MACHARES made King of *Bosphorus* by his Father, when he conquer'd it: but during his Father's Wars in *Asia*, He was reconciled to the *Romans*, and reign'd in Peace; till his Father, flying from POMPEY thro' Scythia into *Bosphorus*, threatned to slay him, and he rather chose to slay himself.

PHARNACES aged 35 Years, revolted with the Army in *Bosphorus*, and drove his old valiant Father to the Dilemma of either slaying himself or of being deliver'd up by this ungrateful Son to Pompey: but the *Great* King chose the first by Poison and Wounds, *A. M.* 3940. Before *Christ* 64. And the *Parricide*, having sent the *Royal* Corps to POMPEY, was by him confirmed *King of* Bosphorus. But

Cæsar much offended at the Murder of Pharnaces, created MITHRIDATES *Pergamenus* King of *Bosphorus*, (the Bastard of MITHRIDATES the *Great* by *Abodogian*, the Widow of Menedemus of *Pergamus*) for he had saved CÆSAR in *Egypt* with his *Syrian* Troops: but this nominal King fell in Battel, attempting to dispossess Asander.

PHARNACES during the Civil Wars of CÆSAR and POMPEY, attempted to recover his Father's Dominions in *Asia*, and after the Battel of Pharsalia defeated Calvinus the Lieutenant of *Cæsar*, and ranged at Pleasure; till CÆSAR, leaving *Egypt*, marched into *Pontus*, view'd Pharnaces's Army, and in four Hours fell upon him, saying, *Ergo jam non dabit pœnas* Parricida? *Shall not this* Parricide *now be punish'd?* and gave him a total Rout, as CÆSAR wrote to *Amintius*, VENI, VIDI, VICI, I came, I saw, I overcame! *A. M.* 3957. Before *Christ* 47. *** SCRIBONIUS a *Roman* Officer in those Parts reign'd some little Time, pretending to be the Grandson of the *Great* MITHRIDATES, and to have a Grant of that Kingdom from AUGUSTUS: but the Fraud being detected, the *Bosphorans* cut him off, without Issue.

DYNAMIS, first the Wife of Asinder, who left the Kingdom to her, and she reign'd alone, till she, the same

A. M.* 3963. Before *Christ.* 41. ANTONY gave him also a Part of *Cilicia*, and afterwards the *Lesser Armenia*, for his good Offices against the *Medes* and *Parthians*, *A. M.* 3968. Before *Christ* 36.

POLEMON closely adher'd to Antony; but afterwards being reconcil'd to AUGUSTUS, he was sent with an Army, by Agrippa, against *Scribonius* (who was cut off before he came) and Agrippa next, going in Person with an Army into *Bosphorus*, subdu'd that Nation, and made POLEMON King of *Bosphorus*, and the Husband of *Queen* DYNAMIS, *A. M.* 3990. Before *Christ* 14.

POLEMON thus King of *Pontus*, *Cilicia*, *Armenia* and *Cimmerian Bosphorus*, under the Emperor Augustus, inlarged his Dominions by seizing the Cities *Pharnacia*, *Trapezus* and *Colchis*, and also all the Country towards the River *Tanais*; but endeavouring to conquer the *Aspungitans*, in *Sarmatia*, he fell alive into their Hands and perish'd; tho' the Time is not recorded. ## The noble *Family* of BARCHA among the Carthaginians.

**Mago** was a General in *Sicily* against **Dionysius** King of *Syracuse*, He was not very successful under HIMILCO the chief General, at last he was in *Sicily* slain in the Field of Battel. *Diodorus Lib.* 14.

MAGO the General was sent into *Sicily* with 150 Ships, and 60000 Men, and made himself Master of *Syracuse*, except only the Castle; but being frightned by the Arrival of **Timoleon**, he departed home, and slew himself, because his Affairs prov'd unfortunate: His Body was hung upon a Cross. *Plut.* of *Timoleon*.

*Annibal* of an obscure Name.

ASDRUBAL General in *Sicily*, elder than his Brother *Amilcar*, was vanquish'd by *Lucius Metellus*, when he lost his Army and Elephants, at last he † of a Wound in *Sardinia*, and the Government was convey'd to his Brother.

AMILCAR, surnamed **Barcas**, in the first *Punic* War laid waste the Coast of *Italy*. He fought in *Sicily*, was overcome by *Luctatius Catulus* in a Sea Fight near the Island *Ægates*, which put an End to that War: He was General of the War against the *Africans* and the *Numidians*; He was also General in *Spain*, and often Conqueror: at last his Command being continued, he † in Battel.

ASDRUBAL succeeded his Father in-law *Amilcar* in the Government of *Spain*. He made a League with the *Romans* there. He was slain by his Servant *Gallus*, because his Master had punish'd him unjustly.

*N. N.* a Daughter married to *Asdrubal*.

ANNIBAL, or **Hannibal** the *Great*, the most famous *Imperator* or General, and the most deadly Enemy of the **Romans**, was Generalissimo of the 2d **Punic** *War*, and gave the *Romans* many Overthrows in *Italy*: at last being broken by the Valour of *Publius* **Scipio** *Africanus*, and flying from *Carthage*, he came to ANTIOCHUS *Magnus*. ## Some *Generals* of the Carthaginians.

**Gisco** a Man of a turbulent and seditious Temper, stirr'd up the People to maletreat the *Roman* Ambassadors. At last being cast into Prison, had his Hands and Feet cut off, and all the Members of his Body torn in Pieces, and while yet breathing was cast into a Pit. *Polyb. Lib.* 1. *Liv. Lib.* 48.

ASDRUBAL General of the *Carthaginians* in *Spain*, pursuing the Remains of the Army of the **Scipio**'s, he receiv'd a great Overthrow from **Marcius**: again being vanquish'd and broken at *Gades*, by *Publius* **Scipio**, he fled to **Syphax**; and was again, after he had recover'd Strength, conquer'd and put to Flight. Being falsely accused by *Hanno*, he was forced to go into Exile, and returning to *Carthage*, he was accus'd of betraying his Trust; when he was search'd for to be punished, he poison'd himself in his Father's Sepulchre, whither he had hid himself, from whence his Body was drawn out, and maletreated. *Livius Lib.* 28. and 30. *Appian* of the *Carthaginians*. He was the Father-in-law of *Masinissa* King of the *Numidians*, as also of **Syphax** who was *Masinissa*'s Rival. He also married a Daughter of **Asdrubal** his second Wife.

ASDRUBAL was falsely accus'd of Treachery by the other *Asdrubal*, (who affected his Authority in the City) as if he had pernicious Designs with *Gulussa* his Wife's Brother: he was slain in the Court with Pieces of the Benches, during the 3d *Punic* War, He was born of the Daughter of **Asdrubal**. *Appian.*

SOPHONISBA was by her Father espous'd to **Asdrubal**, but with her said Father's Consent, she married **Syphax** King of the *Massilians*, with whom being taken at *Cirta* by **Asdrubal** her first Bridegroom, she again alluted him to love her by her Wit and Beauty; but **Scipio** being displeas'd at it, **Asdrubal** sent her a Cup of Poison rather than offend *Scipio*.

**Hanno** being overcome in a Horse Engagement, and taken Captive, he was exchang'd for the Mother of *Masinissa*, a Prisoner, and dismiss'd. Yet *Livius* thinks he was cut off in the Field of Battel. *Lib.* 29.

ASDRUBAL the Rival and Overthrower of the other *Asdrubal*, (the Brother of *Sophonisba*) took Care of the War abroad: being call'd back from Exile, he was Generalissimo of the 3d *Punic* War: He was cruel to the *Roman* Captives, and for his Cruelty hated by the *Senate* and People: he affected Tyranny more for Fear than Love. At last when *Carthage* was taken, he too meanly surrender'd himself to **Scipio**; while his Wife, a Woman of a Masculine Soul, did, in *Scipio*'s Presence, throw herself alive into the Flames of the burning Town, having first slain her Sons in the Sight of their Father and *Scipio*.

Besides these, there were a great many other illustrious *Carthaginian* Generals, whose Exploits are recorded by Historians, but whose *Genealogies* cannot be connected. Of whom are AMILCAR the Son of *Giscon*, and BOMILCAR the Grandchild of the said *Giscon*, these fought against **Agathocles** King of *Syracuse*. And HANNO conquer'd by the same **Agathocles** in *Africa*: likewise AMILCAR Son of the said *Bomilcar*, was General under *Asdrubal* warring in *Spain*, the Son-in-law of **Amilcar** *Barchinus*. And HANNO in the first *Punic* War was overcome in a Naval Engagement by *Caius* **Duilius** the *Roman* Consul, and the following Year slain fighting near *Corsica*, and his Son ASDRUBAL, because of the bad Success of his Affairs in *Sicily*, was call'd home and crucified. Likewise another AMILCAR, who in the same first *Punic* War fought against the **Romans** in *Sicily* and *Africa* with various Success, and fought against the *Africans*, he had two Sons **Annibal** and **Hanno**. Then ASDRUBAL *Hædus*, an Enemy to the Family of *Barcha*, who flourish'd in the 2d *Punic* War, and at that Time he endeavour'd after Peace more than *Hanno*. Also in the 3d *Punic* War, HIMILCO surnamed *Phamæas*, who revolted to the *Romans*, and **Hanno** *Gulla*, who was, to no Purpose, sent as an Ambassador to the *Romans* to treat of Peace.

ORODES.

PACORUS the wise and brave General of his Father's *Parthians*, slain in Battel by **Ventidius** the *Roman*, in *Syria*, *A. M.* 3965. Bef. *Christ* 39.

XV. **Arsaces** PHRAHATES IV. reign'd 40 Years: After he slew his Father, he cut off his 30 Brothers, with most of the eminent Nobility, and even his own Son, that none might be left to rival him. Upon which the illustrious **Vonones** fled from *Parthia* to ANTONY in *Syria*, and persuaded him to the *Parthian* War. Being a vile and cruel Prince, **Tiridates** set up against him, and by him was drove into *Syria:* but PHRAHATES growing more insolent, was expell'd by the *Parthians*, who recall'd TIRIDATES to the Throne. PHRAHATES, by the Help of the *Scythians*, recover'd his Kingdom, and drove **Tiridates** to **Augustus** in *Spain*, with a Child of *Phrahates*, which Child **Augustus** sent back with his Nurse *Thermusa*, an *Italian* Maid, whom PHRAHATES afterwards married. He made Peace with AUGUSTUS, and sent to *Rome* the *Colours*, *Ensigns*, and *Standards* that were formerly taken by the *Parthians* from **Crassus** and ANTONY.

PHRAHATES, persuaded by cunning **Thermusa**, sent his four Sons (born by his former Wives) with their Wives, and each a Son, to *Rome*, as Hostages of the League, whom **Augustus** made a Show of at *Rome*. When the *Armenians* revolted, PHRAHATES assisted them, which made AUGUSTUS send **Caius Caesar** to make War upon him, who conversed together on the Banks of the *Euphrates*, and renewed the Peace. **Caius** † in his Return to *Rome*, and PHRAHATES was murder'd by his Son *Phrahataces*, and by his Mother *Thermusa*, *A. D.* 4.

His Wives, 1. *N. N.* a noble *Parthian*. 2. *Thermusa* an *Italian*.

1. **Seraspodes.** 1. **Rhodaspes.** 1. **Phraates.** These Three, with **Vonones**, had been sent as Hostages to *Rome*, were married and had Children, but none of them succeeded to the Throne; perhaps because of their *Roman* Education, which in **Vonones** had much disgusted the *Parthians*.

1. XVIII. **Arsaces** VONONES I. call'd home from *Rome* by Ambassadors, and honourably sent home by **Augustus**, *An. Dom.* 6. and reign'd 9 Years, but wholly disagreeable to that Nation; because he had been educated in the Court of *Augustus*.

2. XVI. **Arsaces** PHRAHATACES was incestuous with his Mother *Thermusa*, and were both cut off by a Tumult, when the Nobles exalted *Orodes*.

XVII. **Arsaces** ORODES II. of the *Arsacidaean* Family, but not known how, being cruel, some conspired and cut him off.

Both these Kings reign'd not above one Year, and left no Issue.

Therefore the **Parthians** sent for ARTABANUS King of **Scythia** near the *Caspian*, (call'd by *Josephus* **Media**) who was descended from the **Arsacidae** by his Mother; and he coming with an Army was first defeated by VONONES; but recruiting his Army, ARTABANUS overthrew **Vonones**, who fled into *Armenia*, where he reign'd a while after a Sort, till ARTABANUS expell'd him.

MITHRIDATES the Son of **Vonones**, afterwards sent from the Emperor CLAUDIUS to seize that Kingdom, was overcome by *Gotarzes*, who cut off his Ears, and let him go, in Scorn to the *Romans*.

The New Race.

*** *N. N.* married a *Royal* Dame of the **Arsacidae**.

XIX. **Arsaces** ARTABANUS III. reign'd 29 Years, sometimes an Exile, opposed by the *Romans* and his own Nobles, but at last restored by the Mediation of **Izates**, the petty King of *Adiabene* his Neighbour, and † in Peace. Wife *N. N.*

ORODES whom his Father made King of *Armenia* in the Room of **Vonones**, till expell'd by CAESAR **Germanicus**, who crown'd ZENO call'd *Artaxias* the Son of *Polemon* I. King of *Pontus*.

ARSACES whom his Father made King of *Armenia*, upon the Death of *Zeno:* but the *Armenians* expelled him.

**Darius** was by his Father sent an Hostage to the Emperor **Caligula**.

The Offspring of **Orodes**, **Arsaces**, and **Darius**, are not recorded.

XX. **Arsaces** GOTARZES reign'd almost 2 Years, but in a few Months after his Father's Death, was invaded by his Brother *Bardanes*, who then began to reign also.

He frightned the Emperor **Domitian** with restoring the *False* **Nero**, or the *Pretender* **Nero**: got a great Sum of Money for bestowing the Title of **King** on ABGARUS the *Philarch* of *Edessa*. But because in the latter Part of his Reign He had involved the *Parthians* in Civil Wars, his Son did not succeed, but his Brother *Chosroes*.

XXVI. **Arsaces** CHOSROES reign'd 26 Years, and to make his Nephew **Pharmasiris** easy, made him King of *Armenia*, for which the Emperor **Trajan** proclaim'd War against the *Parthians*; and expelling **Chosroes** made PARTHAMASPATES King.

And upon *Hadrian*'s Death he again sent Ambassadors to *Rome* to congratulate **Antoninus** *Pius* upon his Accession to the Imperial Throne, with whom he liv'd in Peace: but upon his Death VOLOGESES expell'd **Sohaemus** King of *Armenia*, who was restored by the *Romans*, who beat VOLOGESES in *Syria*, and took from him *Seleucia* and *Ctesiphon*. Upon which the *Parthians* revolted, expell'd **Vologeses**, and chose a new King, *viz. # TABLE CVI.

## The *Kings* of the Parthians and Persians after the Overthrow of the Arsacidae.

I. Arsaces ARTAXERXES, or Artaxares, born of a scandalous Concubination, and of mean Parents, having by a Conspiracy rais'd an Army, and slain ARTABANUS the last King of the Parthians, he restor'd the Government of the East to the Persians, in the Time of *Severus* ALEXANDER the *Roman* Emperor, and he reign'd 14 Years and 10 Months. Yet to please the *Parthians* he would also be call'd Arsaces.

II. SAPORES I. took up Arms against Gordianus III. the *Roman* Emperor, granted Peace to Philip the *Arabian* General, took the *Emperor* Valerianus Prisoner in Battel, and, after various Reproaches, and making him his *Footstool* when he mounted his Horse, he flea'd him alive! a cruel Prince: He enlarg'd his Kingdom, often overthrew the *Romans*, at last was suppress'd by Odenatus *Palmyrenus:* He reign'd almost 31 Years.

III. ORMISDES, or *Hermisdas* I. the Son of *Sapor*, reign'd one Year and ten Days.

IV. VARANNES I. uncertain whether the Brother or Kinsman of Hormisdas, but He reign'd after him 3 Years.

V. VARANNES II. the Son of the first reign'd 17 Years.

VI. VARANNES III. Son of the 2d, surnamed Deganesna, immediately upon his receiving the Kingdom was overthrown, having reign'd only 5 Months.

VII. NARSES after Varannes III. reign'd 9 Years and 7 Months, he was the Grandchild of Sapor I. He waged War against the *Romans*, conquer'd Galerius *Cæsar* the Son-in-law of DIOCLESIAN, who afterwards gave him a great Overthrow: his Wife, Sisters and Children were taken and brought to *Rome*, by triumphing DIOCLESIAN.

VIII. ORMISDES, or Hormisdas II. or *Misdates*, the Son of *Narses*, reign'd also 9 Years and 7 Months.

IX. SAPORES II. was by the Nobility of the Kingdom crown'd in his Mother's Womb, he liv'd and reign'd 70 Years, as writes *Agathias* from the Annals of the *Persians*; altho' *Zonares* speaks otherwise of him and the Beginning of his Reign, affirming him to be the Son of Narses, and, having overthrown his Brethren, to have seiz'd the Kingdom. He began under CONSTANTIN the *Great*, had War with Constantius the Son of *Constantin*, and with Julian the *Apostate*, (who † of his Wound) under the Conduct of his General *Merenes*. He sold Peace to Jobian, having receiv'd of him the Towns *Nisibis* and *Singar*, and the 5 *Roman* Provinces beyond the *Tigris*, with a great Part of *Mesopotamia*, and liv'd even to the Beginning of the Emperor Theodosius.

