to think actively, What actions am I going to take?, instead of wondering passively, What will happen to me next? As Christians, we are promised our reward will be according to our works — our positive actions and deeds.

All of the progress of civilization as with all individual progress has come from positive, construc-tive thinking. Bible and secular histry abound with the deeds of men and women who said, "I can." It is silent concerning those who sat back and said, "I can't." Positive people believe it is better to fail than not to try at all.

Enthusiasm

Benjamin Disraeli (British prime minister 1868; 1874 to 1880) once noted that "every product of genius is a product of enthusiasm." Enthu-siasm — a key element in being positive — is a necessary ingredient in living our lives successfully. Great works are often performed not so much by strength as by enthusiastic perseverance. Remember the example of Joshua and the walls of Jericho (Joshua 6:1-21). Positive enthu siasm generated by faith in action!

Know your objective

To think positively, one must be goal oriented. Life is drab and

ngless without well-defined goals. If life is viewed as a torrent of events without form or purpose, has nothing to hope or to work for, and negativism is the result.

We must set the right goals in

life, of course, to reach those high standards. We must continually emphasize what is important and essential, "But seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you" (Matthew 6:33).

The desire to achieve success should be positive, purposeful, ener-getic and creative. But you must keep your eye on where you want to

Making decisions

Thinking positively also affects making proper decisions. A Chris-tian may go through his allotted span seldom confronted by large life-or-death questions, the deci-sions of which would determine the course of his future. But everyone is required to decide smaller matters daily. And one's overall approach whether positive or negative — plays a big part in how decisions are

When you come to a fork in the road, you have several options: sit down, step out on one of the diverging paths, or turn around and go back home. The positive thing to do, however, is to actively seek the facts
to find out enough about each option so that you will be in a posi-tion to reach a reasonable decisior. As the saying goes: "People who

hesitate between being positive or negative are in an unfortunate position. By remaining in the middle of the road they incur the danger of being run over by both lanes of traffic instead of only one.

The Christian who wishes to make decisions — physical or spiritual — with confidence, needs to keep in mind that skills in decision making are developed through positive practice, through relating new-ly learned information with facts and principles already known. This is why daily Bible study is so important in Christian growth.

If we always sit on the fence, not

positively committing ourselves or making a firm decision, we live an unrewarding life. Doing nothing has its consequences just as surely as doing something.

Constructive attitude

A constructive attitude is also needed to think positively. Bright ideas and good works don't arise out of fault-finding minds. Too many times we hear, "We can't change the world." That may be true, but we on't have to give in and join the deteriorating elements in it.

Thinking positively doesn't mean rushing in where "angels fear to tread," however, expecting everything good to happen immediately.
A lot could be said here about patience. Remember Job's exam-

The positive Christian not only senses when something is wrong, but has the patience and fortitude to find the best answer to the problem or perhaps just a good answer and put it into effect. Define the situation, then positively apply known principles and methods. Don't look for contradictions where

Fear and frustration

One of life's great triumphs comes from being able to meet fear and frustration positively. We can expect our full quota of frustrations. They are a part of daily living. Mak-ing a mistake is part of the learning process, and everyone is wrong some of the time.

Being positive means shifting your thoughts from things that are against you and focusing them on the vast Power that is for you. And after ...aking up your mind to do something positive, spare no pains do it thoroughly and well. It's the positive use we make of our capabili ties that determines the success of

'Fine example of loyalty'

Church pastor's wife dies

PASADENA - Ethyl Penn Washington, 56, wife of Abner Washington, pastor of the Los Angeles, Calif., church, died of cancer Jan. 13. Services were conducted at Mountain View Cemetery in Altadena, Calif., by Stan Bass, regional director of God's Work in

the Caribbean.

Mrs. Washington graduated from Prairie View University in Prairie View, Tex. She married Mr. Washington Nov. 16, 1946, Eighteen years later she was baptized. She served with Mr. Washington in New York City, Philadelphia, Pa., Atlanta, Ga., Accra and Kumasi, Ghana, and Los Angeles.

"Mrs. Washington served as the silent half of Mr. Washington's ministry," said Joseph Tkach, director of Ministerial Services in Pasadena. "She set a fine example of

loyalty and support."

An elementary school teacher by profession, Mrs. Washington taught part-time in New York and Georgia. While living in Ghana in 1976 and 1977, she enjoyed sewing and gardening, said Mary Wesley, a longtime friend, who attends the Trenton, N.J., church.

'She often wrote me letters from Ghana about how high prices were and how rugged traveling was," noted Mrs. Wesley. "The Washingtons didn't have a car for some time and had to travel by foot when they couldn't get a cab. Mrs. Washington

surely enjoyed Ghana though."

Survivors include her husband:

two sons, Ronald, a minister in St. Louis, Mo., and Darryl of Pasadena

Letters TO THE EDITOR

Please know that the efforts of your staff and yourself do help us here in these far-flung antipodes, God's Church in

Cameroon.

The Church of God here has no minister to faithfully feed her every passing day. No Spokesman Club. No YOU activities. No Young Ambassador films. No HWA broadcasts. No official recognitions of the control nition by the government. Sometimes even no frequent contact with brethren since members are scattered all over the

So in these circumstances, you can guess the degree of anticipation with which I wait for my copy of WN or GN. Richard R. Mandeng Ndikinemeki, Cameroon

Church finances grow in 1981, reserves build, says treasurer

By Leroy Neff PASADENA — Eacl PASADENA — Each month I have been writing a brief article for the Pastor General's Report about the business and financial picture of the Church in the United States. Since the records for 1981 have now been compiled for both the U.S. and international offices, we have pre-pared a report for the Church mem-bership worldwide.

In the United States we ended

1981 with a 17.4 percent increase in income over 1980. This increase, though healthy, is not nearly as great as the Work was blessed with in the early years. But, it is a good increase that we should appreciate and thank God for. The cost-ofliving increase for the year is now estimated at 9 percent; therefore, the net increase is about 8.4 percent in purchasing power.

It is still necessary to use great care in how the funds are used, so that we might continue in a sound financial condition. Our bank

reserves at the end of the year were substantial and adequate and much improved over a year ago. Many new radio and television stations were added, and the Plain Truth circula-tion increased above four million worldwide for the first time ever.

Leroy Neff is the treasurer of the Worldwide Church of God

The 1981 audit team from Arthur Andersen & Co. has been working for some weeks now doing preliminary work for the U.S. audit. They gave the standard unqualified opinion in their 1980 audit, which was produced some months ago. may be interested to know that our major offices are audited by local auditing firms; a few of the

small ones are not yet audited.

The 1982 budgets were submitted to Pastor General Herbert W. Armstrong and approved in Decem-ber. With this approval, we have a balanced budget with a projected increase to reserves. The budget provides for approximately a 40 per cent increase in media and immedi ate support areas, while most other budgets were set near a 10 percent

The financial office has prepared income and expenditure figures for the last two years worldwide, which are presented here for your inspec-tion. This is the first time such combined figures have ever been pre-pared and published. The figures were compiled from United States and international office reports, and the expense figures reflect the format Mr. Armstrong presented in March concerning the organization of the Work.

These figures are unaudited for

two reasons. One, the 1981 audit which is in process, will not be com-pleted for several months. Two, in order for such combined figures to be "audited." it would be necessary for one auditing firm to audit all offices. As it is, there are many dif-ferent auditing firms around the world who audit our records.

We hope that you are urgently praying that God will bless His Church with greater increases so that we can continue to expand even more rapidly in sending His message to the world.

U.S. television increases 96 percent

Work expands media coverage

David Hulme is media liaison

By David Hulme

PASADENA — Aug. 1, 1981, marked the beginning of new media relations for God's Church, when Pastor General Herbert W. Armrastor General referent w. Arm-strong appointed the advertising agency Batten, Barton. Durstine & Osborne (BBDO) to help handle Church accounts. BBDO assumed

responsibility for placing new World Tomorrow radio and television pro-graming in the United States and

me overseas areas. Throughout the remainder of 1981, the relationship between God's Church and BBDO proved to be successful, with a 96 percent increase in United States television coverage within six months.

Having concentrated on expansion of *The World Tomorrow* telecast in 1981, BBDO plans to empha-

Following the ordination service Mr. Armstrong spoke powerfully for one hour to the entire Filipino ministry and their wives, 76 per-

sons. He also approved sending two ministers and their families to Ambassador College for a year's

size The World Tomorrow radio broadcast in 1982.

Headquartered in New York

City, BBDO is the fourth largest U.S. advertising agency, and sixth largest in the world, with offices and affiliates in most countries worldwide. They now handle advertising and media placement for God's Church in Canada, Australia, New Zealand, Belgium (Radio and Tele-vision Luxembourg), Spain, Ecua-dor and most of the Caribbean, as well as the United States.

Print advertising also expanded under Mr. Armstrong's direction in 1981. In many countries, electronic media are government controlled and closed to the Work. Therefore, newspapers and magazines become the main vehicles for delivering Christ's Gospel message. This effort will continue through 1982.

Manila

THAI CUSTOM - Pictured above are Aaron Dean, Herbert W. Armstrong's personal aide; Mr. Armstrong; and the Abbot PhraThepsopon of the Wat Thai (Thai Temple) of Los Angeles, Calif. In traditional Thai

custom, the abbot presented Mr. Armstrong and Mr. Dean with Thai formal shirts patterned after King Bhumibol's design.

He also asserted that the Worldwide Church of God is the only true Church, which is preparing itself to help Jesus Christ rule this world and teach people true spiritual knowl-

edge.
Mr. Armstrong wondered if many in the audience would believe his message. "Jesus Christ spoke at one time to a crowd of people about the same size as you here tonight, and only 120 believed," he said.

He pointed out Matthew 24:14, where it says that the Gospel of the Kingdom would be preached in all the world and then the end of this age would come. "You are witness-ing the fulfillment of this prophecy right before your eyes tonight," Mr. Armstrong proclaimed.

He remarked that he was now in his 90th year and that this may be his last time to come to Manila to preach a similar message. He chal-lenged the audience to think seriously about his message and to change the way they lived.

At the end of Mr. Armstrong's message regional director Guy

Ames of the Manila Office of God's Work announced that Mr. Arm-strong's books *Tomorrow* — What It Will Be Like and The Incredible Human Potential and the booklet The Seven Laws of Success were available for distribution in the lob-

through her that God first opened the door to meet the

king. I hosted a dinner in her honor on Thursday evening, and

she hosted me and our party at

dinner last evening. Along with

the Buddhist abbot, she met us

at the plane on arrival and saw us

off at the plane.

He also advertised The Plain Truth and Youth 82 and gave the Church's mailing and office address and telephone numbers. Already 5,000 new requests for The Plain Truth magazine have been received.

Mr. Armstrong arrived in Ma-nila, Sunday, Jan. 31, on the Work's G-II aircraft from Bangkok, Thai-land, where he had conducted a successful Bible study with Plain Truth

His other activities in Manila included a luncheon meeting of Manila's Rotary Club of University District, at the Manila Hilton. About 100 club members heard a powerful message about the trou-bled state of the world today and how it will be solved.