*Hermisdas* injured by his Brother *Sapor*, fled to the *Romans*.

X. ARTAXERXES II. the *German* Brother of *Sapor*, reign'd after him 4 Years, as says *Agathias*. Therefore, when he was old he came to the Kingdom, being more than 70 Years of Age.

XI. SAPOR III. the Son of Artaxerxes II. reign'd 5 Years. He flourish'd under Theodosius the *Emperor*.

XII. VARANNES IV. the Son of *Sapor* III. call'd Berman-Saa from the Nation his Father had subdu'd, he reign'd 11 Years.

XIII. ISDIGERTES I. the Son of VARANNES, reign'd 21 Years, and was by the Emperor Arcadius on his Death-bed declar'd to be the Guardian of his Son Theodosius the younger, as yet a Child, and was most faithful to his Pupil, as says *Procopius*.

XIV. VARANNES V. the Son of Isdigertes, rais'd War against the *Romans*, but being presently pacified, he desisted: He reign'd 20 Years.

XV. ISDIGERTES II. succeeding his Father Varannes reign'd 17 Years and 4 Months. *Agathias* is silent of him, but *Procopius* is not.

XVI. PEROZES succeeding his Brother, a warlick Prince, reign'd 20 Years, was an Enemy of the white *Hunns*, by whom he was at last slain, with 28 Sons.

XVII. VALENS call'd by *Procopius* BLASES, by others OBALES, a Man of a calm Temper and of no Renown: he is said to have reign'd 4 Years after his Brother *Perozes*.

XVIII. CABADES the Son of *Perozes*, of a turbulent violent Nature, he endeavour'd to change the *Persian* Laws. After 11 Years Reign he was by the *Persians* cast into Prison. When he had escap'd therefrom, and was for some Time banish'd among the *White* Hunns, by the Assistance of their King his Father-in-law, he again recover'd his Kingdom, and kept it 30 Years; He had War against the *Romans*, in the Time of Anastasius, Justin I. and Justinian the Emperors. Wives, 1. *Abevede* his own Sister. 2. A Lady of the *White* Huns.

Abevede.

XIX. ZAMBASES, or *Zamaspes* a coureous Prince, he was King of the *Persians* for 4 Years, during the Imprisonment and Exile of his Brother: but He yielded the Kingdom to his Brother at his Return.

CABADES the first born, but hated by his Father, who therefore excluded him from the Succession; after his Father's Death the Nobility excited him to rival CHOSROES.

Zanes, or Bazes the second Son, call'd also Zama by *Procopius*, a very valiant Man, yet having but one Eye, and he was therefore excluded from the Honour of the Kingdom by Virtue of a *Persian* Law: he was slain with his Children by his Brother Chosroes for a Conspiracy.

Cabades was secretly preserv'd by his Foster-Father: at last being discover'd, He fled to Justine II. the *Roman* Emperor.

XX. CHOSROES I. the youngest of his Brothers, but beloved of his Father *Cabades*, born of his Aunt *Abevede*, was surnamed the *Great:* an Enemy of Justinian, Justine II. and Tiberius II. the *Emperors:* he reign'd 48 Years, began in the 5th Year of Justinian, and † in the Beginning of Tiberius II.

XXI. HORMISDAS III. succeeded his Father *Chosroes:* when he had reign'd 8 Years, warring against the *Romans*, he was, by the Treachery of *Baras* his General hated by his Subjects, and being depriv'd of the Kingdom, he was cast into Prison, and his Eyes put out, and by order of his Son *Chosroes* was cudgel'd to Death.

XXII. BARAS by the People made King, but soon overthrown by *Chosroes* and the *Romans*.

XXIII. CHOSROES II. was by the Nobles put in his Father's Place, but offending his People, and being afraid, he fled to the *Romans*, and by the Assistance of Mauritius the Emperor recover'd his Kingdom. He had Wars with PHOCAS to revenge the Death of *Mauricius*, and took from him all *Armenia*, *Syria*, *Cappadocia*, *Galatia*, and *Paphlagonia:* he receiv'd great Overthrows by Heraclius, and was imprison'd, insulted, and slain by his Son Siroes, after he had reign'd 35 Years. Wives, 1. *N. N.* 2. Dyra.

Another Son, whom his Father would have preferr'd to the Kingdom, but was along with his Mother sawn asunder by the Nobles, in Sight of his Father, and at the Command of his Brother *Chosroes*.

1. XXIV. SIROES succeeded his Father, whom he had slain; He reign'd but one Year, and made Peace with Heraclius, restoring all the *Roman* Provinces taken in the late Wars, with 300 Ensigns, and a Piece of Wood a Part of *Christ's* Cross. Thus the Tigris was again the Boundary of the two Empires. Hence the Kingdom was unsettled, until his Son HORMISDAS Jesdegirdes the last King, who with all his Family and Kingdom was overthrown by the Saracenes.

1. XXVII. BARANES, who escap'd the common Slaughter of *Siroes*, and after the Death of *Adeser*, got the Affections of the Grandees, who put *Sarbares* to Death, and made him King in Conjunction with *Iesdegirdes:* but † in 7 Months.

2. Perdasas, or *Mardesanes*, whom his Father would have preferr'd to his elder Brother *Siroes*, but was with his Father slain by *Siroes*.

2. Other Children slain by *Siroes* in sight of their Father.

XXVI. SARBARES reign'd 7 Months, put to Death by the People.

XXV. ADHESIR or ADESER, reign'd only 7 Months, being slain by his General Sarbares.

XXVIII. Hormisdas JESDEGIRD reign'd alone about 2 Years and 3 Months, till conquer'd and slain by Ottoman, or *Osman*, *Caliph* of the Saracenes, who resided at *Babylon*.

Thus the Race of ARTAXERXES ended, *A. D.* 632. after It had lasted 406 Years.

## The *Antient Kings* of Syria or Damaſcus.

*N. B.* This Table ſhould have been placed before TABLE XVIII. or the Genealogy of the *Kings* of ISRAEL; but was omitted by Miſtake.

DAMASCUS is the oldeſt City in the known World, that ſtill retains its antient Name; and before the Days of David King of *Iſrael*, it ſeems to have been ſubject to the *Kings* of Syria *Zoba* near the *Euphrates*; for the Syrians of *Damaſcus* fought under HADAD-EZER againſt King David, who ſmote HADAD-EZER the Son of REHOB, (who ſeems to have been a King too) deſtroying to him 1000 Chariots, 700 Horſemen, 30000 Footmen. David ſmote next 22000 of the Syrians of *Damaſcus*, and took from them great Booty, which he dedicated to God with the Shields of Gold taken from the Men of Hadad Ezer.

But during this Calamity, the *Kingdom* of Damaſcus was founded: for

I. REZON, or Rezin, the Son of *Eliada*, one of the great Captains of Hadad Ezer, after his Maſter's Overthrow, gather'd a Band of Warlick Syrians, and ſoon made a Settlement at Damaſcus, where he became their King, and made that City the *Capital* of his Kingdom; the other *Syrians* of Zoba, Rehob, Iſhtok, Gethur, *&c.* with their petty Kingdoms, being all ſwallowed up by this new *Kingdom* of Damaſcus, which was founded *A. M.* 2964. Bef. *Chriſt* 1040. In the 9th Year of David's Reign after the Death of Ishboſheth. They often annoy'd the *Iſraelites*; and their King's common Name was HADAD, and BEN-HADAD, as Pharaoh was of *Egypt*. This King REZON greatly diſtreſs'd Solomon in his latter Days. But his Iſſue did not ſucceed; for when he died

II. HADAD of the Family of Hadad-Ezer, was call'd to reign.

III. HEZION King of *Syria*.
IV. TABRIMMON King of *Syria*.
V. BEN-HADAD I. King of *Syria*.

M.* 3107. Bef. *Chriſt* 897. In the 18th Year of JEHOSHAPHAT King of *Judah*.

VII. HASAEL the General of Benhadad, anointed King of *Syria* by the Prophet Eliſhah, ſlew his Maſter *Ben-Hadad*, and prov'd a cruel Enemy to *Iſrael*: He alſo made an Attempt upon *Judah* in the Time of King Joaſh, but bribed with the Treaſures of the *Temple* he return'd home. He conquer'd and ſubdued the *Reubenites*, the *Gadites*, and the Half Tribe of *Manaſſeh*, that liv'd *Eaſt* of the *Jordan*; and, having made powerful Inroads thro' *Weſt-Iſrael*, he open'd his Way into *Philiſtia*, took the City *Gath*, and became a Terror to all the Neighbouring Nations.

VIII. BEN-HADAD III. was thrice defeated by Jehoaſh the Son of Jehoachas King of *Iſrael*, according to the Prophecy of Eliſha: yet was not ſo weakned, but that he could ſend an Army againſt *Judah*, which defeated Joaſh, deſtroyed the Princes of *Judah*, and brought the great Spoils of *Jeruſalem* to Damaſcus.

XII. REZIN II. King of *Syria*, join'd with Pekah King of *Iſrael* againſt Achaz King of *Judah*, which forced *Achaz* to ſend for Aid to Tiglath-Pul-Ezer King of *Aſſyria*, who ſlew Rezin, and added Syria to his *Empire*, with Hamath and Arphad, *viz.* in the 3d Year of Achaz King of *Judah*, and 20th Year of Pekah King of *Iſrael*, *A. M.* 3264. Bef. *Chriſt* 740. In the 8th Year of the Nabonaſſarian *Era*, and 9th Year of Urbs Condita, or the *Founding* of ROME.

And then by Means of *Pulcheria* the Daughter of **Arcadius**, the Government of the Empire was entail'd upon her Husband

V. MARTIAN, for his ſingular Probity and Wiſdom, the Son of a Military Man: he always inclin'd to Peace, if it could be honourably obtain'd; but in the Midſt of the *Weſtern* Troubles he † without Iſſue; about which Time ROME was taken and ſacked by GENSERICUS King of the **Vandals**. XXXVIII. MUCTADIR or MUKTEDIR, or MUSHTEDAR BILLA succeeded his Brother *A. D.* 907. † *A. D.* 932. having reign'd 24 Years, 11 Months.

XXXIX. MUHAMMED ARULMANSOR KAHIR BILLA, or **Elkahar** succeeded his Brother 932. was depos'd 933.

XL. ACHMED or ARADI BILLA, succeeded his Brother from *A. D.* 933. to 939. Others say that one RATZE, the Son of MUCTADIR was Caliph at this Time, and make no Mention of this ACHMED.

As for the *Genealogy* of the preceding *Caliphs*, see the following Table. And altho' the following *Caliphs* had little more than the Name, for the *Sultans* of the House of **Bovis** had receiv'd from the *Caliph* MUCTAFI the *Royal* INSIGNIA, yet we shall continue their Succession in the following Order.

XLI. MUCTADE the Brother of RATZE, was Caliph 939. † 943. reign'd 4 Years.

XLII. MUSTERAIHE succeeded *A. D.* 943. † 945. reign'd 2 Years.

XLIII. { MATIA the Son of MUCTEDAR / TAIA the Son of MATIA } Succeeded from *A. D.* 945. to 990. being 45 Years.

XLIV. KADAR the Son of MUCTEDAR succeeded *A. D.* 990. † 1031. reign'd 41 Years.

XLV. KAIM was *Caliph* 1031. to 1035. reign'd 4 Years. Others say he began 1030. and reign'd 5 Years, to 1035.

XLVI. MUCTADI succeeded his Father 1035. † 1095. reign'd 60. In his Time TANGROLIPIX, who had by the **Turks** been proclaim'd **Sultan** or King of *Persia*, *A. D.* 1030. & *A. D.* 1070. and was succeeded by his Son AXAN the same Year. See Tables 149. and 153.

XLVII. MUSTETAHER was *Caliph* 1095. † 1117. reign'd 22 Years.

XLVIII. MUSTERAICHAD was *Caliph* 1117. † 1124. reign'd 7 Years.

XLIX. RASCHIA was *Caliph* 1124. † 1135. reign'd 11 Years.

L. MUSTAPHI, call'd by some *Rascheid*, the Son of MUSTETAHER was *Caliph* 1135. † 1160. reign'd 25 Years.

LI. MUSTENSIGED was *Caliph* 1160. † 1168. reign'd 8 Years. Then there was an Interregnum for two Years.

LII. MUSTEZI succeeded his Father after the **Interregnum** *A. D.* 1170. and reign'd 10 Years, 'till 1180. Others say he reign'd from 1169. to 1179.

LIII. NARZAI was *Caliph* 1180. † 1225. reign'd 45 Years. Others say he reign'd but 39 Years, from 1179. to 1218.

LIV. TAHAR was *Caliph* 1225. † 1255. after he had reign'd 30 Years.

LV. MUSTEAZEM the last *Caliph* or *High-Priest* of the **Saracens** of **Bagdat** or *Babylon*, was starv'd to death in his own Castle of *Bagdat*, and his whole Posterity rooted out by **Ulan** or *Haallon*, or *Halach* the first **Tartarian** King of *Persia* 1255. and so this *Caliphat* ended, after it had lasted from the first Year of ABUBEKER, 'till now, 623 Years. Yet there is still some Remains of this great Body, which has a Sort of a *Caliph* for its Head, from whom the neighbouring Princes use to receive their *Diadems* and *Regalities* as the *Christian Kings* from the **Pope**; for we find that SOLIMAN *the Magnificent*, after his Conquest of *Chaldea*, *Mesopotamia* and *Assyria*, was crown'd King of *Babylon* by one of these poor titular *Caliphs A. D.* 1513.

# TABLE CLVII.

## The Mahometan Sovereigns of Egypt, *viz.*

## The Saracen Caliphs, the Turkish Sultans, and the Mamaluke Sultans that reign'd in *Egypt*.

EGYPT was made a *Roman* Province by the *Emperor* Augustus, when Antony and Cleopatra kill'd themſelves, —— *A. M.* 3974 } 4004.
*Bef. Ch.* 30. }

When the Ptolemaean Kings of *Egypt* ended. And that Country was govern'd by a *Roman* Deputy.

In the latter End of the Emperor Trajan's Reign, (who † *A. D.* 117.) the *Jews* in *Egypt* and *Cyrene* made a horrible Rebellion, and were as horribly puniſh'd by the *Romans*.

The vile *Emperor* Caracalla (who † about *A. D.* 218.) went to *Alexandria*, and becauſe that People had formerly jeer'd and mock'd him, he ſurpriz'd them at the publick Games by his Soldiers, and ſlew numberleſs Numbers of all Ages, Ranks, and Degrees.

When Valerian the *Emperor* was taken Priſoner by the *Parthians*, *A. D.* 259. Æmilian one of the 30 Tyrants, and the *Roman* General in *Egypt*, ſeiz'd on that ancient Kingdom. But Gallienus the *Emperor* ſent *Theodatus* againſt him, who took him and put him to Death in Priſon.

When Aurelian the *Emperor*, return'd from his Expedition into the *Eaſt*, about *A. D.* 273. one Firmus a *Roman* Commander in *Egypt* revolted, and proclaim'd himſelf King; but Aurelian marched againſt him into *Egypt*, and reduc'd that Country.

When Probus became *Emperor*, *A. D.* 276. Saturninus a wiſe and valiant Commander, was by the *Egyptians* and his own Forces proclaim'd *Emperor* there, but was reduc'd by Probus, and ſlain.

In the Reign of Dioclesian, who began *A. D.* 284. Achilleus revolted in *Egypt*, aud proclaim'd himſelf *Emperor*; but Dioclesian march'd againſt him, defeated him, beſieg'd him in *Alexandria* (which he took) condemn'd Achilleus to be devour'd by *Lions*, and put to Death the Ringleaders and Abettors of that Rebellion.

After this Egypt continued under the Roman *Emperors* in Peace, except that in the Reign of Theodosius the *Great*, (who began *A. D.* 379.) there was a bloody Tumult at *Alexandria* upon a religious Account, and a Quarrel between the *Heathens* and *Chriſtians*: as afterwards in the Reign of Theodosius II. (who began *A. D.* 409.) between the *Jews* and *Chriſtians*, but all Things continued otherwiſe quiet till the Reign of Heraclius the *Emperor*, (who began *A. D.* 611.) in whoſe Time MAHOMET the great Prophet of the Saracens flouriſh'd, and the *Mahometan* Æra began *A. D.* 622. call'd the Hegyra, or *Mahomet's* Flight from *Mecca*. When

Omar, or *Homar*, the 2d Caliph of the *Saracens*, march'd from *Arabia* into Egypt, where he rais'd a large Sum of Gold, and reduc'd the *Egyptians* to pay him yearly 200000 Crowns, *A. D.* 635. But after 2 Years the *Præfect* of *Egypt* refuſing Payment, the Saracens invaded that Country with a powerful Army, and entirely conquer'd it, *A. D.* 637. or *A. M.* 4640. after the Death of Cleopatra, or the Conqueſt of Augustus, 667 Years.