"If there were peace in the world.
I wouldn't need to be an ambassador. for peace, but we have no peace. We have nothing but troubles . . . we're all asleep — supposing everybody is so kind and so good that they won't use the nuclear weapons and other weapons that have been invented that can blast all humanity off the face of this planet. You need to remember that no weapon of destruction has been invented that man hasn't used," warned Mr.

Armstrong. Feb. 3 Mr. Armstrong was the guest of honor and speaker at a testimonial dinner sponsored by the Mabuhay Ang Filipino Movement (a national organization integrating all civic organizations) in the Ma-nila hotel. The other speaker that evening was Justice Porfirio Sison of the court of appeals. He intro-duced Mr. Armstrong as "a voice that brings back men to God," and "the answer to our prayers for the arrival of a spiritual leader who thinks of the welfare of his fellowmen and not just his own church."

Giving a similar message on why problems exist today and how they will end, Mr. Armstrong exhorted the 700 leading men and women gathered there to follow the way of giving, sharing, cooperation and ser-vice instead of getting, competition vanity and violence.

Feb 5 Mr Armstrong ordained six elders. Guy Ames was raised in rank to pastor, Pedro Melendez to preaching elder and Jeremiah Orti-guero, Felipe Casing, Bernardo Rosario, David Oloya to local elder.

Church attendance grows

Joseph Tkach Sr. is director of Ministerial Services in Pasa-

By Joseph Tkach Sr.

PASADENA — The year 1981 was truly a year of growth in the churches worldwide, both in numbers and spiritual development. In the United States there were 2,546 baptisms, 20 new churches, 64 ministers ordained and a 17.5 percent increase in Bible study attendance.

An attendance record was set at Bible study in Pasadena, averaging more than 1,200 a week for the whole year. There seems to be renewed zeal for accomplishment. The headquarters' church is growing steadily in every way. God is blessing the Church with strong, loyal, dedicated laborers. In the international areas, the

results are similar. Last year pro-duced 1,361 baptisms, 20 new churches and 21 ordinations.

Truly, the harvest is plenteous and the laborers are few. But God is granting continued steady growth.

269 teens gather for 27 days at first-ever SEP in Australia

By John Curry LAKE MOOGERAH, Australia — The first-ever Summer Edu-cational Program (SEP) in Austra-lia took place here Dec. 23, 1981, to Jan. 18, 1982. Two hundred sixty-eight teens from all over Australia and one from Malaysia attended the camp at Lake Moogerah, a two-hour drive from the regional office at

Burleigh Heads.
Planning for the camp began in May, 1981, when Pastor General Herbert W. Armstrong approved the purchase of the Lake Moogerah property during his trip to Austra-

Camp director David Noller, a preaching elder in the Brisbane North and Caboolture churches, described the camp as a "tremen-dous pioneering effort." Church members from surrounding areas donated their time to help clear and develop the property. Most of the Australian Office staff spent their annual vacation time instructing in activities from horseback riding and leathercraft to waterskiing and

Four Ambassador College stu-dents with previous experience from SEP in Orr, Minn., were sent from the Pasadena campus to help with the camp. Juniors Karen Jer-makowicz, Susan Sutter and Greg

John Curry, a former World-wide News staff member, is employed by the Australian

Williams and sophomore Bertha Brandon assisted as counselors and instructors

Russell Duke, pastor of the Kansas City, Mo., East church, taught waterskiing, and David Rothwell from the Youth Opportunities United Office in Pasadena taught rock climb-

ing.

Local church areas raised funds to send their teens to camp. As a result, most teens in Western Australia were able to travel 3,000 miles to Camp Moogerah.

Campers were enthusiastic in their praise for the camp. Helena Klassek of Tasmania said, "It

helped me prove to myself that keeping God's laws can be fun."

On Sunday night, Jan. 17, a talent show took place featuring comedy and singing acts by the campers. Awards were presented for excellence in various sports and activities. Mr. Noller summed up the success of the camp by saying, "God obviously blessed our efforts, and we need to give credit to both camp ers and staff in making the camp

SEP ACTIVITIES — Clockwise from top: A water-skier rises up on Queensland's Lake Moogerah; Western Australia campers who traveled 3,000 miles to attend SEP pause for a group shot at the Work's Burleigh Heads Australia campers with traveled close of the control of the contro campers follow a square-dance routine; and campers prepare for hike and overnight camp-out. Sunny 'Sacred Island' site serves as SEP camp in New Zealand

By David Wong

AUCKLAND, New Zealand— Motutapu Island (Polynesian for "Sacred Island") was the 1981-82 Summer Educational Program (SEP) site for 95 teens and 40 staff members from throughout New Zealand, Fiji and Tonga for the largest SEP ever held in this coun-

Sunny days and occasional evening showers on the coastal site Dec. 22 to Jan. 5 proved ideal for challenging land activities under the direction of Don Engle, pastor of the Hamilton, Rotorua and Tauranga, New Zea-land, churches. Campers aged 12 to 18 took part in archery, bushcraft, rappeling, rock climbing, orienteering, a confidence course, ballroom

Colin Mason-Riseborough, a minister in the Hastings, New Zea-land, church, supervised water sports: swimming, canoeing, sailing and waterskiing.

David Wong attends the Auckland, New Zealand, church.