Thus Egypt came under the Domination of the Caliphs of *Arabia*, *Syria*, and *Perſia*, commonly call'd the Caliphs of *Bagdat*, or *Babylon*, for 234 Years, (ſee the Tables of thoſe *Caliphs*) till weary of their Yoak, they would have a Caliph of their own, and totally revolting, they choſe and ſet up their own Caliph at *Cairo* in *Egypt*, to whom the Saracens and Moors in *Africa* did ſubmit themſelves, *A. D.* 870.

## The Genealogy of the *Christian Kings* of Armenia, in the Thirteenth and Fourteenth *Centuries*.

### The Preliminary.

THIS Country was first planted by **Hul** or **Chul**, the Son of **Aram**, the Son of SHEM; for the Town *Cholna* and the Region *Colthene* or *Cholobatene*, and the Place **Cholbeth** or **Chul's** *House* are Vestiges thereof. It had its own Kings very early, for NINUS the 3d from *Nimrod*, was aided in his Wars against *Zoroaster* King of *Bactria*, by BARZANES King of *Armenia*; but we have no continued *Catalogue* of his Successors.

We read next of ARAXES King of *Armenia*, who was drown'd in the River *Helmus*, from him call'd **Araxes**.

The next we read of is ARTAXA or *Artaxius* Governor of *Armenia*, under ANTIOCHUS *Magnus* King of *Syria*; but revolting made himself King of *Armenia* the *Greater*, and built the Capital *Artaxata*, was a Friend to the *Romans*, and was overthrown by ANTIOCHUS *Epiphanes* King of *Syria*.

The next King of *Armenia* we read of is TIGRANES I. whose Offspring are set down in Table XCVII. See also Table XCI. and XCVIII. where some Kings of *Armenia* are mention'd, who were inthron'd and dethron'd at the Pleasure of the *Roman Emperors*, untill TRAJAN reduced it into the Form of a Province.

But afterwards in the reign of the Emperor CONSTANTIUS, the **Armenians** had their own *Sovereign* Kings, 'till the Days of the Emperor JUSTINIAN II. about *A. D.* 687. when it was subdued by the **Saracens**, who kept it 'till the **Turks** took it from them about *A. D.* 844.

But the greatest Part of the *Turks* emptying themselves into *Persia* and *Lesser Asia*, the **Christians** in *Armenia* became powerful and erected Kings of their own, 'till again subdued by HOCATA, the Son of JENGHIS CHAN or **Cinges**, the great **Cham** of *Tartary*, when he invaded *Persia* about *A. D.* 1202.

Yet the *Tartars* settling in *Persia*, had not Leisure to extirpate *Christianity* in *Armenia*, nor the *Christian Royal Family* there, for we find the following *Christian Kings* of **Armenia** in the 13th and 14th Centuries.

*N. N.* an eminent Lord of *Armenia*, of the **Christian** *Religion*.

**Robinus** subdued a good Part of *Armenia*, and laid the Foundation of a new Kingdom there; but was slain by the Snares of his own Brother LEO I.

*N. N.* his only Daughter and Heiress, was disinherited by her Uncle LEO, and married to **Philip** Count of *Montfort* in *Germany*.

I. LEO I. depriv'd his Brother of his Life, and his Daughter of the Kingdom; then he was declar'd King of *Armenia* by the *Emperor* **Otto** IV. and crown'd at *Ao* by **Conrade** I. *Archbishop* of *Mentz* 1199. † 1219. reign'd 20 Years.

*N. N.* his Daughter and Heiress, was importun'd by her Father's Successor CONSTANS, that she was oblig'd to marry his Son HAYTHON.

*N. N.*

II. CONSTANS, a celebrated Man in the Kingdom, was forced to mount the Throne after the Death of LEO I. *A. D.* 1219. and reign'd to *A. D.* 1225. the Space of six Years.

III. HAYTHON or *Aitonius* the Heir of the Kingdom of *Armenia*, succeeded 1225. He excited **Mango** the great **Cham** of *Tartary* (whom he converted to *Christianity*) to send his Brother **Haalon** a *Christian*, who with a great Army overran all *Persia* and the adjacent Countries, raz'd *Babylon*; and as he took the City *Rhoais*, HAITHON join'd him with 12000 Horse and 40000 Foot, and so entring into *Syria*, in a few Days took *Aleppo*, which he sack'd and raz'd *A. D.* 1260. HAITHON went into a *Cloyster* and † there 1270. having reign'd 45 Years.

**Sinibald** a celebrated Man in an eminent Station.

*N. N.* ◡ *N. N.*

**Haython** the *Tartarian Historian* went into a *Cloyster* 1305.

IV. LIVONUS I. or **Leo** II. was King 1270. liv'd 'till *A. D.* 1282. reign'd 12 Years.

**Isabel** Heiress of *Armenia*.

◡ **Amalaric** of the *French* House of *Lusignan*, Prince of *Tyro*, was slain 1309.

**Theodorus** was slain by the *Tartars*.

**Mary.**

◡ **Frederick** Prince of *Antioch*, the Son of the Emperor **Frederick** II.

V. LIVONUS II. or **Leo** III. King of *Armenia*, reign'd to 1307. but had no Heirs.

**Mary.**

◡ **Michael** *Palæologus* the Son of **Andronicus** the *Greek Emperor*. See his Offspring in *Table* CXLVIII.

VI. HUGH was King of *Armenia A. D.* 1307.

◡ **Constantia** a Daughter of **Frederick** I. King of *Sicily*, was married 1331. See the Kings of *Sicily*.

VII. JOHN King of *Armenia* resign'd the Kingdom to his Nephew and turn'd *Monk*.

**Amalaric** was slain by his Father.

**Irene** Daughter of **Philip** Prince of *Tarentum*, of the House of *Anjou*. See the Kings of *Naples*, of the Old-House of *Anjou*.

◡ VIII. LEO IV. King of *Armenia* had no Issue, therefore the Kingdom return'd to his Uncle *Leo* V.

IX. LEO V. was King and call'd **Irene** the Widow of his Predecessor LEO IV. to the Convention of States, and made her, contrary to her Inclinations, his Wife. See the Table of the Kings of *Naples* of the Old-House of *Anjou*. He was slain by the *Infidels*.

X. LEO VI. the last King of *Armenia* 1381. was expell'd by the **Turks**, and † in exile in *France*, the 29th of *November* 1392.

Thus ended the *Christian* Kings of *Armenia*, after they had reign'd the Space of 193 Years, when conquer'd by the **Turks**, who held it 80 Years.

Then *A. D.* 1472. *Armenia* was made a Province of the Kingdom of *Persia*, by USSUN-CASSANES and continued so the Space of 43 Years,

'Till SELIM I. *A. D.* 1515. conquer'd it, and annex'd it to the **Ottoman** *Empire*.

But the Conquest was not absolute 'till the Days of AMURATH III. who erected many Forts for Garisons there, about *A D.* 1585.

Now *Cheu* being grown insupportable, the *Chinese* elected

50. Chaug King of *Yen* for their *Emperor*, who would have made his eldest Son Taipet his Collegue, but he declining such a Preferment, was disinherited by his Father, and

51. Fau made Successor. In the interim Cheu who was not quite excluded, disputed his Title with Fau, who overcame Cheu in Battle, and so the Controversy ended: But Cheu disdaining to come into his Enemies Hands, set his own Palace on Fire and perish'd in the Flames; and his Wife Taikia was beheaded by Order of Fau. — 1797 / 2207

There were other 3 Emperors in this Family, of whom we know nothing. Thus from the first of Taikia to the first of Vaingi are 214 Years. But the whole Family reign'd 644 Years, and was succeeded by

The *Family* of Cheva.

The learned *Lewis Ellies* **Du Pin**, in his *Univerſal Bibliotheke of Hiſtorians*, ſays, the *Chineſe* pretend to have *Annals* of 49000 Years before FOHI; but the moſt Part of them agree that theſe *Memoirs* are Aprocryphal, and unworthy of Credit. One of the moſt able Writers, call'd *Tai-Fu-Cum*, declares that there is no Hiſtory of the *Chineſe* before XIN their 2d *Emperor:* And the Compiler of their *grand Annals* (which contain about 150 Volumes) declares, he gives no Faith to thoſe ancient Stories, that are only founded upon popular and uncertain Rumours; and that there are no hiſtorical Memoirs more ancient than thoſe of XIN, their 2d King. 'Tis true, that according to their *Annals* the Succeſſion of Kings between HOAMTI, the Succeſſor of *Xin*, and the *Chriſtian* **Era** are 2697 Years; to which add 250, or the Years of the Reigns of FOHI and XIN, it will make 2947 Years. This *Calculation* may well agree with the Time from the **Deluge** to CHRIST, according to the *Chronology* of the **Septuagint**; but according to the *Hebrew Text*, it carries it back before the *Deluge* 592 Years, whereby the *Chineſe* may pretend to have *Memoirs* ſo long before the *Flood*. But who can be ſure that theſe *Annals* were not made much later, or that they are *Monuments* of **Antiquity**? Do the *Chineſe* alledge any Proof? Have they any *Ancient* Author to teſtify of 'em? Nothing like it; nay, on the contrary, the *Chineſe Hiſtory*, according to their own Authors, teacheth us, that in the Reign of XI-HOAMTI, about 200 Years before *Chriſt*, all the Books of the Religion of the *Chineſe* were burnt by order of that Prince, who ſearch'd for them throughout all the *Empire*, at the Sollicitation of *Laokijum*, one of his Followers. If any Exemplars were preſerv'd, they were imperfect, and have been corrupted, and others have been foiſted in the room of the firſt. The moſt ancient of their Books, aſcribed to FOHI, was not an *Hiſtory*, nor a Book written with intelligible *Characters*, but only a confus'd Parcel of *Lines* and *Half-Lines*, differently combin'd, and altogether unintelligible; for the Kings VU VAN and CHEAN-CHU, who liv'd long after, about 1100 Years before *Chriſt*, endeavour'd to explain them in vain; and **Confutius** gave them a Meaning at all Hazard, with which he was not ſatisfied himſelf. The *other Books* of the **Chineſe**, according to themſelves, are not above 2000 Years old; and therefore we cannot ſay they have *Monuments* more ancient than the *Flood*; on the contrary, ſeeing from the Time of FOHI, the uſe of *ſignificative Letters* and *Characters* was not known, the *Chineſe* could not ſo early tranſmit *Memoirs* and *Annals* in *Writing*; and what they pretend to be tranſmitted, is altogether unintelligible; from whence it follows that the pretended *Antiquity* of their *Annals* has no real Foundation. Thus **Du Pin.**

# TABLE CLXVII.

## The KINGS of the *African* Ethiopia *Superior*, or *Habassia*, or *Abessinia*, or *Abyssinia*.

MAQUEBA or MAKEBA Queen of *Abyssinia*, is said to be that Queen of *Sheba*, or of the *South*, who came to King SOLOMON at *Jerusalem A. M.* 3012. Before *Christ* 992. by whom she became with Child. But 'tis only the vain Boastings of the later *Abyssinians*; for by her coming from the Country *South* of *Jerusalem*, with rich *Arabian* Presents, it appears she was Queen of that Country call'd **Sheba** in *South Arabia*. See Table XIII. Page 22.

MENELEHEC a Son of SOLOMON, was born *A. M.* 3013. Before *Christ* 991. and by *Solomon* named **David**, the Original of the *Abyssinian* Kings, who with his Offspring kept the Throne 'till *A. D.* 960. as they say. After this MENELEHEC they had several Kings, of whom we know nothing certain, only when

BASEN of the **Solomonian** Race, had reign'd 'till his 18th Year, our blessed Saviour CHRIST was born. And tho' it was forbidden by the Laws of this Country, that any Woman should reign after MENELEHEI, yet the *Abyssinians* believe, that

CANDACE Queen of *Ethiopia*, whose *Eunuch* is mention'd in *Acts* viii. was Queen of that Part which borders upon *Egypt*, call'd the Isle of *Meroe*; because *Pliny* testifies that one CANDACE reign'd in that Island; and that the succeeding Queens assumed that Name for many Years. But others make her Queen of **Ethiopia** in *Arabia*, more justly. Now we have nothing on Record for the Space of 327 Years, 'till the Time of the two Sons of

*N. N.*

ABREHA and ALTZBEHA, of whom there is Mention made in the **Ethiopick** *Liturgy* in their Commemoration of the Dead, and in the **Ethiopick** *Poet*, who says that they taught the Gospel of CHRIST, and built him Temples. These two Royal Brothers must have begun to reign *A. D.* 367. Their next famous King was

CALEB who reveng'd the Blood of the *Christians* shed by *Dunawas* a *Jew*, the last King of the *Sabeans*, afterwards call'd *Hamerites*. For *Dunawas* digg'd large Pits, in which he burnt the *Christians* in Heaps. He was, as says the **Ethiopick** *Poet*, succeeded by

GEBRA MESKEL, or the Servant of the Cross. He was succeeded by

CONSTANTIN, FRESENNA *and* DELNOAD, who reign'd about *A. D.* 960. After the Death of DELNOAD the *Ethiopic Scepter* was usurped by another Race, call'd the

ZAGEAN Family, who enjoy'd it 340 Years. Of this Line was

NEWAJA CHRISTOS, or the Wealth of *Christ*, whom the Poet praises for building the House of God and impoverishing himself to adorn it. But the most famous was

LALIBALA, a wonderful Builder; for he did not cement Stones and Bricks with Lime, or join Roofs together with Rafters, but hollow'd whole solid Rocks, leaving Pillars where they were requisite for Ornament, the Arches and Walls being all of one Stone. He † after he had reign'd 40 Years. The last of this Race was

NAACUETO LAAB in whom the ZAGEAN *Family* became extinct about *A. D.* 1300. Then the Nobility of *Shewa* restor'd

The **Solomonian** Race.

I. JOON-IMLAC or AICUNA AMILAC, or ICON-AMLAC, a Prince of the SOLOMONIAN Race, whose Posterity is suppos'd still to be on the Throne, was restor'd *A. D.* 1300.

II. JABEA-TREJON liv'd *A. D.* 1360. his immediate Successors that descended from him are unknown. Yet *Teliezius* reckons up 16 of this Race, to ZARA JACOB, who reign'd 137 Years, reckoning from the first Year of JON-IMLAC.

X. MULEY-HAMET-SCHECK, reign'd prosperously for the Space of 19 Years, from 1635. till the Unfaithfulness of **Laella**, one of his Wives, hasted his Ruin; for she falling in Love with one *Cidri Kirum* her Kinsman, effected the King's Death by a way unknown, *A. D.* 1654.

XI. MULEY LABESCH the last of the **Cherifian** or *Xerifian* Family came to the Throne, at three Years of Age, under the Guardianship of **Kirum**, and other Grandees, *A. D.* 1654. till 1661. But this **Kirum** put his Pupil to Death, after he had reign'd alone 6 Years, aged 16, *A. D.* 1667. He left the Kingdom in great Confusion. For

**Kirum** having obtain'd the Throne, He † a natural Death, and left the Kingdom to his Son MULEY BOUCAR, who, after a short Reign of three Months, was dethron'd by *Tassilet*, but of this we are not certain: and now the ador'd *Cherifian* Family was extinct in LABESH. Now this Country was involved in bloody Civil Wars, by several Pretenders to the Crown, as *Haiski Ben Boucar*, and *Gaylan*, till a new Family conquer'd all, *viz.*

*Muley* **Mahumed**, a Prince of great Authority in *Numidia*, said to be descended from MAHOMET, besides 4 Wives, had several Concubines.

*N. N.* the elder Son was slain by his Brother.

**Muley** *Cheriff*, otherwise call'd *Reschid*, an eminent Man, but a *Mulatto*, his Mother being a *Negro*, was proclaim'd King of *Tassilet*. He took in *Fez*, then captivated **Ben Boucar**, and then slew **Gaylan**, and † *A. D.* 1667.

**Muley-Mahomet**, or **Hamet**, succeeded his Father in the Kingdom of *Tassilet* and *Fez*, *An.* 1667. where he was besieg'd by his Brother *Archy*, and during the Siege, he † 1669.

XII. MULEY ARCHY, was born 1632. and after having conquer'd many Places, he at last became Master and King of *Marocco*, *A. D.* 1669. whose King, or rather Tyrant, he caus'd to be drawn at a Mule's Tail. At last having kept the *Passover* in the *Mahometan* Way, and drinking to Excess, he in that Condition took his Horse, and coming to a Walk of Orange-trees, his Horse ran away with such Speed, that a Branch of an Orange-tree broke his Skull to Pieces, *A. D.* 1672.

XIII. MULEY-ISMAEL, or *Semein*, succeeded his Brother in the Kingdoms of *Fez*, *Marocco*, and *Tassilet*, *A. D.* 1672. † but lately, *A. D.* He had numerous Wives and Concubines, who bore to him several Thousand Children.

*Muley* **Hamet** had a Subsistence, *A. D.* 1672.

**Muley Mahomet** strove with his Father about the Throne, but was slain 1705. **Muley Hamet** fought with his Father *A. D.* 1703. **Muley Zidan**, was born 1672. for the Good of his Father, who † but lately.
And now the Offspring of MULEY-ISMAEL have been for some Years past deeply involved in Civil Wars, contending for the Crown, not yet adjusted.