Teens and counselors got up at 6 a.m. every morning but on the Sab-bath for a run, swim and Bible study before the kitchen staff served breakfast. After the day's full

schedule, campers retired at 9:30. Sabbaths brought relaxing 10 a.m. brunches before campers attended services, led songs, played Bible bowls and enjoyed singalongs. Camp ended with Bible bowl finals, a dance, dorm skits and presentation of the dorm-of-the-camp and camper-of-the-year awards.

New Zealand regional director and SEP coordinator Peter Nathan stressed the educational aspect of the camp to those who attended. The camp was aimed, not only to teach campers skills, but help them learn the standards of dress, language, behavior and attitudes pleas ing to God.

The camp's resident teacher and the overall camp director, both non-members, said they were impressed by the campers' and staff's standard of organization, cleanliness, care of equipment and willingness to contribute to improving their camp. They said they look forward to more SEP campers next year

NEW ZEALAND — Clockwise from upper left: Two campers take aim with taut bows; winds catch a sailboat; a camper rappels safely down a cliff; instructor Neil Collier, right, and camper Caroline Duaibe steady a camper's kayak; time for a smile between paddle strokes; and Rimu, Dorm I, members sorting vegetables.

AMBASSADOR ACTIVITIES

STUDENTS SPEND SABBATH IN COLORADO

Forty Ambassador College students from Pasadena and 45 students from Big Sandy spent part of their college winter break (Jan. 3 to 10) on a ski trip to Keystone ski resort in Dillon, Colo.

After three days of skiing and fellowship with old friends and new, the students headed back to the two campuses Jan. 8

to the two campuses Jan. 8. The Pasadena students stopped off in Grand Junction, Colo., for the Sabbath. Friday afternoon, the students were greeted by Ron Miller, pastor of the Grand Junction and Meeker, Colo., churches, and several other Church members who provided housing for the night.

Activities on the Sabbath began with a slide show about Ambassador College, presented by Randy Duke, student body president. A Bible study by Larry Salyer, pastor of the Pasadena Auditorium A.M. church, followed.

Students were then treated to a potluck lunch prepared by the brethren. After the meal all participated in a sing-along of Church hymns. A few of the

Ambassador men led songs.
Sabbath services began that afternoon with a sermonette by Mr. Duke. For special music the 23rd Psalm was sung by all 40 Ambassador students. Mr. Salyer gave the sermon.

A few tears and a lot of hugs and thank yous Saturday evening, Jan. 9, accompanied the students' good-byes to their hosts before the 17-hour trip back to Pasadena. Many students felt that the overnight stay and special Sabbath with the Grand Junction church was one of the most memorable and rewarding aspects of the trip. Ronda Kelly.

STUDENTS ATTEND AUSTRALIAN SEP

Four Pasadena Ambassador College students were chosen to attend the first Australian Summer Educational Program (SEP) Jan. 3 to 16.

Three juniors, Susie Sutter, Karen Jermakowicz and Greg Williams, and sophomore Bertha Brandon, left Pasadena Dec. 28. After a 15-hour flight and a two-hour layover in Honolulu, Hawaii, they arrived in Australia Dec. 30. For the next few days they toured parts of Australia.

Miss Sutter and Miss Brandon were counselors, Miss Jermakowicz instructed in waterskiing and dance, and Mr. Williams in archery.

The unity of the Australian Youth Opportunities United (YOU) program is noticeable, said Miss Jermakowicz, During some bad weather the campers, counselors and instructors pulled together to help each other.

All four students agreed the format of the camp there was about the same as at Orr, Minn. with some exceptions. Classes such as horseback riding, bow hunting, hiking and leathercraft were offered. Also, ministers and their wives were counselors.

Miss Sutter said the camp was split into two groups: juniors, ages 13 to 16, and seniors, ages 17 to 19. "The comment 'God's people

"The comment 'God's people all over the world are the same, has more meaning now," said Mr. Williams. "I saw it firsthand."

firsthand."
Miss Jermakowicz said she came home "with a new perspective of what responsibility is." She added, "We shared with them about America and Americans, and they tauoth us about Australia."

Bruce McNair and Tim Grauel, Ambassador College students serving as ministerial trainees in Australia, also were counselors. They will return to Pasadena in May.

Russell Duke, pastor of the Kansas City, Mo., East church, taught waterskiing, and Dave Rothwell of the YOU Office in Pasadena taught rock climbing. Edie Weaner.

STUDENTS WORK IN MAIL PROCESSING

Three Pasadena
Ambassador students joined
five others Jan. 11 in the spring
semester Mail Processing
Center (MPC) program at the
center here.

Nolan Boyd, a senior from Dallas, Tex., Mike Cain, a junior from Pasadena, and Phil Hopwood, a junior from Tasmania, will receive "concentrated training in the basic operation of the work," said Richard Rice, MPC director

The MPC program provides practical, on-the-job training dealing with human situations, adding another dimension to the Ambassador student's experience. The programbegan in January of last year.

Clarence Huse, head of the Personal Correspondence Department and coordinator of the program under Mr. Rice, said all the students receive training in telephone response, mail reading, terminal operation, the postal center and personal correspondence, all departments of MPC. They are paid for their work, he added.

Each student works between

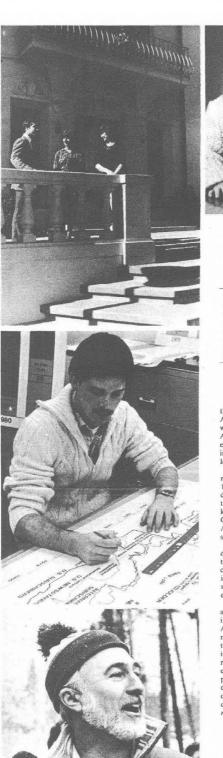

15 and 20 hours a week, combining his training with actual involvement in whichever area he is learning.