## The Kings of Tunis, Tremeſſen, Tripoli, Bugie, and Algiers in *Africa*.

### I. Tunis.

Theſe Places were taken by the *Saracens* before they reached *Mauritania*, and afterwards by the *Arabs*. But

Muley Hassen one of the following Kings of **Tunis**, affirm'd that he was the 30th King of his Family, who had reign'd ſucceſſively 450 Years, directly deſcended from **Melchior**, one of the three *Magi*; tho' *African* Authors ſay, They were deſcended from the *Hentetes*; and others, that They came from Omar the 2d **Caliph**; for which They took the Title of **Amir**, pretending to be the lawful Succeſſors of Mahomet. Theſe Kings of **Tunis** invaded *Sicily*, and reign'd a long Time there, became tributary to the *Normans*, upon the Declenſion of the Empire of the **Arabs**; and then to the Kings of *France*, *A. D.* 1276. for Charles King of *Sicily*, Brother of *St.* Lewis, forced **Muley Mozcanſa**, or **Omar**, to pay him Tribute. But the firſt we read of is

Abelchit, the *African* **Saracen**, roſe up in Arms in the City of *Caruan*, *A. D.* 1051. and was defeated and ſlain by the *Arabians*.

*N. N.* His two Sons fled, the one to the Kingdom of *Tunis*, the other to *Bugie*, whereof they became Kings, but were oblig'd to acknowledge Joseph King of the *Almoravides* their *Liege Lord*. After which they and their Poſterity reign'd peaceably, during the Reign of the *Almoravides*; but upon the Decline of the *Almohades*, the *Arabians* of this Kingdom rebelled againſt the King of *Marocco*, and preſs'd him ſo hard that

I. ABDULEDI was by the King of *Marocco* ſent to compoſe the rebellious *Arabians* of *Tunis*, which he did, and made himſelf Maſter of *Tunis*, about the Decline of the Empire of the *Almohades*.

II. Buzacharias ſucceeded, and extended his Conqueſts as far as *Tripoli*, and then put *Numidia* and *Libya*, as far as the Country of the *Negroes*, under Contribution.

III. Abu-Ferez, after various Exploits return'd to *Tunis* with the glorious Title of *King of Africa*, and was the firſt call'd King of *Tunis*. See his other Sons in *Bugie*.

IV. Hutmet alſo much enlarg'd his Dominions, but after his Death, the Kings of *Fez* became ſo potent, that They made all the *Mahometans* of *Africa* acknowledge them; but They had heavy Wars with the Succeſſors of Hutmet. In Proceſs of Time Abu-Hassen King of *Fez*, forc'd the King of *Tunis* to flee to the *Arabs* in the Deſarts, but returning in a ſhort Time he recover'd his Kingdom, about *A. D.* 1346.

Muley-Bula-Abez one of the Succeſſors of Hutmet, was overthrown by Abu Henun King of *Fez*, and incarcerated in the Caſtle of *Ceuta*; but was ſet at Liberty by his Succeſſor. In his Time the *Genoeſe* took **Tripoli**.

Abu-Celem and his Succeſſors were in peaceable Poſſeſſion until the Time of

*N. N.*

Abu-Barc was aſſaſſinated, together with his Sons, by Order of his Nephew *Yabaia*.

*N. N.*

**Yabaia** caus'd a Revolt from his Uncle.

Abdulmumen the Couſin of Abu-Barc, ſlew *Yabaia*, and remain'd the peaceable Poſſeſſor of the Kingdom.

Zachary ſucceeded his Father, and † of the Plague. Then the People elected

Abu Camen, who, by his Tyrannies forc'd many Cities to ſet up for themſelves.

Muley Mahomet ſucceeded

Muley Hassem, or **Muley Halcen**, or **Muley Caſſen**, having firſt murder'd **Maimon** his elder Brother, and put out the Eyes of 20 of the reſt, he uſurped the Kingdom, but was diſpoſſeſs'd by **Barbaroſſa** King of *Algiers* and the *Turkiſh* Admiral, and again reſtor'd by the *Emperor* Charles V. *A. D.* 1535.

**Maimon** was murder'd by his Brother **Muley Haſſem**.

*N. N.* 20 Brothers had their Eyes put out by *Muley Haſſem*.

Abdulmalic ſucceeded, but reign'd no more than 36 Days.

**Muley Mahomet.**

Mahomet ſucceeded his Father, and reign'd 4 Months.

**Amida** by the Help of the *Arabians*, ſuddenly enter'd *Tunis*, and depriv'd Muhamet of the Kingdom, which he himſelf poſſeſs'd until *A. D.* 1570. when **Aluch Ali** Governor of *Algiers*, had the Place betray'd by ſome of the Inhabitants, and the *Turks* hold it to this Day.

### II. Tremeſſen.

This Country was anciently inhabited by the *Herpidani*, *Taladuſii*, &c. But the moſt predominant Nation was the *Maſæſyli*, over whom reign'd Syphax, who joining the *Carthaginians* againſt the *Romans*, was vanquiſh'd and ſent Priſoner to *Rome*, and his Kingdom given to Masinissa King of the *Numidians*, and continued in his Line till the Death of **Jugurtha**, and then beſtow'd upon the Kings of *Mauritania*, and always reckon'd a Part of that Kingdom, till reduced to the Form of a Province by the Emperor Claudius, and after the *Romans* It was poſſeſs'd by divers ſtrange Princes. Once it was in the Power of the *Abduluates*, a Branch of *Zenetes*, deſcended from the *Magarao's*, who rul'd over all *Africa*: Theſe the *Romans* expell'd, but being aſſiſted by the *Goths*, and paying them a certain Tribute, they recover'd their Dominions, and kept the ſame until all *Africa* became ſubject to the Poſterity of **Mahomet**: But within ſome Time the *Abduluates* re-enter'd *Tremeſſen*, *A. D.* 986. and reign'd above 300 Years, until they were ſubdued by the **Almoravides** and **Almohades**, (See their Genealogy Table CLVIII.) who kept them under Subjection, until the Decline of their Empire, when one Gamaruzan *Benzyan* ſeiz'd on this Kingdom, and left the ſame to his Deſcendants, who were call'd the *Benizeynes*, who afterwards were made tributary to Abu-Ferez, and his Son Hutmet, Kings of *Tunis*. At laſt **Barbaroſſa** made himſelf Maſter of *Tremeſſen*, *A. D.* 1516. during the Reign of Buhamu their King, whoſe Son was *A. D.* 1535. reſtor'd by **Charles** V. the *German* Emperor, and ſucceeded by Abdalla, till the **Turks** became their Maſters, a great Part of which they ſtill enjoy. But we know not their *Genealogy*.

### III. Tripoli.

This was, after the *Romans*, ſubject to the *Goths*, then to the *Arabians*, after that to the Kings of *Tunis*, and ſometimes to thoſe of *Fez*, when they united that Crown to their own: But Bucamen tyrannizing, they advanc'd a Citizen in his Place; and Bucamen ſending an Army againſt him, was poiſon'd by ſome of the Inhabitants, which Succeſs made their King turn a Tyrant; wherefore he was ſlain by one of his Brothers-in-law, and ſucceeded by one of his Officers Abu-Barc, who rul'd until *Tripoli* was taken by **Peter** of *Navarre*, *A. D.* 1510. And *A. D.* 1528. **Charles** V. beſtow'd it on the Knights of *Malta*, who enjoy'd it till 1551. when it was conquer'd by the *Turks*, under the brave **Sinan** *Baſſa*, but in Proceſs of Time it became a Republick.

### IV. Bugie.

This was for ſome Time dependent upon the Kingdom of *Tunis*, after Abu-Ferez had made *Tremeſſen* tributary. Abu-Ferez. See the Column of **Tunis**.

**Hutmet** King of *Tunis*. See the Kings of *Tunis* on the left Hand of the *Table*.

Abdulazis was by his Father left in *Bugie*, and confirm'd King. And he and his Deſcendents reign'd there till the Country was conquer'd by **Peter** of *Navarre*, for the King of *Caſtile*, *A. D.* 1510. who kept the ſame to *A. D.* 1545. when it was taken by the *Turks*. It now belongs to the Regency of **Algiers**.

Amar the ſecond Son had the Province of *Zeb* in *Numidia* or *Getulia*; but after his Father's Death took up Arms againſt **Hutmet**, by whom being defeated and taken Priſoner, he had it in his Choice to loſe his Life or his Eyes, he pitch'd upon the laſt, and liv'd a long Time after.

### V. Algiers.

This for a long Time made Part of the Kingdom of *Tremeſſen*, and belong'd to the King's ſecond Son. But when Abu-Ferez King of *Tunis*, made a Conqueſt of *Tremeſſen*, he gave the Crown of *Bugie* to one of his Sons. Then the People of *Algiers* finding the Authority of their King much weaken'd, voluntarily ſubmitted to the Government of the Kings of *Tunis*, and ſtill continued a free People, except that they were oblig'd to pay ſome ſmall Tribute; but upon the Decline of that Government they became totally free, and ſome Gentlemen that were in it, made themſelves Maſters of it, by the Help of the *Arabs*, and became their Kings; the laſt of whom was Selim, who was ſlain by **Barbaroſſa**, that took the Place for the *Turks*, *A. D.* 1515.

The *Emperor* Charles V. 1541. attempted the Conqueſt of this Place with 370 Ships and *Gallies*, 3000 Foot and 2000 Horſe, but loſt his Fleet by a terrible Tempeſt.

The brave *Engliſh* **Admiral** *Blake*, *A. D.* 1655. ent'r'd the Harbour, and burnt their Ships.

Sir *Thomas Allen*, *A. D.* 1668. forc'd the Regency of *Algiers* to a Peace, which they broke 1669. ſo that Captain *Beach* 1670. drove 7 of their Men of War on Shore, two of which they burnt themſelves, and he the reſt: At which Time he releas'd 250 *Chriſtians*.

The ſame Year Captain *Spragg* deſtroy'd 9 of their Ships near *Bugie*; upon which they beg'd a Peace, and kept it ever ſince with the *Engliſh*.

The *French* Fleet in 1688. threw 10420 Bombs into the Town, by which two Thirds of it was deſtroy'd, as alſo five of their Ships, which ſo enrag'd the People, that they ſhot off the *French Conſul* at the Mouth of a Cannon. In Revenge of which, the *French* ſhot 3 *Algerine* Officers to Death, and put their Bodies upon Hurdles of Planks, to be driven a-ſhore that their Countrymen might ſee them. But the next Year the *French* made a Peace with them, in Hopes to have their Aſſiſtance againſt the *Engliſh* and *Dutch*, who join'd in the great Revolution of *England* under King William.

The *Longobards* inlarged their Habitations under their next King, as far as *Halberſtadt*.

About the Time of King GEDEHOC the *Longobards* tranſplanted themſelves into the Country now called *Bavaria*, and *A. Under whom the *Huns* broke into *Germany*, but were repulsed by the *Francomians* or *French*, *A. D.* 571.

Some say that the *Longobards* about this Time removed to the Borders of *Poland*; but it was only a Colony of them.

After the **Longobards** had poſſeſs'd *Hungary* 42 Years, *Sophia* the Wife of the Emperor JUSTIN II. having grievouſly provoked **Narſes** (who as *Proconſul* had ruled *Italy* 16 Years. after the Extinction of the *Gothic* Kingdom there) He in Revenge ſollicited the *Longobards* to invade *Italy*, who came and erected their new Kingdom of **Lombardy**.

After the Departure of the *Longobards* the **Goths** and **Gepidæ**, a Sort of *Goths*, or very like them, recover'd Power in *Hungary*, but not long.

For the **Avares**, a *Sarmatian* People, as ſome think with *Ptolemy*, who calls Them *Avarini*; or rather with *Nicetes* a *Scythian* People near the *Palus Mæotis*, driven out by their Eaſtern Neighbours the *Turks*, travel'd Weſtward, and defeated the Forces of the Emperor TIBERIUS II. near the Mouth of the *Danube*, about *A. D.* 584.

In the Time of the Emperor MAURICIUS (who began 586.) the **Avares** grew formidable under their King **Caganus**, or **Chagan**, or *Cham*, which is not a proper Name, but the uſual Appellative of their Chiefs) who joining the Remains of the *Huns* invaded *Pannonia*, and defeated the *Goths* and *Gepidæ*, and the *Imperial* Troops too; nay he foraged in *Thrace* to the Walls of *Conſtantinople*: and becauſe MAURICIUS would not ranſom the *Imperial* Priſoners from *Chaganus*; the Soldiers depoſed him *A. D.* 601. while the **Avares** were Maſters of *Hungary*, and then the Soldiers exalted *A. D.* 602. PHOCAS to be their Emperor, in whoſe Time, and in that of his Succeſſor HERACLIUS, the **Avares** ſettled in *Pannonia*, and Part of *Noricum* (now *Upper-Hungary*) ſeparate from the *Boiarians* by the River *Ems*, which They held 196 Years, or dwelt there, tho' not always with Royal Juriſdiction, reckoning from the Death of **Mauritius**, till *A. D.* 796. CHAGANUS had ſeveral Succeſſors, whoſe Names are wanting. But at Length

ALMUS an aſpiring Genius, went and brought a new Colony of 215999 **Huns** from *Scythia* into *Hungary*, under *ſeven* Generals, *viz.* **Arpadius**, *Zobolebus*, *Guila*, *Chunduis*, *Lachel*, *Verbulchus*, and *Urſus*, after the **Avares** had been there 144 Years, and after his Family had been expel'd by the *Goths* 275 Years: but tho' He was ſlain in **Siegenburg**, or *Tranſilvania*, his Offspring maintain'd a *Royal* Superiority in ſome Parts of *Hungary*: for the other Chiefs yielded to

ARPADIUS, who ſlew the mighty King of *Sclavonia*, call'd **Swatbes**, or *Suatoplucus*, that then reign'd over *all Hungary* as a Conqueror, and had built ſeven Caſtles, call'd ſtill *Septem Caſtra*. But *Arpadius* himſelf was ſlain in *Tranſilvania*, *A. D.* 748.

ZULTAN, or **Zoltan**, reign'd over the **Huns** and *Avares* in *all Hungary*. In his Time CHARLES the *Great*, began a War of *Eight* Years with the *Huns* and *Avares*, commencing *A. D.* 788. took *Buda* 791. where he erected a *Chriſtian* Church. It ſeems now there were ſeveral Kings in *Hungary*: for we read that THUDAMUS a King of the *Huns* ſubmitted to CHARLES the *Great*, promiſing to turn *Chriſtian*, *A. D.* 795. And the other Kings being deeply engaged in Civil Wars, the Duke of *Forum Julij*, with PIPIN, invaded *Hungary*, and carried off great Spoils to CHARLES, 796. when He expel'd the **Avares** out of *Hungary*, who ſettled in *Tranſilvania* beyond the *Tibiſcus*, where They mingled with the *Sclaves*. CHARLES was crown'd *Emperor* of the **Weſt** at *Rome*, by *Pope* **Leo** III. *A. D.* 800. and marched againſt *Hungary* 805. when he burnt its Capital City *Oſen*. The *Hun-Avares* rebelled 812. but were ſubdued by PIPIN. They rebelled again 818. and quell'd by the Armies of LEWIS *Pius* the *Weſtern* Emperor, 820. when They were mingled with *German* Colonies to teach them Obedience.

At laſt the *Hunugari* a *Scythian* People like the *Huns*, under CUSALA their Duke, wandering in *Sarmatia Europæa* without any certain Abode, came into *Hungary* *A. D.* 886. when the *Scythians*, call'd *Croati* and *Servij*, planted themſelves in *Croatia* and *Servia*, and LEO V. Emperor of the *Eaſt*, invited them to come againſt the *Bulgarians*, with a Promiſe of good Poſſeſſions; but He deceived them after his Work was done, and They invaded the *Weſtern* Empire, and from thence marched into *France*, to be avenged on the Succeſſors of CHARLES the *Great*, of whom the *Huns* and *Avares* had told them ſtrange Things: and *A. ARNULPH the *Weſtern* Emperor obtain'd their Aid againſt his grand Enemy SWANTIBOGIUS King of the *Bohemians* and *Moravians*, from whom They took *Tranſilvania*; and the Country on both Sides of the *Tibiſcus*, drove out the *Sclaves* and *Avares*, and ſettled in Upper **Hungaria**, ſo called from them. D.* 902. but They were ſorely ſlaughter'd by the *Imperial* Troops in their Retreat. The **Vandals** call'd *Obtrita*, having rebelled againſt the Duke of **Saxony**, called the **Hungars** to their Aid, who fought the Emperor LEWIS IV. *three Days* ſucceſſively, and beat him too, *A. D.* 907. when **Leopold** Duke of *Auſtria*, and many of the great Nobility were ſlain; upon which They waſted *all Germany* 908. ſlew in Battel **Burchard** *Landgrave* of *Thuringia* 909. Again the *Hungars* defeated the Emperor, who was glad to purchaſe their Departure out of *Germany* with a great Sum, *A. They had alſo ſeveral *petty Kings*, ſome of which invaded *Italy*, at the Sollicitation of *Albericus An.* 917. and burnt *Venice* 921. and next Year waſted all *Germany* for want of their Tribute, yet concluded a Peace for 9 Years. Then by *Berengarius* They were invited into *Italy*, and ſpoil'd *Papia* 924. and next Year waſted *France*, Upon the Expiration of the Peace *An.* 931. their Ambaſſadors demanding Tribute, are derided and abuſed, for which They again invaded *Germany* with 300000 Men, *A. D.* 932. but They were miſerably defeated, firſt in *Thuringia*, and next at *Merſpurg*, and were utterly expell'd *Germany*. Another Body of them marched again into *Italy*, *An.* 937. and ſpoiled the Country of *Benevento* and *Capua*; but in their Return next Year They were defeated by the *Marſi* and *Peligni*. Many of them were ſlain in *Carinthia*, which They had invaded 944. and They were defeated in *Bavaria*, *An.* 948. **Berengarius** bribed King TOXUS not to invade *Italy*, *An.* 950. They invaded the *Empire An.* 953. to revenge the Overthrow of the *Bohemians*, but were all defeated near *Augsburg* in *Bavaria*, and five of their *petty Kings* hang'd, *An.* 955. There is little more ſaid of them, till the Death of their great King TOXUS, the laſt *Pagan* King, *A. D.* 990. after he had reign'd about 80 or 90 Years; for being much defeated by the *German* Emperors, and beginning to learn *Chriſtianity*, They threw off their Fierceneſs, and became quiet Neighbours. *Toxus* was ſucceeded by his *Chriſtian* Son

# TABLE CLXXV.

## The PRINCES and CZARS of Muscovy or *Russia*.

RUSSIA call'd anciently Sarmatia *Europæa*, not known farther northwards than the Head of *Tanais*, for many Ages: At length *Ptolemy* the Astronomer bounds it on the *North* by the *Baltick* and *Terra Incognita*; on the *South* by the People call'd *Jazyges Metanastæ*, that anciently dwelt in *Transylvania* and *Upper-Hungary*; on the *West* by ancient Germany and the *Vistula* or the River *Wessel*, and on the *East* by the *Tanais*.