The three men replace three students from the fall program, two of whom are now assisting church pastors. The third was unable to continue during the spring semester because of schedule conflicts.

Others in the program are Greg Gaetzman, Alan Olson, Karl Reinagel, Mike Wallace and Eric Warren. Richard A. Sadliacik

Life at Ambassa

The following articles were written by members of WN managing editor Dexter Faulkner's magazine production class at Ambassador College in Pasadena, and by Tom Delamater, editor of the Ambassador Portfolio in Big Sandy.

INTERNATIONAL FLAVOR AT AMBASSADOR

PASADENA—Travel broadens the mind, it's often said. But at Ambassador College in Pasadena, where one in five students is a non-American, students and faculty can experience cultures from far-reaching corners of the world without leaving the country.

More than 20 countries and nationalities are represented in the 1981-82 student body, providing a different flavor and atmosphere on the campus. For example, do you know the Nigerian viewpoint on the Camp David peace process? Or how Australians usually entertain themselves?

selves?

As a natural part of the Ambassador College experience, the international students help their American
counterparts (as well as other
international students) understand the cultural richness on this
earth.

Often, international students arrive at formal eampus social events in their national costumes. At Ambassador and Women's Club meetings, students hear firsthand the problems and pleasures of living in other parts of the world. Classroom discussions often reveal interesting applications of God's laws by people living in other lands, and students learn to appreciate the freedoms granted in the land where God chose to establish His colleges. Jeremy Rapson.

AMBASSADOR COLLEGE DORM LIFE

PASADENA — Dorm life. To

students outside Ambassador College, this often means blaring stereos, loud parties, concrete walls with graffiti scrawled all over, one ill-equipped bathroom for 30 people and other nuisances.

But at Ambassador, dormitory life is different. Imagine living in a converted mansion overlooking the Ambassador Auditorium and its spacious mall. Instead of barren, hotel-style buildings with long halls and cell-like rooms, Ambassador students spend their academic lives in spacious living quarters with homelike atmospheres.

A sense of quality is omnipresent throughout campus dormitories. Many dorms have crystal chandeliers, winding staircases and oil paintings to help students think about and enjoy the fine things God has made available.

Hive in the Terrace Villa dormitory, one of the largest women's dorms, with 27 other coeds. In this one building, we have one big "family" with representatives from three countries and 14 states.

Have you ever tried to explain the meaning of American slang, for example, "pig-out," to an international student, or struggled to keep a straight face while another student (whose native language is not English) mistakenly sprays her hair with deodorant instead of hair spray?

Often, important lessons in culture, geography and history are learned when an international student shares her photo album with the dorm.

A common sight on any student's deskisa calendar—more than likely crammed with important dates, goals and Bible verses. Other personal knickhacks are arranged all over the desk—revealing much about interests, hopes and dreams. Personal notes, photos and mementos provide a running history of the student.

Dormmates learn to work and live together through varied activities. Through the guidance of a student residence assistant (who works with the college administration), Terrace Villa has picnics, pizza parties, beach cookouts, Bible studies by faculty members with men's dorms, and trips to nearby amusement parks. Other dorms go on weckend camping trips with faculty chaperons. Imagine Sabbath services under a crystal blue sky in California's High Sierra Mountains, breathing crisp, pine-scented air while listening to a minister speak about God's creation.

Growing closer and developing character positively—that's a mainstay of Ambassador College dorm life. Wilma Niekamp.

STUDENT LIFE IN BIGSANDY

BIG SANDY — In the fall of 1981, 192 students arrived on the Big Sandy campus of Ambassador College to assist with what Chancelor Herbert W. Armstrong called "a new beginning" — the reopening of the school here as a two-year, junior called the second of the school here as a two-year, junior called the second of the school here as a two-year, junior called the second of the school here as a two-year.

college.

For the students, it has been a challenging school year, full of opportunities and excitement.

opportunities and excitement.
"A much larger percentage of the students have responsibilities in planning student activities," said Dean of Students Ronald Kelly. "Leadership-type opportunities are thrust upon them at an earlier stage than in many colleges."

One advantage is the school's rela-

One advantage is the school's relatively small enrollment. Most students feel a real sense of camaraderie here.

"All the students know each other well," said freshman Kerrie Miles, 20, of Seattle, Wash. "We're like one big family."

Students can get to know faculty members on a personal basis. Student Body President Mark Mounts, a 20-year-old sophomore from Hutchinson, Kan, said the closeness that has developed between the students and the faculty "has made the students realize that the faculty members really care and are con-

cerned about the students' and education."

The students' relationsl the Big Sandy church is im according to Donald Ward, ic dean and pastor of the Bi and Tyler, Tex., congre After the college was closed a lot of emphasis was place ministry here on renewing the Work among the local membership.

Mr. Jones admits, however, that he does a lot more walking now that he lives in Booth City, which is on the far east end of the campus, more removed from the center of the campus than are the dorms.

"The thing is," laughs Mr. Jones, now I need a backpack instead of a briefcase." Tom Delamater.

ON-CAMPUS EMPLOYMENT

PASADENA - While learning about God's way of life academically and socially at Ambassador College, students also apply what they learn through on-campus employment.

Students learn to give of them-selves in varied ways: ushering at con-certs in the Ambassador Auditorium; landscaping the grounds under the direction of the Landscape Department; answering telephones for the Work's Wide Area Telephone Service (WATS) lines; tutoring students at Imperial Schools.

On campus, grass and dichondra (a ground cover) must be mowed, weeds pulled, carpets vacuumed, trash dumped, papers typed. Students do their part in keeping the campus a well-polished jewel—contributing to the high standards set by Chancellor Herbert W. Armstrong. Students also learn to give

through the volunteer program, Outreach. Ambassador men and women visit the elderly and shutins, sponsor entertainment projects and tutor preteens and handicapped children. Students remark that they receive more even as they try to give as much of themselves as possible such is the way of life taught and lived at Ambassador. Alvin

PHOTOGRAPHS RECALL AMBASSADOR LIFE

PASADENA - As I sat down to

study, I glanced at the photographs arranged on my desk and reflected a bit. What a great summer last year!

I was one of 26 students selected for the archaeological excavation project in Jerusalem. Just looking at the picture of students digging in the City of David brought back memories of the blazing, hot air. I hadn't realized before how hot a morning could be.

I smiled as my eyes moved to another photo — me posing with an Israeli soldier at the Knesset — Israel's parliament. His automatic rifle was right between us.

Then there's the photograph I shot of the Ambassador College group after our last day of digging. While I was trying to get everyone to pose, other diggers had climbed up behind the group and doused everyone with water balloons.

Remembering my experience at the dig made me realize once again how different life at Ambassador College is when compared to other universities. After attending another college for a year, I remember coming to Ambassador and being surprised to see how the Bible does form the basis for all education and how clear everything becomes when knowledge is based on an understanding of God's Word.

I remember, too, my initial amazement when we opened Bible classes with prayer. Never would I have thought of such a thing at my previous college.

Many other aspects of Ambassa-

dor College life seem commonplace now, but were new and different when I first came. At my former college it was a struggle to keep the Sab-bath. Here the dormitories rotate preparing and serving meals to the student body on the Sabbath. Break-fast on the Sabbath is always followed by a group of students singing hymns and enjoying happy fellow-ship. Always honored, the Sabbath is a special day at Ambassador.

One of the most striking differ-

ences between Ambassador and other colleges is the unity and sense of direction the students have. Men

and women from all walks of life, from all parts of the world, assemble at Ambassador, but all focus on the same common goal — learning how to live God's way of life.

College life at Ambassador is not a world of intense academic competi-tion or looking for good times, but a positive environment for character growth and development. Sylvia

STUDENTS PARTICIPATE IN FIELD DAY

PASADENA -The student center filled with the hum of excited voices. Today was the annual college field day and we would soon file into the yellow buses lined up outside. On field day, each student visits

culturally significant institutions and other interesting and educational sites around Los Angeles, Calif. My date Peggy and I signed up to visit the Los Angeles City Hall and the Los Angeles Zoo. Activities included ishing, hiking, softball, a sing-along and swimming. The girls learned to cook over an open fireplace and enjoyed all aspects of camping. Bruce Dean.

Nine boys from the ROCKHAMP-TON, Australia, church joined pastor Bruce Dean and local elder John De Mey Bruce Dean and local cluer John De Mey for a two-day hike Dec. 28 and 29. The boys, 6- to 12-years old, went to the Blackdown Tablelands and were met by the park ranger, who took them on a three-hour hike down into a gorge. After an overnight camp in the gorge and a long trek out again, the boys finished the challenging two days. Bruce Dean.

The SASKATOON, Sask., church sponsored a districe family weekend Dec. 5 and 6 for brethren from Saskatchewan Sabbath service attendance was ore than 450. Terry Roth, pastor of the ince Albert and Tisdale churches, gave the sermon on problems facing teenagers today. Dennis Lawrence, teenagers today. Dennis Lawrence, Yorkton pastor, gave the sermonette on our potential responsibilities. After a potluck, the brethren viewed films, played volleyball or floor hockey or entered a challenge relay. A sock hop capped off the evening. The next morn-ing, a brunch was followed by a slide show of past church activities presented by Bruce Ecker and narrated by Jerry. show of past church activities presented by Bruce Ecker and narrated by Jerry Lucky. Many of the YOU, younger children and parents later participated in a Bible bowl. Questions were asked by pastor Maurice Yurkiw and Douglas Johnson, Regina pastor. Harvey F. Tamke.

The TAMPA, Fla., YOU enjoyed a camp-out Dec. 19 and 20. Saturday night the YOU coordinator's handbook was reviewed. After a wiener roast, a college bowl of general knowledge took place. Sunday, the youths participated in football and skeet shooting. Bill Encino-

The TRAIL, B.C., YOU group enjoyed its first activity of the year Jan. 3. The teens started the day by loading two pickup trucks with firewood at the two pickup trucks with frewood at the home of lan Fraser. They delivered the wood to Clarissa Morris, who gave a toboggan party and cookout. Mrs. Mor-ris gave the YOU members and their parents a hayride in a horse-drawn bugparents a hayride in a horse-drawn bug-gy to the toboggan slope. Lunch con-sisted of hot dogs, hamburgers and marshmallows cooked on a crackling bonfire. Some of the younger children took turns riding a toboggan hitched to Mr. Fraser's snowmobile. At sunset, the group packed up and took the hayride back to Mrs. Morris' ranch. Then on to the home of nester Dow Marss, where back to Mrs. Morris' ranch. Then on to the home of pastor Don Mears, where the youths and their parents enjoyed hot chocolate and popcorn while they partic-ipated in a Bible study and discussion on dating. Carol Pinette.

gating. Carol Pinette.
YOU members from Winnineg,
Morden and Brandon, Man., and Williams, Minn., combined for a YOU
weekend in WINNIPEG Jan. 2 and 3.
Royston Page conducted a Bible bowl
Sabbath morning. After lunch, Mr. Page
and Richard Wilkinson took the Sabbath services. The evenine activity wee. and Richard Wilkinson took the Sab-bath services. The evening activity was a dance. Sunday, John Stryker and Alvin Nordstrom conducted lectures. Follow-ing lunch, the YOU members met at Roxy Lanes to bowl. Doug Aime.