Sarmatia *Asiatica* reach'd along the Banks of the *Euxine*, eastward to the *Caspian* Sea, and farther northward than any Conqueror had gone. The Countries eastward thereof being then call'd Scythia, so that ancient Russia cantain'd a great Part of Sarmatia *Europæa*, and all the *Asiatica*, the People being generally call'd Sarmatæ, and by the *Greeks* Sauromatæ, subdivided into the *Agathyrsi*, *Rutheni*, *Pagiritæ* in the North; and the *Osyli*, *Alawni*, *Roxolani*, &c. in the South. From the *Roxolani*, the principal Nation, the learn'd *Polander* Matthias *a Michou* derives the *Rosses*, whom we call *Russians*, whose Opinion is corroborated by the more learned Bochart in his *Phaleg Lib.* III. *Cap.* 13. speaking of Rhose the Son of *Magog*, the Son of *Japhet*, whose Offspring the *Rhoseti* mingling with the *Alani*, a *Sarmatian* People, might get the Name of Roxolani; and afterwards mingling with the *Rossi* of Mount *Taurus*, in their Attempts on *Constantinople*, return'd to their old Name of *Rossi* or Russians, who were the Lords of the greatest Part of the Country.

The Muscovites possess'd only a southern Province of it, deriv'd from Meschech or *Mosoch* the Son of *Japhet*, who travel'd from *Shina*, at the Dispersion, to the North and North-East of *Syria*, to the Confines of *Colchis* and *Armenia*, where they were call'd Moschi, inhabiting the Mountains which old Authors call *Montes Moschici*; and in process of Time, a large Colony of them travel'd farther Northward into Muscovy, so call'd from them.

The old *Asiatick*, *Grecian* and *Roman* Conquerors, never attempted to subdue the *Russians* and *Muscovites*, their Country being *Terra Incognita*, only Julius Cæsar had laid a *Scheme* of marching an *Army* thro' *Asia*, and from thence Northward into this Country and from thence Westward into old *Germany*, and so Southward to return home to *Italy*; but he was murder'd just as he was beginning this Expedition.

The Huns and other such Nations as found a Passage Westward into *Old-Germany*, seem'd to be Colonies of the ancient *Russians* and *Muscovites*, at least their very near Neighbours. But the Russians themselves were not famous 'till the Time of Michael III. the Emperor of the *East*, when coming from Mount *Taurus* they infested the *Euxine* Sea, and attempted to take *Constantinople A. D.* 864. but failing in their Attempt, and not willing to go home, they made a Descent on the North-West Banks of the *Euxine* Sea, where the Inhabitans were much a Kin to them; and inlarging their Bounds Northwards, they became so powerful that their King Wolodomir I. was married first to Helena Daughter of the Emperor *Nicephorus Phocas*; and after he was converted to Christianity he married next Anna Daughter of the Emperor *Romanus* I. when they left off molesting the *Eastern* Emperors, and turn'd their Arms against *Sarmatia Europæa*, *Lithuania*, *Podolia*, *Russia Rubra*, and the Countries thereabouts, 'till *A. D.* 1240, Bathu or *Boydo*, the Son of Occata *Chan*, with his *Crim* Tartars conquer'd them, after which they had not *one sole Monarch*, but many petty Princes call'd *Lords* of *Russia* or *Muscovy*, tributary to the *Tartars*, who held them in Vassalage very long, even after John the Son of Basilius II. came to call himself the *Great Duke* of Muscovy; for at the Conclusion of a Peace with the *Tartars*, it was stipulated that *Duke* John *once every Year should stand on Foot in the Castle of* Moscou, *and feed the Horse of the* Crim Tartar *with Oats out of his own Cap*; which Homage was afterwards chang'd into a Tribute of Furs; and this being also deny'd by his Successors, occasion'd long and bloody Wars between them and the *Tartars*. But tho' the *Tartars* have had the Assistance of the *Turks*, the Muscovite has bravely asserted his own Sovereignty, and also wrested from them many goodly Provinces.

First he had many Wives, but afterwards he married but one, *viz.* Ann the Sister of Basilius II. Emperor of *Constantinople*. He divided his Dominions among his 12 Sons, who were all alive at his Death.

## The Waywods and Princes of Sievenburg or *Transylvania* of several Families.

THIS Country was a Province of the old **Dacia**, and first conquer'd by LYSIMACHUS King of *Thrace A. M.* 3703. before *Christ* 301. For that Year the Partition of the *Grecian* **Monarchy** was made, upon the Death of King **Antigonus**, among the surviving Captains of ALEXANDER; afterwards it was conquer'd by TRAJAN the *Emperor*.

Then the **Goths**, after AURELIAN left it, made it their constant Dwelling, 'till forc'd over the *Danube* by the **Hunns**, the next Possessors of this Country. At last it was conquer'd by STEPHEN the first King of *Hungary*, surnamed the *Saint*, *A. D.* 1006. some say 1002. and became Subject to the Laws of that Kingdom, and was govern'd by a Deputy call'd the **Waywod** of *Transylvania*; but we know nothing certain of the Succession of these **Waywods**, until the glorious JOHN *Hunniades*.

## The VAIVODS or *Princes* of Moldavia and Valachia.

THE whole Country of Dacia, whereof *Moldavia* and *Valachia* are Provinces, were firſt like other Nations inhabited by the *Scythians*, till the coming of the *Sclaves* and *Roſſes*, and then for ſome Time was accounted Part of the Ruſſian *Empire*, till the diſmembring of that Empire by the *Tartars*. After which

Moldavia was ſometimes *Homager* to the *Polanders*, ſometimes to the *Hungarians*, and was afterwards made tributary to the *Turks*, by Mahomet the *Great*, who thought it not worth his Pains; but Bajazet his Son conſidering how well it lay for the abſolute Command of the *Euxin* Sea, took that Part of it call'd *Beſſarabia*, reducing it to the Form of a *Turkiſh* Province, *A. D.* 1485. and increas'd the Tribute of the reſt, leaving it unto the Diſpoſal of its natural Princes, who fearing to be made Vaſſals to the *Turks*, did oft rebel againſt them, with the Aid ſometimes of the *Hungarians*; ſometimes of the *Polanders*.

BOGDANUS Vaivod of *Moldavia*, in the Time of Selim II. uniting himſelf more cloſely to *Poland*, was thereby ſuſpected by the Turkiſh *Emperor*, who, with a great Power expell'd him his Country, and gave the ſame to a Native of *Moldavia*, call'd

JOHN, who was moſtly bred up in the *Turkiſh* Court, (where he renounced his Faith, and was circumciſed) but was no ſooner ſettled in the Vaivodſhip, but he return'd to his firſt Religion; and therefore was leſs affected by the *Turks*, which being obſerv'd by the then Vaivod of *Valachia*, he endeavour'd to obtain that Dignity for his Brother, *viz.*

PETER, offering alſo to double the Tribute, and aſſiſt in ſubduing the Country. The *Turk* accepting theſe Offers, compounded an Army of 103000, whereof there were 70000 *Valachians*, 30000 *Turks*, and 3000 *Hungarians*, with which he fell into *Moldavia*, but was ſo gallantly received by the noble Vaivod JOHN, that few of them eſcap'd the Slaughter. But being afterwards betray'd by his old Friend Zarnievitche, and, contrary to Agreement, barbarouſly murder'd by the Turkiſh *Baſha*, *Moldavia* was again united to the Turkiſh *Empire*, *A. D.* 1574. and the Vaivods afterwards were nominated by the Turkiſh *Emperors*. And tho'

AARON one of the ſucceeding *Vaivods*, did ſhake off this Yoke, yet being ſupplanted by *Roſwan*, one of his own ambitious Subjects, it became ſubject firſt to the *Polonians*, next to *Germany*, and afterwards to the *Turks*, from whom it could never be recover'd.

Valachia was afterwards govern'd by their own Vaivods, and being protected by the *Hungarian* Kings, they liv'd in Peace, till fearing the bad Effects of the *Turks* conquering *Servia* and *Bulgaria*,

*N. N.* the *Vaivod*, in the Time of BAJAZET I. croſs'd the *Danube* with his Forces, and having ſpoil'd the *Turkiſh* Territories return'd home; but Bajazet being irritated at this Invaſion, came into *Valachia*, overcame the *Vaivod*, and forc'd him to ſue for Peace, and become tributary; yet the impos'd Tribute was with-held on account of Bajazet's Captivity, until *A. D.* 1417. when Mahomet forc'd them to a new Compoſition, and the Payment of all former Reckonings. But they were induc'd by the fortunate Succeſſes of Hunniades, to put themſelves again under the Protection of the *Hungarians*, who being afterwards ſubdued at the Battel of *Caſſova*, by Amurath II. the accuſtom'd Tribute was brought in again, which the *Turks* were at preſent ſatisfied with, being then ſore put to it by the famous *Scanderbeg*. Not long after, *A. D.* 1462. Mahomet the Great undertook the Conqueſt of this Country, being advertis'd that

WLADUS the then *Vaivod* was to join the *Hungarians* againſt him, he being himſelf otherwiſe employ'd, ſet up DRACALA the younger Brother, againſt *Wladus:* and Dracala making a Party among the People, by the *Turks* Aſſiſtance, poſſeſs'd himſelf of that Eſtate as a Vaſſal to the *Turks*, under whoſe Vaſſalage it continued, to *A. D.* 1595. At which Time

MICHAEL the *Vaivod*, confederated with Sigiſmund Prince of *Tranſilvania*, and the Vaivod of *Moldavia*, he diſcomfited the *Turks*, yet he was at laſt ſlain in his own Tent, by the Privity and Conſent of Baſta the Emperor's Lieutenant.

After his Death this Country was miſerably diſtracted by two *Vaivods*, the one plac'd by Rudolf the Emperor, and the other by Mahomet the *Grand Seignior*, till in the End they were forced to ſubmit themſelves to the Diſpoſal of the *Turks*, and receive their *Vaivods* from them.

But being incroached upon by an Inundation of the Sea, They petition'd the *Romans* for a Settlement in their Dominions, and the *Romans* neglecting them, the Cimbrians join'd the old *German* Nations againſt *Rome*, and by their Sword three *Roman* Conſuls were defeated, *viz. ## The KINGS of Norway.

THE Norwegians were first known in the Time of *Ptolemy*, by the Name of *Chedini*, and then possess'd the western Parts of *Scandia*. But uniting with their Neighbours the *Danes* and *Swedes*, they were, in the flourishing Time of the French Emperors, better known by the Name of Normans; so call'd by *Eginhartus* in his History of CHARLES *the Great*, and under this Name they made Excursions by Sea along the Coast of *Belgium*, mightily oppress'd the *French*, and at length conquer'd *Normandy*, which by Charles *the Simple* was confer'd upon one Rollo, the first Duke thereof, *A. D.* 912. whose Successors much increased their Glory by their Conquest of *England*, as some of their Adventurers did by their Conquests of *Naples*, *Sicily* and *Antioch*, the *Orcades*, the *Hebrides*, the Isle of *Man*, *&c.* Afterwards the People of *Norway* were call'd *Norwegians*, and were still, for the most Part govern'd by their own Kings, 'till their Union with *Denmark*, by the Marriage of King HAQUIN and MARGARET Queen of *Denmark*. 4. UBBO the Builder of *Upſal*, ſucceeded *A. M.* 1903. † 2004. reign'd 101 Years.

5. SIGGO I. was King 2004.

6. ERIC I. was King 2014.

7. UDDO.
8. ALE.
9. OSTEN I.
10. CHARLES I.
11. BIORN I.
12. GETHAR II.
13. SIGGO II.
14. BERICH was King *A. M.* 2493.
15. HUMULF ſucceeded *A. M.* 2533.
16. HUMBLE is reported to have given his Son DANUS to the *Danes*, *A. M.* 2673.

DANUS is reported to have been given by his Father to the *Danes*, but then it muſt have been another *Danus* than their firſt King, for their DANUS was not King till *A. M.* 2964. Table 186.

*N. N.* other two Sons.

17. GOTHLIAS IV. ſucceeded, but when is uncertain.

18. SIGTAUG, or Sichtrug, was King of *Sweden* 2758. till 2791. but other Authors more probably make him to reign about *A. M.* 3054. *Before Chriſt* 950. for he was ſlain by GRAM King of *Denmark*, who did not begin to reign till *A. M.* 3115. and conquer'd *Sweden*.

19. SCARIN ſucceeded Sigtaug, but when is uncertain. Bertius ſays *A. M.* 2791. but rather much later; ſeeing he was cotemporary with, and ſubject to GRAM King of *Denmark*, who had conquer'd *Sweden*, and ſlain his Predeceſſor; and it is moſt probable that *Sweden* being at this Time at a very low Paſs,

20. SUIBDAGER King of *Norway* took the Advantage, and march'd with an Army againſt *Gram*, defeated him, and thereby added *Denmark* and *Sweden* to his Dominions, and ſo was the firſt Monarch of the three Crowns. But *Bertius* ſays, that *Suibdager* was King *A. M.* 2831. which is not conſiſtent with the *Daniſh* Table.

21. HASMUND ſucceeded in the Kingdoms of *Norway* and *Sweden*, *A. M.* 2891. till 2931. according to *Bertius*. He reign'd 48 Years.

22. UFFO King 2939. till 2983.

23. HUNDING, or *Hindin*, was King 2983. till 3031. Some make HUNDING and *Hinden* two different Kings.

Harthingus King of *Denmark*. Table 186.

24. REGNER the Brother-in-law of Frotho I. King of *Denmark*, was King from 3031. till 3060. according to *Bertius*. But according to the *Daniſh* Table, FROTHO I. was King of *Denmark A. M.* 3240. which was 209 Years after the Beginning of REGNER in this Table.

Swanita his Wife.

Frotho I. King of *Denmark*.

25. HOTOBROD, or *Horbrod*, or *Hotbroth*, was King 3060. to 3125. In his Time the *Danes* ſubdued *Sweden*. See the *Daniſh* Table, for Difference in *Chronology*.

26. ATISLE, or ATTILA I. was the next King, from 3125. to 3174. but that cannot be, according to the *Daniſh* Table; for he and his Brother HOTHER recover'd the Kingdom, by paying ſome ſmall Tribute; but Rolvo King of *Denmark* vanquiſh'd him, and conquer'd *Sweden*. Then HIARTUAR, a noble *Swede*, being for his excellent Qualifications favour'd by the *Daniſh* King, receiv'd the Kingdom of *Sweden* under the Title of a tributary Dutchy, and married *Rolvo*'s Siſter, but afterwards beheaded ROLVO, and the *Danes* kill'd *Hiartuar*.

27. HOTHER, after *Sweden* had been a long Time under the *Daniſh* Yoke, rais'd an Army, and took Poſſeſſion of his Kingdom, which he kept from 3174. till 3252. according to *Bertius*, but this Date cannot agree with the Circumſtances of the Hiſtory in the *Daniſh* Table; and afterwards with his victorious Arms he ſubdued *Denmark*, of which he became King, *A. M.* 3477. *Before Chriſt* 527. after the *Daniſh* Computation. But at length HOTHER was ejected by Valdeer a noble *Dane*.

28. RORIC, ſurnamed *Slyngebaud*, was King of *Sweden*, according to *Bertius*, from 3252. to 3336. but the *Danes* more probably ſay, that he was King of both Kingdoms, from 3519. to 3568. and at his Death having two Sons, the one was made King of *Denmark*, the other King of *Sweden*.

Wigletus was King of *Denmark*. Table 186.

29. ATTILA II. was King of *Sweden*, from 3336. to 3366. according to *Bertius*, but not according to the *Daniſh* Table.

Ginutha married, 1. *Horvendillus*. 2. *Feggo*, two Brothers.