NEWS OF PEOPLE, PLACES & EVENTS IN THE WORLDWIDE CHURCH OF GOD

PASADENA — Mailing of Pas-tor General Herbert W. Arm-strong's semiannual letter in Span-ish brought a "tremendous re-sponse," according to Keith Speaks

of the Spanish Department here. This was the first time that one of Mr. Armstrong's semiannual letters had been sent to the Spanish-speak-ing areas, said Mr. Speaks. Previously, the cost of such a mailing was prohibitive, but by using several more economical methods the mailing was possible. Costs were reduced 80 percent.

Responses are arriving at a rate of 80 to 100 a day from the United States, a response rate of about 24

Mr. Speaks estimates the response from areas outside the United States will be well over 30

By Jeff Zhorne
PASADENA — Reports from around the nation showed that January was one of the coldest months

ever. Despite power shortages, frozen water pipes, hazardous driving condi-tions and 10-foot (300 centimeters)

snowdrifts, brethren have been spared major disaster during wind,

snow and ice storms and record-set-

causing Sabbath services to be can-

Winter storms struck Europe

Ministerial Services here re-

ceived reports from some areas of wind-chill factors up to minus 120

degrees Fahrenheit (minus 84 degrees Celsius). Church atten-

dance nationwide dropped because of adverse weather conditions. "Many brethren are getting cab-

in fever because they've been indoors so long," remarked Keith Thomas, pastor of the Waterloo and

Mason City, Iowa, churches.
As of Jan. 26, Mr. Thomas said

that temperatures were above freez-ing only one day this year. Sabbath services in Waterloo were canceled

Dave Fiedler, pastor of the Appleton and Wausau, Wis., churches, said he canceled Sabbatia

services three weeks in a row in Wausau. "Up to this year, we've had

ting subzero temperatures

celed in some areas.

Jan. 16 and 23.

percent. Response from Costa Rica

40 percent.

Part of the reason for the high response may be that Spanish-speaking members and co-workers have not previously received Mr. Armstrong's semiannual letters.
Mr. Armstrong is held in high
regard for his knowledge, understanding and wisdom, he said. This has previously influenced the response to Mr. Armstrong's "Per-sonal" column in the Spanish *Plain* Truth, La Pura Verdad.

PASADENA — Ministerial Services here reported the following ordinations:

Thomas H. Grede of the West Bend, Wis., church was ordained a local church elder Sept. 29, 1981, by Carl McNair and Felix Heimberg.

Eugene Dumas, a deacon in the Chicago, Ill., South congregation, was raised in rank to local church elder by evangelist Harold Jackson and Allan Barr, pastor of the South church, Jan. 2.

Mike E. Walker of the Lawton,

Okla.. church was ordained a local

church elder by David Carley Jan. 9. Walker served the Lawton church as a deacon.

Evangelist Leon Walker ordained Reginald V. Killingley a local elder in the employ of the Work Jan. 16 to serve the Spanish congregation here. Mr. Killingley was a minLincoln Jailal, a ministerial train-ee in the Pasadena Imperial church, was ordained a local elder Jan. 16 by pastor Selmer Hegvold and Stan Bass, regional director in the Carib-bean. Mr. Jailal now assists Mr. Bass in Puerto Rico.

lon was added to The World Tomor-

row radio log. It can be heard from the Middle East to Singapore and

Malaysia. This past year also saw the addition of two full-time minis-ters to the area. Colin Kelly trans-

ferred from Australia to Singapore, and Mohan Jayasekera was hired full-time in Sri Lanka. Mr. Jayase-

kera's responsibilities include southern India, working with

Spaulding Kulasingam in this vast

and populous country."

Church attendance, 4,442, out-

lying Bible study attendance, 72, total, 4,514; Plain Truth circulation,

isterial trainee

PASADENA — Much hap-pened last year in God's Work around the world. The regional directors have filed encouraging reports of accelerating activities. In the next few issues, I'd like to share these with you.

Bob Morton is the regional direc-tor for Australia and Asia serving at the Work's office in Burleigh Heads, Australia

"The highpoint of God's Work in Australia in 1981 was the visit by Pastor General Herbert W. Armstrong in May. Mr. Armstrong spoke to combined congregations in Sydney, Brisbane and Melbourne and conducted a two-day ministerial

conference in Sydney.
"Regional director Robert Morton traveled throughout the year to visit the Australian churches. He spoke to every congregation in the major church areas at least twice, and to most of the smaller churches at least once. In addition, Mr. Morton traveled to the Asian area of God's Work, administered from Australia, visiting Singapore, Ma-laysia, India, Sri Lanka and Hong

"The media was an area of excit-ing growth in 1981. Mr. Armstrong's full-page advertisements appeared in major Australian news-papers, and Mr. Armstrong appeared on Australian television for the first time on The World Tomorrow broadcast. The radio broadcast was also reintroduced after a lapse of several years. The World Tomorrow is now aired on 29 radio and 29 television stations throughout the country.