31. CHARLES II. was King, from 3408. to 3456.

32. GRAMUS was King 3456. or rather 3689. How he and ſeveral of his Succeſſors reign'd we do not know, and therefore we muſt content ourſelves with the bare Mention of their Names, *viz.*

33. TORDO I.
34. GOTHARUS.
35. ADOLPHUS.
36. ALGODUS I.
37. ERICH II.
38. LINDORNUS.

39. ALRICH, or ABRIC, was King of *Sweden* in the Time of the Emperor AUGUSTUS, He was murder'd, and ſucceeded by

40. ERIC III. *A. M.* 3929. according to *Bertius* and *Alſtedius*, but according to our *Chronology* 3986. *Before Chriſt* 18. † *A. M.* 4008. or *A. D.* 4. having reign'd 22 Years.

KINGS after Christ.

41. GODRICH ſucceeded his Father, *A. D.* 4. to *A. D.* 34. reign'd 30.

43. FILMER King *A. D.* 70. to 84. reign'd 14.

44. NORDIAN King *A. D.* 84. to 100. reign'd 16.

45. SIWARD I. King *A. D.* 100. to 131. reign'd 31.

46. CHARLES II. King *A. D.* 131. to 169. reign'd 38.

*N. N.* a Daughter. *N. N.*

*N. N.* a Daughter. Frotho V. King of *Denmark*. See Table 186.

47. ERICH IV. King *A. D.* 169. † in Battel 181. reign'd 12.

48. HALDAN II. or Bergamus, was King from *A. D.* 181. to 194. reign'd 13 Years. He was not careful to beget Children, and named for his Succeſſor a noble *Swede*, call'd

49. UNGUIN, was King from *A. D.* 194. till 203. reign'd 9 Years. Some ſay that this is the ſame UNGUIN, who, in Table 186. is made the 36th King of *Denmark*, and Father-in-law to HALDAN II. King of *Denmark*, and that He was King both of *Denmark* and *Sweden*, and that at his Death he left theſe Kingdoms to his Son SIVALD, mention'd in that ſame Table. But according to this Scheme of *Bertius*, they muſt be two different Princes; for the UNGUIN mention'd in Table 186. † *A. D.* 155. whereas the UNGUIN mention'd by *Bertius*, did not commence his Reign till *A. D.* 194.

## The Royal SUEVI in Germany.

THE **Suevi** anciently poſſeſs'd a vaſt Part of *Germany*, a populous and warlike People. *Oroſius* makes them to conſiſt of 54 different Nations, of which the *Semnones* and **Angli** are mention'd by *Ptolemy*, and the *Colduli*, the *Hermanduri*, and the *Longobards* by *Strabo*; and many of them are particularly mention'd by *Tacitus* in his Book *De moribus Germanorum*.

*Caſpar-Peucer* writes to *Monavius*, *That he doubts not the* **Sueves** *held all the northern Coaſt of* Germany, *call'd* Pomerania, *or the whole South Coaſt of the* Baltick *Sea, which from them was call'd the* Suevian *Sea, into which the River* Schwei *runs; That from theſe* Suevi *the* **Sueci** *or* **Sweves** *are partly deſcended, who leaving their Brethren in* Pomerania, *croſs'd the* Baltick *and ſail'd into* Swedland: *That a Colony of the* Suevi *afterwards travel'd more Southerly, when the* Goths *and* Dacians, *expell'd from the* Eaſt, *came to dwell amongſt them, whereby they were a mixt Nation of* Sueves *and* Goths.

When they came into the *South* Parts of *Germany*, they inhabited the Country now call'd from them **Schwabia**.

But it is generally aſſerted by the *German* Hiſtorians, that the **Suevi** derive their Original from

# TABLE CCXI.

## The *ancient* Goths of Germany omitted before, and may ſerve as an *Introduction* to Tables CXXXVI. and CXXXVII.

A COLONY of the ancient *Scythians* call'd **Goths**, having very early found a Paſſage into *Europe*, did in proceſs of Time join the *Suevi*, and were firſt known to the *Romans* when dwelling on the North Side of the *Iſther* or *Danube*.

They skirmiſh'd with the *Emperor* **Caracalla**, fought with the *Emperor* **Decius**, and ſlew him in Battle *A. D.* 253. In the Time of VALENS and **Valentinian** the *Emperors*, the *Gothick* Leader PHRITIGERNES being overcome by ATHANARICUS III. another Leader of the *Goths*, was ſupported by **Valens** upon his turning *Chriſtian*. Afterwards the *Huns* drove the *Goths* over the *Danube*, when **Valens** gave them the out Parts of *Thrace*, on Condition they ſhould become *Chriſtian* and ſerve the *Emperor*. But **Valens** not affording them their Pay, they haraſs'd all *Thrace*, and marching towards *Conſtantinople*, in the Way they encounter'd **Valens**, whom they overcame and ſlew: But his Succeſſor **Theodoſius** having beat them in many Battles, they became good Neighbours, inlarging their Bounds, with his leave, as far as *Pannonia*.

| Began *A. D.* | |

| 344 | I. ATHANARICUS I. King of the *Goths* in the Time of the Emperor **Conſtantius** and **Conſtans**. |
| 357 | II. ALARIC I. |

| 370 | IV. ATHANARICUS II. in the Time of the Emperors **Valens**, **Gratian** and **Valentinian** II. under whom the *Goths* were firſt ſettled on the South Side of the *Danube*. |
| 379 | V. RHADAGUISUS in the Time of the Emperor **Honorius**, firſt led the *Goths* into *Italy*, and was ſlain at the Battle of *Feſulæ*. |

| 410 | VII. ATHAULFUS brought the *Viſo-Goths* into *Spain* (Table CXXXVII.) and from him are deſcended the preſent Kings of *Spain*, as they think. |
| 417 | VIII. ATHALARICUS King of the *Goths* remaining in the *Eaſt* at the Departure of RADAGUISUS and ALARICUS, call'd from their Plantations by the Name of **Oſtro-Goths**. They were vanquiſh'd by *Attila*, and became ſubject to the *Huns* in the Time of the Emperors **Theodoſius** II. and **Valentinian** III. |
| 459. | IX. WILAMIR the Son of *Winithar*, the Son of *Valervans* Prince of the *Goths*, at firſt Vaſſal to **Attila**, and fought under him in the great Battle near *Tholouſe* againſt the *Romans*; but at laſt he recover'd *Pannonia* from the Sons of *Attila*. |

# TABLE CCXII.

## The **Amazon** QUEENS omitted in the *Aſiatick* Tables.

THEY are call'd *Amazons* either *quaſi* ἀμαζας, becauſe they were wont to cut off their Right-Paps, that they might have no Impediments in the Uſe of the Bow and Arrow, or from ἀ and μαζα *ſine pane*, becauſe they uſed no Bread, or from ἀμαζων becauſe they uſed to live together: The *Germans* call them **Weiber**, and derive them from the *German* Word **Weiz**, which ſignifies a *Virago*.

They were originally of *Scythia*, and accompanied their Husbands, who were *Cimbrians*, to the Banks of *Thermodon*, a River whoſe Riſe and Fall is in the **Pontus** *Polemoniacus*; This was in the Time of BOJUS the 12th King of *Germany*, who was Cotemporary with *Moſes* and *Joſhua*. See the next Table.

The Leaders of theſe **Scythians** into *Cappadocia* were PLINUS and SCOLPYTHUS or SCOLOPHITES, two young Men of a great Family, baniſh'd by Civil Wars. They held a great Hand over *Themiſcyrij*, who inhabited *Cappadocia* and the adjacent Countries; but in the End, their Enemies having drawn them into Ambuſhes, cut them all to Pieces; and their Wives not being able to endure both Exile and Widowhood, and ſuch Extremity of Grief and Fear, they ſet upon the Conquerors under the Conduct of

LAMPEDO and MARPESIA or *Marteſia*, and not only overthrew them, but vaſtly enlarg'd their Dominions, and for ſome time continued in great Reputation. They reign'd in the Time of **Adelger** the 14th King of *Germany*. See the next Table.

Now the Names of their Queens, at leaſt of ſo many as occur in Hiſtory, are theſe following.

I. { LAMPEDO or *Lantpotis*. / MARPESIA or *Marteſia*, or **Martpeis**. } were Cotemporaries, only LAMPEDO rul'd at home, and MARPESIA abroad, carrying on the Wars.

II. ORTARA of whom no more. We read next of,

III. ANTIOPA, whoſe Siſters **Hippolite** and **Menalippe** challenged **Hercules** and **Theſius** to a ſingle Combat, and to their great Renown were at laſt with Difficulty overcome by theſe Heroes. We read next of

IV. PENTHISELÆA who came with a Troop of brave *Viragoes* to the Aid of **Priam** King of **Troy**, in his War with the *Grecians*. She invented the *Battle-Ax*, and was at laſt ſlain, according to ſome by **Achilles**, but according to others by **Pyrrhus** the Son of *Achilles*; and as ſhe died ſhe made her Conqueror to fall in love with her. We have no more of their Names mention'd during ſome hundred Years, 'till

V. MINOTEA deſcended in a right Line from the former Queens, who had ſuch a Regard for her beautiful Daughter, that ſhe would not allow her Right-Breaſt to be cut off, as was the Cuſtom of her Predeceſſors, and ſhe was ſucceeded by the beautiful

VI. THALESTRIS, who took away that Savageneſs uſed by her Predeceſſors, in either killing or expelling the *Male* Children, and her Subjects became valiant by her Example. She is reported by ſome to have come to **Alexander** the *Great*, and in plain Terms told him ſhe came to be his Bed-Fellow, and ſo by Degrees this warlike Female Nation was extinct.

NOAH.

JAPHET.

GOMER, from whom came those *Germans* call'd **Combri**, or *Cimbri*.

| | Years of each Reign. | Began to reign *A. M.* and Bef. Chriſt |
|---|---|---|
| I. ASKENAZ, or **Askanes**, call'd by *Aventinus* TUISCO the *Giant*, and by others **Tuisto** and **Tuiżo**, (whom *Aventinus* makes the 4th Son of NOAH, and that he was born after the Flood, but without Authority) was sent by NOAH into **Europe**, after the *Flood* 131 Years, with 20 *Captains*, and made a Settlement near the *Tanais*, on the *West* Coast of the *Euxin* Sea, (by some call'd *Asken* from him) and there founded the Kingdom of the **Germans** and **Sarmatans**. But by computing the Years of the Reigns of these Kings, to the Death of WOLFHEIM **Dickeuger** the 20th King, *viz.*, 1085 Years: And by deducting that Sum from *A. M.* | | 2947 |

| After the *Flood*, | | 206 |
| After the *Dispersion* of the Nations from *Shinar*, | | 52 |
| Before the *Birth* of **Abram**, | | 146 |
| Before **Aegialeus** founded the Kingdom of *Sicyon*, (Page 132.) | | 15 |
| When ASKENAZ himself was above 24 Years old: for he liv'd above 200 Years, and reign'd | 176 | |
| In the Vocables of *Saxony* and *Hessia*, there are some Vestiges of the Name **Askenaz**, and from him the *Jews* call the *Germans* **Askenaz**; but in the *Saxonic* and *Italian*, They are call'd **Tuiscones**, from TUISCO his other Name. | | |
| In the 25th Year of his Reign, He partition'd his Kingdom into *Toparchies*, *Tetrarchies*, and *Governments*, and brought Colonies from divers Parts to increase it. He built the City *Duisburg*, made a Body of Laws in Verse, and invented Letters, which *Kadmus* afterwards imitated; for the *Greek* and *High Dutch* are much alike in many Words. | | |

The 20 *Captains* or **Dukes** that came with ASKENAZ, are,

1. **Sarmata** from whom *Sarmatia*.
2. **Dacus**, or **Danus**, —— *Dania*, or *Denmark*.
3. **Geta**, from whom the *Getæ*.
4. **Gotha**, from whom the *Goths*.
5. **Tibiscus**, — the People on the River *Tibiscus*.
6. **Moela**, —— *Mysia*.
7. **Phrygus**, or *Brigus*, —— *Phrygia*.
8. **Thynus**, —— *Bithynia*.
9. **Dalmata**, —— *Dalmatia*.
10. **Jader**, —— *Jaderia* Colonia.
11. **Albanus**, from whom *Albania*.
12. **Savus**, —— the River *Save*.
13. **Pannus**, —— *Pannonia*.
14. **Salon**, —— the Town *Sala*, *ib.*
15. **Azalus**, —— the *Azali*, *ib.*
16. **Hister**, —— *Istria*.
17. **Adulas**,
18. **Dielas**, } the People that of old dwelt between the Rivers *Oenus* and *Rhenus*.
19. **Obalus**,
20. **Epirus**, from whom *Epirus*.

ASKENAZ had a Brother call'd SCYTHA (say the *Germans*) the Father of the *Scythians*; for which the *Germans* have been of old call'd **Scythians** too, (very justly, because They came mostly from old *Scythia*) and **Germany** had several ancient Names; for that Part next to the *Euxin* was call'd *Scythia*, and the Country of the *Getes*, but the Parts *East* of the *Vistula*, or *Weyssel*, were call'd *Sarmatia Europæa:* and *Westward* it was call'd *Gallia*, *Celtica*, *Alemannia*, *Francia*, and *Teutonia*; for *old* **Germany** comprehended the far greater Part of *Europe*, and those call'd **Gauls** were all *old Germans*, who by ancient Authors are call'd *Celts*, *Gauls*, and *Galatians*; which is confirm'd by the Historians *Strabo* and *Aventinus*, and by *Alstedius* in his Chronology, Page 201, *&c.*

ASKENAZ, or TUISCO, after his Death, was worshipped as the Ambassador and Interpreter of the **Gods**, and from thence call'd the first *German* **Mercury**, from *Tuitschen* to interpret.

| II. MANNUS, or **Manus**, or **Man**, or **Mon**, began *Anno Abrami* 31. the City *Trevers* is said to be built by his Son *Trevir*, before the founding of *Rome* 1250 Years: but by that Reckoning It was in the Days of TUISCO, built (as others think) by **Trebeta** the Son of *Nynus*, who fled from *Semiramis*, with a Colony thither, and call'd it *Trebetum*. He reign'd | 66 | 2038 / 1966 |
| III. INGÆVON, or **Ingaab**, or **Inwohner**, began *Anno Abrami* | 97 | 2104 / 1900 |
| He is thought by some to be the Brother of *Mannus*, and from him those *Germans* that lie nearest the *German* Sea, were call'd *Ingævones*, **Inwohner**; for that They dwelt in the innermost Parts of *Germany* westward, call'd by *Pliny* **Ingaevones**, or *Wogwohner*, from *Denmark* to *Dunkirk* along the Coast, and up the Country into lower *Saxony*. He reign'd | 45 | |
| IV. ISTÆVON, or **Sustab**, or **Istem**, began *Anno Abrami*, | 142 | 2149 / 1855 |

He reign'd | 50 | |
| His Wife was **Frega**, or **Freya**, the *German* **Venus**, from whom our *Friday*, in *German Freytag*, is call'd. | | |
| In his Time **Inachus** founded the Kingdom of *Argos*, *A. M.* 2168. the same Year that ESAU and JACOB were born. | | |
| V. HERMAN, or **Hermion**, or **Herminon**, began *Anno Abrahami*, | 192 | 2199 / 1805 |
| From him *Ursa Major* the Constellation was call'd **Der Herman's Wagen**, HERMAN's *Car*; and the Heathen Temple destroy'd by **Charlemain** was call'd *Hermansul*. He was the Root of the *Herdevones*, *Hermiones*, or *Hermanduri*, who dwelt in the Middle or Heart of *Germany*; *viz.* the *Semnones*, *Narisci*, *Marcomanni*, and *Quadi*, now supposed to be the *Thuringi*, *Misnenses*, *Bojemi*, *Lusatii*, *Silesii*, *Moravi*, and Part of the *Polanders*. He reign'd | 63 | |
| He first order'd the Women to assist their Husbands in the Wars, and in his Time the **Druids** began to flourish, and make Laws. In his 46th Year *Jacob* run his Country, and fled to *Padan Aram A. M.* 2245. | | 2262 / 1742 |
| VI. MARSUS the *German* **Mars** began *Anno Abrami*, | 255 | |
| When *Joseph* the Son of *Jacob* was 4 Years old. | | |
| He is the Root of the *Dithmarsii* and *Stormarsi*, and built the City *Marsburg*. *Aventin* says that **Osiris** King of *Egypt*, (call'd also *Apis* and *Serapis*) with his Wife **Isis**, came to MARSUS, and taught the *Germans* the Arts of making Beer of Agriculture, Forging, Grinding, and Medicine; and from thence went into *Italy*, where he subdued the *Giants* or *Petty Kings*. MARSUS reign'd | 46 | |
| In his Time **Isaac** died, *A. M.* 2288. in *Canaan*, and next Year **Joseph** was exalted in *Egypt*. | | |
| VII. CAMBRIVIUS, or **Cambrivius**, or **Cimbrus**, or **Cimbraeus**, began *Anno Abrami*, | 301 | 2308 / 1696 |
| About 8 Years before the Death of *Jacob* in *Egypt*. | | |
| He is call'd in *German* **Kampfer**, from whom some deduce the *Cimbri*, *Cimmerii*, and *Sicambri*; but they are better deduced from GOMER, as above. In his Time, saith *Aventin*, the *Pyrenean* Mountains were set on Fire by the Negligence of the Shepherds. He reign'd | 44 | |