"In January a Plain Truth pro-gram began with 15,000 copies of the magazine being distributed. By October the newsstand circulation reached 150,000, a 1,000 percent increase. Today, The Plain Truth has the ninth largest magazine circulation in Australia, ahead of Time and Newsweek combined. This year the printing of the magazine was transferred from Singapore to Syd-ney, which has meant an earlier delivery of *The Plain Truth* to read-

ers.
"On the financial side, income showed a healthy increase of 21.5 percent over 1980, with Holy Day offerings up by 30 percent from the

previous year.
"In Southeast Asia, Radio Cey-

56,006, subscription, 150,000, newsstand, combined 206,006; Good News circulation, 2,162; congregations, 42, outlying Bible stud-ies, three, total 45; members, 2,966; full-time ministers, 32; local church elders, 25; Festival sites, nine; radio outlets, 29; television outlets, 29.

tise De Echte Waarheid, the Dutch edition of The Plain Truth. De Kampioen has a circulation of 2.2 Space was offered to us after the

association noticed our flyer in Holland's largest daily newspaper. This door that God has opened could increase the circulation by 75 per-

Chile In late December, Mario Sieglie, pastor of the Santiago, Chile, church, conducted four Plain Truth lectures in that city, attended by 100 new people. This is about 10 percent of the subscribers to La Pura Verdad in Chile's capital city of four million. Forty people attended at least three of the meetings and 10 to show strong interest in the Church.

Note: It was learned that the 50 Note: It was learned that the 50 foot television screen in the main downtown square in Melbourne, which was to carry Mr. Armstrong's World Tomorrow program to lunch-time crowds, was unexpectedly closed. The decision was apparently prompted by large financial losser, to the operators of the cial losses to the operators of the screen projected over the year ahead. Prayers are needed that God will open alternative media doors in Melbourne, which, although Australia's second-largest city, has no radio or television coverage

to cancel services only once in four years," Mr. Fiedler said.

Snow, ice cut church attendance

With wind-chill factors of from minus 80 to minus 100 degrees Fah-renheit (minus 62 to 73 degrees Celrenner (Initias 22 to 7 stegrees Cer-sius), according to Roy Holladay, pastor of the Chicago, Ill., West and Northwest churches, services were canceled Jan. 16. "Most of the brethren came through pretty well though," he said.

Bitter-cold conditions prevailed in the southern portion of the United States as well. Roger West, pastor of the Tupelo and Columbus, Miss., churches, reported flooding, icy roads and the coldest weather he has ever seen. Three outlying Bible studies were canceled for two consec-utive weeks. "We have no snow equipment around here," remarked Mr. West. "We just wait for the sun to melt the snow and ice."

Ken Martin, pastor of the Birmingham and Jasper, Ala., churches, described a devastating week Jan. 18 to 22. Major cities were knocked powerless for up to four days," said Mr. Martin. "People went to National Guard shelters for

For the first time in three years, Sabbath services were not con-ducted in Kalispell, Mont., Jan. 16, according to pastor Bill Quillen

Paul Suckling, a minister in the St. Albans, England, church, reported that "many church services were canceled on the Sabbath of Jan. 9 because for the most part members were immobile, unable to leave their homes."

John Karlson, a minister serving in the Bonn, West Germany, Office, said Bonn was hit by a blizzard Jan. 9, but services were over before the snow got too deep. Services were previously changed from the afternoon to the morning.

Elsewhere in Europe, winter storms during January and Febru-ary struck in Belgium and France, according to Bernard Hongerloot, a minister who works in the French Department in Pasadena.

"Reports from Belgium said tem peratures dropped to minus 20 degrees Celsius [minus 4 degrees Fahrenheit]," said Mr. Hongerloot. 'Similar temperatures were in

Jean Carion, pastor of the Brus-sels, Belgium, and Nancy, France, churches, canceled January speak-ing tours and Bible studies in eastern France because of snowfalls.

"But God has spared His people. They haven't been affected adversely," Mr. Hongerloot stated.

Question (Continued from page 2) Europeans of being too timid to "punish" the Soviets and the mili-

tary junta in Warsaw over the crackdown in Poland. The Europeans, in turn, claim

that the United States is acting naively in the whole affair. They were embarrassed when the U.S. government sponsored a 90-minute long Hollywood-style showbiz piece entitled "Let Poland Be Poland."

American officials do not appear

to understand the consequences of trying to alter the status quo in Europe. This was forcefully argued in another New Republic piece, "Poland and the Ghost of Yalta." Author Ronald Steel had this to say "Any radical political change in Poland would have incalculable conences for the political balance in Europe.

To alter this status quo is to reopen "the Germany question" — to the dismay of both the United States and the Soviet Union. Author Steel continues:

"Like it or not, the division of Europe is, for the foreseeable future, a fact of life, one that reflects the interests of both superpowers. It

cannot be resolved by force. Any dramatic change could wreck both alliance systems. If Poland sudden-ly pulled itself free from Russian control, the regime in East Germa-ny would be isolated. Bonn, which has ignored the dream of reunification because it seemed so unattain-able, might then be tempted to look East. What German political leader could afford to turn his back on the 'lost territories' if there seemed a hypothetical chance of regaining

"Bonn's hard-forged links to NATO and the Common Market would be called into question. The ominous specter of a unified Reich would suddenly take form, bringing unknown dangers into European politics. With the German question reopened, all the institutions we have taken for granted would be called into question. NATO would in all likelihood collapse, and with it the major instrument for American control over Western Europe.

"If we are to encourage the de-nise of the Warsaw Pact, we had better be prepared for profound

shocks to our own alliance as well."

In pushing for Poland's freedom, and threatening to pull troops out of the Continent, is America creating its own "Frankenstein Monster" in the heart of Europe?