# TABLE CCXIV.

## The Kings of the Germans, from the Time of King Wolfheim Sickenger, To the Grand Revolution under the *Emperor* CHARLEMAIN.

| | U. C. Fab. | A. M. and Be. Chriſt |
|---|---|---|
| After the Death of Wolfheim, the Royal Succeſſion in *Germany*, (which had continued regular in the 20 Kings of the foregoing Table, during 1085 Years) is often interrupted during this *ſecond* Period, and leaving the Poſterity of Wolfheim to reign over the Celts, Gauls, and Illyrians, I ſhall trace the Kings of the Germans, as they occur in Hiſtory. | | |
| Before Charlemain, | | |
| The firſt of them occur in the Reign of Tarquinius Priſcus, the 5th King of *Rome*, who began to reign, | | |
| After the Death of King Wolfheim Sickenger, 434 | 135 | 3390 } 614 } |
| For then we read of theſe petty German Kings, *viz.* Bellevosus *der* Baldweiſs, Sigovesus *der* Sygweiſs, Helitonus *der* Held, and Medo, under whom the *Ligures*, *Inſubres*, *Suevi*, *Senones*, *Sicambri*, *Cimbri*, *Chamani*, and other Nations of Gaul and Germany, paſs'd over the *Alps*, and ſpread themſelves over the North of *Italy*: after whom followed King Ciconius *aer* Zerro, with his *Boji*, (that had been expell'd from *Bohemia* by the Marcomanni, a *Suevian* Nation) and croſſing the *Po*, They expell'd the old *Hetruſci* and *Umbri*, poſſeſſing all to *Ancona*. They built or enlarged the Cities *Comus*, *Bergamus*, *Trent*, *Vincentia*, *Mutina*, *Parma*, and *Bononia*, the Capital of the 112 Tribes of the Boji, call'd by them *Bojobonia*. | | |
| About the End of *Tarquinius Priſcus*, | | |
| Brennus King of the *German* Suevi began a War againſt the *Romans* in *Italy*, that laſted 110 Years. He built or inlarged the Cities *Hochoſena*, *Teutonica*, *Sena*, *Verona*, *Brixia*, *Ticinum*, and *Milan*, about the Time that the Capitol of *Rome* was built by the laſt *Roman* King Tarquinius Superbus. | | |
| Rhetus a *German* King led the *Thuſci* to the *Alps*, and there founded the Nation of the *Rhetians*; while the *Sacæ* or *Saxons* perform'd great Exploits with the *Grand* Cyrus the Founder of the *Perſian* Monarchy. | | |
| Landinus, or *Laudinus der* Laudin, King of the *Getes* and *Scythians*, that were the Oriental *Germans*, overcame Darius Hyſtaſpes King of *Perſia*, who had croſs'd the *Danube* with 700000 Men. See Page 103. | 236 | 3491 } 513 } |
| In the Days of Artaxerxes *Longimanus* King of *Perſia*, who began, | 285 | 3540 } 464 } |
| We read that 300000 *Germans* travell'd into ſeveral Parts to find out new Settlements, among whom was the King of the Angili, in *German* Suevia, whoſe Son | | |
| Brennus led a Party into *Italy*, while ſome of them went round the *Illyrian* Bay, and ſettled in *Pannonia*; but | | |
| King Brennus by an Embaſſy made a League with Dionyſius King of *Sicily*, the Enemy of the *Romans*; and being ſtrengthned by the *Teutones*, He commenced a fierce War againſt *Rome*; and the *Germans* that had ſettled in *Italy* before, being ſtrengthned by his Alliance, took in the reſt of the Cities of *Hetruria*, while He with his valiant *Suevi*, or *Senones*, marched towards *Rome*, which being abandon'd by the Body of the People, he eaſily enter'd, ſlew the *Senators* in their gorgeous Attire, and laid Siege to the *Capitol*; but was totally routed by the brave Camillus, Page 235, and 236. | 360 | 3615 } 389 } |
| But tho' the *Roman* Hiſtory calls them Gauls, They were truly the *German* Suevi, and other *German* Nations, as the Gauls were likewiſe old *Germans*. | | |
| Mathæas King of the Oriental *Germans*, near the *Euxin* and the *Danube*, was defeated by Philip III. King of *Macedon*, the Father of *Alexander* the *Great*, who invaded their Country for the ſake of Spoil: but in his Retreat the *Germans* defeated and wounded him. | 402 | 3657 } 347 } |
| The *Germans* afterwards defeated *Zopyrion*, one of Alexander's Generals, ſent alſo Auxiliaries to Darius *Codomannus*, and the *Norici* and *Boji* proclaim'd War againſt Alexander, as it is rehearſed in old *German* Songs. | | |
| After the Death of Alexander *the Great*, we find theſe petty *German* Kings, Belgius, Brennus, Arichorius, Euridanus, Theſſalus, Lomnorius, (or *Leonorus der* Lenhard) Lutharius, (or *Lutherius*, or *Lotharus der* Luther) and Dromichites. Brennus, Euridanus, and Theſſalus, led the Celts or *Cimbri* into *Greece*; Lomnorius and Lotharius marched into *Thrace*, and fought Lyſimachus and Caſſander: Dromichites King of the *Getes* took King *Lyſimachus* in Battel, and honourably releas'd him; Belgius invaded *Macedon*, and cut to Pieces *Ptolemy Ceraunus* | 470 | 3725 } 279 } |
| Theſe alſo in the *Greek* Hiſtories are call'd Gauls, and were moſt of them cut off in attempting to conquer *Greece* (See *Polybius*) and the Remainder of them marched into the Service of Nicomedes King of *Bithynia*, who gave them the Country called from them *Gallo-Græcia*, and *Galatia*, where They became terrible, Page 148. | | |
| But the *German* Nations in the *Weſt* were not ſo terrible; for the Romans began to defy them in *Italy*, call'd there Gauls; and tho' the Geſſatæ came to their Aid, the *Romans* miſerably defeated them, and took Priſoner Concolitanus, a King of the *Geſſatæ*, | 524 | 3779 } 225 } |
| Nay the Conſul *M.* Claudius Marcellus, got the *Romans* to deny them Peace, and he was the *firſt Roman* that led an Army beyond the *Apennin* Mountains, and the Lake *Padus*. | 527 | 3782 } 222 } |
| The Gauls or Germans in *Italy*, or the *Boji*, ſent for more *Geſſatæ* to aſſiſt them, and beſieg'd *Claſtidium*; but were totally routed by the brave Petellus, who ſlew with his own Hand Viridomarus *der* Wirdmer, or *Fridmayer* King of the *Boji*, Page 250. | 528 | 3783 } 221 } |
| We read alſo how thoſe *old Germans* (commonly call'd Gauls) who ſettled in the North of *Italy*, at firſt aſſiſted the *Romans* againſt Hannibal the *Great*; but They defeated *Poſthumius* with his *Roman* Army, the ſame Year that Hannibal routed the *Romans* at Cannæ: that after Hannibal left *Italy*, Servilius the Conſul attempted in vain to diſtreſs them; and afterwards the *Boji* defeated *Appius*, took him Priſoner, and took in *Placentia*, but that Furius Purpurio routed them, and ſlew three of their Chiefs; and that *Cethegus* and *Rufus* depopulated their Borders, and that *Valerius* defeated them and their Confederates near *Milan*, while their King or Imperator fought well, *viz.* | | |
| Dorulacus *der* Durlach, King of the *Boji*, who with his two Brothers Britomarus *der* Beitmar, and Ariovistus *der* Ernveſt, was overcome by the *Romans* about the Year, | 524 | 3809 } 195 } |
| But King Durlach often fought the *Roman* Conſuls *Sempronius*, Scipio *Africanus*, *L. Quinctius*, and *Cn. Domitius*, till at laſt *P. Cornelius Scipio Naſica* ſlew many Thouſands of thoſe *German* Gauls, broke their Courage, and made them glad to retire out of *Italy*, as far as the *Danube* and the *Drave*, about 400 Years after They made their firſt Settlement in *Italy*. | 558 | 3813 } 191 } |
| And from this Time the *Germans* and *Gauls* are conſider'd as diſtinct or different Nations in Hiſtory, and They gave the *Romans* no Diſturbance till | | |

The **Cimbrian** War began, when

|---|---|---|
| Celeus, Teutobochus, Bolus, and Divico, four *German* Kings, marched a great Army of the **Cimbri**, *Teutones*, and *Ambrones*, over the *Rhine*, often defeated the *Romans*, and totally routed the Conſul *Carbo*, who was glad to flee for his Life; and having waſted *Illyria*, They marched to the *Helvetians* and *Tigurins*, who are old *Germans*, and with them They over-ran all **Gaul**, paſs'd over the *Pyrenean* Mountains into **Spain**, and did there what They pleas'd, till repulſed by the *Celtiberians*, They return'd to *Gaul* marching towards *Italy*, and ſmartly defeated *Silanus* the Conſul, | 636 | 3891 } 113 } |
| Divico the *German* King commanding the ſaid Confederates, defeated *Caſſius Longinus* the Conſul, with his Legate *Piſo*, who were both ſlain, and the *Roman* Priſoners were made to paſs under the *Jugum*, and ſoon after | 640 | 3895 } 109 } |

| And now nothing leſs than the Conqueſt of all *Italy* was deſign'd by them, which put *Rome* in great Conſternation, till reliev'd by the great Conſul **Marius**, who with a well diſciplin'd Army marched into *Gaul*, and routed the *Teutones* and *Ambrones* in two Battles, ſlaying 200000 of them, and taking 80000 with their King Teutobochus. But the *Cimbri* eſcap'd, marched over the *Alps*, and twice repulſed the Conſul *Catulus*. And next Year | 644 | 3899 } 105 } |
| **Marius** and *Catulus* decided the Cauſe for *Rome*, by defeating the **Cimbri** now in *Italy* on their March towards *Rome*, ſlaying 140000 of them, with their Kings Boiorix and Celeus, and taking 60000, and the *Tigurins* ſhamefully fled away: for which **Marius** was declared the *Third* **Founder** of Rome, *Romulus* and *Camillus* being the other Two. | **Mithridates** the *Great*, the King of *Pontus*, invited the *Germans* into Alliance with him againſt the *Romans*. | 648 | 3903 } 101 } |
| About this Time the old *German* **Barons** had Kings and Princes. See the following Table. | | |
| The *Boji* and other old *German* Nations, that lay next to *Gaul* and *Italy*, were indefatigable in oppoſing the *Romans*; particularly when **Julius Cæſar** marched into *Gaul*: For | | |
| Numejus had brought 30000 *Boji* from *Noricum*, to their Neighbours and Kinſmen the *Helvetians*, who join'd to waſte *Gaul* on that Side, and projected to invade *Italy*: but **Julius Cæſar** defeated them at *Geneva*, and at the *Rhone*, and ſent home the *Helvetians*, and ſettled the *Boji* in **Gaul**. | 658 | 3913 } 91 } |
| Voccio King of the *Norican Germans*. | | |
| Ariovistus King of the *Germans*, had brought a Colony of 120000 *Germans* over the *Rhine*, and waſted **Gaul**, but He was routed by **Julius Cæſar**, and fled. **Cæſar** ſlew and expell'd out of *Gaul* 43000 *Germans* of various Tribes, and marched into *Germany*; but was bravely repulſed by the *Suevi*, the *Sigambri*, the *Eburones*, and other *German* Nations, and was forced by Preſents to obtain a Peace with them; about — *N. | He waſted *Thrace*, *Macedon*, and *Illyricum*, and became terrible to *Rome* itſelf. He diſpers'd the *Boji* among other Nations; and not much more Mention is made of them in Hiſtory; for now moſt great Actions come to be aſcribed to the **Goths**, and other Nations of the *old Germans*. | 701 | 3965 } 48 } |
| Cotison King of the *Getes*, (then *Germans*) became ſo conſiderable, that **Auguſtus** *Cæſar* offer'd his Daughter *Julia* to him, and deſired *Cotiſon*'s Daughter for himſelf. | | |

| And returning **Agrippa** died in *Campania* much lamented | 737 | 3992 } 12 } |
| While **Druſus** defeated the *Germans* on the *Rhine*, ſail'd down that River, ſubdued the *Friſians*, and was the *firſt Roman* that ſaw the *German* Sea. And next Year | | |
| While **Tiberius** marched againſt the *Dalmatians* and *Pannonians*, his Brother **Druſus** hunted the *Catti*, *Sicambri*, *Suevi*, and *Cheruſci*, till he was almoſt inſnared by them. | | |
| **Druſus** now Conſul drove the *Germans* into their Woods and Deſarts, till a *German* Woman of a monſtrous and Gigantic Size, ſtopt his Motion, by ſaying to him in the *Roman* Language, *O* **Druſus**, *whither will thy boundleſs Ambition hurry Thee? the Fates have not allow'd to ſee all Places; retreat, for the Period approacheth of thy Life and Actions*; or to that Purpoſe. | This was the Situation of the **Germans** before the *Chriſtian* **Era**, when Anserich the ſecond King of the old *German* **Saxons**, reign'd near the River *Elbe*, as in the following Table. | | |
| Harminius, or *Armenius*, (the Son of *Segimarus*) King of the **Cheruſci** *der* **Hertziſchen**, who dwelt near the *Hereynian* Foreſt, prevail'd with **Libes** High Prieſt of the **Catti**, with **Segimundus** the Son of *Segeſtus*, High Prieſt of the **Cheruſci**, with *Veromarus*, *Cattus*, *Egimarus*, and his Son *Seſithacus*, Noblemen of the *Cheruſci*; and with **Berthorites** (the Brother of Melo King of the *Sicambri*) and his Son *Theodericus*, to conſpire againſt the *Romans*, and artfully executed the Plot. For the ſame Year that **Tiberius**, and his Nephew *Germanicus Cæſar*, (the Son of *Druſus Germanicus*) had obtain'd triumphal Honours for reducing King Betho with his *Pannonians* and *Dalmatians*. | *A. D.* 10 | |
| **Quinctilius Varus**, fitter for a Judge than a General, was ſhamefully decoy'd by the *Germans* into their Woods and Marſhes, where he was cut off, and with him *Three* of the moſt complete *Roman* Legions at *Paderborn*, by King Harminius, who was therefore call'd the *Saviour* of **Germany**, (ſays *Tacitus*) as King Marobodus was call'd the *Traitor* of his Native Country, and was forced to flee like a Traitor into the hidden Places of the *Hereynian* Foreſt for Shelter; becauſe he was ſo ſtrictly attached to the *Romans*, and was a Penſioner of **Auguſtus**. | 11 | |
| The *Emperor* forthwith ſent **Tiberius** and **Germanicus** againſt Harminius, but they carefully avoided the Miſtake of *Varus*, and at the End of the Year they return'd to *Rome*. But while **Auguſtus** was contriving how to ſubdue thoſe *Germans*. He died aged 76 Years. | 15 | |
| In the 3d Year of **Tiberius**, his glorious Nephew *Germanicus* **Cæſar** defeated in ſeveral Battles the *Cheruſci*, the *Chatti*, the *Augrivarij*, and other fierce *German* Nations between the *Rhine* and the *Elbe*, and recover'd the *Enſigns* loſt by **Varus** | 17 | |
| But **Tiberius** decoy'd **Germanicus** from *Germany*, ſent him againſt the *Parthians*, and ſent *Piſo* to poiſon him, the ſame Year that he brib'd the Kinſmen of King Harminius to murder him. But the Emperor being lazy and retired, | 20 | |
| The *Germans*, call'd **Dacians** and **Sarmatians**, took Poſſeſſion of the Country of *Mœſia*, while the more *Weſtern Germans* waſted **Gaul**; which he never attempted to recover, and died in the 22d Year of his Reign | 36 | |
| Nor were the *Germans* moleſted by the Emperor **Caligula**; for he made only a ſham Expedition into *Germany*; and having ſeen the *German* Ocean at *Holland*, and pickt up a few Shells at the Sea Coaſt, he return'd like a comical Fool as he was. | | |

| DECEBALUS | And in the eighth Year of his Reign the *Dacians*, a *German* People made up of *Scythians*, *Goths* and *Getes*, under their King, bravely and often defeated the *Romans*, 'till they were bribed into Peace by large Preſents, that unjuſtly procured for *Domitian* a Triumph, as he had another for defeating the **Catti** in *Germany*, for which he aſſum'd the Name of *Germanicus*. | 80 |

## The Elected Emperors of the West, during the *Great* Interregnum in the 13th *Century*, or the *Confusion* that lasted about 27 Years.

THE Popes, or the Court of *Rome*, artfully rent the *Empire*, by inflaming the Princes of *Germany* against the learned Emperor Frideric II. who refusing to restore *Sardinia* to the Pope, was excommunicated *A. D.* 1239. but Frideric not much regarding it, the Pope pretended formally to depose him: upon which Frideric invaded *Italy* 1245. whereby the *Italians* were divided into Guelphs, or the *Pope's* Party, and Gibelins, or the *Emperor's* Party: And next Year the *Great* Interregnum, or *Confusion* of the *Empire* properly commenced, when Henry Raspo had Friends to assist him in setting up for the *Imperial* Crown, 1246.

# TABLE CCXXXVI.

I Now come to the **Genealogical** *Tables* of the *Six* Temporal ELECTORS of the *Roman German* **Empire**, without regarding their Dignity or Precedency in the *Electoral* College or *Dyet*, about which and other Things relating to them, there are many Controverſies that properly belong to *Hiſtorians* and *Civilians*; therefore I have choſen to treat of them in the following Order, *viz.*

1. BOHEMIA the *Great* **Cupbearer.**
2. SAXONY the *Great* **Marſhal** or *Conſtable.*
3. BRANDENBURG the *Great* **Chamberlain.**
4. BAVARIA **Grand Maſter.**
5. PALATINE *Grand* - - -
6. HANOVER the *Great* **Treaſurer.**

} Of the **German** EMPIRE.

## 1. Of BOHEMIA.

The Word **Bohemia** ſignifies the *Dwelling of the* **Boji**, an old Nation of *Gallic-Germans*, who, under the Conduct of **Sigovelus** Nephew of **Ambigetus**, in the Days of *Tarquinius Priſcus* King of *Rome*, about the Year *before Chriſt* 587. expell'd the *Hermandures* and the *Nemetes* from this Country, ſituated in the Bottom of *Germany*, ſurrounded with the *Hercynian* Foreſt, whoſe Deſcription I leave to *Geographers*. Afterwards MARABODUS Chief of the **Marcomans**, in Time of the firſt *Roman Emperors*, deſigning to make himſelf King of the Old **Suevi**, choſe **Bohemia** as a Place of Safety from the Incurſions of the *Romans*, and expell'd thence the *Boji*, whom he forced to retire to the Country of *Bayern* or *Bavaria*, ſtill ſo called after them. The **Sclaves** that came from *Scythia* (where the *Muſcovites* and *Tartars* now dwell) about *A. D.* 454. having made themſelves terrible by their Succeſſes over the *Eaſtern Empire*, were join'd by the *European* **Sarmatians**, and other Nations, and marching Weſtward, they invaded *Poland* and *Germany*, and dividing their Conqueſts among them, they founded two new States, *viz.* **Poland** and **Bohemia**: for a *Sclavonian* Prince call'd LECHUS, march'd from *Croatia* into *Poland*, where he founded that *Sovereignty*, *A. D.* 550. while the ſame Year his Brother CZECHUS march'd into *Bohemia*, and founded that *Sovereignty*, calling the Country *Cheskazeme*, or the Land of *Chez*, or *Czechus*: but the firſt Name **Bohemia** was ſtill retain'd, even by thoſe *Sclavonians*, as to this Day. But according to others, CZECHUS could not well be the Brother of LECHUS; for They make the Reign of CZECHUS in *Bohemia* to commence only *A. D.* 644. which is more probable.

## The *Old* DUKES of **Bohemia.**

1. CZECHUS the *Sclavonian* or *Croatian*, having founded this *Sovereignty*, was the *firſt* Duke of **Bohemia** *A. D.* 644. reign'd 17 Years, † 661. Some ſay that CROCUS his Succeſſor was his Son; but That dont appear.

**Interregnum** from the Death of CZECHUS 661. to the Commencement of CROCUS 670. during 9 Years.

2. CROCUS, or *Cracus*, a noble *Croatian*, call'd the *Lycurgus*, or the Lawgiver, was of the ſame Family perhaps with **Czechus**, and became *Duke A. D.* 670. reign'd 39 Years, and † 709.

**Biwinus.** ◡ **Kaſcha** the eldeſt Daughter.

**Tethe** the Middle Daughter, married one *Slavoſius*.

3. LIBUSSA was elected Dutcheſs of *Bohemia* 710. But the *Bohemians* being weary of her Government, they elected a common *Ploughman*, call'd PREMISLAUS, *A. D.* 722. and made him her Husband. She † 734. reign'd alone 12, and with her Husband 12 Years.

4. PREMISLAUS I. was elected Duke of *Bohemia*, 722. after this Manner, *viz.* LIBUSSA having many Suitors, it was agreed that whoever he was before whom a *Horſe* purpoſely let looſe, did firſt make a Stand, ſhould be the Husband to the Lady, and Duke of *Bohemia*: accordingly this fortunate *Ploughman* had the Reſpect put upon him by the *Horſe*, and ſo was elected their Duke. He † 745. reign'd 23.

**Biela** the Wife of *Kaſſal.*

**Budipratus** Lord of *Bilin.*

**Hruta** Lord of *Bilin.*

Others ſay that **Wnatha** was ſucceeded by **Gloricius**, and he by **Wenceſlaus**, and he by **Beta**, and he by **Nafricus**, and he by **Berziwoius** the firſt **Chriſtian** Prince.
But the other Line of Deſcent is more probable and plain.

5. NEZAMISLUS, or **Neramiſſus**, was Duke 745. † 783. reign'd 39. Wives, 1. *Hruba.* 2. *Lidomira.*

6. MNATHA Duke 783. Cotemporary with **Charlemain**, † 804. reign'd 21 Years. ◡ **Strzezyſlava** his Wife.

13. SPITIGENUS I. or *Sbitignaus*, Duke 905. to 907. reign'd 2. He was more favourable to the *Heathens* than his Father.

14. WRATISLAUS I. Duke 907. † 916. reign'd 9 Years. He was a pious Prince, and during his Time *Drahomira* diſſembled her natural Enmity to the *Chriſtians*.

**Drahomira** famous for her Nobility and Beauty. She was at firſt favourable to the *Chriſtians*, but after her Husband's Death, ſhe treated them more barbarouſly than **Jezabel** did the Prophets. She was *Regent* from 916. to 921. when her Son arrived at Age, but at laſt the Earth open'd and ſwallow'd her alive in her Chariot.

15. I. WENCESLAUS I. furnamed the *Saint*, being under the Tuition of his Grandmother **Ludomilla**, was educated a *Chriſtian*, and after her Death was *Duke* 921. he was made the *firſt* KING of **Bohemia** 937. which ſo irritated his wicked Mother **Drahomira**, that ſhe contriv'd his Death: Accordingly ſhe invited him to the Baptiſm of her Grandſon **Boleſlaus** *Pudicus*, where ſhe got his Brother **Boleſlaus** *Savus* to ſlay him 28th *September* 938. reign'd 17 Years. Some ſay it was *A. D.* 929. Others 945.

16. BOLESLAUS I. *Savus*, or the *Cruel*, ſlew his Brother, and became Duke of *Bohemia* 938. and immediately caus'd ſerve an Edict, that all *Chriſtians* and *Clergy* who did not depart *Bohemia*, ſhould be put to Death, and their Carcaſes made Food for the Dogs. At laſt he † 967. reign'd 29, aged 58.

# TABLE CCLXIII.

## The Ducal, now the ROYAL Houſe of Pruſsia.

PRUSSIA bounded on the *Eaſt* by *Lithuania* and *Podlaſſia*, on the Weſt by *Pomerania*, on the *North* by the *Baltick* Sea, and on the *South* by *Poland* and *Maſſovia*, was anciently inhabited by the *Venedi*, the moſt potent Nation of this Tract, extended all along the Coaſt of the *Baltick*, and whoſe Kings were deſcended from ARTHYRIUS I. the firſt *King* of the *Heruli* on the Eaſt Sea or *Baltick*, who reign'd *A. M.* 3684. before *Chriſt* 320. See Table 138. Theſe **Venedi** were ſo powerful, that they kept under them the *Gythones*, *Phini*, *Sulanes*, *Phrungudiones*, *Avarini*, the *Sodini* and *Galindæ*, whoſe Name the Dukedom of *Galindia* ſtill retains.

The **Borussi** a People inhabiting the Foot of the *Riphæan* Mountains, being weary of their own cold and barren Habitations, remov'd into the weſtern Parts, and vanquiſhing the **Venedi** and thoſe other Nations, poſſeſs'd themſelves of this Country, which they call'd **Borussia**, now by Contraction **Prussia**, which was partition'd into 12 Provinces or Dukedoms by **Venedus**, one of the *Boruſſian* Princes, who having 12 Sons, gave each a Part, and in this Condition it continued 'till the coming of the **Marian** *Knights* or the Knights of the **Teutonic** *Order*, ſent hither by the Emperor FRIDERIC II. *A. D.* 1215. by whom the Dukedoms of *Sadavia*, *Michelow* and the moſt of *Nadravia* were made deſolate, and the reſt ſubmitted themſelves and embraced Chriſtianity, and continued in their Obedience 'till *A. D.* 1419. when, weary of the Extortions of their Governors and the continual Change of *Maſters*, they revolted to JAGELLO King of *Poland*, and *A. D.* 1457. the Garriſon Soldiers ſold *Marienburg* and ſeveral other Towns to CASIMIR IV. King of *Poland*. But the **Knights** diſdaining ſuch Uſage, and refuſing to ſwear Allegiance to the King of *Poland*, a bloody War enſued. At firſt LEWIS, then **Grand-Master** of the **Teutonic** *Order*, beat the King out of the Field, routed his whole Army, ſlew 30000 of his Men, and took 136 of his principal Nobility; nor was he vanquiſh'd at laſt but by the Treachery and Rebellion of his own People. In ſhort, both Parties being wearied with ſo long a War,

ALBERT of *Brandenburg* **Grand-Master**, having for 14 Years valiantly maintain'd the Honour of his **Order**, and for the four laſt Years importun'd in vain the Aſſiſtance of the *Emperor* and Princes of *Germany*, began to think of ſome Expedient to compound the Affair. He favour'd **Luther**'s Doctrine, and ſecretly practis'd with SIGISMUND King of *Poland* to finiſh the War to the Advantage of both Parties; accordingly an Agreement was made, by which ALBERT was to relinquiſh his **Order** and ſurrender *all* **Prussia** into the Hands of the King of *Poland*, and the King poſſeſſing the *Weſtern* Parts with the Town of *Marienburg* and the Soveraignty of *Dantzig* and *Melving*, ſhould inveſt ALBERT with the Title of **Duke** of **Prussia**, granting to him and his Heirs the *Eaſtern* Moiety, containing the Provinces above ſpecify'd; and finally, that ALBERT and his Heirs ſhould hold the ſame Eſtate as *Homagers* to the Crown of *Poland*, taking Place in all Aſſemblies at the King's *Right-Hand*. According to this Agreement *A. D.* 1525. *Nov.* 22.

ALBERT attir'd in the compleat gorgeous Habit of **Grand-Master** of the **Teutonic** *Order*, preſented himſelf on his Knees before SIGISMUND on his Throne at *Cracaw*, who raiſing him from the Ground caus'd him to put off theſe *Robes* and attire himſelf in a **Ducal** *Habit*; and ſo he was created the *firſt* **Duke** of PRUSSIA, whoſe Genealogy and Succeſſors are as follow, *viz.*

BAVARIA was anciently inhabited by the Vindelici, (call'd from them *Vindelicia*) a People ſo bent to maintain their Liberty againſt the Incroachments of the *Romans*, that when Drusus the Son-in-law of *Auguſtus*, and Father of *Germanicus Cæſar*, made War upon them, their very Women took the Alarm, and, when their Darts were ſpent, threw their Children at the Heads of the *Romans*.

After Them, in the Declenſion of the *Empire*, ſucceeded the Boiarians, ſome of the many Tribes of the Boji, the moſt diffus'd and numerous People of *Gaul* and *Germany*, inhabiting the Dukedom of *Bourbon*, from whence ſome of them joining the *Senones* and other *Gauls*, paſs'd the Alps, and poſſeſs'd the Country between the *Apennine* and the *Po*, from whence, after various Conflicts with the *Romans*, (who depriv'd them of Half their Country) ſome of them paſs'd into *Germany*, and mingled themſelves with the *Tauriſci*, a People then inhabiting thoſe Parts now call'd *Steyermark* or *Stiria*: Others of them advanced farther among the *Norici*, and ſome retir'd into the Shelters and *Faſtneſſes* of the Hercynian Foreſt; and being expell'd thence by the *Marcomanni*, they fell into the Countries of the *Hermanduri* and *Norici*, (now the *Upper* Palatinate) who mingling into one Nation with them, took the common Name of *Boiarians*; by which Name They were firſt known in the Time of CLODOVÆUS I. THE antient Inhabitants of this Country were the Dugublini of *Tacitus*, with ſome of the Chauci and Cherusci, who ſhamefully routed *Quinctilius Varus* and cut him off with his three *Roman* Legions; which greatly afflicted the *Emperor* Augustus, and made him ravingly often ſay, *Vare redde Legiones! O Varus reſtore my Legions!* They long maintain'd their Independency (for the *Romans* became afraid of them) and were early blended with the Saxons, making one general ſort of People inhabiting a Part of the Kingdom of *Old Saxony*, whoſe Kings are together in Table 215. of whom the fourteenth King. *viz.*

14. Hengſt or HENGIST, upon the Invitation of the antient *Britons*, came to their Relief againſt the *Scots* and *Picts* in the Declenſion of the *Roman* Empire, and arrived in the little Iſle *Thanet*, *A. D.* 448. with his Brother *Horſa* and his Army of Angles, a People from *Gottorp*, *Hamburg* and *Luneburg*, or firſt *Engliſhmen*, founded the Kingdom of *Kent*, and † *A. D.* 474. being ſucceeded in *Saxony* by one of his Sons call'd

15. Hartwaker Prince of the *Saxons* in *Germany*, † 480.

16. Hattwigate Prince of the *Saxons* in *Germany*, † 524.

17. Hulderic King of the *Saxons*, † 540.

18. Bodicus Prince of the *Saxons*, † 586.

19. Berthold King of the *Saxons*, † 633.

20. Sighard King of the *Saxons*, † 691. ∪ *Julanda*

Radbod King of *Frieſland*. | Billung King of the *Vandals*.

21. Dieteric King of the *Saxons* † 740. ∪ Dobrogera.

Heila. ∪ 22. Ethelhard King of the *Saxons*. | 23. Wernicke King of the *Saxons*, † 768. ∪ Gunilda of the Iſle of *Rugen*.

Albion was baptized with his Couſin Witekind the *Great* 785. | Herman ſlain by Charlemain 798.

24. WITEKIND the *Great* the laſt King of the Saxons conquered by Charlemain 785. and conſenting to be baptized, the Conqueror made him the *firſt Duke* of *Old Upper* Saxony, or on the *Weſer*, and † 807.

Witekind the *Great* was the Patriarch of moſt great Families in *Europe*, who all think it their Honour to be deſcended from him. (See his four fruitful Branches Table 215.) and among the reſt, This of Braunſchweig Luneburg is deſcended from Witekind, as in the next Table.

It remained a Part of the *Great Old Dutchy* of Saxony, till Herman Billung Lord of *Luneburg* was by the *Emperor* Otto I. made Duke of *Lower* Saxony or *on the Elb*, even that Part of the *Old Dutchy* of *Saxony* that comprehended the Country of Luneburg, *A. D.* 960. as in the next Table.

But the *Male Iſſue* of this great Family is from Azo III. *Markgrave* of Eſte, whoſe Wife Cuniſſa was the Siſter of Welpho IV. (III.) and Heireſs of *Lower Bavaria*; and by her this Family is deſcended of the Welphish Race alſo. Azo's Son by *Cuniſſa*, or Welpho V. (IV.) was the Father of Henry *Niger* who married Wolphildis Heireſs of the *Lower* Saxony *on the Elb*, the laſt of the Race of Herman Billung (as in the next Table) whoſe Son Henry *Superbus* married Gertraut the only Daughter of *Lothary* and *Richenza*, the laſt of the Branch of Witekind the *Great*, and Heireſs of the *Upper* Saxony on the *Weſer*, which contain'd the Lands of Braunſchweig, as in the next Table.

Thus Henry *Superbus* had all *Bavaria*, vaſt Dominions in *Italy* and both the *Saxonies*; but the *Emperor* Conrad III. took all from him except Saxony which he kept by Force of Arms; and his Son Henry the *Lyon*, (who married Maud Daughter of Henry II. King of *England*) poſſeſſed vaſtly large Dominions, but by the *Emperor* Friderick *Barbaroſſa* he was deprived of all, except his *Allodial* Eſtate of Braunſchweig and Luneburg which was poſſeſs'd by his *three* Sons, *viz.*

Henry *Longus* who got Zelle. | WILLIAM of *Wincheſter* who got Luneburg. | OTTO who got Braunſchweig and † without Iſſue. | Maud Wife of Henry Prince of the *Vandals*.

And from Henry, WILLIAM and Maud are deſcended moſt of the great Families in *Europe*, as in Table 284.

And as this eminent Family has given Emperors to *Germany*, it has at laſt produced the preſent *Royal* Family of Great Britain deſcended from King James VI. of Scotland and I. of England, whoſe Daughter Elizabeth Queen of Bohemia was the Mother of the *Princeſs* SOPHIA *Electrice* of Hanover the firſt Proteſtant *Heir* and Mother of King GEORGE I. the Father of King GEORGE II. and the *preſent* Queen of Pruſſia.

But seeing **Lewis** his other Son-in-Law the Son of **Magnus** *Pius* Duke of *Braunschweig*, and Brother of **Torquatus** had a better Right by vertue of his Descent from ALBERT the *Great* the Brother of JOHN the *Handsome*, WILLIAM declared LEWIS his Heir upon his Marriage 1355. upon which Homage was paid him by the Cities and States, and he was publickly owned as Duke; and after him it was to go to his Brother **Magnus** *Torquatus* Duke of *Braunschweig*.
